Synopsis of Resolution 76-17

Inadequacies in the Fire Department budget were discovered and corrected in Appropriation Ordinance 76-2.

However, that Ordinance still has not been approved by the State Board of Tax Commissioners, and the Fire Department has a number of bills and unhappy creditors.

Chief Gose requests a departmental transfer of funds to cover those bills. He believes that he can cover the outstanding bills with money originally appropriated for salaries because all fire positions were not filled on January 1st. If, however, this proves too great a burden on the salary account toward the end of the year, he will request a re-transfer.

John--If the Tax Commissioners pass on the appropriation before the 15th of April, we will pull this resolution.

Interdepartmental Memo

TO: Controller SUBJ: Transfer of Monies

FROM: Chief Gose DATE: 3-31-76

From #111 - Salaries to #25 - $2,000.00 and #72 - #3,000.00 ($5,000.00)TOTAL

In account #25 we started the year with $6,000.00, but due to emergencies we did not anticipate, our #25 account was expended in February.

In #72 account, we did not have any money for 1976.

We have applied for special appropriations from the state, but they have not been approved yet. We need this transfer to pay bills which are now due.

Thank You
