SYNOPSIS

This ordinance amends the 1980 salary ordinance passed July 31, 1979 by reclassifying the position of Assistant City Engineer to Deputy City Engineer and increasing the salary from \$17,462 to \$18,532. This represents a seven percent increase over the amended 1979 salary of \$17,320 proposed in 79-63.

Will the legislation have a major impact on existing City appropriations, fiscal liability or revenues? Yes \_\_\_\_\_ No XX

If the legislation will not have a major fiscal impact, explain briefly the reason for your conclusion.

The salary increase creates a need for \$1070 over that budgeted for salaries in the Engineering Department for 1979. Each of the other line items in the Engineering Budget will be decreased slightly to offset the \$1070 so that no additional appropriation is necessary.

If the legislation will have a major fiscal impact, explain briefly what the effect on City costs and revenues will be and include factors which could lead to significant additional expenditures in the future. Be as specific as possible. (Continue on second sheet if necessary)
