SYNOPSIS

Petitioner (Richland Development Group) has filed an application for designation of the property located at 1600 Bloomfield Road as an "Economic Revitalization Area" in order to obtain a 10-year tax abatement for the construction of a corporate headquarters. This designation would allow the property owner to receive a deduction on property taxes for improvements to real estate for a period of one to ten years. This resolution follows the recommendation of the Economic Development Commission and provides that the owners of the property shall be entitled to a deduction for a period of ten (10) years. It is the first of two resolutions that must be adopted by the Council before this tax abatement may take effect.
