I. Introduction

The Transportation Improvement Program (TIP) is a strategic capital planning document used by the Bloomington/Monroe County Metropolitan Planning Organization (BMCMPPO) to program funding for transportation projects. Pursuant to the most recent transportation legislation, Moving Ahead for Progress in the 21st Century, or MAP-21, the TIP must include at least four fiscal years. The TIP includes the list of priority projects to be carried out in each of the four years indicated in the document. The TIP must be consistent with the 2030 Long Range Transportation Plan, the Transit Development Plan, and other planning studies developed by the BMCMPPO and its local stakeholders.

A. Applicability

The TIP is a multi-modal capital budgeting tool that specifies an implementation timetable, funding sources, and agencies responsible for transportation related projects within the BMCMPPO metropolitan planning area (MPA). Projects come from any one of the following seven implementing agencies (refer to Appendix V for a map of the BMCMPPO's urbanized area boundary):

- The Indiana Department of Transportation*
- Monroe County*
- City of Bloomington
- Town of Ellettsville
- Bloomington Public Transportation Corporation (Bloomington Transit)
- Rural Transit*
- Indiana University

*Note: Some agencies serve an area larger than the BMCMPPO's urbanized area and may have projects that use federal funding which are not reflected in this document.

B. Air Quality

The BMCMPPO, the Federal Highway Administration (FHWA), and the Federal Transit Administration (FTA) must all determine that new, or amended, TIP documents conform with the State's Air Quality Plan's purpose of attaining the National Ambient Air Quality Standards (NAAQS). The only exception is for amendments involving projects explicitly exempted by the U.S. Environmental Protection Agency's (EPA) conformity regulation. The Bloomington/Monroe County BMCMPPO is exempt from the air quality requirements because it has not been designated as a non-attainment area.

C. Fiscal Constraint

The TIP must be financially constrained by year and include only those projects for which funding has been identified - using current or reasonably available revenue sources. The financial plan in the TIP is developed by the BMCMPPO in cooperation with the State of Indiana and area transit operators. In order to enable the BMCMPPO to conduct adequate financial planning, both the state and transit operators provide the BMCMPPO with information early in the TIP development process. The information provided by these groups concerns the likely amount of Federal and State funding available to the BMCMPPO.

D. Year of Implementation Dollars

MAP-21 mandates that the TIP reflect project costs in year of implementation dollars. By doing so, projects should anticipate less unforeseen cost over-runs which could jeopardize project implementation. Consequently, a four percent (4%) inflation factor was applied to all phases of all local projects identified in the TIP (FY 2014 was used as the base year). This inflation rate was agreed upon by Local Public Agencies (LPAs) in early 2008.

E. Complete Streets

On January 9, 2009 the Policy Committee adopted a Complete Streets Policy. The purpose of the policy is to ensure that all federally funded local road projects are designed and built to adequately accommodate all users of a corridor including: pedestrians, bicyclists, users of mass transit, people with disabilities, the elderly, motorists, freight providers, emergency responders, and adjacent land users. Project submittals by LPAs demonstrate compliance with the policy where applicable. This information is reviewed by the Citizens Advisory Committee and Technical Advisory Committee. The Policy Committee certifies through resolution that applicable projects are either compliant or exempt from the Complete Streets Policy. A table at the end of the document (Appendix II) illustrates local project compliance with the Complete Streets Policy.

F. Project Selection

Projects listed in the TIP typically originate in the Long Range Transportation Plan (LRTP) developed by the BMCMPPO in cooperation with the respective implementing agencies involved in the planning process. These implementing agencies then carry out the transportation plan's specific elements in the TIP. As a result, the TIP serves as a strategic management tool that accomplishes the objectives of the BMCMPPO transportation plan.

Project prioritization is an important element of the TIP, especially since the demand for Federal-aid transportation projects usually exceeds the level of Federal funds available for use. State highway projects in the TIP have been prioritized by the Indiana Department of Transportation. Local Federal-aid highway improvement projects programmed by the City of Bloomington, Monroe County and the Town of Ellettsville have been prioritized according to resource availability. Transportation improvement projects in the BMCMPPO's urbanized area may be prioritized based on the following general hierarchy:

1. Unfunded capital projects that have been programmed and are ready for contract letting;
2. Capital projects programmed for construction that will be ready for contract letting in the immediate future;
3. Projects involving traffic operation or system management improvements;
4. Projects programmed for right-of-way acquisition, and
5. Projects programmed for preliminary engineering and/or advanced studies.

Projects initiated locally are jointly prioritized according to the type of activity scheduled in the TIP and the Federal funding category. The process of prioritizing projects is also influenced by state and local policy-level decision making and the availability of Federal, state, and local funds. Wherever possible, technical and non-technical factors are jointly used to identify projects which have the greatest need for implementation.

G. Amendment Process

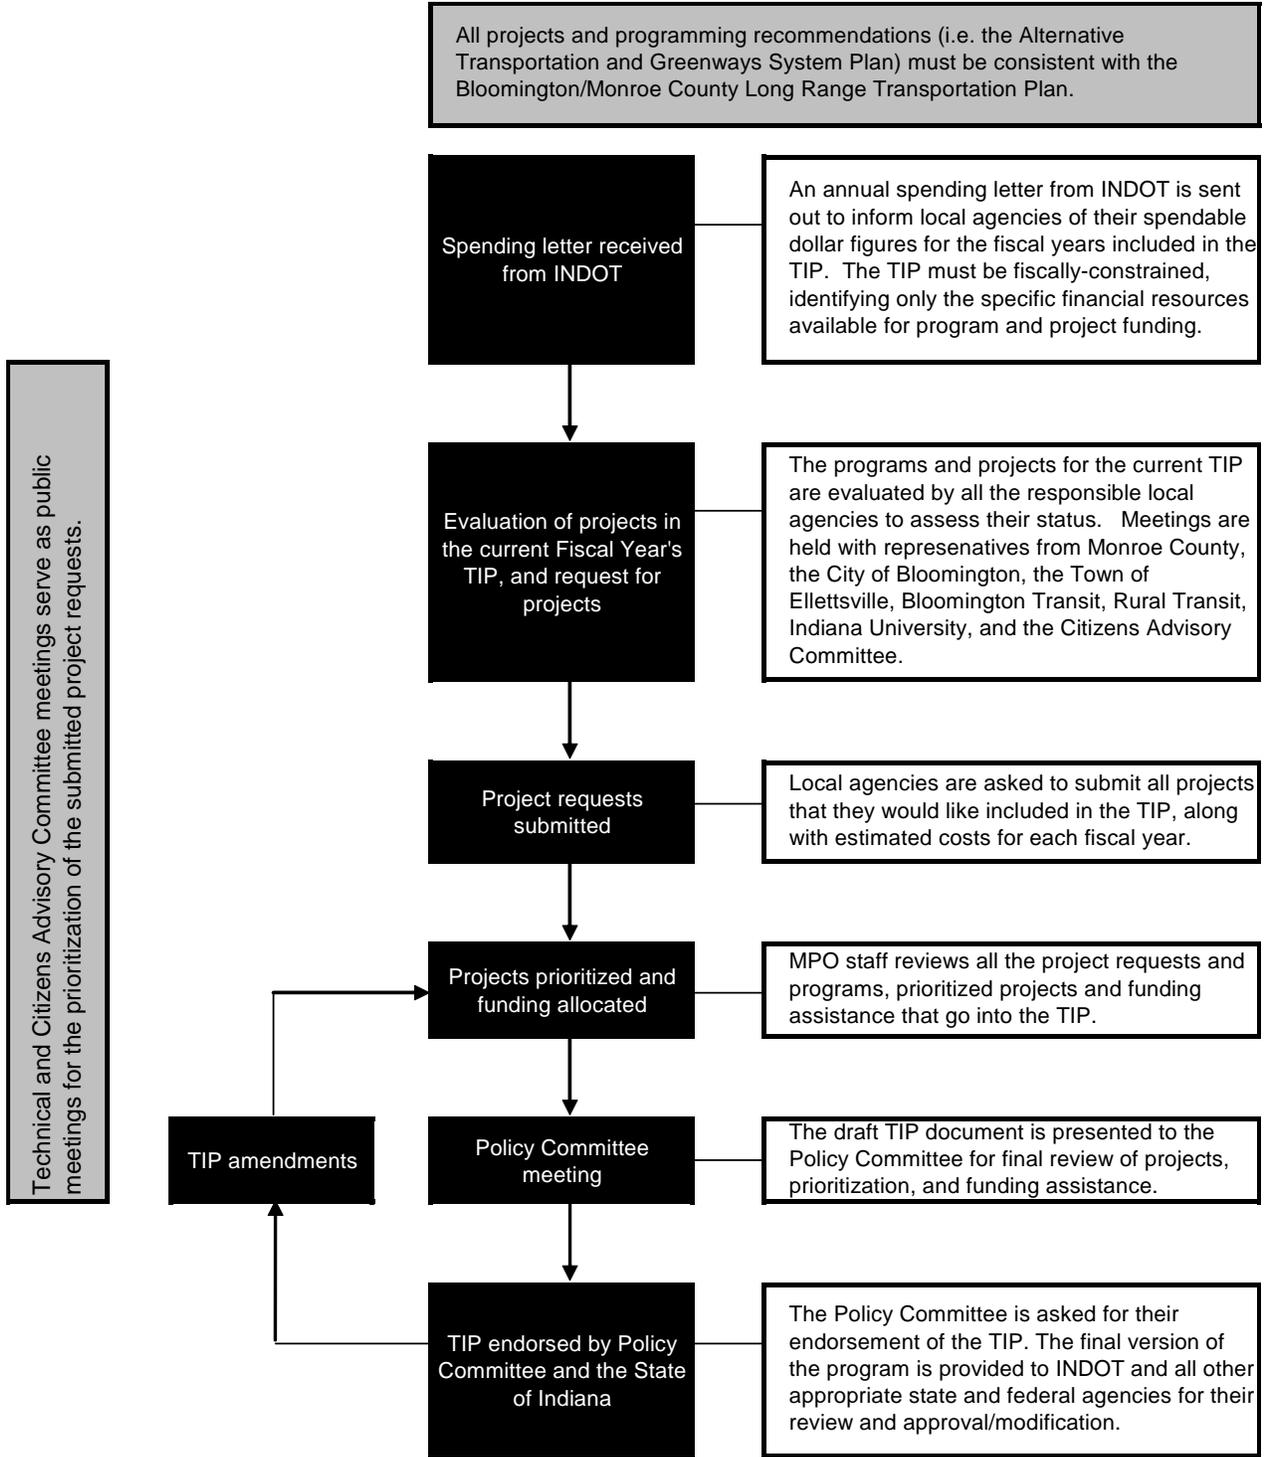

The TIP may be modified pursuant to the procedures outlined in the BMCMPPO's Public Participation Plan. The scope of a TIP amendment will dictate the level of public participation solicited (major amendment, minor amendment, administrative modification). The TIP must be approved by the BMCMPPO and the Governor of the State of Indiana. A conformity determination must also be made by the FHWA and the FTA. Once approved, the TIP then becomes, without modification, part of the Statewide Transportation Improvement Program (STIP). The frequency and cycle for updating the TIP should be compatible with that of the STIP.

II. Fiscal Year 2014 - 2017 TIP Development Timeline

The following list provides a chronology of events that have taken place throughout the development of this document:

<u>Date</u>	<u>Description</u>
Jan. 31, 2013	Call for projects is issued to LPAs
Feb. 12, 2013	Kick-off meeting with LPAs to discuss funding and projects
Feb. 27, 2013	First review of draft TIP by Technical Advisory Committee Citizens Advisory Committee
Mar. 1, 2013	Call for Projects ends, project submittals due
Mar. 21, 2013	Meeting with LPAs to discuss project submittals and available budget
Mar. 27, 2013.....	Second review of draft TIP by Technical Advisory Committee and Citizens Advisory Committee
Apr. 12, 2013.....	First review of draft TIP by the Policy Committee
Apr. 24, 2013.....	Review and recommendation by the Technical Advisory Committee and Citizens Advisory Committee
May 3 to Jun. 3, 2013.....	Thirty day public comment and review period

Fiscal Year 2014 – 2017 Transportation Improvement Program
Bloomington/Monroe County Metropolitan Planning Organization

IV. Local Revenue & Expenditure Summary

In order to remain fiscally constrained, the Transportation Improvement Program must balance estimated project expenditures with expected funding revenues. In addition, each particular source of funding must be used in a manner consistent with its designated purpose. The process of balancing expenditures across the portfolio of available funds requires cooperation and support from all of the BCCMPO stakeholders. The Fiscal Year used for the purposes of the TIP begins on July 1 and ends on June 30. Thus, Fiscal Year 2014 begins on July 1, 2013 and ends on June 30, 2018.

The tables in this section summarize the projected local revenues and expenditures for fiscal years 2014 through 2017. They do not include programmed funds or projects for the State of Indiana, as these are subject to statewide financial constraints beyond the scope of the BCCMPO. Non-local revenue forecasts are based on past receipts, projections from the FHWA, FTA, and INDOT, anticipated Federal spending authorization levels, and consultations with appropriate Federal and State funding agencies. Local funding forecasts are derived from a similar methodology and through extensive coordination with local agencies. Project expenditures are based on realistic cost estimates provided by the implementing agency for each project.

A. Projected Revenues for Local Projects

The table below summarizes the projected funding available, by funding source, for programming in the FY 2014-2017 TIP. The STP line highlights estimated spending authority available through FY 2017. This table does not include Federal revenues that may be added in the future through special Congressional earmarks, discretionary funding sources, or other grants. Any project utilizing such funds has been marked as "Illustrative" and is not counted in the fiscal constraint analysis.

B. Programmed Expenditures for Local Projects

The table below summarizes the programmed local expenditures, by funding source, for projects in the FY 2014-2017 TIP. The available STP funding has been programmed to ensure a 5 % reserve to cover project cost overruns. Any usage of funds from this reserve will be subject to the BMCMPPO's Change Order Policy.

D. Programmed Projects

The following tables provide a description of each project programmed in the Transportation Improvement Program for fiscal years 2014 to 2017. The tables are organized by implementing entity in the following order: Indiana Department of Transportation, Monroe County, City of Bloomington, Town of Ellettsville, Bloomington Transit and Rural Transit. At the end of each agency's section is a summary of programmed expenditures by funding source for each fiscal year.

Additionally, each project which involves an identifiable location is also accompanied by a visualization of the approximate project boundaries. The dashed white lines provide an estimation of project location based on best information available at the time this document was developed. These graphics are provided for the sake of reference only and should not be interpreted as exact delineations of project alignment.

*Compliance with the Complete Streets Policy is determined by the Policy Committee at the time of adoption of this document or when new local projects are amended into the Transportation Improvement Program.

Appendix IV: Listing of Projects by Year

The following tables represent a compilation of annual expenditures and the funding sources for all projects. It is important to note that State project costs are not included in the totals. Please note that 5% of available STP funding has been set aside in a Change Order Reserve. The intent of setting aside this money is to provide a source of revenue to cover project cost overruns. Any use of funds from this reserve will be subject to the BMCMPPO Change Order Policy. Any figures or projects in *italics* are illustrative.

Appendix V: Urbanized Area Boundary

The Urbanized Area Boundary (UAB) is the geographic area in which the metropolitan planning process must be carried out. It shall at a minimum cover the statistical geographic area which has a population of 50,000 as determined by the U.S. Census Bureau. The Metropolitan Planning Area (MPA) represents an adjustment or revision to the Urbanized Area Boundary to smooth out geographic irregularities and establish more logical boundary lines, instead of those established by the Census Bureau.

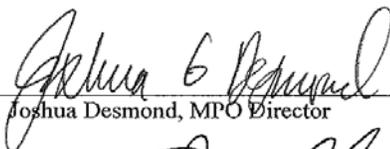

Appendix VI: Self Certification

METROPOLITAN TRANSPORTATION PLANNING PROCESS CERTIFICATION

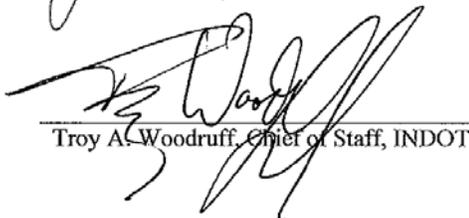

In accordance with 23 CFR 450.334, the Indiana Department of Transportation and the Bloomington/Monroe County Metropolitan Planning Organization for the Bloomington urbanized area hereby certify that the transportation planning process is addressing the major issues in the metropolitan planning area and is being conducted in accordance with all applicable requirements of Titles 23 and 49 USC, specifically:

- I. 23 U.S.C. 134, 49 U.S.C. Section 5303 and this subpart;
- II. In nonattainment and maintenance area, section 174 and 176 (c) and (d) of the Clean Air Act, as amended (42 U.S.C. 7504, 7506 (c) and (d) and 40 CFR part 93;
