ORDINANCE 83-11

AN ORDINANCE TO AMEND TITLE 15 ENTITLED "VEHICLES AND TRAFFIC" OF THE BLOOMINGTON MUNICIPAL CODE

BE IT HEREBY RESOLVED BY THE COMMON COUNCIL OF THE CITY OF BLOOMINGTON, MONROE COUNTY, INDIANA, THAT:

SECTION I. Schedule M No Parking Zones shall be amended to add the following:

15.64.410 No Parking Zones. On Rogers Street, the east side from First Street to Second Street shall be designated as a No Parking Zone.

SECTION II. Severability. If any section, sentence or provision of this ordinance, or the application thereof to any person or circumstances shall be declared invalid, such invalidity shall not affect any of the other sections, sentences, provisions, or applications of this ordinance which can be given effect without the invalid provision or application, and to this end the provisions of this chapter are declared to be severable.

SECTION III. This ordinance shall be in full force and effect from and after its passage by the Common Council and approval by the Mayor.

Dear Commission Members:

At your next meeting of the Traffic Commission on December 28, 1982, you will be reviewing a recommendation to remove parking on the east side of the 600 block of South Rogers. I want to indicate our support of this recommendation and Sargeant Robert Souders presentation of concern about this traffic situation.

The traffic pattern of the 600 block of South Rogers has changed significantly in the past five months with the opening of our new facility at the 645 South Rogers location and the opening of new facilities and access route for Bloomington Hospital at 640 South Rogers. Review of our client utilization statistics and staffing, indicates that we have a daily average of 230 vehicles coming into this health facility between the hours of 8:00 AM and 6:00 PM. The major Hospital visitor parking lot and current Hospital Emergency Department entrance is directly opposite our entrance on this blocks. Change of working shifts at both the Bloomington Hospital and RCA make the 600 block of South Rogers highly congested during those periods. Parked cars along the east side of this block simply compound the congestion, impair visibility, and permit unnecessarily hazardous conditions to occur.

Given this traffic pattern condition, I would recommend removal of parking on the east side of the 600 block of South Rogers.

Sincerely,

Gordon Gibson

Sergeant Sowders;

We would like to extend our appreciation for the action taken in reference to parking on the east side of Rogers Street between First and Second streets. Eliminating the on street parking in this area has greatly relieved the congestion created by heavy traffic. This has also aided our Emergency vehicles in entering the Hospital grounds more quickly and safely.

Sincerely,

Stephan D. Burns
