SYNOPSIS

APPROPRIATION ORDINANCE 76- /4/

AN ORDINANCE TO APPROPRIATE MONEY FROM THE GENERAL FUND AND THE FEDERAL REVENUE SHARING FUND

Under state law, no money can be spent by the City without authorization from the Council in the form of an appropriation ordinance. Since the monies covered by this ordinance were not part of the budget for 1976 passed last August, they must now be approved by the Council if they are to be spent.

The Department of Human Resources sponsored a grantsmanship workshop for which a nominal fee was charged. According to State Law, income must be receipted into the General Fund rather than to a specific department or appropriation. Human Resources would like this income to be appropriated to their use.

As a result of recent break-ins and thefts in the Controller's Office, the Police department has suggested that the Controller purchase a large, buglar-proof safe. The safe must be large enough to hold cash, significant records and the Office's stock of unwritten checks.

In January the Board of Works decided to break-out the cost of casualty insurance into the separate funds. Transit was billed \$2528 according to their inventory and experience. This decision was made long after budgets were final so that Transit has no appropriation for casualty insurance.
