

To Amend the Outline Plan

RE: Moores Pike/Hyde Park (Howard Young)

WHEREAS, the Common Council passed a Zoning Ordinance amendment and adopted new incorporated zoning maps on June 7, 1978 which are now incorporated in Title 20 of the Bloomington Municipal code; and

WHEREAS, the Plan Commission has considered this case, PUD-63-88, and recommended that the petitioner, Howard Young, be granted an amendment to the outline plan and request that the Common Council consider their petition for outline plan amendment on certain property;

NOW, THEREFORE, BE IT HEREBY ORDAINED BY THE COMMON COUNCIL OF THE CITY OF BLOOMINGTON, MONROE COUNTY, INDIANA, THAT:

SECTION I. Through the authority of IC 36-7-4 and pursuant to Chapter 20.13 of the Bloomington Municipal Code, that an outline plan amendment be approved for property located on Moores Pike. The property is further described as follows:

A part of the Northeast Quarter of Section 11, Township 8 North, Range 1 West, Monroe County, Indiana, more particularly described as follows: COMMENCING at an iron pipe marking the northeast corner of said northeast quarter; thence NORTH 88 degrees 08 minutes 51 seconds WEST along the north line of said quarter section 671.14 feet to the point of beginning; thence continuing NORTH 88 degrees 08 minutes 51 seconds WEST along said north line, 310.00 feet; thence leaving said north line SOUTH 00 degrees 28 minutes 19 seconds WEST 1059.44 feet; thence SOUTH 38 degrees 24 minutes 43 seconds WEST 503.05 feet; thence SOUTH 88 degrees 08 minutes 51 seconds EAST parallel with the north line of said northeast quarter 631.45 feet; thence NORTH 00 degrees 00 minutes 00 seconds WEST 1463.97 feet to the point of beginning, containing 12.05 acres, more or less.

SECTION II. The Outline Plan Amendment, as recommended by the Plan Commission, shall be as attached hereto and made a part hereof.

SECTION III. This ordinance shall be in full force and effect from and after its passage by the Common Council and approval by the Mayor.

PASSED and ADOPTED by the Common Council of the City of Bloomington, Monroe County, Indiana, upon this 17 day of August, 1988.

Agency submitting legislation Planning Dept.

By T Mueller Date Aug 3 1988

AUGUST 1, 1988

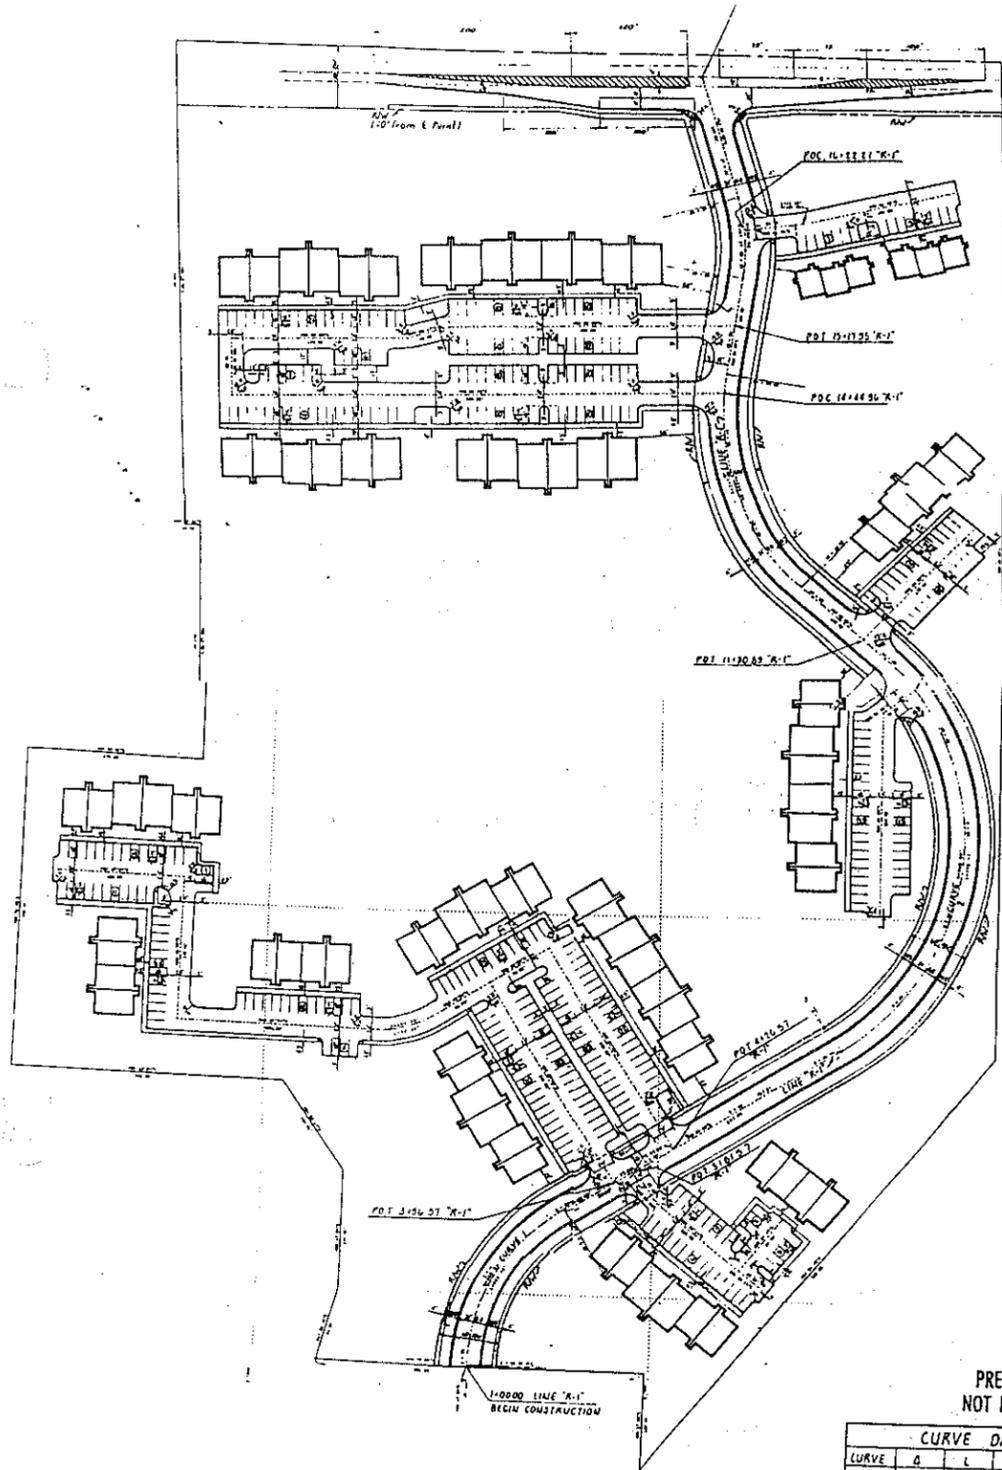

Requested is an ammendment to the Hyde Park PUD that would add 12 acres of land to the development and change the land use from multi-family to single family for 26 acres already approved for multi-family construction. The entire 38 acres would then be developed with single family homes.

The property in question has frontage along Moores Pike and includes the land recently given development plan approval for multi-family construction. (PUD-40-88) Twelve acres of land currently zoned RE and directly adjacent to the east is proposed to be added to the PUD.

A schematic subdivision layout is included in this packet. Plat approval is not a part of this request it will come with development plan. The addition of the 12 acre tract also creates a parcel of 17 acres with its access via a stub from a previous phase of development in Hyde Park as well as access to Smith Rd. through lots 56 and 25 in Rolling Hills Addition. This tract will also require subdivision approval. The plan is intended to demonstrate the concept of how the property will be developed. The main north-south street is in essentially the same location as with the multi-family plan and the entrance improvements are proposed to be the same as with the previous plan. Cul-de-sacs will provide access to interior lots. Utility plans are generally the same as with the previous request. Sanitary sewer for the southern portion of the site will gravity flow into the existing Hyde Park system. The remaining lots will be on a lift station also pumping into the Hyde Park system. The water service will be extended to Moores Pike as was required with the multi-family plan.

The petitioner requests waiver of second hearing on this ammendment to the approved Hyde Park outline plan. Required outline plan conditions have been met and the Commission is familiar with the site from the previous case. For those reasons Staff is supportive of a waiver of second hearing. Staff recommends approval of this outline plan ammendment. Only single family development will be authorized on the entire 38 acre tract with this approval. Subdivision plat approval is not included with this request it will come with development plan approval.

APPROVED MULTI-FAMILY PLAN

RE: Hyde Park PUD Amendment

Dear Tim:

Hyde Park Development respectfully requests consideration by the Plan Commission for an amendment to a portion of the Hyde Park Planned Unit Development. We are asking that the 26 acre Multi-Family land, fronting on Moores Pike, and 12 acres to the east of that land have the use changed to allow single family development.

A schematic subdivision plan is being submitted with this application. The major elements for the development of this land, other than land use, remain the same. The roadway connection from existing Hyde Park to Moores Pike is in approximately the same alignment with the same entrance location and entrance improvements as were approved for the Multi-Family project. Utilities will also be substantially the same. The southern portion will be served via gravity through the existing Hyde Park sewers and the balance being served via a lift station in the low area on the western portion of the property that would pump into the existing gravity sewers in Hyde Park. The water line, in accordance with the previous plan, would be extended to Moores Pike.

Your standard application form, application fee, and legal description of the parcels are being submitted with this letter. Notice to adjacent property owners will be submitted later this week.

We would like consideration by the Commission for approval in one hearing with waiver of the second hearing. The land use being requested is a down zone for 26 acres and increase from RE to RS on 12 acres. The infrastructure improvements are basically the same as previously approved. The goal is to significantly get this project underway late this summer and make the connection to the Moores Pike to the benefit of not only Hyde Park, but also to this area of the community.
