

Exploring Jackson Creek
watercolor by KJ Lindberg

Presentations and Activities

for schools, neighborhoods, service organizations, and more offered through the City of Bloomington Utilities Department thanks to many wonderful partnerships within the community and beyond, including but certainly not limited to the following (think beyond the box culvert!):

Storm Drain Marking (over)

Protect our streams by placing educational markers on storm drains
www.bloomington.in.gov/stormdrains

Adopt-a-Stream

Engage in water quality monitoring, clean-ups, and more
www.bloomington.in.gov/adopt-a-stream

Hoosier Riverwatch

Monitor water quality in our streams
www.hoosieriverwatch.com

Go FishIN

Net some fishing fun
gofishin.in.gov

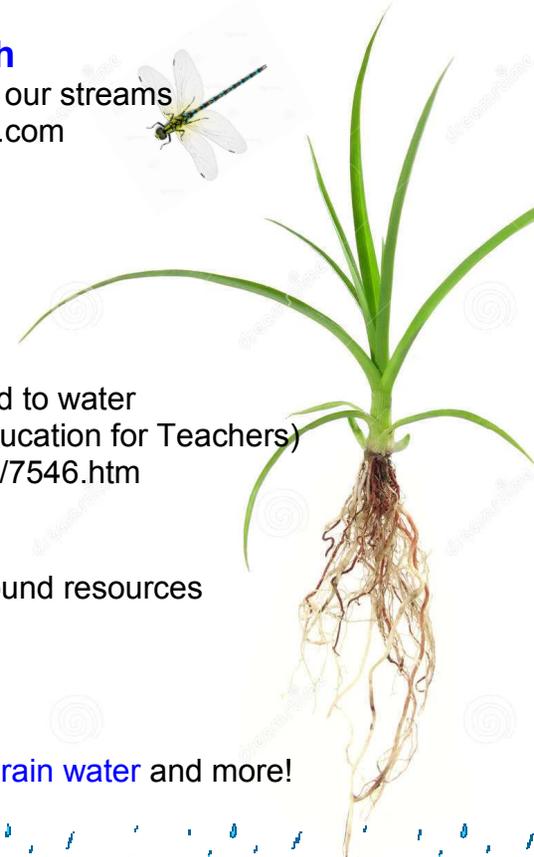

Water

Explore activities related to water
Project WET (Water Education for Teachers)
www.in.gov/dnr/fishwild/7546.htm

Caves and Karst

Delve into our underground resources
Project Underground
karsteducation.org/

Use *plants* to help filter *rain water* and more!

Storm Drain Marking

Look

inside for more information on storm (**natural**) water education programs, including ways to work them into schools, service organizations, neighborhoods, and more. Contact:
