**Interdepartmental  
Memo**

To: Kathy Saunders  
From: Tim Mueller  
Subject: Ellettsville annexation  
Date: September 19, 1990

We have reviewed the phased annexation proposal from Ellettsville. The annexation phases and the proposed consent areas are approximately 1/2 mile from our 2-mile fringe boundary at its closest. We do not anticipate that the city will have any planning or utility service interest in the area. We have discussed this at a projects committee, which concurs with this position.

Upon annexation by Ellettsville, zoning and development authority would pass from Monroe County to Ellettsville. We should encourage the town to work with the state, Monroe County, and the Bloomington Area Metropolitan Planning Organization to insure coordination of Ellettsville's development policies with the state's plan for improvement of S.R. 46 and with the county's anticipated Master Plan.

Bloomington City Council Members:

When the law was passed dealing with the 3 mile boundaries of a corporate city the intent of this legislation was to give protection to the city so nothing could be constructed that would be injurious to the city.

If I remember correctly the legislation was the result a dispute in the northern part of the state.

As far as I know the legislation has worked.

I would move with caution on releasing any of the property within the 3 mile limit.

If I can be of further service to speak with you concerning this matter please contact me.

I'm out of town tonight and unable to attend your meeting.

Sincerely  
Jerry F. Bales
