Section 20.09.135 Sidewalk and Determinate Sidewalk Variances

- (a) Intent. The purpose of this section is:
- (1) To outline the process by which petitions for a sidewalk variance and a determinate sidewalk variance are considered;
 - (2) To provide a mechanism to approve these petitions that will not be contrary to the public interest, where, owing to special conditions, literal enforcement of Section 20.05.010(b)(3) will result in practical difficulties, and so that the spirit of Section 20.05.010(b)(3) shall be observed and substantial justice done.
- (b) Applicability. The board of zoning appeals or hearing officer, in accordance with the procedures and standards set out in Chapter 20.09, Processes, Permits and Fees, may grant sidewalk variances and determinate sidewalk variances.
- (c) Findings of Fact for Sidewalk Variance. Pursuant to Indiana Code 36-7-4-918.5, the board of zoning appeals or hearing officer may grant a variance from Section 20.05.010(b)(3) of the Unified Development Ordinance if, after a public hearing, it makes findings of fact in writing, that:
- (1) The approval will not be injurious to the public health, safety, morals, and general welfare of the community; and
 - (2) The use and value of the area adjacent to the property included in the development standards variance will not be affected in a substantially adverse manner; and
 - (3) The strict application of the terms of the Unified Development Ordinance will result in practical difficulties in the use of the property; that the practical difficulties are peculiar to the property in question; that the development standards variance will relieve the practical difficulties; and
 - (4) That the topography of the lot or tract together with the topography of adjacent lots or tract and the nature of the street right-of-way make it impractical for the construction of a sidewalk as required by Section 20.05.010(b)(3); and
 - (5) That the pedestrian traffic reasonably to be anticipated over and along the street adjoining such lot or tract upon which the new construction is to be erected is not and will not be such as to require sidewalks to be provided for the safety of pedestrians.
- (d) Findings of Fact for Determinate Sidewalk Variance. Pursuant to Indiana Code 36-7-4-918.5, the board of zoning appeals or hearing officer may grant a determinate variance from Section 20.05.010(b)(3) of the Unified Development Ordinance if, after a public hearing, it makes findings of fact in writing, that:
- (1) The approval will not be injurious to the public health, safety, morals, and general welfare of the community; and
 - (2) The use and value of the area adjacent to the property included in the development standards variance will not be affected in a substantially adverse manner; and

- (3) The strict application of the terms of the Unified Development Ordinance will result in practical difficulties in the use of the property; that the practical difficulties are peculiar to the property in question; that the development standards variance will relieve the practical difficulties; and
 - (4) The adjacent lot or tracts are at present undeveloped, but it appears that at some future date these lots or tracts will be developed, increasing the need for sidewalks for the protection and convenience of pedestrians; and
 - (5) The location of the lot or tract is such that the present pedestrian traffic does not warrant the construction of sidewalks, but it appears that in the future the pedestrian traffic may increase; and
 - (6) Uniformity of development of the area would best be served by deferring sidewalk construction on the lot or tract until some future date.
- (e) Notification. The staff shall furnish the petitioner with a copy of the decision of the board of zoning appeals or hearing officer.
 - (f) Duration. Unless otherwise specified at the time of approval
 - (1) In the event that the board of zoning appeals or hearing officer authorizes a determinate variance, such variance shall continue in effect until the date at which the board of zoning appeals or hearing officer shall set to reconsider variances granted under the authority of this section. All such variances which were granted by the board of zoning appeals or hearing officer shall expire at that time unless an extension is granted. SYNOPSIS

This ordinance is a sister ordinance to Ordinance 14-10 and Ordinance 14-11. Because of the changes enacted by Ordinance 14-10 and Ordinance 14-11, Title 20 of the Bloomington Municipal Code needs to be changed. Three general types of changes occur with this ordinance: (1) the renaming of departments, job titles, and the reassignment of duties; (2) fixing typographical errors; and (3) changes which allow Title 20 to reflect the actual practices and policies of the City.
