(Metropolitan Printing Service, Petitioner)

WHEREAS, petitioner has filed an application for designation of the property located at 720 South Morton Street as an "Economic Revitalization Area"; and

WHEREAS, the application has been reviewed by the Planning Department, and the Economic Development Commission has passed a resolution recommending to the Common Council the approval of the "Economic Revitalization Area" designation for said property and for said term of years; and

WHEREAS, petitioner intends to purchase and install new manufacturing equipment and to make improvements to its real property to support its business expansion and wishes to obtain tax abatement for the improvements and equipment, which shall be referred to as the Project; and

WHEREAS, pursuant to state law, petitioners seeking designation for their property as an Economic Revitalization Area must complete a Statement of Benefits and must provide information in a timely fashion each year to the County Auditor and the Common Council showing the extent to which there has been compliance with the Statement of Benefits; and

WHEREAS, the Common Council has investigated the area and reviewed the Application and Statement of Benefits, which are attached and made a part of Resolution 99-30, and found the following:

A. the estimate of the value of the redevelopment or rehabilitation is reasonable;
B. the estimate of the number of individuals who will be employed or whose employment will be retained can be reasonably expected to result from the proposed described redevelopment or rehabilitation;
C. the estimate of the annual salaries of these individuals who will be employed or whose employment will be retained can be reasonably expected to result from the proposed described redevelopment or rehabilitation;
D. the redevelopment or rehabilitation has received approval from the Planning Department, is consistent with the Growth Policies Plan, is expected to be developed and used in a manner that complies with local code, and provides housing in the downtown area; and
E. the totality of benefits is sufficient to justify the deduction; and

WHEREAS, the Common Council adopted Resolution 99-30 on September 15, 1999, which designated the above property as an "Economic Revitalization Area," and published a notice of the passage of that resolution, which requested that persons having objections or remonstrances to the designation appear before the Common Council at its Regular Session on October 6, 1999; and

WHEREAS, the Common Council has reviewed and heard all such objections and remonstrances to such designation;

NOW THEREFORE, BE IT HEREBY RESOLVED BY THE COMMON COUNCIL OF THE CITY OF BLOOMINGTON, MONROE COUNTY, INDIANA, THAT:

1. The Common council hereby affirms its determination made in Resolution 99-30 that the area described above is an "Economic Revitalization Area" as set forth in Indiana Code 6-1.1-12.1-1 et seq.; the Common Council further finds and determines that the owner of the property shall be entitled to a deduction from the assessed value of the property for a period of ten (10) years for the Project, which includes the purchase of new manufacturing equipment and certain improvements to real estate.

2. In granting this designation and deduction the Council is also expressly exercising the power set forth in I.C. 6-1.1-12.1-2(I)(5) to impose reasonable conditions on the rehabilitation or redevelopment. Failure of the property owner to make reasonable efforts to comply with these following conditions are additional reasons for the Council to rescind this designation and deduction:

a. the improvements described in the application shall be commenced (defined as obtaining a building permit and actual start of installation) within twelve months of the date of this designation; and

b. the land and improvements will be developed and used in a manner that complies with local code.
