This Addendum No.3 to the drawings and specifications shall supplement, amend and become a part of the bidding documents, plans, and specifications. All bids and construction contracts shall be based on these modifications to the original contract documents.

ITEM NO. 1: ROCKPORT ROAD PHASING: HERE IS A COPY OF INFORMATION I JUST RECIEVED AND SHOULD BE LOOKED AT, SORRY FOR THE LATE ADDENDUM LOOKING FORWARD TO ALL THAT BID.

Upon additional evaluation of the construction phasing of the Rockport Road Phase 2 project, the City has determined that it is acceptable to construct Phase 1 (Countryside Lane intersection closure) and Phase 3 (Coolidge Drive intersection closure) concurrently. The Contractor must still maintain access to the adjacent property owners throughout the construction. Additionally, Phase 3 will be allowed to extend south to a point immediately north of the Graham Drive intersection. The roadway area north of Graham Drive may be used for stockpile of excavated material provided that property owner access is still maintained.
