Reserve Players

As a manager, you are allowed to designate **3** reserve players to fill your roster throughout this softball season. Twin Lakes Management must approve them. Reserve players are not required to pay a player fee—because they will be filling a spot on your roster that belongs to an absent player who has already paid the full fee. Reserve players are intended to be substitute players on occasional game dates where the manager is unable to field a full team. These reserve players are subject to roster audits just as any other regular player. You may not change the reserve players on this roster without express consent of Twin Lakes Management. Failure to comply will result in disciplinary action.
