

BDU / Technology Infrastructure Advisory Committee

Meeting Date: August 2, 2012, 4PM

Location: Bloomington City Hall McCloskey Room

Board Attendance: Mark McMath, Dennis Cromwell

Staff Attendance: Danise Alano-Martin, Rick Dietz, Rick Routon

Guest Attendance: None

Discussion of Enterprise approaches to management of cell phones, BYOD vs Enterprise purchased phones. McMath and Cromwell shared their experiences at IUHealth and IU.

Rick Dietz reported on CoB activities: Gig.U, Code for America, Google Summer of Code, etc.

Bloomington Certified Technology Park CTP

Danie Alano-Martin: We are 6 months into the CTP process. BDUAC involvement will come through charette in September and other public processes. Current discussions are focussing on discovery and evaluation of infrastructure in the CTP including roads, environmental issue, water, storm and sewer utilities, power and fiber assets.

Next meeting with more members present will focus on big picture questions:

- * looking ahead, identifying trends and planning
- * growing local IT talent
- * getting ahead of changing technology trends
- * where can and should we be in 2-3 years?

Next Meeting will be scheduled for 9/13/12. Rick Dietz is out of town the first Thursday of Sept.
