

CITY OF BLOOMINGTON ANIMAL CARE & CONTROL CENTER PET FOOD PARTNERSHIP
RFP #2016-AS-001

Addendum #1

Question Number	RFP Section (if applicable)	Question	Response
1	NA	Can you please tell me what the maximum number of dogs/puppies and cats/kittens are in the shelter on average daily?	At the height of our season we often have 80 cats, 120 kittens, and 62 dogs/ 8 puppies.
2	NA	Can you tell me what brand and formula are currently being used for each?	We are currently using Science Diet: Puppy Healthy Growth, Canine Adult Advanced Fitness, Kitten Healthy Growth, and Feline Adult Optimal Care.
3	NA	Can you tell what the total cost per bag being spent is (product + delivery cost)?	Adult dog 40lb bag - \$14.61/bg Puppy 40lb bag - \$15.42/bg Adult cat 20 lb bag - \$7.32/bg Kitten 35 lb bag - \$13.05/bg
4	NA	Can you tell me the contract term and when it would start and end?	The contract term would be a minimum of one (1) year with additional renewal periods if both parties are in agreement with terms and pricing.
5	NA	Can you tell me the average daily adoption rate for the dogs/cats/kittens/puppies?	This varies widely depending on the time of year and amount of younger animals available. We average about 2-3 dogs per day and 3-6 cats. A large portion of our adoptions occur in the summer.
