SYNOPSIS

The Public Health Nursing Association of South Central Indiana, Inc. is pursuing 1.5 million dollars in Economic Development Bonds from Monroe County to finance their new facility at 333 E. Miller Drive. They have already obtained initial approval from the Monroe County Economic Development Commission and Monroe County Council, and because the facility is located within the corporate boundaries of the City, will also need approval from the Common Council. This resolution grants that approval without incurring any obligation on the part of the City to pay for these bonds and without reducing the City's capacity to issue other tax exempt bonds.
