This ordinance will annex a recently approved and constructed addition to the Arlington Valley Mobile Home Park. The earlier portions of this park are already in the city. The new addition will accommodate 65 mobile homes. The annexation will generate city revenues in terms of taxes and population-based transfers, and will also generate service costs in terms of the out-of-pocket costs of fire, police and street maintenance services.

The only public street in this annexation which will be city maintained is a length of about 485 feet of Willis Drive, which connects to the existing Willis Drive south of the annexation, also public. All capital service facilities are being provided by the owner/developer.

No service costs other than out-of-pocket expenses (fuel, etc.) are anticipated because the area is relatively small and lies within the city's service framework.
