TO AMEND CHAPTER 15.26 OF THE BLOOMINGTON MUNICIPAL CODE
ENTITLED "NEIGHBORHOOD TRAFFIC SAFETY PROGRAM"
(Amending Schedule J-1 in Order to Identify Traffic Calming Devices to be Installed on
West Third Street Between Maple Street and Walker Street)

- WHEREAS, Indiana Code 9-21-4-3 authorizes cities to install traffic calming devices on public streets as long as their design and use conform to generally accepted engineering principles of road design; and
- WHEREAS, Ordinance 99-16 established the Neighborhood Traffic Safety Program (NTSP) and set forth Schedule J-1, which identifies the type and location of traffic calming devices within the City; and
- WHEREAS, the goals of the NTSP procedures are to:
 - improve the livability of neighborhoods,
 - promote safe, convenient, and accessible conditions on neighborhood streets for pedestrians, bicyclists, and motorists,
 - encourage citizen involvement in all phases of NTSP activities, and
 - make efficient use of governmental resources; and
- WHEREAS, the Prospect Hill Neighborhood Association petitioned the City for the installation of traffic calming devices on portions of West Third Street pursuant to the NTSP guidelines and procedures; and
- WHEREAS, as a result of following the previous steps in the NTSP procedures, the City Engineering department has submitted a proposal for the installation of a series of street narrowing bump-outs on West Third Street from Maple Street to Walker Street; and
- WHEREAS, in concert with this proposal the City Engineering department proposed and the Council adopted Ordinance 03-12, which had the effect of restricting parking to alternate sides of West Third Street from Jackson Street to Walker Street; and
- WHEREAS, representatives from the neighborhood who initiated the project have submitted a petition favoring the extension of these traffic calming devices to Jackson Street which was signed by a majority of the directly affected households; and
- WHEREAS, the Council finds that these circumstances justify extending the scope of the traffic calming devices without requiring a further ballot conducted by the City;
