30	Ord 11-21	TO AMEND TITLE 2 OF THE BLOOMINGTON MUNICIPAL CODE ENTITLED "ADMINISTRATION AND PERSONNEL" – Re: Amending Chapter 2.04 Entitled "Common Council" to Remove Requirement that Legislation be Referred to the Committee of the Whole WITHDRAWN	(Title 2)	yes		4 (Rollo, Wisler, Volan, Piedmont-Smith) - 2 (Sandberg, Sturbaum) - 3 (Ruff, Mayer, Satterfield)	12/21/2011	Withdrawn by Sponsor	<p>This ordinance is co-sponsored by Councilmembers Volan, Piedmont-Smith, Rollo and Wisler. It swaps two words of Bloomington municipal code. It changes from a requirement to an option ("shall" to "may") that legislation before the City Council be referred to a committee of the whole, and changes from an option to a requirement ("may to "shall") that legislation be referred to one or more of a slate of standing committees. The Council would thus refer any pending legislation to a standing committee, while still being able to refer to committee of the whole for big issues such as the annual city budget.</p> <p>Making this change will help Council manage its growing workload more effectively, while in a manner more time-efficient for individual Council members, City employees, petitioners, and members of the public. The use of standing committees, as defined by long-extant code, will lengthen the default legislative cycle without compromising efficiency when desired, will shorten meetings, will not reduce Council member privilege, and will allow Council members to focus on their areas of expertise and interest to their d</p>
31	Ord 11-22	TO AMEND TITLE 2 OF THE BLOOMINGTON MUNICIPAL CODE ENTITLED "ADMINISTRATION AND PERSONNEL" –Re: Amending Chapter 2.04 Entitled "Common Council" to Establish and Clarify Scheduling Policies for Council Committees WITHDRAWN	(Title 2)	yes	12/14/2011	na 10:30 rule	12/21/2011	Withdrawn by Sponsor	<p>This ordinance would change city code to clarify and harmonize scheduling policies for council committees, whether they be standing committees, special committees or the committee of the whole. It unifies committee scheduling policies, scattered throughout Article III of Chapter 2.04 of municipal code, under a single new section 2.04.255.</p> <p>The first section of this ordinance specifically covers meetings "convened to consider legislation referred" to standing committees and committees of the whole. (Special committees, even if legislation has been referred to them, are excepted.) It specifically contemplates the fourth sentence of BMC 2.04.210, which provides that "all council members may attend the meetings of any standing committee," by guaranteeing that meetings of standing committees not overlap. It also takes into account the precedent set by BMC 2.04.420, which discourages the introduction of legislation for Council action after 10:30 pm, by guaranteeing that standing committees can be scheduled to start no later than 9:45 pm.</p>
32									<p>The combination of serial meetings and a limited window for them dictates that standing committees will have to schedule start and end times. This will require committee members to keep an eye on the meeting clock. It also emphasizes that committees should refrain from extended debate, which should be a matter for the full Council. Committee meetings should instead function as opportunities to focus on the questions that the full Council would be most interested in. (The last serial committee meeting of an even-numbered Wednesday night does not have to specify an end time and can thus go late, but ought to anticipate an end time whenever possible; the spirit of 2.04.420 is to respect the difficulty that anyone would have trying to deliberate or legislate at a late hour. That spirit is also why this ordinance explicitly allows for committee meeting start times as early as 5:30 pm.)</p>

33									<p>The second section of this ordinance moves language prohibiting the scheduling of committee meetings on holidays to its own heading, and clarifies it to apply to all types of committees. Since committees could possibly meet on days other than Wednesday, it clarifies the definition of the end-of-the-year recess to disallow any official meeting between the fourth Wednesday of December and the end of the year.</p> <p>The third section of this ordinance simply removes a line specifying when committees of the whole are to meet, since it is made redundant by the previous parts of this ordinance.</p>

The Bloomington Playwrights Project is a 501(c) (3) arts based organization looking to invest over seventy-four thousand dollars (\$74,000) in capital improvements to better serve their customers. The twenty-five thousand dollar (\$25,000) matching grant will assist with physical improvements to the lobby and theatre areas, including but not limited to HVAC, flooring and electrical systems. It is also subject to all specific terms and conditions contained in the City of Bloomington's Economic Development Commission <u>Resolution 11-01</u> , as well as, the guidelines and procedures of Common Council <u>Resolution 10-18</u> .
41	Res 11-07	<u>Resolution 11-07</u> Opposing SB 590, Titled <i>Illegal Immigration Matters</i>	Statement of Position	no	n/a	n/a	3/9/2011	8-0 (Wisler out of room)	This resolution is sponsored by Councilmembers Piedmont-Smith, Sandberg and Satterfield and expresses the Bloomington Common Council's opposition to Indiana Senate Bill 590 (SB 590) entitled, "Illegal Immigration Matters." SB 590 makes a number of changes to the Indiana Code regarding local enforcement of federal immigration law and imposes an "English only" requirement (with exceptions) in public meetings, public documents and for government employees performing their duties. The resolution opposes the bill on several grounds. First, the bill's provision calling for law enforcement to verify immigration status upon "reasonable suspicion" encourages reliance on race and national origin and diverts critical law enforcement resources away from preventing and stopping criminal actions. Secondly, its "English only" provision impairs the fundamental right of all citizens to access their government. Third, it stands to harm the economic welfare of the State. Lastly, the resolution maintains that immigration reform is a matter of federal, not State policy.
42									The resolution supports the principles of immigration reform outlined in the Indiana Compact and authorizes the Council President to sign the Compact on behalf of the entire Council. It also calls upon the Indiana House of Representatives and the Governor to reject SB 590 and all elected officials in the State of Indiana to oppose SB 590 and any similar legislation. The resolution requests that the City Clerk send copies of the resolution to the Governor of Indiana and all State Senators and State Representatives representing the City of Bloomington. * Please note -- This resolution was revised after it was issued in the Council's Legislative Packet on March 4, 2011. Revisions include: deleting the reference to the Indiana Association of Chiefs of Police; adding a new "Whereas" clause addressing the Monroe County branch of the NAACP's opposition to SB 590; updating the number of signatories to the Indiana Compact and directing the Clerk to send the resolution to the Governor. Revisions also include subsequent renumbering and minor technical corrections to clauses 7 and 23

The EZID allows a property tax deduction for a qualified investment within an Urban Enterprise Zone (I.C. 6-1.1-45). In most cases, this deduction (which is similar to tax abatement) is automatic with the proper and timely application to the County Auditor. However, effective July 2008, when the investment is in an allocation area defined by IC 12-19-1.5-1 (TIF District), the deduction must be approved by the area's legislative body. Therefore, any EZID in the City's TIF must be approved by the Common Council.

The principal task of the Committee is to recommend funding for local social services agencies which offer proposals consistent with program criteria. Over the last 18 years (1993 – 2010), the City has expended approximately \$2 million dollars to local social services programs. In 2011, the City decided to increase the annual amount of funds for this program from \$200,000 to \$220,000 and to reappropriate \$6,525 of unspent funds in 2010 for use in 2011. The resolution allocates the social services funds to 25 agency programs, approves the funding agreements with these agencies, accepts the report of the Committee, authorizes the chair of the Committee to resolve any questions regarding the interpretation of the agreements, and establishes the procedure for the appointment of the two non-Council member persons who fill out this seven member Committee.

It proposes a slate of standing committees for the management of the Council's legislative workload, as a regular replacement for exclusive reliance on committees of the whole. In addition to providing practical time-management benefits, the naming of the standing committees gives the Council better tools for overseeing the functioning of the City, and clearer reporting lines for various departments. Standing committees make the development of legislation more predictable, as an official or petitioner will know who will be likely to hear the legislation in committee. These committees will also be able to hold hearings on issues that are not the subject of pending legislation, but may need to be; such hearings allow the Council to gather information and input without having to develop ordinances or wait for events to overtake the issue. Standing committees can subsume nominations to boards and commissions, eliminating the need for nominating committees. The Sidewalk and Jack Hopkins Social Services Fu

According to information provided by the City staff, this expenditure was to be used for the City's portion of the costs for construction of the roundabout at Sare & Rogers Road. Passage of this amendment indicates Council concern that the current proposal is contrary to the spirit of the Growth Policies Plan regarding sprawl; the Growth Policies Plan directive to reduce vehicle miles traveled; the Redefining Prosperity Report recommendation to prepare for declining production and availability of oil (see attached article); the need for pedestrian accessibility with regard to the: number of traffic crossings; confusion for pedestrians facing vehicles approaching at varying speeds and from varying directions; speed of vehicles in the slip lanes; and future ADA compliance regarding pedestrian signals. The removal of this expenditure does not reduce revenues. It is offered at this time to encourage the Office of the Mayor to reconceive this project in light of these concerns ar
