Dear Pat,

I talked to Frona about a council resolution for 30 Self Sufficiency units. She is putting it on August 14 for reading and August 21 for final vote.

Below is listed what Self Sufficiency is:

Project Self Sufficiency is an effort to encourage communities to develop effective mechanisms for integrating the various support services—both public and private—that exist in the community into a personal development program for single parents to enable them to make the transition from welfare dependency to productive employment. Communities are expected to coordinate and commit the use of all the necessary local public resources, which may include Community Development Block Grant funds (CDBG) to support the components of the Self-Sufficiency program. In addition communities are expected to secure commitments from the local private sector to provide additional resources and opportunities for employment for Project Self-Sufficiency participants.

Under Project Self-Sufficiency, communities will be able to use a special allocation of Section 8 Existing Housing Certificates to help single parent participants obtain decent, safe, sanitary and affordable housing as a part of a comprehensive and coordinated program. Please call if you have a question.

Sincerely,

Peggy Gudal
Section 8 Administrator
