**TO AUTHORIZE THE CITY TO ENTER INTO A  
"GUARANTEED ENERGY SAVINGS CONTRACT" WITH  
ENERGY SYSTEMS GROUP**

- WHEREAS, the provisions of recently enacted Indiana Code Section 36-1-12.5 permit units of local government to enter into "Guaranteed Energy Savings Contracts" with providers of various energy savings services and capital improvements; and
- WHEREAS, several Departments of the City of Bloomington, namely, Utilities, Public Works and Parks and Recreation, joined together to invite proposals for Guaranteed Energy Savings Contracts in accordance the statutorily required procedure; and
- WHEREAS, a proposal was received from Energy Systems Group for services and capital improvements which, as required by statute, are guaranteed to pay for themselves within a ten-year period, and said proposal includes financing for the up-front costs of the project; and
- WHEREAS, staff review of the proposal by these Departments indicates that it is in the best interest of the City of Bloomington to enter into a Guaranteed Energy Savings Contract with Energy Systems Group as the provider; and
- WHEREAS, the Utilities Service Board, Board of Public Works and Board of Park Commissioners of the City of Bloomington have each adopted resolutions recommending that the City enter into such a Guaranteed Energy Savings Contract with Energy Systems Group as the provider, contingent upon a final determination by staff as to which items of the proposal are likely to be most beneficial and, therefore, best to include in the final contract documents and financial commitment; and
- WHEREAS, the Common Council finds after reviewing the report issued by Energy Systems Group and upon recommendation of staff that:
- a) the amount the city would spend on the proposed conservation measures is not likely to exceed the amount to be saved in energy conservation or operating costs for the length of the contract;
  - b) Energy Services Group has submitted a written guarantee that the savings in energy conservation measures will cover the payments for the measures and that Energy Services Group will reimburse the city for the differences between the guaranteed savings and actual savings;
