

**ORDINANCE 16-22****TO AMEND TITLE 2 (ADMINISTRATION AND PERSONNEL) OF THE  
BLOOMINGTON MUNICIPAL CODE  
(To Establish a Parking Commission)**

- WHEREAS, in March of 2013, the City adopted Ordinance 13-03: To Amend Title 15 of the Bloomington Municipal Code Entitled "Vehicles and Traffic" - Re: Authorizing the Expanded Use of Parking Meters in the Downtown and Related Changes which, after implementation and minor amendments:
- broadened the definition of parking meters to authorize new technology;
  - replaced a limited parking zone covering most of the downtown with a Parking Meter Zone;
  - set the rate for parking meters and times those rates would be enforced;
  - created a new part-time, non-reserved permit for use in the City's garages (to provide downtown employees with an alternative to on-street parking);
  - provided for the continued use of certain parking permits (i.e. construction/contractor and delivery vehicles) in the Downtown Parking Meter Zone and, in some cases, under revised procedures; and
  - integrated overlapping Parking Zones; and
- WHEREAS, parking management and policy responsibilities, after a 2013 reorganization by the Administration, are now divided among at least eight departments (Clerk, Controller, Economic & Sustainable Development, Housing and Neighborhood Development, Legal, Planning & Transportation, Police, and Public Works); and
- WHEREAS, over the years, the City's parking management actions have appeared at times ad hoc, inconsistent, and not grounded in an overall parking policy or management plan; and
- WHEREAS, parking issues are not merely transportation issues, playing a primary role in at least five of the seven guiding principles of the city's current comprehensive plan, the 2002 city Growth Policies Plan (GPP) — namely, "compact urban form," "nurture environmental integrity," "leverage public capital," "mitigate traffic," and "conserve community character"; and
- WHEREAS, these concerns about vehicle storage are at least as important as vehicle movement and deserve a commission whose scope is as broad as these concerns; and
- WHEREAS, no city commission, department, or official has as their purpose the management of private vehicles once they stop moving: concerns such as how much land or public money is devoted to vehicle storage, what the community's goal for its ratio of vehicle storage to other land uses should be, and the role that the addition of vehicle storage should play in the city's economic or sustainable development; and
- WHEREAS, some parking-related policy oversight body is necessary to develop and implement parking-related policies that further or fulfill the goals of the GPP; and
- WHEREAS, the Traffic Commission, whose purpose is "to coordinate traffic activities, to carry on educational activities in traffic matters, to supervise the preparation and publication of traffic reports, to receive complaints having to do with traffic matters, and to recommend to the common council and to appropriate city officials ways and means for improving traffic conditions and the administration and enforcement of traffic regulations," is primarily concerned with issues involving the smoothest possible movement of vehicles;

NOW, THEREFORE, BE IT HEREBY ORDAINED BY THE COMMON COUNCIL OF THE CITY OF BLOOMINGTON, MONROE COUNTY, INDIANA, THAT:

SECTION 1. Chapter 2.12 entitled “Boards, Commissions, and Councils” shall be amended by inserting Section 2.12.110, entitled “Parking Commission” with the title appearing in the Table of Contents for the chapter and the text reading as follows:

This ordinance is authored by Councilmember Volan and, after evaluation of expansion of the downtown metered parking established with the adoption of Ordinance 13-03 in March of 2013, amends Title 2 of the Bloomington Municipal Code (Administration and Personnel) to create a new nine-member Parking Commission. The Parking Commission would improve parking management across the city, and would develop policies regarding parking in the context of, and to further or fulfill the goals of, the Growth Policies Plan.

**VETO MESSAGE**

To Members of the Common Council:

I am returning Ordinance 16-22 without my signature.

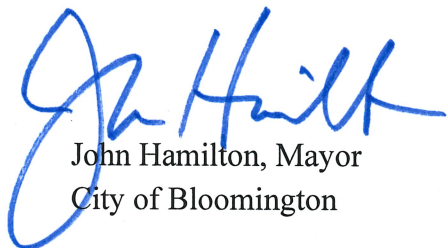

The proposal's author did extensive research on the important issue of parking in our community and particularly in our downtown core area. I appreciate and agree that this issue merits attention and additional study and review.

In earlier discussions with the proposal's author, the administration indicated an interest in considering combining existing commissions, such as the traffic and bicycle/pedestrian commissions, with the proposed parking commission, or in creating a time-defined task force. From my perspective, the topic of parking management is inherently linked to other mobility options and all related issues should be considered collectively in order to review and present the best options for our community.

As the Council is aware, there are approximately 37 current boards, commissions and committees. Each of these groups requires staff support. While adding one more commission may not itself seem a significant drain on staff resources, collectively the total number of hours committed to staffing these groups is very substantial. The administration would suggest that it may be time to assess together how and whether all the current boards, commissions and committees are fulfilling their intended purposes. I would encourage a joint effort in reviewing the value of these bodies prior to adding a 38th to the list.

I understand that a sufficient number of votes were cast for the ordinance as proposed to overturn the veto. I respectfully request that the Council consider either creating a Mobility Management Commission that would replace the Traffic and Bicycle/Pedestrian commissions and add parking as a topic of review, or join in an overall review of each of our existing boards, commissions and committees in an effort better to utilize both citizen and staff time in the most efficient and effective way for our community.

Respectfully,

A handwritten signature in blue ink, appearing to read "John Hamilton". The signature is stylized and cursive, with a large initial "J" and "H".
