SECTION II B. Salary Increases for Non-Union Employees. Effective January 1, 2009, subject to the maximum salaries set by this ordinance, an increase will be included in non-union employees' base salaries. This increase may be some combination of market and merit components.

SECTION II C. Police Shift Differential. Employees working in the Police Department as dispatchers and clerks shall receive a twenty-six cent (.26) per hour premium shift differential for working the evening shift.

SECTION II D. Labor, Trades and Crafts Positions. Any employee who transfers laterally or is promoted to another position in the Pay Plan shall be paid at the wage for the new position in accordance with the relevant longevity step as determined by the Step Charts contained in the Work Agreement and Memorandum of Understanding between City of Bloomington and Local 2487 CBME, A.F.S.C.M.E. Provided, however, no current employee shall receive a pay reduction upon lateral transfer or promotion, but will not receive an additional increase due to promotion or longevity until so merited within the step pay system for the job classification. An employee who is demoted for disciplinary reasons or in lieu of layoff shall receive the wage for the relevant step within the job classification to which the employee is demoted. Also, the employee's longevity of service is "carried" to the new position. Internal promotions shall be paid at ninety-five percent (95%) of the salary of the relevant grade and step for the first thirty (30) days after promotion. If the ninety-five percent (95%) payment would result in a loss of pay from the previous position, the employee will receive the pay of the previous position for the initial thirty (30) days after promotion. Employees who transfer to a pay grade below their current pay grade shall be paid at the relevant grade and step for the new position.

Employees whose present rate of pay is higher than indicated by the Step Charts, based on the employee's pay grade and longevity, will not receive a pay cut, but will not receive any increase due to longevity until the step chart for the year in question shows an amount greater than the employee's current wage rate plus any across-the-board increase for the year in question.
