BLOOMINGTON PLAN COMMISSION
STAFF REPORT
PUD-67-90
S.E. Corner of Bayles Rd. & Kinser Pike

September 17, 1990

Requested is PUD designation and outline plan approval for a 11 lot planned unit development on 14.39 acres at the S.E. corner of Bayles Rd. and Kinser Pike. Plat approval of individual lots will be in conjunction of development plan approval.

10 single family residential lots are proposed on 10.26 acres. The 10 lots range from .70 to 1.03 acres. The existing house on the property will be retained on the balance of the site (4.13 acres). The area is zoned RE, residential estate. Density in the RE zone is limited to one dwelling unit per 40/000 sq. ft. PUD designation is requested to allow lots of less size than 40,000 sq. ft., and to allow the petitioner to amortize the cost of extending sanitary sewer and water service. The Utilities Dept. has indicated that capacity is available and service can be provided. Water is available on both Kinser Pike and Bales Rd. and can be extended to the development. Sewer can be extended from Northwoods Avenue along Bayles Road. Full detailing of service will be required with development plan submission.

PUD designation does not currently exist for planned developments in the RE zone. Staff has prepared a code amendment that proposes RE/PUD designation. With Plan Commission approval, the code amendment will go to the City Council in ordinance form.

Staff recommends approval.
