EXECUTIVE SUMMARY

CBRE Group, Inc. (“CBRE”) on behalf of the City of Bloomington, Indiana, by and through its Redevelopment Commission (“RDC”) and the Department of Economic & Sustainable Development, is pleased to present this Request For Proposals to acquire and develop parcels totaling approximately 14.84 acres in downtown Bloomington, Indiana. The property sits on 11th Street within one of the most vibrant growth corridors in the Bloomington Central Business District (CBD). The site is located within the downtown Certified Technology Park, near City Hall, and blocks from the bustling downtown square.

Our goal is to be a sought-after model of modern, sustainable urban redevelopment that nurtures creativity and entrepreneurship among its citizens and workforce, helps brand Bloomington as a lively tech sector hub, attracts private investment, employment and visitors, and provides welcoming living options for Bloomingtonians.

The City intends to leverage the redevelopment of the property to further its goals to create an innovation district in the downtown, to spur the continued growth of its fast-emerging high-tech sector, and to sustainably integrate this once industrial area into the fabric of its vibrant live/work/play downtown. Therefore, uses and activities that strongly align with vision and concepts advanced in the City’s Certified Tech Park Master Plan & Redevelopment Strategy (<http://bloomington.in.gov/ctp>) are sought through this RFP.

Offering Summary

<p>SITE</p> <p>The Property consists of ±14.84 gross acres. It is located south of 11th Street and west of Morton Street in downtown Bloomington.* RFP Respondents may make proposal on all or any portion of the properties.</p>	<p>RFP ISSUANCE DATE: Wednesday, October 8, 2014</p>
<p>PRICE</p> <p>Market</p>	<p>NON-MANDATORY RFP INFORMATION MEETING: 2:00 PM EST, Thursday, October 23, 2014, in the M^cCloskey Conference Room located at City Hall, 401 N. Morton Street, Bloomington, IN 47404. Interested parties may also participate via conference call. Contact Danise Alano-Martin via email for instructions at ctp@bloomington.in.gov.</p>
<p>OWNER</p> <p>The City of Bloomington (the “City”)</p>	<p>RFP QUESTIONS: Accepted beginning on Monday, November 3, 2014 at 5:00 PM EST. Answers will be posted to the City’s website as addenda to the RFP.</p>
<p>PROPERTY ADDRESS</p> <p>Bloomington, Indiana 47404</p>	<p>RFP RESPONSES DUE: No later than 5:00 PM EST on Wednesday, December 10, 2014.</p>
<p>ACREAGE</p> <p>14.84 gross acres more or less. Parcels: 7, more or less</p>	<p>RFP FORMAT Please submit response in electronic PDF format via e-mail to Danise Alano-Martin of City of Bloomington at ctp@bloomington.in.gov and Gordon Hendry of CBRE at gordon.hendry@cbre.com.</p>
<p>CURRENT ZONING</p> <p>CD - Commercial Downtown; Showers Technology Park Overlay; Downtown Core Overlay</p>	
<p>POTENTIAL USES</p> <p>Mixed use commercial development with retail, office, multi-family housing</p>	

* The 0.85 acre parking lot currently owned and used by Morton Street Properties is in process of being acquired by the City of Bloomington.

BLOOMINGTON AREA OVERVIEW

Bloomington is a scenic, thriving and livable city located about 50 miles south of Indianapolis. Home to Indiana University, Bloomington is rich in history, architecture, culinary experiences and the arts. It is famous for its rolling hills, limestone quarries and “Little 500” bicycle race depicted in the Academy Award-winning film “Breaking Away.”

The Bloomington MSA has approximately 200,000 residents and population growth is among the strongest in Indiana. The City has been voted among the top 50 “Hottest Small Cities for Entrepreneurs” by *Entrepreneur* magazine, recognized by *Inc.* magazine as one of “America’s Best Cities for Doing Business,” and named 7th on a list of smartest towns in America by *VentureBeat*.

Economy

Bloomington is a regional economic center anchored by Indiana University and home to a diverse business community that excels in pharmaceuticals, medical devices, technology, health care and the arts. Bloomington’s concentration of employment in the life sciences is six times greater than the US average, and employment in the technology sector has grown by over 80 percent in recent years. Indiana University is the primary driver of the Bloomington local economy. The University employs approximately 7,000 workers. Companies are attracted to the city due to the University’s research and development infrastructure and a strong pipeline of talent of recent graduates.

Top-performing companies based in Bloomington include Cook Group, one of the largest medical device makers in the world (3,300 local employees), Indiana University Health (2,246 local employees), Baxter Healthcare Pharmaceuticals (1,100 local employees) and Cook Pharmica (422 local employees).

Indiana University

Indiana University is home to over 42,500 students, and Ivy Tech Community College in Bloomington has over 6,500 students.

Air Transportation

It is serviced by the Indianapolis International Airport (IAA), named the best airport in North America by Airports Council International for the second year in a row, and the Monroe County Airport nearby Bloomington. There are ample shuttle services to the IAA, located approximately 45 miles from Bloomington. The IAA averages 133 daily departures to 34 nonstop destinations including San Francisco, Toronto, Washington, DC, New York (EWR, JFK and LGA), and Los Angeles.

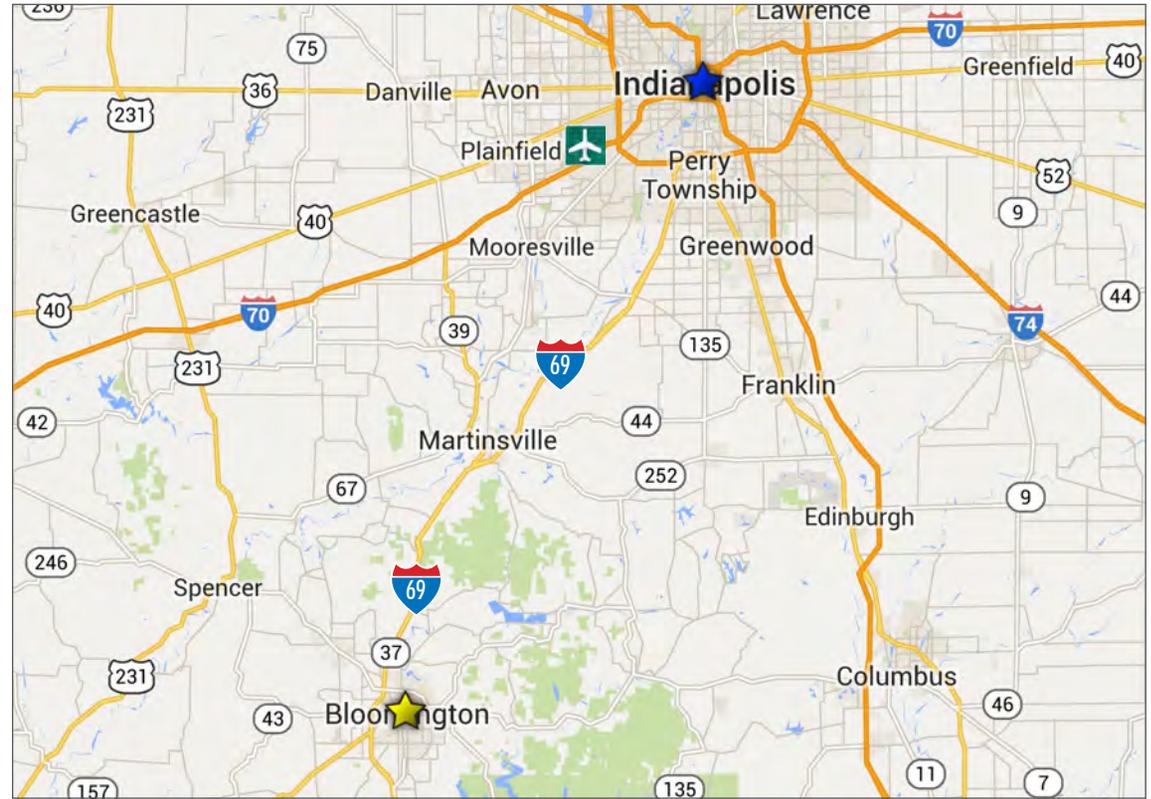

Interstate / Highway Transportation

Bloomington will be part of a major transportation and distribution system upon the completion of I-69. The Evansville-Bloomington portion of I-69 is completed and the Bloomington-Martinsville portion is under construction with a 2016 completion date. The Martinsville-Indianapolis portion is expected to be completed by the end of the decade. This new interstate highway will link Bloomington to other major interstates, including I-70, I-74, and I-65. Bloomington is within a day's drive from over 60% of the US population.

Bus Transportation

Bloomington has an outstanding public transit system. Bloomington Transit, the municipally-owned bus service, and Indiana University Campus Bus Service provide extensive public transportation services throughout Bloomington.

Bloomington Transit was named "North America's Best Public Transportation System" in 2010 by the American Public Transportation System. In 2014, construction on a new \$9.5 Million passenger transfer facility was completed in downtown.

Indianapolis International Airport

The Property

The Property is located in Downtown Bloomington, a celebrated urban lifestyle community rich with culture and a young, lively atmosphere decorated with an eclectic mix of the city’s most popular dining and entertainment options. It is located within walking distance of more than 40 retail shops and 90 diverse dining and nightlife options in the urban neighborhood. The primary commercial corridor connecting downtown Bloomington to the Indiana University campus - Kirkwood Avenue (5th Street) - is nearby. In addition, amenities in the immediate area include City Hall and Showers Plaza (plays host to several annual events, including the Farmers’ Market attracting 10,000 attendees weekly), Courthouse Square, as well as recreational options including the recently completed B-Line Trail, a former train line which now provides residents and visitors an alternative travel option as well as a place for walking, running and biking.

The 3.1-mile B-Line Trail is immediately adjacent to the Property and caters to the active lifestyle resident. The downtown portion of the B-Line Trail is located within the Bloomington Entertainment and Arts District (BEAD) and features a wide variety of public art. More than 80% of the population within a one-mile radius of the Property is between the ages of 18-34, and an estimated 73% of the households within the same area consist of either one or two persons.

INDIANA UNIVERSITY OVERVIEW

Indiana University was founded in 1820 in Bloomington, Indiana. Today, it is the state's oldest university and the flagship campus of the Indiana University system. Bloomington is internationally renowned for its academics. The 2015 *US News & World Report* ranked Indiana University among the top 30 public universities in the nation. The university has one of the largest research expenditures of any American university and one of the largest number of living alumni, at over 580,000.

Academic Profile

Indiana University has a Fall 2014 enrollment of 42,634 students (approximately 32,000 undergraduates) in 520 academic programs. Students come from 49 states and the District of Columbia with more than 6,000 students from 130 countries. There are over 3,000 members of the faculty.

Indiana University excels in its nationally ranked schools of Medicine, Law, Business, Education, Music, Optometry, and Library and Information Sciences. IU has more than 180 majors and 330 degree programs for undergraduate students. The Kelly School of Business is considered one of the best undergraduate business programs in the nation, and the Jacobs School of Music is considered one of the world's best music schools.

The School of Informatics and Computing is one of the largest and broadest computing and information schools in the nation. Founded in 2000, the School was the first of its kind, an interdisciplinary program where technology fuels and innovates fields ranging from music to microbiology.

Breathtaking Campus

Thomas Gaines called IU Bloomington one of the five most beautiful in the nation in *The Campus as a Work of Art*. Covering over 2,000 acres, the campus features historic Indiana limestone academic buildings, a stunning Arboretum and Dunn Woods, the I.M. Pei – designed Art Museum, and the Indiana Memorial Union, the second-largest student union in the United States at 500,000 sq. ft. - with the Sample Gates as the campus gateway.

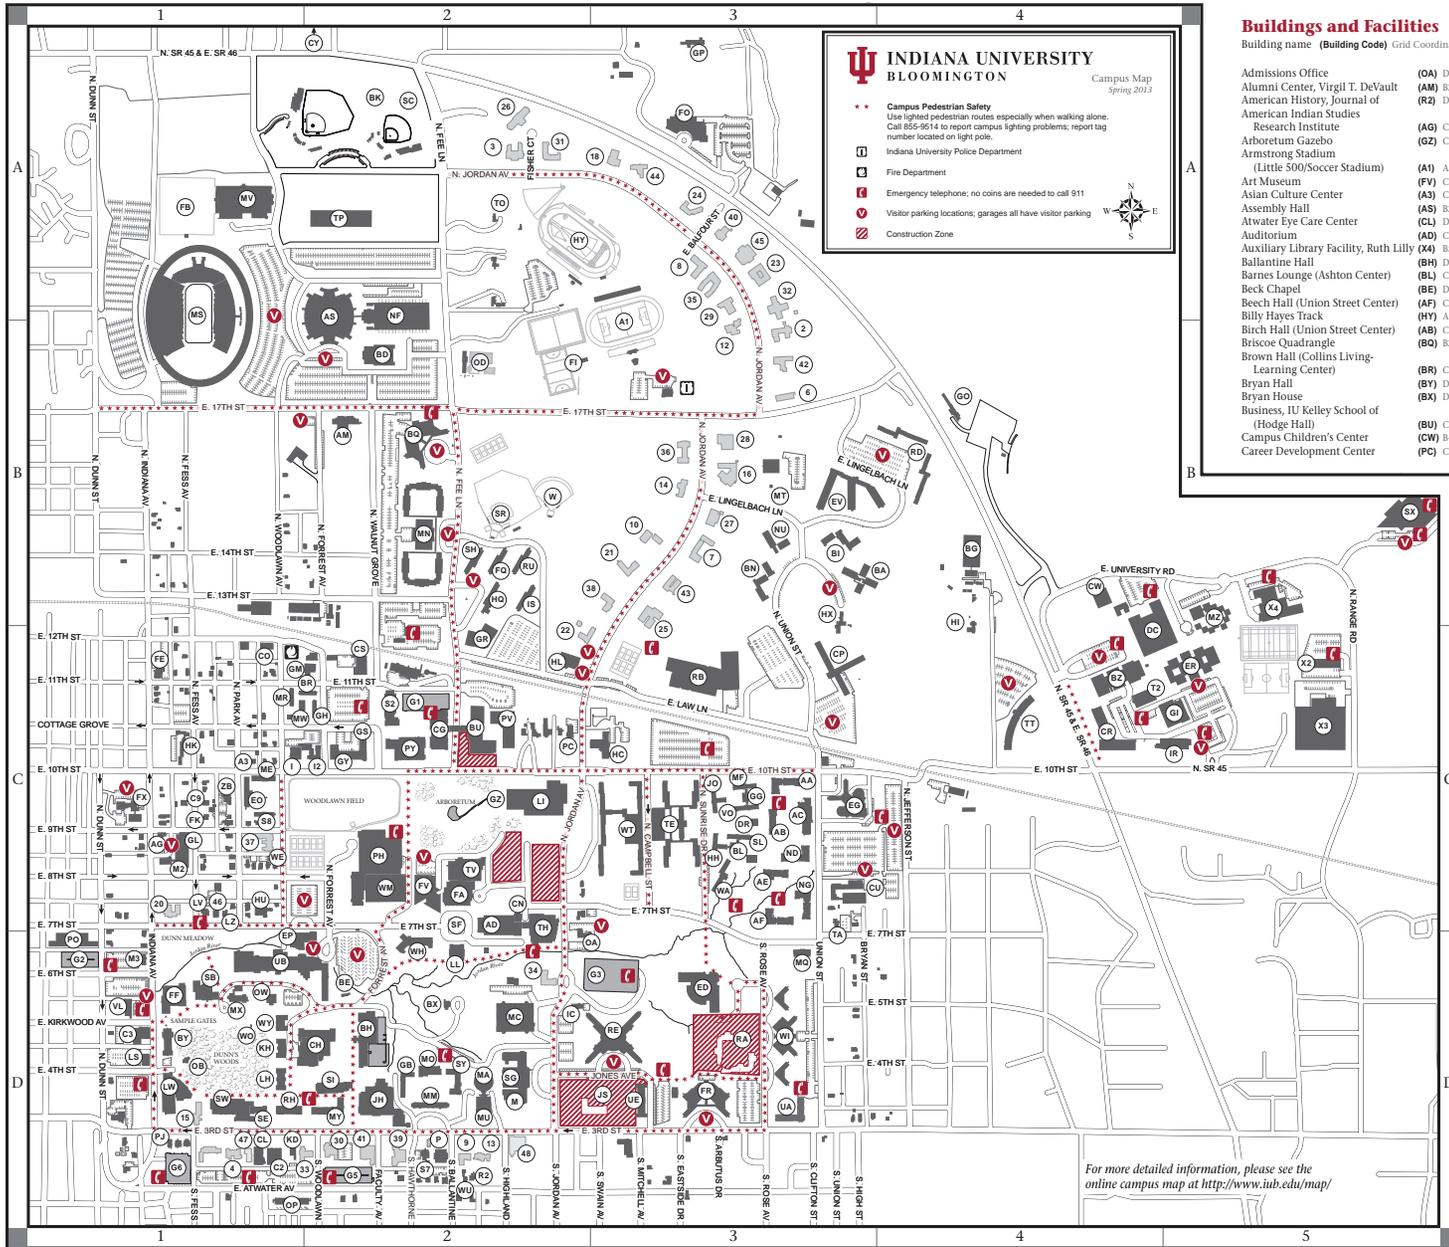

Cultural Mecca

Bloomington is home to world-class arts, cultural and entertainment facilities on campus, including the IU Auditorium, the Musical Arts Center and the Jacobs School of Music. The school offers more than 1,100 performances a year, most of which are free to attend. Bloomington is home to diverse street festivals, the Tibetan Mongolian Buddhist Cultural Center (founded by the Dalai Lama's brother, a professor of Tibetan Studies), and the respected opera and ballet theater. The Lilly Library is one of the largest rare book and manuscript libraries in the United States, containing over 400,000 rare books including the New Testament of the Gutenberg Bible, a first edition copy of the Book of Mormon, the first printed collection of Shakespeare's works, and George Washington's letter accepting the presidency of the United States.

Sports

Sports Illustrated on Campus named Bloomington one of the nation's top 10 college sports towns. Indiana University is in the Big Ten Conference, with 24 men's and women's varsity teams. The campus hosts numerous major sporting events each year. IU is known for its outstanding tradition in collegiate athletics, including men's basketball and football, track and field, baseball, tennis, swimming and soccer. IU is home to the Little 500 men's and women's bicycle races to raise funds for scholarships. The Little 500 is considered part of "The World's Greatest College Weekend" each April and was captured in the Academy Award-winning film "Breaking Away." Athletic facilities include the 53,000-seat Memorial Stadium, 17,000-seat Assembly Hall, Cook Hall and Mellencamp Pavilion, the Gladstein Fieldhouse, the IU Tennis Center, the Billy Hayes Track and Bill Armstrong Stadium and the new Bart Kaufman baseball field. IU's recreational sports program for its students is recognized as among the best in the nation.

BEAD

Bloomington Entertainment & Arts District

Subject Site is adjacent to Showers Plaza and the B-Line Trail.

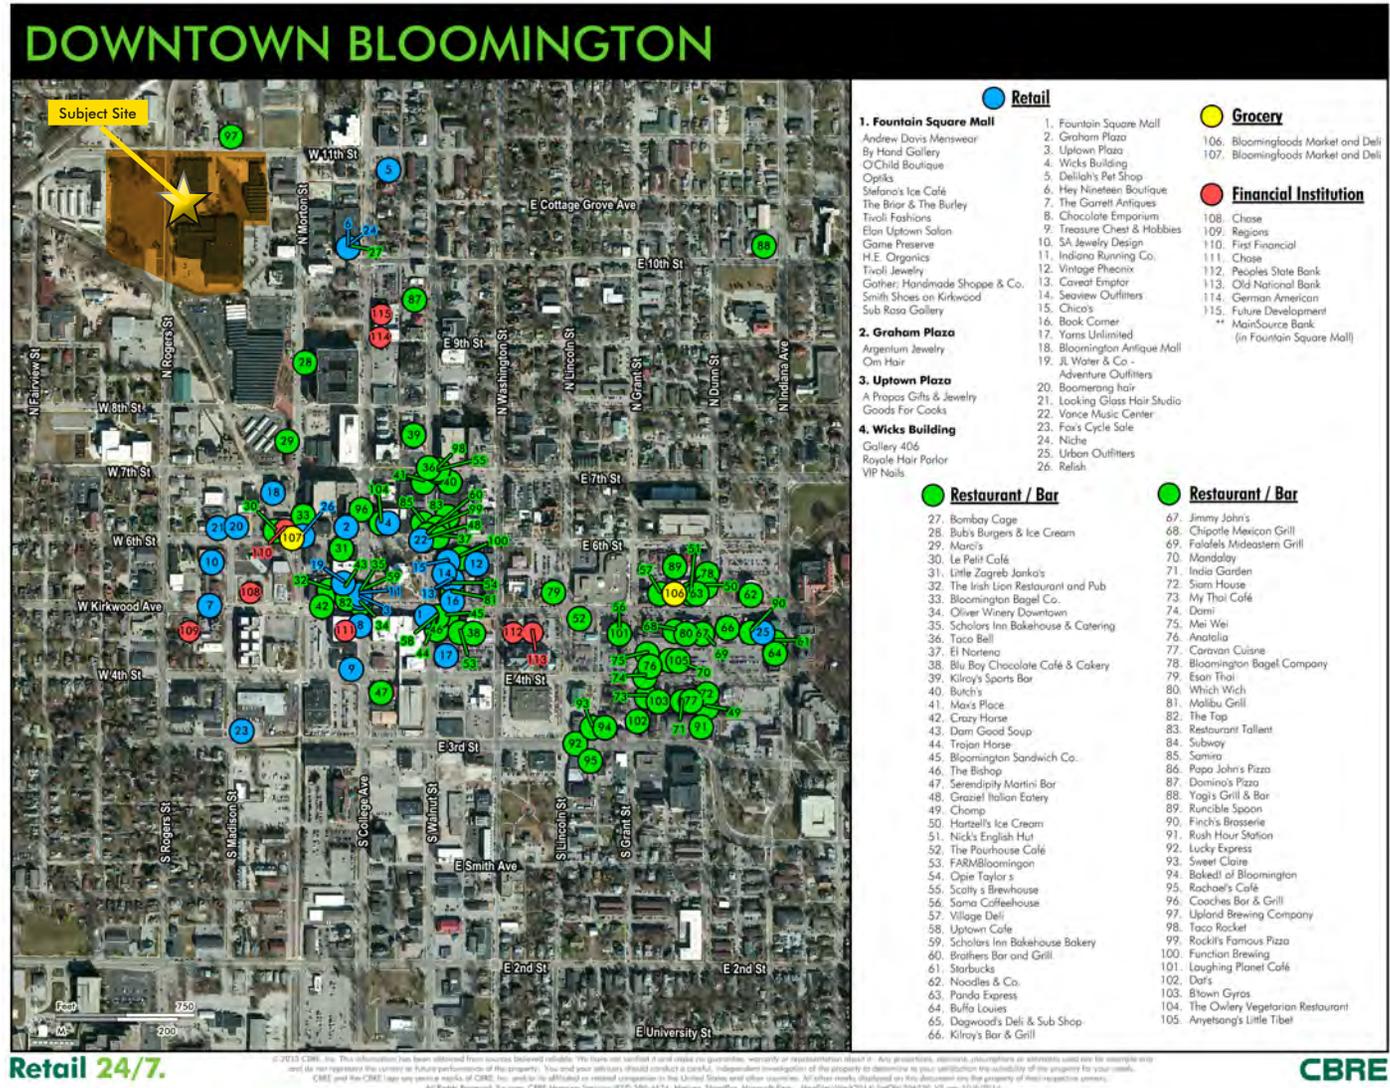

Retail

Downtown Bloomington remains a vibrant, strong retail market. Close proximity of such retail, including two new-to-market hotels for 2014, adds to the potential redevelopment opportunity of the subject site. The hugely popular Upland Brewing Co. is immediately north of the Property, and is the 2nd largest brewery in Indiana. The site is a couple of blocks from the Downtown Square and an easy walk along the B-Line Trail to more retail and downtown residential.

In the September 12, 2014 edition of *The Wall Street Journal*, an article titled "Where the Foodies Live," discussed the trend of the hottest city residential neighborhoods being built around farmers' markets and top restaurants. The longstanding Bloomington Community Farmers' Market happens on a weekly basis at City Hall for most of the year and typically hosts over **10,000 customers each week.**

High Tech

The City is interested in promoting a high tech, “live-work-play” environment in the redevelopment of the subject properties. The downtown has an active tech submarket, and many of the growing technology companies are already clustering in the downtown submarket. At 7%, the share of high tech employment is about four percentage points above the U.S. Metro Area Median (*Moody’s*). Coworking spaces include Bloominglabs, Cowork Btown, Sproutbox and Blue Line. The City is interested in seeing the historic buildings on the subject properties be considered for reuse as office properties serving the tech sector. Further, the City is interested in the possible construction of new office buildings in the redevelopment of the subject properties.

Area Multi-Family Housing/Residential

The Bloomington market as a whole and especially downtown is very attractive to multi-family housing due to the high market occupancy and increasing gross rents. The subject site's close proximity to new housing developments provides ample opportunity for a "live, work, play" community, and adds to the potential redevelopment opportunity of the subject site. The City and Master Plan envision the properties west of Rogers Street as ideal for multifamily housing that specifically addresses the needs for workforce housing or live/work apartments or condos, mixed-income and affordable housing, and/or active senior and multi-age group housing. While Bloomington overall is an attractive market for college student housing, the City's goal for these properties is to diversify into different housing markets.

Bloomington Apartment Community Map
Indiana

CBRE

Average occupancy rates are mid-to-high 90s. New to market multifamily housing projects include:

STUDIO 531	31 units	31 beds
MANOR AT 10 NORTH	50 units	77 beds
MANOR AT THE CREST	32 units	37 beds
COLLEGIATE ON PATTERSON	204 units	635 beds
NEW DEVELOPMENTS		
THE FOUNDRY	35 units	65 beds

ii. Environmental Conditions

Phase I and Phase II Environmental Surveys on the Property will be available on the City website at <http://bloomington.in.gov/rfp>. Any prospective purchaser shall not rely on the findings as outlined in these Phase I and II reports but should independently satisfy themselves as to the condition of the Property; THE CITY MAKES NO REPRESENTATIONS OR WARRANTIES CONCERNING THE ENVIRONMENTAL CONDITION OF THE PROPERTY.

Depth to Bedrock

v. Historical Preservation

The character of the CTP area is enhanced by the storied history of the Showers Brothers Furniture Factory complex. The City seeks respondents who will revere this history through adaptive reuse of the historic buildings uniting our early 20th century past with our 21st century future. The City and the City’s Historic Preservation Commission anticipate partnering closely with the selected bidder to designate the buildings as local historic structures.

The Showers Kiln, Showers Dimension Mill, and Showers Garage are all subject to this RFP. The Showers Administration Building is subject to a separate RFP and is still available for purchase. The historic structures are currently listed in the 2001 City of Bloomington Historic Sites and Structures Interim Report. Therefore, the City’s Historic Preservation Commission (HPC) reviews any plan related to this property if a plan involves any of the following:

- Demolition of historic structures;
- Substantial removal or destruction of any discrete exterior portion of the structures;
- Complete or substantial removal or destruction of any porch, wing, cupola, addition or similar feature on the structures;
- Partial demolition of the structures’ roof;
- Removal or obscuring from view forty percent (40%) or more of the exterior of a façade on any structure; construction or attachment of any addition to any structure; and/or
- Replacement of any window where the window opening is enlarged in such a manner as to require a building permit.

Built 1910-23	Built 1910-23	Built 1920	Built 1916
Historic Significance: Contributing	Historic Significance: Contributing	Historic Significance: Notable	Historic Significance: Outstanding

If any of the above work is to be proposed on the Property, the Respondent, if selected, will submit detailed plans of the proposed project to the Planning and Transportation Department which will be reviewed by the HPC at a public meeting. The respondent should attend the meeting to answer questions and provide supplementary information not readily apparent from the plans. The HPC will make a decision as to the Appropriateness of the proposed work during a review period, which will not be longer than 120 days, after receipt of an application by the City's Planning Department.

Any proposal to rehabilitate any Historic Building will, at minimum, require Site Plan review by the Planning and Transportation Department staff. Additionally, any proposal that consists of new construction, including accessory structures, a building addition, or does not comply with the requirements of Unified Development Ordinance would require review by the City of Bloomington Plan Commission. The Plan Commission meets monthly and there are established filing deadlines for each respective meeting. General application and permit approval procedures outlined in Chapter 20.09 of the City's Unified Development Ordinance are located at <http://bloomington.in.gov/udo>.

If a proposed development plan is in need of variances from the City's Unified Development Ordinance, any such variance will need to be obtained from the City's Board of Zoning Appeals. The Board of Zoning Appeals meets monthly and there are established filing deadlines for each respective meeting. Please note that if a variance is to be sought the request should be discussed with City of Bloomington Planning and Transportation Department staff in advance in order to determine whether or not City staff will support said request.

As such, Section 20.09.230 of the City's Unified Development Ordinance prohibits issuing any permit for the property without first giving the City's Historic Preservation Commission a chance to review the project and consider locally designating the structure if certain exterior structural changes are being proposed to be made.

vi. Use and Activities

The Master Plan envisions and encourages the following uses and activities for this Property:

- High technology, research and development and other office uses that support adaptive reuse
- Educational, cultural or institutional uses that bring employees, students, clients or visitors to activate Morton and 10th Street and the CTP
- Mixed office/retail and residential, where the residential units (market rate, mixed-income and/or affordable) meet a professional/workforce housing demand or senior housing demand. Student housing is explicitly not of interest to the City for the Subject Properties.
- Small-scale retail
- Place-making elements/ smart growth and new urbanism
- Office uses that nurture entrepreneurship and innovation such as co-work, acceleration, and/or incubation space
- Energy-Star rated, efficient buildings
- Energy innovation projects
- Green buildings, sustainable development projects
- Structured parking facility to serve overall district employment and public parking needs
- Green space for active and/or passive recreation

vii. Collaboration Across CTP Efforts

The selected Respondent for the Property will be required to collaborate with the Redevelopment Commission, the City, and Respondents of other RFP projects within the CTP, to bring further definition to and realize the objectives of the Master Plan. This collaboration may include helping to define and participate in energy innovation projects, shared parking resources and strategies, accommodations for fiber and other technology infrastructure that completes connectedness throughout the CTP, and other needed activities to fully invigorate the CTP.

viii. City Investment in Infrastructure

In 2014, the City demolished two existing warehouse buildings on Rogers Street and is preparing to realign 10th Street between Morton Street and Rogers Street to provide for a true east-west street. This will improve and enhance accessibility to the subject properties. The site plan below depicts the re-aligned 10th Street.

The road improvements will be completed by 2Q 2016.

a. 10th Street design/engineering scope includes place-making and sustainability features:

1. “Signature” street design – to emphasize unique sense of place for CTP
2. Curbless streets to accommodate green stormwater infrastructure design
3. Sustainable street infrastructure
4. Place-making elements for the street/alley
5. Design will begin December 2014, construction expected to begin 3Q or 4Q 2015

b. Utility and Stormwater Drainage Master Plan nearly complete

1. Coordinating with multiple utilities to make most efficient use of space underground;

2. Utility stormwater detention in one central location (probably underground) rather than per site development proposal (means more developable site areas on individual parcels)
- c. The City will consider in coordination and in consultation with the selected developer, the possible extension of Madison Street north of the existing City Hall Building to 11th Street. This would include a significant public investment by the City and would include all applicable design elements considered for the new 10th Street. Any such investment by the City will only be considered if it contributes significantly to the private development of the Property.

ix. Surrounding Land Uses

CITY OF BLOOMINGTON

PHYSICAL DETAILS OF SITE(S) PROPOSAL(S)

Developers are required to include a detailed and comprehensive proposal. The City reserves the right to request additional information during the evaluation of submitted proposals and to reject any or all responses. The following attributes are required:

Project Concept Summary

Provide a concise narrative summary of the project concept, including:

- General description of the vision and proposed project concept for the Property
- Breakdown of the Property's various concepts and/or uses
- Outline of Purchase Terms
- Outline of Development Terms
- Outline of economic incentives which the developer expects to apply for, if any. Developers must provide a complete outline of justifications related to its future application.
- Projected overall construction cost of development also known as "Total Project Cost."
- Proposed Development Schedule including the time necessary for execution of Purchase Agreement and Development Agreement and all zoning and approvals.
- Economic Impact of Development (including tax revenues)
- The City will consider proposals that propose developments including property not owned or contributed by the City that is adjacent to the subject property.

In addition, specifically address how the Developer's proposal meets guidelines as stated in this RFP, the City's planning guidelines and the vision of the Master Plan.

(Property and Parking Facility separately)

Physical Details

- Total Square Footage
- Total number of parking spaces within Property
- Proposed types of uses
 - Square footage of retail space (if proposed)
 - Square footage of office space (if proposed)
- Number and type of residential units (if proposed)
- Square footage and types of other uses
- Amount and type of open spaces
- Green building features

Ownership Objectives (Short / Long Term) and Financial Details

- Equity source and required approvals
- Percentage of total project costs to be funded with equity
- External equity partner(s) and urban development experience
- Source of debt funding and details
- Details of debt structure (term assumptions)
- Total Project Cost (including all developer costs and 3rd party fees)
- Developer's fee (included in Total Project Cost)
- Total cost of funds

Development Process

- Project Scope
- Design involvement
- Developer's approach to engage with City and Community
- Knowledge and involvement with/of local construction trades and MBE and WBE
- Degree of transparency (i.e. open book)
- Overview of developer's resources and process approach
- Construction Management (CM) capabilities (internal / external)
- Community relations plan

Developer Qualifications

- Ownership structure of controlling development organization
- Relationships with other firms involved in the project
- Description of firm's in-house capabilities (i.e. Design, CM, Equity position, etc.)
- Local experience / Presence
- National experience
- Number of years in business
- Case studies of urban projects
- Total SF of urban projects financed or developed in last ten (10) years.
- Specific projects similar to this opportunity
- Percent business dedicated to urban development
- Up to five (5) references for similar projects (or if working with consultants, may provide references for consultants)
- Key company principals and executives / roles
- Experience with energy and efficiency innovations in building and site development, green building and other sustainable development standards or best practices

ADDITIONAL INFORMATION

CBRE Agency and Project Fee

CBRE is providing advisory services to the City of Bloomington and owes its duties solely to the City of Bloomington. The contract between the City of Bloomington and CBRE requires that the selected Developer compensate CBRE a project fee equal to three and a half percent (3.5%) of the Total Project Cost. Total Project Cost is defined as the total sum of the project including land, construction, architectural, and design fees of all elements of the project. Terms and conditions of the fee will be outlined in a separate agreement between CBRE and the selected Developer to be executed prior or simultaneously with the Development or Project Agreement. Such fee should be included in developer pro-formas. The City shall make all decisions concerning the selection of Respondents.

Communication Restrictions

Except for submittals of questions as described herein, effective upon the issuance of this RFP Respondents are prohibited from contacting, engaging or speaking directly to employees, respondent, agents, or representatives of the City regarding this RFP and Project. This communication restriction is effective until the City announces its decision. Any inappropriate or unauthorized communications may result in the disqualification of Respondents.

Additional Provisions

- A. No Obligation to Proceed – The City is under no obligation to proceed with this project or any subsequent project, and may cancel this RFP at any time without the substitution of another, if such cancellation is deemed in the best interest of the City. Furthermore, the City may reject any and all proposals, to waive any irregularities or informalities in a proposal, and to issue a new or modified RFP, if it is found to be in the best interest of the City.
- B. Proposals Withdrawal and Modification – The City may allow a respondent representative bearing proper authorization and identification to sign for, receive, and withdraw the respondent’s unopened proposal prior to submission deadline. A respondent wishing to modify its proposal may do so by withdrawing the Initial submission and then submitting a modified proposal prior to the deadline.
- C. Licenses and Permits – The successful respondent shall furnish the City upon request any and all documentation regarding necessary licenses, permits, certifications and/or registrations required by the laws or rules and regulations of the City of Bloomington, Monroe County, other units of local government, the State of Indiana and the United States. The respondent certifies that it is now and will remain in good standing with such governmental agencies and that it will keep its licenses, permits, certifications and/or registrations in force during the term of the agreement.
- D. Errors in Proposals – Respondents will not be allowed to change or alter their proposals after the deadline for proposal submission. The City reserves the right, however, to correct obvious errors such as math errors in extended pricing (not unit pricing). This type of correction may only be allowed for “obvious” errors such as arithmetic, typographical, or transposition errors. Any such corrections must be approved by the Department of Economic and Sustainable Development and countersigned by the respondent. Respondents are advised to make sure that their proposals are true and correct when submitted.
- E. Respondent Expenses – By submitting a response to this RFP or participating in the process, each respondent agrees that all of its related expenses are its sole responsibility, and that the City will not be responsible for any costs whatsoever incurred by the respondent in connection with or resulting from the RFP process, including but not limited to costs for preparation/submission of proposals, travel & per diem, attending interviews, providing presentations or demonstrations, and participating in contract negotiation sessions.

- F. Proposal Life - Respondents must hold their proposals open and pricing firm for one hundred eighty (180) calendar days from the proposal submission deadline. Any proposal accepted by the City for the purpose of contract negotiations shall remain valid until superseded by an executed contract or until rejected by the City.
- G. Revision to the RFP - The City may modify or amend this RFP at any time. If it becomes necessary for the City to revise any part of this RFP, the revision(s) will be posted on the City's web site (www.bloomington.in.gov/rfp). In such an event, the submission deadline may be extended, at the option of the City, to allow respondents the opportunity to revise their proposals accordingly.
- H. The information supplied by a respondent as part of an RFP response will become the property of the City. Proposals will be available to interested parties in accordance with the Indiana Access to Public Records Act (IC 5-14-3). None of the proposal responses will be made available to the public until after negotiation and award of a contract or cancellation of the procurement.
- I. Respondents shall note that only the written answers provided will be binding on the City. These answers shall represent the City's official position and supersede any previous oral statements made during the Conference or at any time by City staff. The written answers will be posted on the City's web site (www.bloomington.in.gov/rfp) as addenda to this RFP.
- J. All pricing shall be in United States Dollars (USD).

SUBMITTALS

Interested parties must submit its proposals via electronic PDF format via email to the following contact by 5:00pm EST on Wednesday, December 10, 2014 to:

City of Bloomington/Economic & Sustainable Development
Attn: Danise Alano-Martin
401 N. Morton Street, Suite 150
Bloomington, IN 47404
ctp@bloomington.in.gov

With copy to:

CBRE, Inc.
Gordon Hendry
101 W. Washington Street, Suite 1000 East
Indianapolis, IN 46204
gordon.hendry@cbre.com
FTP: <https://cbftp.cbre.com>

Proposals that are incomplete or delivered past the deadline will not be accepted and may be disqualified.

SELECTION PROCESS AND EVALUATION CRITERIA

Selection Process

Upon submission of the proposals, the City of Bloomington with assistance from CBRE shall evaluate all content of the proposals based upon the evaluation criteria set forth below. Each party submitting a proposal may, at the City's sole option and discretion, be provided the opportunity to present their development concept and program. Questions may be submitted by email to CBRE until the date below – these will be answered and published on the City's website on a weekly basis.

The below schedule is subject to change.

MILESTONE	DATE
RFP Posted	October 8, 2014
Non-Mandatory Pre-Proposal Mtg.	October 23, 2014 at 2:00 p.m. EST at City Hall
Question Period	October 24 - 5 p.m. December 1, 2014
Proposals Due	December 10, 2014 5 p.m. EST
Proposal Review and Evaluation	January 9, 2015
Presentations	January 9 - January 30, 2015
Possible "Best and Final Round"	TBD
Preferred Developer(s) Selection(s)	February-March, 2015 or thereafter
Upon selection of preferred developer(s) the City will engage in negotiations toward development and sales agreements.	

Evaluation Criteria

The City intends to select a development team or teams and project concept(s) for best and final negotiations based upon the following criteria in the sole opinion of the City and CBRE.

Contract Negotiations – The City will use the requirements set forth in the RFP as the basis for proposal evaluations. After identifying one or more responsive and responsible vendors who appear to be most advantageous to the City, the City may enter into contract negotiations with the vendor(s). If at any time the contract negotiations are judged to be ineffective, the City may cease all activities with a vendor and begin/continue contract negotiation and preparation activities with another vendor, and the process may continue until a contract is executed with approval of the Redevelopment Commission.

As a part of this process, the City may obtain "best and final offers" from all respondents judged to be

finalists. The City reserves the right to cease all contract negotiation activities at any time and reject all proposals if such action is determined by the City to be in its best interest.

Proposals will be evaluated according to the following evaluation criteria. Proposals that significantly deviate from the City's requirements may be found "non-responsive" without further evaluation.

Selection Process

A limited number of teams will be selected through the RFP process with the City continuing negotiations with one or more of the teams thereafter.

EVALUATION CRITERIA

Financial Resources, Structure, Benefit and Value to City

Conceptual Project Planning/Design/Architecture, including alignment with stated sustainability, economic development and other goals

Proposal and Development Team Experience

For additional detail please see "Physical Details of Site(s) Proposal(s)," page 29-30 of this RFP.
