Will the legislation have a major impact on existing City appropriations, fiscal liability or revenues? Yes XXX No _____

This ordinance annexes a vacant site that is in process of PUD approval for a 37 unit duplex subdivision. Initially, only raw land property tax, with no service costs, will accrue to the City.

Upon subsequent development, one segment of new public street serving as a frontage road will become a city service responsibility. Other streets will be private. Abutting streets are already in the city and receiving services, so no significant street related costs are anticipated. Unless residents carry cans to the new frontage road, there will be no sanitation costs. All capital costs, upon development, will be borne by the developer. Significant Property tax and population based revenues will accrue to the City upon development.
