BOARD OF HOUSING QUALITY APPEALS
Staff Report: Petition For Extension of Time

Meeting Date: May 20, 2015

Petition Type: Extension of Time

Petition Number: 15-TV-02(old)

Address: 508 N. Washington St.

Petitioner: Cheryl Underwood

Inspector: Maria McCormick

Staff Report: On January 13, 2012, HAND conducted a Cycle Inspection which, among other things noted that the exterior of the building needed to be scraped and painted and the owner was given one year to comply. Owner was told four times prior to the deadline that the exterior needed to be scraped and painted: First, on August 13, 2012, in a Remaining Violations Notice; Second, on August 15, 2012, in a letter to Cheryl Underwood explaining the Remaining Violations Notice; Third, on October 16, 2015, in a phone call from Ms. Underwood's office to Ms. Lisa Abbott; Fourth, on October 17, 2012, in a letter to Cheryl Underwood.

In spite of these numerous reminders the owner failed and refused to scrape and paint the exterior of the building within the required one year time deadline.

After the deadline passed, HAND sent additional notices to the owner indicating that the exterior of the building still needed to be scraped and painted including the following:

September 10, 2013: HAND sent a reminder that the exterior needs to be scraped and painted.

December 18, 2013: HAND sent a reminder that the exterior needs to be scraped and painted.

July 18, 2014: HAND sent a reminder that the exterior needs to be scraped and painted.

On October 28, 2014, City Legal directed a letter to owner explaining that the house needed to be scraped and painted no later than November 20, 2014, otherwise the City of Bloomington would initiate legal action.

On November 21, 2014, Owner filed a Petition for Extension of time to complete repairs with this Board. Staff recommended an extension and the Board saw fit to extend the deadline for compliance to May 31, 2015.

On April 16, 2015, Owner filed a second Petition for Extension of time to complete repairs.

The owner has had over three years to complete this project. No scraping or painting has been performed at all to the exterior of the home since the first notification back on January 13, 2012.

Staff

Recommendation: Deny the Extension.

RENTAL PERMIT INFORMATION

Maple, Maureen
2220 Kensington Blvd.
Fort Wayne, IN. 46805

Property Location: 1016 E. Thornton Dr

Please find enclosed the Cycle Inspection Report which detail recommendations and violations found during the recent inspection of your rental property. You have sixty (60) days from the date of this letter to correct the violations listed on the report.

Once violations have been corrected, it is your responsibility to call the Housing and Neighborhood Development office by **MAR 08 2015** to schedule a re-inspection. You have the right to appeal any violation to the Board of Housing Quality Appeals. An appeal form can be found at www.bloomington.in.gov/hand. If you do not have access to the internet, you may contact HAND at 812-349-3420 and a form will be provided.

This report is issued in accordance with BMC 16.10.020(a) and 16.10.040(a) of the Residential Rental Unit and Lodging Establishment Inspection Program. Residential Rental Occupancy Permits will not be issued until all interior and exterior violations have been corrected, and all fees have been paid. Please be advised that non-compliance by the deadlines listed in this letter can limit the permit period to a maximum of three (3) years. A copy of the Notice of Fees can be found at www.bloomington.in.gov/hand. If you do not have access to the internet, you may contact HAND at 349-3420 and a form will be provided.

If your address has changed since your last inspection, please submit a new registration form to the HAND Department. You can find the registration form online at the website listed above. If you do not have internet access, you may contact HAND at 812-349-3420 and a form will be mailed.

If you have any questions regarding the permit process, please call weekdays between 8:00 a.m. and 5:00 p.m., at (812) 349-3420.

Staff Report: Petition for Extension of Time**

Meeting Date: May 20, 2015

Petition Type: An extension of time to complete repairs.

Petition Number: 15-TV-108

Address: 311 N. Clark Street

Petitioner: John D. Hayes

Inspector: Jo Stong

Staff Report: December 15, 2014: Conducted cycle inspection
December 24, 2014: Mailed cycle report
March 23, 2015: Conducted reinspection
March 24, 2015: Received appeal

During a cycle inspection at the above property it was noted that the garage had a wooden floor covered with crushed stone installed over a filled-in hole on the south half of the garage. The plywood surface was failing. Additionally, Jack posts had been installed to support the roof trusses and were resting on the joists and surfaces of the wood floor. The petitioner is requesting an extension of time to repair the roof and the floor of the garage after the current tenants move out.

Staff recommendation: Grant the extension of time

Conditions: All repairs must be completed and re-inspected no later than the deadline stated below, or this case will be turned over to the City of Bloomington Legal Department for further action including the possibility of fines.

We purchased this home/garage May 2014. We were told, for whatever reason, tenants prior to current lease had "dug a large hole" in the garage. Parker Management, either allowed the construction of, or directed that a wooden floor be built over the hole AND gravel to be placed to cover the wooden floor.

The floor covers one entire side of a 2-car garage.

New supports, trusses, and the removal of floor will take place when tenants move out and better weather remains.

**Board of Housing Quality Appeals
Staff Report: Petition for Extension of Time**

Meeting Date: May 20, 2015

Petition Type: An extension of time to complete repairs.

Petition Number: 15-TV-114

Address: 909 S. Fess Avenue

Petitioner: Diana Houston

Inspector: Jo Stong

Staff Report: March 24, 2015: Received rental complaint regarding dead trees, trash and a shed in disrepair on the property.
March 26, 2015: Mailed complaint report
March 31, 2015: Trash gone from property
April 8, 2015: Received appeal

Following a complaint and a drive-by inspection of the property it was noted that there were trees that were dead or had dead branches, and a shed that had missing siding and a deteriorated roof. The petitioner is seeking an extension of time to complete repairs, citing medical procedures requiring significant recovery time, and the need for the ground to be dry enough for Duke Energy trucks to get in to the property to remove and prune trees.

Staff recommendation: Grant the extension of time

Conditions: All repairs must be completed and re-inspected no later than the deadline stated below, or this case will be turned over to the City of Bloomington Legal Department for further action including the possibility of fines.

Compliance Deadline: July 1, 2015

Attachments: Complaint, complaint report, appeal

Please provide details regarding your request below; you may attach any exhibits or additional comments as you deem necessary and pertinent to your request. Be specific as to what you are requesting, the reason or justification for your request, the amount of time needed to bring the property into compliance, and any modifications and/or alterations you are suggesting.

We are requesting an extension for the following items:

Removal of dead trees, removal of debris, clean gutters, and repair of shed.

Reason: Duke Energy has to be involved with the tree trimming of the dead trees because of power lines. The shed is scheduled to be removed and the gutters cleaned when the ground is dry enough to get in with equipment.

Replacing/repairing of light fixture cover, stove, floor covering, and hole in wall, grounding of receptacles, etc... are also included in this extension for reason of heart procedure being performed on owner this week.

Requested extension time is July 1st, 2015 (work will be completed as quickly as possible and office notified)

Signature (required):

Name (please print):

Diana Houston

Date:

7/8/15

You may attend the meeting. If you attend, please note that all petitioners presenting a matter to the Board shall be limited to no more than five minutes to present their case and arguments. Additional time can be granted if deemed appropriate by the Board. Please note that if your property is listed on the consent agenda it is more likely than not that your property will not be individually discussed during the Board's meeting.

DETAILS OF REQUEST

Fatih Akin, 714 ½ E. 2d, 23 March 2015

1. EXTENSION OF TIME: The owner, Mr. Akin, has been trying, with my assistance, to complete the repairs listed in the city inspector's report (copy attached). The city had given Mr. Akin until 27 March to complete the repairs. However, the tenant has been actively blocking the attempts to complete the repairs. As a result of the incidents described below, Chris Wheeler in the City Attorney's office asked that I apply for a hearing before the Board of Housing Appeals so that we would have time to resolve these problems. I am therefore requesting that the deadline for completing the repairs be extended until the tenant permits access or is evicted. One or both of these should be completed in no more than 90 days. None of the repairs listed are immediately critical to health or safety. Note, that the leaky pipe above the laundry room ceiling has been repaired, the tree branches have been trimmed to provide a 3' clearance, and dead limbs over the house have been removed.

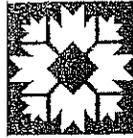

Incidents: On 19 March I went to the residence at 714 ½ E. 2d St. so that I could assess the progress in completing the repairs and assist the owner as needed. The tenant, who Mr. Akin identified as Sarah Masson, would not let me into the house, insisting that she needed 24 hours notice. Mr. Akin had told her the day before that we would be there, but she claimed there was no notice. I then informed her that I was thereby giving her 24 hours notice and that we would be back the next afternoon. We returned on 20 March, but the tenant was not there. We repaired the leak above the Laundry room ceiling (leaking due to the tap under the tub being clogged with hair and needing a new seal) but I was unable to access the upstairs bedroom ceiling because the tenant had installed a lock on the door.

I left a note for the tenant that we would be back the next day to finish repairing the ceiling and that I would need access the locked upstairs bedroom. Just before I was to meet Mr. Akin at the residence he informed me by phone that the police had detained him outside the house because the tenant had claimed he had stolen something from her. As a result I have still not been able to access the upstairs room or complete the ceiling repairs. (I am currently trying to get the details from the police of what happened.) There have also been other incidents of interference.

If we can not get access to complete repairs in the next few days, we will file for eviction.

2. RELIEF FROM ADMINISTRATIVE DECISION: Under the category "EXTERIOR" the inspector's report states "Provide documentation from a roofing contractor that the roof is in sound shape BMC 16.04.050(a)". I can find no authority in the city code for the inspector to require documentation from a roofing contractor. The code only requires that "structures shall be maintained in a structurally sound manner, be in good repair[,] and be maintained in accordance with this title." We fully intend to insure that the roof does not currently leak, and to do this we need, among other things, access to the locked bedroom. If the roof leaks, it will be properly repaired. I will be discussing the "documentation from a roofing contractor" requirement with the housing department and will hopefully be able to resolve this satisfactorily.

Application to the Board of Housing Appeals
For 104 Clubhouse Drive, Bloomington, IN 47404
April 10, 2015

Background

The tenants in apartment 104 reported flooding from their toilet last fall (2014). CleanWorks, a mold remediation company based in Nashville, IN, found water under parts of the flooring in a small hallway leading from the bathroom, as well as flooring sections in the adjoining bedroom and living room. In October CleanWorks took out the flooring, dried the area, and put new flooring in place (see attached bill). We assumed any issues resulting from the flooding were resolved.

We did not know there was mold in the back bedroom until the tenants filed the complaint with the City in March. After receiving the complaint, we contacted CleanWorks to assess the work and clean surface mold the day they came. They reported that water was under the same areas of flooring as in the fall.

It became clear we needed to find the source of the water. Because the issue goes beyond the City's report of mold in the back bedroom, we are asking for a continuance to fully address the water problem so we can prevent mold from developing in the future.

At this point, we have taken the following steps:

1. We had a plumber from Mann Plumbing check the toilet and sewer line for possible overflowing. The toilet had been replaced after the first flood and the plumber determined both were not the cause of the water developing under the flooring (see attached bill).
2. We had a repairperson check the gutters and down spouts to make sure they were not preventing drainage around the apartment. The repairperson concluded that was not the problem.
3. On April 6, our insurance adjuster came to examine the area and after consultation with her, we have decided to use Service Master, a local mold remediation company, to take over the project. At this point the insurance adjuster believes the water under the floor and resulting mold are due either to incomplete work by CleanWorks or outside water seepage at the bottom of the bedroom wall.

We are asking for an extension to finish this process. The work is scheduled to begin next Monday, April 13. Service Master and the insurance adjuster estimate work will be completed in one week, unless they discover structural issues with the building.

Sincerely,

Suzanne Mudge, for the Monastery

**Board of Housing Quality Appeals
Staff Report: Petition to Rescind Variance**

Meeting Date: May 20, 2015
Petition Type: Rescind a variance
Petition Number: 15-RV-118
Address: 416 N. Lincoln St.
Petitioner: HAND
Inspector: Norman Mosier

Staff Report:

This property was previously granted a variance in 1981 to the requirement prohibiting cooking in a sleeping room for unit 7. It was also granted variances to the minimum ceiling height requirement in units 5 & 8. The Residential Rental and Lodging Establishment Inspection Program does not include a prohibition to cooking facilities in a sleeping room; nor does it have a requirement for minimum ceiling height. The Building Code in place at the time of construction did not address cooking facilities in a sleeping room or minimum ceiling height requirement. Therefore H.A.N.D. is requesting that the variances be rescinded by the Board of Housing and Quality Appeals. This structure was built in 1900.

Staff Recommendation: Rescind the variance.

Granted a variance to the minimum ceiling height requirement in Apt. #5 and Apt. #8.
08/11/1976 NOTE: THE BOARD AGREED FOR A HARDSHIP VARIANCE.

REINSPECTION REQUIRED

This report is your final notice from the Housing and Neighborhood Development Office that this rental property continues to be in violation of the Residential Rental Unit and Lodging Establishment Inspection Program of Bloomington.

If you have made all of the repairs on this report, contact our office immediately to schedule the

required re-inspection.

Failure to make repairs or to schedule the required re-inspection will result in this matter being referred to the City Legal Department. Legal action may be initiated against you under BMC 16.10.040

It is your responsibility to contact the Housing and Neighborhood Development Office to schedule the required re-inspection. Our mailing address and telephone number are listed below.

This property was previously granted a variance to the no cooking facilities in a sleeping room in unit #7 and to the minimum ceiling height requirement in Apt. #5 and Apt. #8 requirements of the Property Maintenance Code. The Residential Rental and Lodging Establishment Inspection Program does not include a no cooking facilities in a sleeping room in unit #7 and to the minimum ceiling height requirement in Apt. #5 and Apt. #8 requirement and the Building Code in place at the time of construction did not address no cooking facilities in a sleeping room in unit #7 and to the minimum ceiling height requirement in Apt. #5 and Apt. #8; therefore the variance must be rescinded by the Board of Housing Quality Appeals. This process may slightly delay the issuance of your Rental Occupancy Permit, but will not negatively affect the length of your permit.

TITLE 20

This unit has 7 approved sleeping rooms. During the cycle inspection, conditions were noted that indicate that this property may be in violation of Bloomington Municipal Code Title 20 with regard to sleeping rooms and density. This unit needs to be brought into compliance with Title 20 within sixty (60) days from the date of this inspection to avoid possible legal action by the City of Bloomington Legal Department. *The City's Planning Department will be the Department which decides whether or not a violation of Title 20 has occurred and whether or not any violation of Title 20 has been remedied.* For more information, please contact the Planning Department at 349-3423. *Please note that the City of Bloomington Housing and Neighborhood Development Department will not issue a residential rental occupancy permit for any property that is not compliance with Title 20 of the Bloomington Municipal Code.*

VARIANCE

02/25/1981 Granted a variance to the no cooking facilities in a sleeping room in unit #7.
Granted a variance to the minimum ceiling height requirement in Apt. #5 and Apt. #8.

This property was previously granted a variance to the no cooking facilities in a sleeping room in unit #7 and to the minimum ceiling height requirement in Apt. #5 and Apt. #8 requirements of the Property Maintenance Code. The Residential Rental and Lodging Establishment Inspection Program does not include a no cooking facilities in a sleeping room in unit #7 and to the minimum ceiling height requirement in Apt. #5 and Apt. #8 requirement and the Building Code in place at the time of construction did not address no cooking facilities in a sleeping room in unit #7 and to the minimum ceiling height requirement in Apt. #5 and Apt. #8; therefore the variance must be rescinded by the Board of Housing Quality Appeals. This process may slightly delay the issuance of your Rental Occupancy Permit, but will not negatively affect the length of your permit.

TITLE 20

This unit has 7 approved sleeping rooms. During the cycle inspection, conditions were noted that indicate that this property may be in violation of Bloomington Municipal Code Title 20 with regard to sleeping rooms and density. This unit needs to be brought into compliance with Title 20 within sixty (60) days from the date of this inspection to avoid possible legal action by the City of Bloomington Legal Department. *The City's Planning Department will be the Department which decides whether or not a violation of Title 20 has occurred and whether or not any violation of Title 20 has been remedied.* For more information, please contact the Planning Department at 349-3423. *Please note that the City of Bloomington Housing and Neighborhood Development Department will not issue a residential rental occupancy permit for any property that is not compliance with Title 20 of the Bloomington Municipal Code.*

**Board of Housing Quality Appeals
Staff Report: Petition for Extension of Time**

Meeting Date: May 20, 2015

Petition Type: An extension of time to complete repairs.

Petition Number: 15-TV-120

Address: 821 W. 1st Street

Petitioner: McKee Properties

Inspector: Jo Stong

Staff Report: January 13, 2015: Conducted cycle inspection
January 21, 2015: Mailed inspection report
March 27, 2015: Mailed remaining violations report
April 13, 2015: Received appeal.

During a cycle inspection on the above property violations of the Residential Rental Unit and Lodging Establishment Inspection Program were noted, both interior and exterior. The petitioner is seeking an extension of time to complete exterior repairs. There has been no reinspection of the property.

Staff recommendation: Grant the extension of time.

Conditions: All repairs must be completed and re-inspected no later than the deadline stated below, or this case will be turned over to the City of Bloomington Legal Department for further action including the possibility of fines.

Compliance Deadline: **May 29, 2015** for all life-safety issues (smoke detector, grille covering egress window, window that will not open fully, clean and service furnace and test for carbon monoxide, secure outlet in the south porch/bedroom)
July 20, 2015 for all exterior repairs except painting (this violation has a one-year deadline from the date of the cycle inspection)

Please provide details regarding your request below; you may attach any exhibits or additional comments as you deem necessary and pertinent to your request. Be specific as to what you are requesting, the reason or justification for your request, the amount of time needed to bring the property into compliance, and any modifications and/or alterations you are suggesting.

This inspection was conducted in January and was to be complete in March but the things still to be repaired are exterior problems that could not be completed until the weather was conducive to do this. We can not ask one to get on a roof or pour concrete during extreme or wet weather so we will need some extra time to repair these things.

VARIANCE

04/10/1997 Special exception to the minimum width requirement for the south enclosed porch with the following conditions: 1) that the smoke detector be maintained in this area; 2) that all paths of egress be maintained; 3) that the minimum heating requirement be maintained in this area; 4) that the occupant load for this area be limited to one (1).

This property was previously granted a variance to the minimum room width requirements of the Property Maintenance Code. The Residential Rental and Lodging Establishment Inspection Program does not include a minimum room width requirement and the Building Code in place at the time of construction (1927) did not address minimum room width therefore the variance must

be rescinded by the Board of Housing Quality Appeals. This process may slightly delay the issuance of your Rental Occupancy Permit, but will not negatively affect the length of your permit.

Monroe County Assessor's records indicate this structure was built in 1927. There were no requirements for emergency egress at the time of construction.

City of Bloomington
H.A.N.D.

Board of Housing Quality Appeals
Staff Report: Petition for Relief from an Administrative Decision

Meeting Date: May 20, 2015

Petition Type: Relief from an administrative decision

Variance Request: Rescind relief from the requirement to register as a rental

Petition Number: 14-AA-55 (Old Business)

Address: 750 S. Walker Street, #95

Petitioner: H.A.N.D.

On May 21, 2014, the BHQA granted an exemption to Unit #95 at 750 S. Walker Street from the BMC § 16 Residential Rental Unit and Lodging Establishment Inspection Program such that the unit would “not be considered a rental as long as it remained owned by the current owner and occupied by Mischele McCoy, minister of the Jehovah’s Witnesses.”

It appears that this exemption was granted under a misunderstanding or misconception which is contrary to BMC § 16.02.020 which does not permit arrangements to be created to avoid application of this title. Mischele McCoy is not a minister as intended by BMC § 16.

Mr. John Watkins is an Elder in the hierarchy of the local Jehovah’s Witness. Christopher J. Wheeler spoke by phone with Mr. Watkins on Thursday, February 26, 2015. According to Mr. Watkins, the elders of Jehovah’s Witness hierarchy are more akin to what the Christian community commonly thinks of as a pastor, priest or minister. Ministers, on the other hand, are more of a clerical position as, by example, an accounts servant or a literature coordinator, or, more commonly, the men and women you see going door to door spreading the word. All of the members of the congregation are encouraged to be ministers to the church.

Mischele McCoy’s ministry to the Kingdom Hall is that of a special pioneer. She works under the elders. She is the only special pioneer that this congregation has. As a special pioneer, Ms. McCoy has taken a vow of poverty and she receives a monthly stipend from the headquarters in New York City to help cover her gasoline, clothing and utilities. In return she is expected to contribute 120 hours per month to the congregation. Her ministry involves door to door spreading of the word, working the Jehovah’s Witness table at the farmers market, providing free home bibles, and she has some leadership and teaching responsibilities that she performs at the direction of the Elders.

However, Mr. Watkins was clear that Ms. McCoy is not a church elder, is not in charge of the parish or church and does not conduct their church services. This is important in considering whether an exception exists.

Under Section 16 of the BMC, a "Residential rental unit" is defined as "any dwelling unit, rooming house, or rooming unit occupied by a person(s) other than the owner and/or their legal dependent . . ." (BMC § 16.02.020). However, there is an exception made for occupancy in rectories and parsonages. (BMC § 16.02.020(5)). The terms parsonage and rectory are not defined under BMC § 16).

Merriam-Webster defines a parsonage as "the house provided by a church for its pastor". The house located at 750 S. Walker Street is not being provided by the church. Rather, it is being provided by Mr. Shaw. By definition, the house at 750 S. Walker Street is not a parsonage.

The property is not a rectory either. Merriam-Webster defines rectory as "a residence of a rector or a parish priest". Mischele McCoy is not, by definition, a rector or a parish priest. Merriam Webster defines priest as "one authorized to perform the sacred rites of a religion especially as a mediatory agent between humans and God; *specifically*: an Anglican, Eastern Orthodox, or Roman Catholic clergyman ranking below a bishop and above a deacon." A rector is "a minister who is in charge of a church or parish." (see Merriam-Webster). Although Ms. McCoy is referred to as a minister, she is not authorized to perform the sacred rites of Jehovah's Witness and is not a mediatory agent between humans and God. Furthermore, she is not in charge of the church or parish. Ms. McCoy is neither a rector nor a priest.

Since Ms. McCoy is not a minister as intended by BMC § 16, the house located at 750 S. Walker Street is not a rectory or a parsonage and therefore is not exempt from the Residential Rental Unit and Lodging Establishment Inspection Program under BMC § 16.

Under BMC 16.02.020, "occupancy in a rectory or parsonage by a person(s) generally assumed to occupy such a dwelling" are exempted from the registration requirement. Presumably, the rectory or parsonage is owned by the religious institution. The owner is requesting relief from the registration process under this provision stating that the minister, Mischele McCoy, of the Jehovah's Witnesses resides in this property.

The owner of the property wishes to request a reversal of the Board's decision to rescind the exemption made at their April 2015 meeting.

Staff recommendation: Not allow the exemption

Conditions: The property must be cycled for inspection in the Residential Rental Occupancy program on May 14, 2015 as outlined at the April 2015 BHQA meeting, or this case will be turned over to the City of Bloomington Legal Department for further action including the possibility of fines.

Compliance Deadline: None.

SUBJECT: INSPECTION OF 750 S. WALKER ST.

Please provide details regarding your request below; you may attach any exhibits or additional comments as you deem necessary and pertinent to your request. Be specific as to what you are requesting, the reason or justification for your request, the amount of time needed to bring the property into compliance, and any modifications and/or alterations you are suggesting.

Dear Lisa,

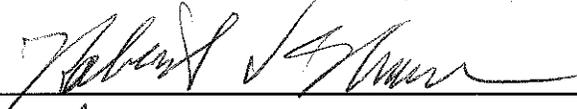

~~Given that there was a misunderstanding about the meaning of BMC 16.02.020 and Mischele McCoy's duties in the congregation I am resubmitting my application to correctly state the reasons why variance should be granted. I included all the pertinent facts in my original request. First of all item 31 in the packet for today's meeting is incorrect. Nancy Shaw is not involved in this petition in any way. She is not an owner of this property and was never included in the petition. I would therefore ask that this item not be discussed today and that staff reconsider the petition in light of the following.~~

~~The board has power to grant variance for many reasons and has done so in the past. In fact variance was granted to the Lutheran Church at the same meeting this was originally heard for three students who are not in the ministry. Mischele is as stated in today's meeting agenda a "Special Pioneer Minister", and the only one in our congregation. We have no paid ministers. She has taken a "vow of poverty" and pays no rent of any kind. I also provide sewer and water at no cost. All of this is to support her ministry as I have done throughout her more than twenty years of work locally. She left her family behind and accepted this assignment here in Bloomington to help in preaching to the international community here. Quite a sacrifice. The very charter of the HAND department is to regulate landlord tenant issues and to protect the public. HAND is not required to inspect every residence and fees collected are assumed to be paid by landlords who are collecting rent. Furthermore, BMC 16 does not define Minister or Parsonage. Within the worldwide body of eight million of Jehovah's witnesses she has a special role and is one of a very small number assigned in the United States. I maintain that the spirit of the law should include her and the spirit of the law should include her dwelling.~~

Sincerely,

Robert Shaw

You may attend the meeting. If you attend, please note that all petitioners presenting a matter to the Board shall be limited to no more than five minutes to present their case and arguments. Additional time can be granted if deemed appropriate by the Board. Please note that if your property is listed on the consent agenda it is more likely than not that your property will not be individually discussed during the Board's meeting.
