- WHEREAS, under the Odle study the Department of Human Resources shows a need for over 2000 square feet of office space and common space to enable its continued efficiency in the daily operation of the department; and
- WHEREAS, the City administration has researched several possible lease locations in the downtown and recommends leasing 2047 square feet of office space at One City Centre for a two (2) year term with options to renew as the most prudent and effective means of housing the offices of the Department of Human Resources; and
