

RESOLUTION 96-15

**TO CONFIRM RESOLUTION 96-14 WHICH DESIGNATED AN
ECONOMIC REVITALIZATION AREA (ERA)**

**Re: 1421 and 1425 West 6th Street and the Area as Far West as the Indiana Railroad
Tracks
(Renaissance Rentals, LLC, Petitioner)**

WHEREAS, Investment Properties has filed an application for designation of the property located at 1421 and 1425 West 6th Street and the area as far west as the Indiana Railroad tracks, as an "Economic Revitalization Area"; and

WHEREAS, the application has been reviewed by the Departments of Redevelopment and Planning, and the Redevelopment Commission has passed a resolution recommending to the Common Council the approval of the "Economic Revitalization Area" designation for said property and for said term of years; and

WHEREAS, petitioners seeking designation for their property as an Economic Revitalization Area must complete a Statement of Benefits and must, prior to March 1st of each year, provide the county Auditor and the Common Council with information showing the extent to which there has been compliance with the Statement of Benefits; and

WHEREAS, the Common Council has investigated the area and reviewed the Statement of Benefits, attached hereto and made a part hereof, and found the following:

- A. the estimate of the value of the redevelopment or rehabilitation is reasonable;
- B. the estimate of the number of individuals who will be employed or whose employment will be retained can be reasonably expected to result from the proposed described redevelopment or rehabilitation;
- C. the estimate of the annual salaries of these individuals who will be employed or whose employment will be retained can be reasonably expected to result from the proposed described redevelopment or rehabilitation;
- D. the redevelopment or rehabilitation has received approval from the Departments of Planning and Redevelopment, is consistent with the Growth Policies Plan, is expected to be developed and used in a manner that complies with local code, and provides affordable housing; and
- E. the totality of benefits is sufficient to justify the deduction; and

WHEREAS, the property described above is part of the Westside area as defined in the Redevelopment Department's Community Development and Housing Plan, and has experienced a cessation of growth;

WHEREAS, the Common Council adopted Resolution 96-14 on July 10, 1996, which designated the above property as an "Economic Revitalization Area," and published a notice of the passage of that resolution which requested that persons having objections or remonstrances to the designation appear before the Common Council at its Special Session on July 24th, 1996; and

WHEREAS, the Common Council has reviewed and heard all such objections and remonstrances to such designation;

**NOW THEREFORE, BE IT HEREBY RESOLVED BY THE COMMON COUNCIL OF
THE CITY OF BLOOMINGTON, MONROE COUNTY, INDIANA, THAT:**

1. The Common council hereby affirms its determination made in Resolution 96-14 that the area described above is an "Economic Revitalization Area" as set forth in Indiana Code 6-

1. This statement must be submitted to the body designating the economic revitalization area prior to the public hearing if the designating body requires information from the applicant in making its decision about whether to designate an Economic Revitalization Area. Otherwise this statement must be submitted to the designating body BEFORE a person installs the new manufacturing equipment, or BEFORE the redevelopment or rehabilitation of real property in which the person wishes to claim a deduction. A statement of benefits is not required if the area was designated an ERA prior to July 1, 1987 and the "project" was planned and committed to by the applicant, and approved by the designating body, prior to that date. "Projects" planned or committed to after July 1, 1987 and areas designated after July 1, 1987 require a STATEMENT OF BENEFITS. (IC 6-1.1-12.1)
2. Approval of the designating body (City Council, Town Board, County Council, etc.) must be obtained prior to initiation of the redevelopment or rehabilitation or prior to installation of the new manufacturing equipment, BEFORE a deduction may be approved.
3. To obtain a deduction, Form 322 ERA, Real Estate Improvements and / or Form 322 ERA / PP, New Machinery, must be filed with the county auditor. With respect to real property, Form 322 ERA must be filed by the later of: (1) May 10; or (2) thirty (30) days after a notice of increase in real property assessment is received from the township assessor. Form 322 ERA / PP must be filed between March 1 and May 15 of the assessment year in which new manufacturing equipment is installed, unless a filing extension has been obtained. A person who obtains a filing extension must file the form between March 1 and June 14 of that year.
4. Property owners whose Statement of Benefits was approved after July 1, 1991 must submit Form CF - 1 annually to show compliance with the Statement of Benefits. (IC 6-1.1-12.1-5.6)

Amendment to the "Revised" Statement of Benefits
filed in conjunction with Resolution 96-15

I am filing this amendment to the "Revised" Statement of Benefits for the Hopewell Project. It is being filed with Resolution 96-15 of the Bloomington Common Council.

The amendment is in three parts:

First, the second sentence in Part d) of Section 5 is deleted. The deleted sentence reads as follows: "Subsequent owners of the town homes shall not be eligible for the remaining tax abatement on the property."

Second, the first sentence in Part d) of Section 5 is amended to read as follows:

- d) The initial sale of the town homes will be targeted to 1st time home buyers and the initial purchase price of the town homes shall be for a price of \$65,000 or less.

And, third, an additional Part f) is added to Section 5 and reads as follows:

- f) The tax abatement is intended for owner-occupants.

I hereby amend the above Statement of Benefits and certify that the representations in this amendment are true.

Resolution #: 96-14
Amendment #: 1
Submitted By: Council Office
Date: July 3, 1996

Proposed Amendment:

1. Amend the resolution by replacing the phrase "1421 West 6th Street" with the phrase "1421 & 1425 West 6th Street and the area as far west as the Indiana Railroad tracks" wherever the phrase appears in the resolution.

Synopsis

This amendment provides a more accurate description of the location of the project. At this time the only existing address is 1421 West 6th Street. The house at that address will be demolished and twelve townhomes will be built to the west of there and have addresses commencing with 1425 West 6th Street. The addresses for Building A and Building B will be 120 and 121 Hopewell Street.

DEPARTMENT OF REDEVELOPMENT
PROPERTY TAX ABATEMENT PROGRAM

*Report on Application for Designation
as an
Economic Revitalization Area*

Description of Property

The property is located at 1421 West 6th Street and consist of 1.35 acres. The property dead ends into 6th Street and would intersect with Hopewell Street going north/south if Hopewell was an extended street. The legal description of the property is Pt. SW 32-9-1W .91 A Watermans Lots 33-35, Pts. 36, 57 Pt. Vac St and Alley Plat 8, Watermans Lot 31.

The current zoning is RS 4.5. The applicant is seeking a rezone to a PUD (Planned Unit Development) which is currently before the City Council for final consideration.

The site now includes one dilapidated, uninhabited home which is not suitable for renovation and will be demolished. The assessed value of the house is \$5,700. Current market value of the land is \$75,000 with an assessed value of \$8,670. Total assessed value of the property is \$14,370.

2. Owner-Applicant

The property is owned by Renaissance Rentals, LLC located at 1300 N. Walnut Street, Bloomington, Indiana (812) 330-1123. Applicants for the abatement are Steven R. Bodi and Tim Henke.

3. Proposed Development

The development will include three types of housing structures. The 1st structure, Building A, will be a ranch style home that will provide affordable supportive living for people with HIV/Aids virus. The home will contain five efficiency apartments and a common living area. Estimated cost of Building A is \$230,000 (Attachment A).

The 2nd structure, Building B, will be a permanently affordable two-story housing unit for people with emotional disabilities. The housing unit will have eight efficiency apartments, with one of the units being used by a Mental Health Center staff member to provide support services. Estimated cost of Building B is \$261,000 (Attachment A).

The 3rd development will include 12 two-story attached townhomes. The townhomes will be a mixture of two and three bedroom homes with an average square footage of 1,080 for the three bedroom. The homes will be marketed towards first time homebuyers through Monroe County Housing Solutions. The developers have made a commitment to sell the homes the first time to owner-occupants only. The average cost of the units will be \$65,000 or less (Attachment B).

Total cost of the project which include Buildings A, B and the 12 townhouses is \$1,220,000.

4. Public Improvements Needed or Required

Due to the increased level of improvements going into the area, it is anticipated that public improvements in the areas of street widening, public sidewalks and drainage improvement will be needed. In addition, there exists a drainage pond in the area which is not functioning properly. Since the drainage pond was a Redevelopment Department project, the Redevelopment Department is committed to assessing the project and making what ever improvements to the pond necessary to make it function.

5. Would the Granting of Such a Designation be in Accordance with Existing City Policies?

The City's Tax Abatement Guidelines provide for 3 years tax abatement for single family or condominium housing in the Westside area. Although, not multi-family, the regulations also states a 3 year abatement period for multi-family housing with 20% of the units designated as affordable.

The department recommends an upgrade for this project to 10 years tax abatement. This recommendation is based upon the following factors:

1. Buildings A and B will both be 100% affordable rents (HUD Fair Market rent) for low to moderate income tenants with disabilities.
2. The applicant has applied for H.O.M.E. Program funding, which requires 20 years' affordability period, rather than the 10 years required by the Tax Abatement Program.
3. Proposed public infrastructure improvements by developer will include 700 feet of sidewalks, widening of 6th Street along 145 feet of its length, extensive landscaping and contributing towards the repair of the drainage problem with the city's existing retention pond.
4. Buildings A and B will be handicap accessible.
5. A commitment has been made by the developer to sell the proposed 12 townhouses at a price not to exceed \$65,000 and to owner/occupants.

It should be noted that if the PUD is granted, it will increase the density of the proposed project which is a factor to decrease abatement. However, it is felt that the proposed improvements to the area, the building of affordable owner occupied housing, and 100% of all the rental units being affordable are some of the factors which outweigh the increased density factor.

6. Estimate of Yearly Property Tax Revenues to be Abated. (See attached chart)

The recommendation is to grant a ten year abatement for the project. The amount of taxes to be abated over the ten year period is an estimate based on current assessed value of the property and the current tax rate. Based upon a ten year abatement period, the estimated amount of abatement for the project which include Buildings A, B, and the townhomes will be \$214,550. The estimated amount of taxes that would be paid by the petitioner in the 10 year period will be \$218,884 vs. \$15,316 if no development occurred.

Interdepartmental Memo

To: Nancy Brinegar, Redevelopment

From: Lynne Friedmeyer, Planning

Subject: Tax Abatement Application - Renaissance Rentals, ^{LLC} ~~Inc.~~,
located at 1421 W. 6th St.

Date: June 5, 1996

I have reviewed the application for tax abatement for the property located at 1421 W. 6th St., submitted by Renaissance Rentals. My response to your questions appears below.

1. Does the envisioned construction meet the current zoning requirements?

The existing zoning is PUD. The petitioner requested and was granted a rezone from RS4.5 to PUD on April 29, 1996. The parcel is 1.3 acres. The Common Council approved Alternative A on June 5, 1996. Please see the attached Memorandum to the Common Council and the packet of information.

2. Would any variances be required, and are they likely to be approved?

See #1. The necessary rezone shows a plan the position of the homes and townhouses. This is the plan to be implemented. Final Plan approval will follow the Common Council approve. Staff supports the proposal and feels final plan approval is likely to occur in a timely fashion.

3. Are any public improvements needed?

To my knowledge, Hopewell St. will be extended to serve this project. Sidewalks along 6th Street will be extended on this development to serve pedestrian traffic. Internal sidewalks will also be provided. Street trees are required in this zone. Drainage in the area will be improved with this development.

4. Are there any probable significant environment problems likely to result?

To my knowledge, no significant environmental problems are likely to result with the approved residential uses and residential townhouses proposed on this site.

5. Please prepare a street map/plat of the property?

A street map showing the location and zoning of the property is enclosed. Please call me if you have further questions.

4. Proposed Improvements:

A. Hopewell Renewal is an affordable housing/neighborhood improvement proposal. It is meant to provide new attractive, innovative housing while elevating a neighborhood's prospects for improvement. Furthermore, it is a collaborative effort between multiple public sector non-profit groups and multiple private builder developers. Working towards providing housing to several different kinds of residents. The residents served will include both low and moderate income home buyers, and renters with physical or other disabilities.

The following buildings are proposed:

Building A

Building A is affordable supportive living for people with severe physical disabilities, primarily those associated with the HIV virus. This supportive environment will contain five efficiency apartments and common living area to accommodate volunteer support services within one home. The home will be ranch style and will utilize architectural details, like an expansive front porch, to enhance its attractiveness.

Building B

Building B will be permanent affordable housing for people with emotional disabilities. This home will have four efficiency apartments on each of two floors. One of the apartments will be utilized by a SCCMHC staffer to provide supportive services. The home will be a traditional "four square" early 1900's design, and will have the appearance of a larger older home.

Townhomes

These affordable homes will be sold and will be attractive two and three bedroom attached mostly two-story homes. (A three-bedroom home is likely to have about 1,080 sq. ft. of living space). They will be marketed to a variety of prospective residents seeking affordable, attractive, low maintenance living, near downtown, the hospital, and other services. We expect them to appeal to a variety of first time home owners as well as single parents, older buyers seeking convenience and low maintenance and others.

The first sales will be made to only owner occupants. We expect to sell all 12 units during 1996. All units sold in 1996 will sell for \$65,000. or less. marketing will consist of usual media, in addition to referral from appropriate agencies like Housing Solutions.

There will be no restrictions on subsequent sales. It is hoped that low/moderate income homebuyers will be able to utilize home equity much the same as higher income homeowners. We believe that home equity access through a sale or a second mortgage could be used for children's' education, retirement, medical expenses, move-up housing or similar expenses. In general, home ownership could contribute towards life stability.

Project costs total: \$1,220,000

B. See attached.

C. The estimated costs of street widening, public sidewalks and drainage improvement is \$28,000. This does not include improvements on private property, including the parking lots.

Hopewell Renewal is neighborhood renewal in many ways. Currently, both 6th and Hopewell streets are deficient in that emergency vehicles, as well as regular traffic, have no means of turn-around on either street. Both streets require backing up to exit. The proposed development will provide parking lots at the end of both 6th and Hopewell for motorist turnaround. There are currently no sidewalks in the neighborhood. Hopewell renewal will add approximately 700 feet of sidewalks on site for pedestrian safety. A further improvement included in this development is street widening along 45 feet of 6th Street, and drainage improvements proposed to include contribution towards the repair of the detention pond. Beautification improvements include extensive landscaping and removal of the dilapidated house on 6th Street.

D. September 1, 1996 - January 30, 1997

E. N/A

F. This proposal provides housing for individuals and families in need. Especially significant is this proposal's attempt to provide housing for specific disabled populations. This group represents the most needy and the least served by past housing policies.

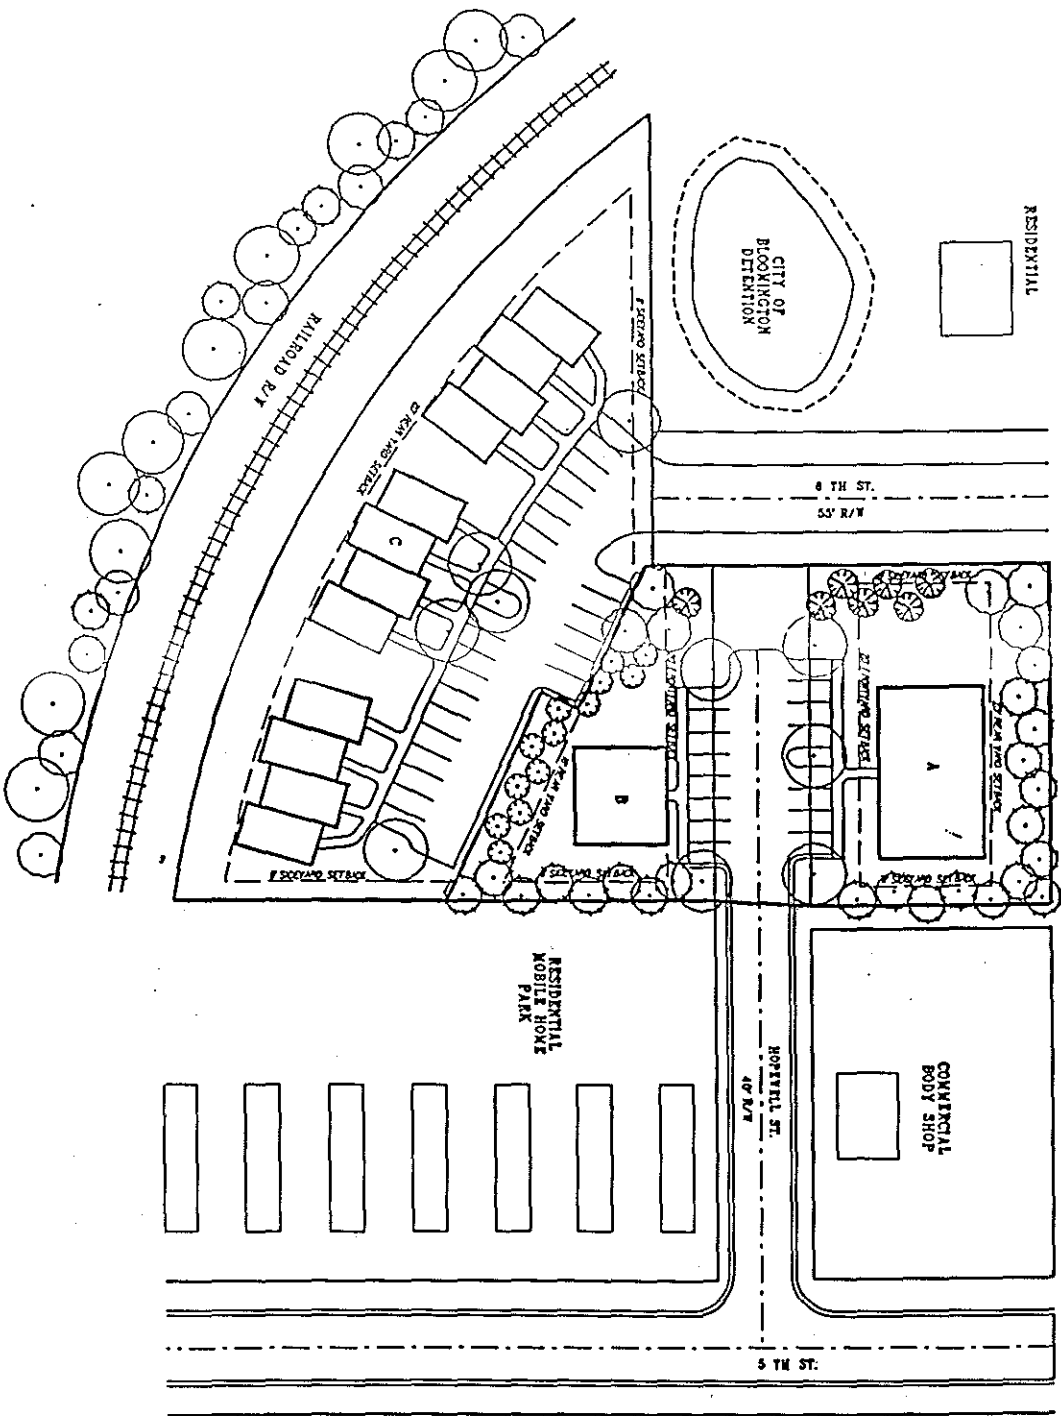

5. Eligibility

A. The development site for Hopewell Renewal is in an Redevelopment Department Target Area. Because of its unique access problems, the site is quite isolated. Its attractiveness is reduced by the trailer court, body shop, railroad track and detention pond. Although the site is located only six blocks from the hospital and South Central Community Mental health Center, it has benefited from little or no private investment. Public improvements (the detention pond) have not contributed towards the beauty or the liveability of the neighborhood. Several buildings in the area and one house on the site are beyond hope of rehabilitation and require demolition.

We are requesting 10-year tax abatement for the following reasons: First, we believe it should qualify because it is 100% affordable housing. A portion of the development provides the very difficult to provide affordable housing for homeowner purchase. A portion of the development will be affordable for rent; with a 20-year compliance period. Second, the development provides substantial improvements to the area and includes approximately \$28,000. in privately funded improvements to the public right-of-way. Third, Buildings A & B are specifically designed for handicapped persons and are likely to house 13 handicapped individuals. The buildings will be very specifically designed to suit the needs of the residents.

In summary, Hopewell Renewal represents a 1.2 million dollar public/private cooperation that will invigorate the neighborhood and, with the help of tax abatement, provide affordable housing for 13 individuals and 12 families.
