SYNOPSIS
ORDINANCE 76-57

000191

The Police Department faces unanticipated expenses caused by repairs to Police cars kept on the streets longer than expected, and clothing allowances for more new officers than planned for. Funds have built up in Services Personal because of the unavoidable delay between the time that an established officer leaves the force and a new one can be hired.

At its September 2nd meeting, the Common Council suspended its rules and gave final approval to the first part of the ordinance dealing with costs associated with the enforcement of the new parking ordinance. However, the remainder of the ordinance requires action.

\$406,500 of the Bicentennial Commission's Federal Revenue Sharing budget was appropriated for a purpose which is not suitable under State Law covering dispersal of funds. A transfer will enable the Commission to use that money and satisfy obligations in a proper manner.
