STAFF REPORT
BLOOMINGTON PLAN COMMISSION
PUD-4-87
Howard Young
Southeast quadrant of Moore's Pike & Sare Rd.

This proposal for PUD outline plan approval of a 20 unit duplex development was part of a three part preliminary hearing which also included a slight expansion of the Hyde Park PUD boundaries at Moore's Pike, substitution of single family for the PUD's multi-family component. These two parts were passed without second hearing.

The proposed duplex development with 20 units on 3.3 acres (6 units/acre) easily complies with PUD criteria and makes good use of the open space afforded by the adjacent 7 acre radio tower site.

Improvements related to the Sare Road entrance will be discussed at the hearing. Sidewalk on Sare and internally should be a development plan issue.

Staff recommends approval.

RE: Amendment to Hyde Park Outline Plan and Outline Plan for RS/P.U.D.

Dear Commissioners:

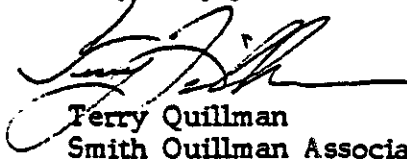

Howard Young respectfully requests your consideration for an amendment to the original Hyde Park outline plan to allow a continuation of the single family development into the remaining 14 acres approved for 60 quadrplexes and into the 31.5 acres approved for multifamily, and maintain the option to develop the area at the current multifamily densities. We also request that 2 additional tracts along Moores Pike be included in the outline plan amendment. See the enclosed key map for the areas described.

Additionally, Mr Young requests outline plan approval for RS/PUD on the 3.6 acres south of the WTIU radio tower. We are proposing duplexes (20 units) as shown on the enclosed outline plan.

The 20 units would be offset by a reduction of approximately 270 units should the remaining existing PUD be developed as single family.

Proof of certified notification to adjacent property owners will be provided.

Very truly yours,

Terry Quillman
