Re: Vacation of the alley to south of Community Kitchen and Homeless Shelter, 917 and 919 S. Rogers Street, and north of 923 S. Rogers Street.

Perry Township of Monroe County hereby Petitions the Common Council of the City of Bloomington, Indiana, for vacation of the alley to the south of Community Kitchen and Homeless Shelter, 917 and 919 S. Rogers Street, and north of 923 S. Rogers Street. In support thereof, we show the following:

PROPOSED UTILIZATION

1. Perry Township is owner of Lots 12 and 13 in Matthew Campbell Addition to the City of Bloomington. That real estate is commonly known as 917 and 919 S. Rogers Street, Bloomington, IN.
2. Through management agreements with Shelter, Inc. and Community Kitchen, Inc., Perry Township provides for operation of an emergency shelter and community food kitchen on that site.
3. Immediately to the south of that site is a 12 foot wide City of Bloomington public alley which is used by Shelter, Inc. to gain access to the front and side doors of the Shelter.
4. Accumulation of donated clothes and other items to be used in the shelter or given to residents upon their departure has caused a storage problem in the Shelter.
5. Storage of lawn mowing equipment, gasoline, snow removal equipment, and other outdoor maintenance items also creates a storage problem for the Shelter.
6. In order to address such problems, it is desirable to place two 6' X 8' temporary storage buildings on the premises; one for clean storage of clothes, bedding, etc., and another for storage of outdoor equipment.
7. The ideal location for such temporary storage buildings is in the alley to the south of the building.
8. Perry Township has endeavored to minimize possible adverse impact of its shelter and kitchen facilities on surrounding properties and the neighborhood, and in connection therewith has erected a fence along the south border of such alley, in

accordance with the Authorization to Place Fencing in Public Right of Way, Resolution 93-52, of this Board of Public Works, approved October 5, 1993.

9. That fence provides visual protection for neighbors to the south, so that the buildings will not be visible from the south.

10. The placement toward the east end of the alley will cause the Shelter building to screen the buildings so they will not be visible from the north.

11. The City of Bloomington Code Enforcement Office advises that placement of such buildings requires no building permit.

12. Perry Township has entered into an agreement with the adjoining property owner by which the adjoining property owner's half of the alley will be conveyed to Perry Township, if the alley is vacated, so that Perry Township's intended uses can be implemented. A copy of the agreement is attached.

CURRENT STATUS - ACCESS TO PROPERTY

13. The alley, while it is legally open, is in fact completely unusable for traffic in its present condition. The alley has a very steep drop off of approximately 10 vertical feet near the back of the Shelter building which makes vehicular traffic through the alley physically impossible. It would be very difficult to climb this stony hill in the alley on foot. As a result, there is never any traffic of any sort through this alley. Thus, it does not provide vehicular or pedestrian access to private property, churches, schools or other public places. The intended use would not interfere with public utility or drainage purposes, or other public purposes.

NECESSITY FOR GROWTH OF THE CITY

14. **Future status:** The land use in this neighborhood is thoroughly developed and stable. That development makes no use of the alley in question. Given the changes in elevation involved, it is difficult to envision any future need for this right of way due to future changes in land use.

15. **Proposed Ownership Utilization:** The proposed utilization, solely by one adjoining public owner keeps this real estate in the public sector, but increases its contribution to the public. The emergency homeless shelter and Community Kitchen facility are immensely valuable to the community in general, and the City of Bloomington in particular, as first line defenses against homelessness and hunger.

16. **Compliance with regulations:** The requested vacation would not create any noncompliance with any current regulations. The isolated location, current long term disuse, geographical obstacles, and small physical size of the alley in question minimize the risk of any future compliance problems.

17. **Relation to Plans:** No adverse impact of this proposed vacation are foreseen with respect to the Master Plan, Thoroughfare Plan, Neighborhood Plans, or any other special studies or plans. In fact, it will only contribute to the efficient operation of the shelter and kitchen, and will facilitate the operations of another governmental entity.

18. **Attachments:** Attached hereto are:

18.1. An accurate drawing and legal description of the proposed vacation.

18.2. Accurate drawings and legal description of the proposed distribution of the alley to adjoining owners.

18.3. A drawing of the site showing the location of the proposed storage buildings in relation to the improvements on the property and the alley.

18.4. Copies of the plats of subdivisions showing the adjoining property owners, and the alley to be vacated.

18.4.1. Lots 5 and 6 of Dixie Highway addition are adjoining to the west, and across Rogers Street. (While Petitioner believes that these properties are not legally entitled to notice, since they are across Rogers Street and are not adjacent to the portion of the alley being vacated, notice is provided in accordance with preferred policy of the Common Council.)

18.4.2. Lots 14 and 19 of Matthew Campbell's Addition are adjoining to the east, and across the north-south alley between Rogers Street and Madison Street.

18.4.3. Lot 20 of Matthew Campbell's Addition is adjacent the full length of the portion of the alley to be vacated.

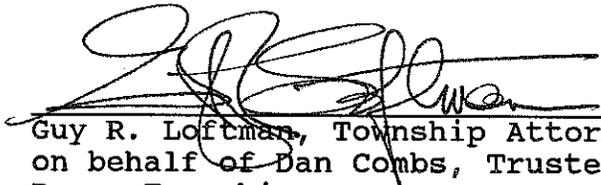

18.4.4. Lots 4, 5, 6, 11 and 12 of Matthew Campbell's Addition do not abut the alley in question. They were identified as possible abutting landowners by Bloomington Abstract Company, in their thorough preparation of the requested materials, but do not require notification under Indiana Code 36-7-3-12. Perry Township itself owns Lot 12.

18.5. The agreement with Hays Properties concerning Perry Township's purchase from Hays Properties of their half of the alley, after it is vacated.

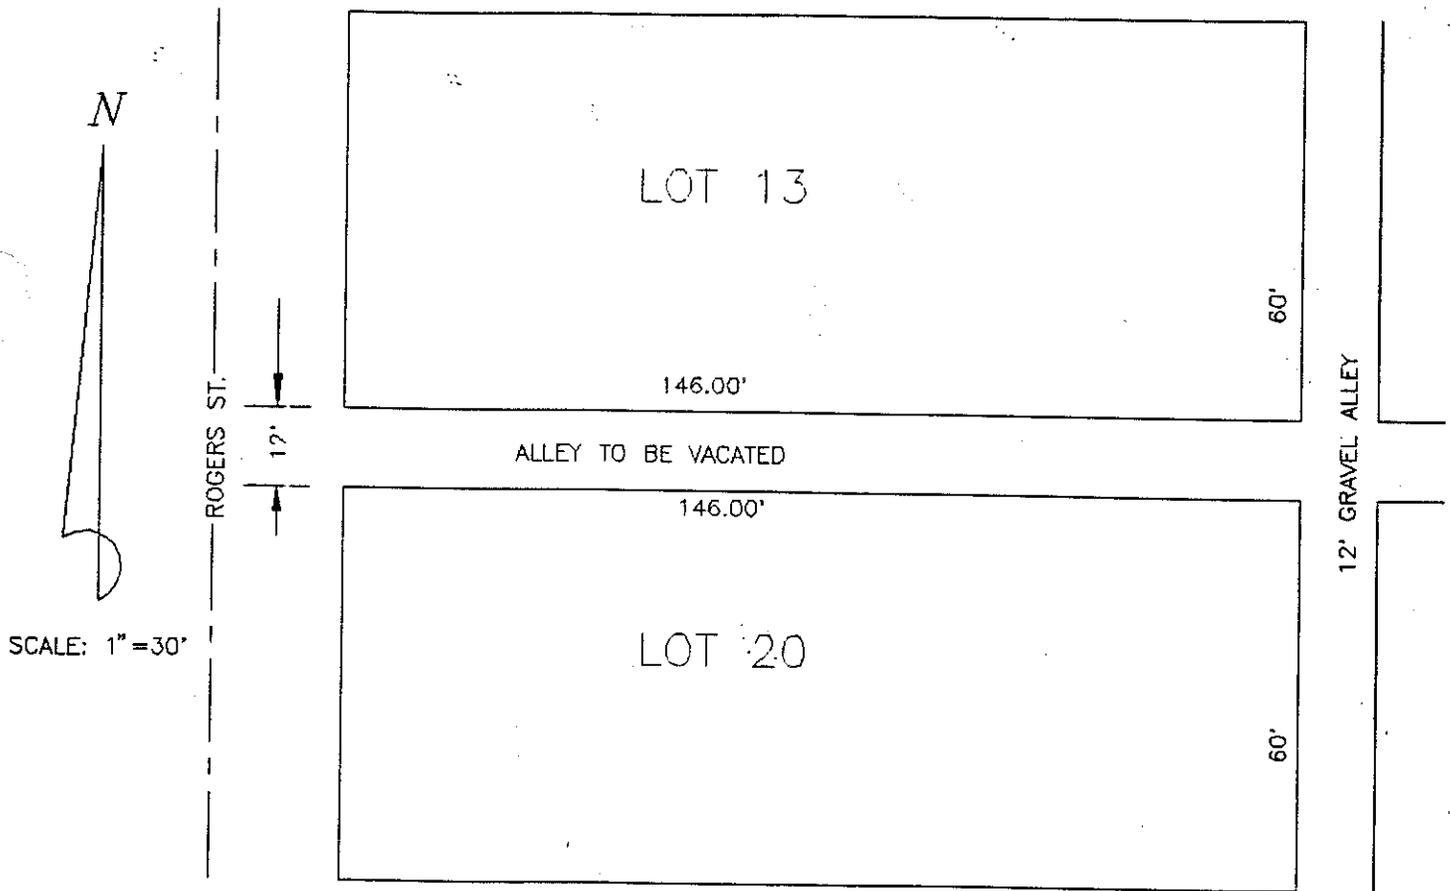

19. The names and addresses of property owners receiving notice are:

- 19.1. Lot 5, Dixie Highway Addition
Ernest and Margaret Eads
916 S. Rogers St.
Bloomington, IN 47403
- 19.2. Lot 6, Dixie Highway Addition
