BLOOMINGTON PLAN COMMISSION
STAFF REPORT PCD-40-89
ALL-AMERICAN FAMILY STORAGE
SW CORNER WINSLOW AND HENDERSON

JUNE 19, 1989

Requested is outline plan approval for a BL/PCD prproposed at the SW corner of Winslow and Henderson Sts. Proposed is a combination mini-warehouse and light retail and office space project on the site. Uses would be limited to mini-warehouses, business and professional offices, and light retail uses (those allowed in BL zone). The retail uses would be limited to a max. of 3,000sq. ft. per individual use.

The property is bounded by public roads on all three sides of the triangular parcel. ROW dedication as well as sidewalk construction will be required along all streets. Winslow is a principal arterial requiring a 50ft. from ROW dedication. Henderson and Walnut St. Pike are secondary arterials requiring a 40ft. from centerline dedication. Staff recommends sidewalks be built along Winslow and Henderson. A determinate variance from the BZA may be appropriate for the Walnut Pike frontage.

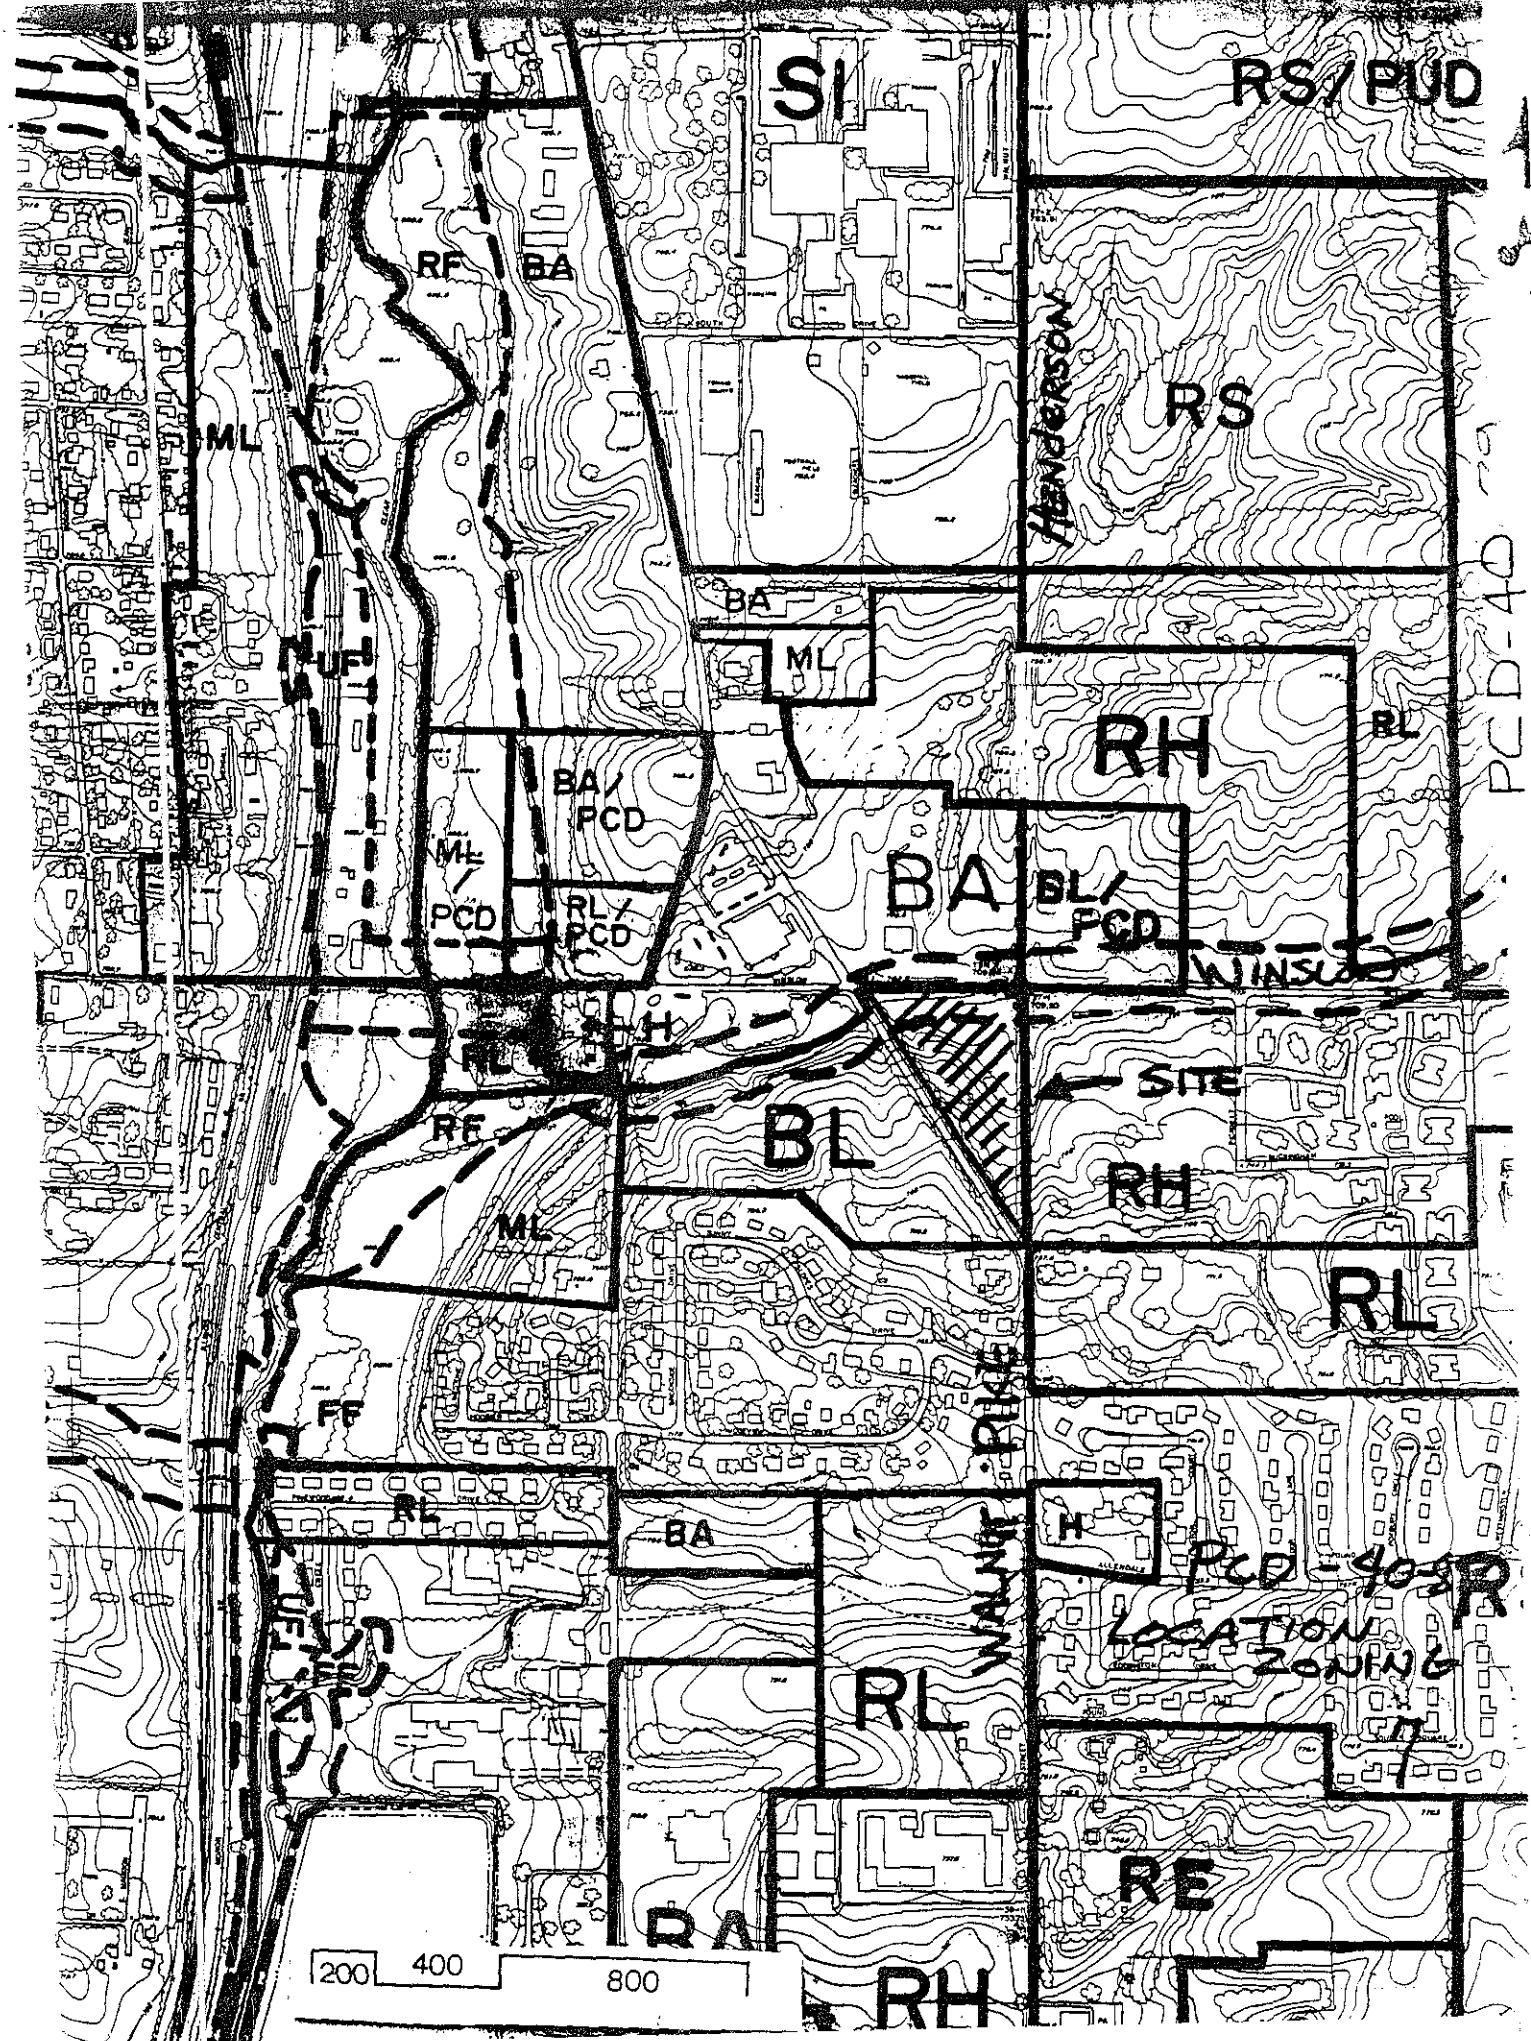

Access is proposed only from Henderson. The petitioner is working with the Staff and Engineering Dept. on the specifics of the access location and level of required improvements. Full details will be available at the hearing.

The site grade rises to the south and west on the property. The mini-warehouse buildings are proposed to be stepped into the hill to utilize the site grades as much as possible. The warehouses are proposed to have architectural features similiar to those of the mini-warehouse project on Kingston Ave. which was developed by this company. Staff would require that these features be required as a condition of outline plan approval. Parking for the office/ light retail building will be provided in front of the structure along Winslow.

Storm water detention will be required with this development. The petitioner proposes to locate the facility in the SW portion of the site. Full engineering of the facility will be required with development plan approval.

Recommendation is withheld on this project at this time. Staff will be prepared to make recommendation at the hearing pending completion of Engineering review of access.

RE: Proposed Office/Small Retail
Store/Family Self Storage Project
LOCATION: Winslow and Henderson

This project is being designed to serve the neighborhood. It will be a mix of small retail space, some office space, and a family storage unit project.

The project is designed to blend with the residential nature of the area. It will be built with decorative masonry and asphalt roofing shingles. The color scheme will be conservative and coordinated. This will be an attractive addition to the area.

As shown on our plans, along the east side of the property, we will develop a landscape buffer by using six foot pine trees between the Sherwood Green project and ours.
