Will the legislation have a major impact on existing City appropriations, fiscal liability or revenues? Yes \_\_\_\_\_ No X

If the legislation will not have a major fiscal impact, explain briefly the reason for your conclusion.

The ordinance annexes a single commercial property. Walnut Street, which serves the property, is already in the city, so that all street related costs -- plowing, maintenance, traffic control, police patrol, etc. will not be affected. Insignificant costs could accrue in terms of infrequent on-site service demands, such as police calls or fire protection. The Police Department estimates that only 6 calls per year would be generated by the entire commercial strip (west side of Walnut between Country Club Drive and Miller Drive), Fire Dept. says 1 call per 7 businesses/year. **If the legislation will have a major fiscal impact, explain briefly what the effect on City costs and revenues will be and include factors which could lead to significant additional expenditures in the future. Be as specific as possible. (Continue on second sheet if necessary)**
