SYNOPSIS

In 1989, following an independent actuarial study, Ordinance 89-32 was adopted, which authorized the creation of a supplemental trust fund to provide a mechanism to offset future increases in police and fire pension costs. A Pension Trust Committee was also established to manage the supplemental trust fund and to annually recommend levels of contributions to the fund. On November 18, the Pension Trust Committee held its annual meeting, and after reviewing the current budgets, expenditures and projected appropriation balances within the Police and Fire Pension Funds, recommended a transfer of \$ 285,000 to the supplemental trust fund.
