Said bonds shall be negotiable by delivery unless registered. Upon presentation of any of the bonds at the office of the City Controller, said City Controller shall register said bonds as to principal without charge or expense to the holder. OF 1968

The City of Bloomington, in Monroe County, State of Indiana, for value received, hereby promises to pay to the bearer, or if this bond be registered then to the registered holder, solely out of the special revenue funds herein-after referred to, the principal amount of

FIVE THOUSAND DOLLARS

on the first day of February, 19____, (unless this bond be subject to and be called for redemption prior to maturity as hereinafter provided) and to pay interest thereon from the date hereof until the principal is paid, at the rate of _____ per cent per annum (_____), payable on the first day of February and August in each year, beginning on February 1, 1969, upon presentation and surrender of the annexed coupons as they severally become due.

Both principal and interest of this bond are payable in lawful money of the United States of America at The Bloomington National Bank, in the City of Bloomington, Indiana, or, at the option of the holder, at The Indiana National Bank of Indianapolis, in the City of Indianapolis, Indiana, at the Continental Illinois National Bank and Trust Company of Chicago, in the City of Chicago, Illinois, or at First National City Bank, in the Borough of Manhattan, City and State of New York.

This bond is one of an authorized issue of bonds of the City of Bloomington, of like date, tenor and effect, except as to interest rates and dates of maturity, in the total amount of Five Million Eight Hundred Forty Thousand Dollars (\$5,840,000.00), numbered from One (1) to _____ inclusive, issued for the purpose of providing funds to pay the cost of additions and improvements to the City's sewage works, as authorized by an ordinance adopted by the Common Council of the City of Bloomington on _____, 1968, entitled "An Ordinance concerning the construction of additions and improvements to the sewage works owned and operated by the City of Bloomington, Indiana, the issuance of additional revenue bonds to provide the cost thereof,

the collection, segregation and distribution of the revenues of said works, the safeguarding of the interests of the holders of said bonds, and other matters connected therewith" and in strict compliance with the provisions of Chapter 284 of the Acts of the Indiana General Assembly for the year 1967, and the acts amendatory thereof and supplemental thereto.

Pursuant to the provisions of said Act and said ordinance, the principal and interest of this bond and all other bonds of said issue, and any bonds hereafter issued on a parity therewith, are payable solely from the Sewage Works Sinking Fund (heretofore created by Ordinance No. _____ adopted _____) to be provided from the net revenues (herein defined as gross revenues after deduction only for the payment of the reasonable expenses of operation, repair and maintenance) of the sewage works of the City of Bloomington, including the additions and improvements constructed or acquired by the use of the proceeds of this bond and the issue of which it is a part, and all additions and improvements thereto and replacements thereof subsequently constructed or acquired; subject, however, to the prior payment from said Sinking Fund of the principal of and interest on certain Sewage Works Revenue Bonds of 1955 now outstanding in the principal amount of _____, payable semi-annually over a period ending _____, in accordance with the terms thereof, which bonds constitute a first charge against said net revenues. This bond shall not constitute an indebtedness of the City of Bloomington within the meaning of the provisions and limitations of the constitution of the State of Indiana, and the City shall not be obligated to pay this bond or the interest thereon except from said special fund provided from said net revenues.

The City of Bloomington irrevocably pledges the entire net revenues of said sewage works, to the extent necessary for that purpose, to the prompt payment of the principal and interest of the bonds authorized by said ordinance, of which this is one, any bonds hereafter issued on a parity therewith, and the outstanding Sewage Works Revenue Bonds of 1955. The City covenants that it will cause to be fixed, maintained and collected such rates and charges for service rendered by said works as are sufficient in each year for the payment of the proper and reasonable expenses of operation, repair and maintenance of said works,

to provide for proper depreciation, and for the payment of the sums required to be paid into said Sinking Fund under the provisions of said Act and said ordinance. In the event the City, or the proper officers thereof, shall fail or refuse to so fix, maintain and collect such rates or charges, or if there be a default in the payment of the interest on or principal of this bond, the holder of this bond shall have all of the rights and remedies provided for in said Chapter 284, Acts of 1967, and the acts amendatory thereof and supplemental thereto, including the right to have a receiver appointed to administer the works and to charge and collect rates sufficient to provide for the payment of this bond and the interest thereon.

The City further covenants that it will set aside and pay unto its Sewage Works Sinking Fund a sufficient amount of the net revenues of said works to meet (a) the interest on all bonds payable from the revenues of the sewage works as such interest shall fall due, (b) the necessary fiscal agency charges for paying the bonds and interest, (c) the principal of all bonds payable from the revenues of the sewage works as the same is payable, and (d) an additional amount as a margin of safety and for the payment of premiums on bonds redeemed by call or purchase, which margin, together with any unused surplus of such margin carried forward from the preceding year, shall equal not less than Ten (10) per cent of all other amounts so required to be paid into said Sinking Fund.

The bonds of this issue maturing on February 1, 1982, and thereafter, are redeemable at the option of the City, in whole or in part, on February 1, 1981, or any interest payment date thereafter, in inverse order of maturity and by lot within a maturity, at face value, together with the following premiums:

- 5% if redeemed on February 1, 1981, or thereafter on or before August 1, 1984;
- 4% if redeemed on February 1, 1985, or thereafter on or before August 1, 1988;
- 3% if redeemed on February 1, 1989, or thereafter on or before August 1, 1992;
- 2% if redeemed on February 1, 1993, or thereafter prior to maturity;

plus in each case accrued interest to the date fixed for redemption; provided notice of such redemption shall be published one time at least Thirty (30) days prior to the date fixed for redemption in a newspaper or financial journal of general circulation published in each of the following cities: Bloomington, Indiana; Indianapolis, Indiana; in the Bond Buyer, published in the City of New York, or if that journal should cease publication then in its successor if there be such or otherwise in a financial journal of national circulation published in the Borough of Manhattan, City and State of New York. A like notice shall be sent by mail to the holders of such bonds as are then registered. Interest on the bonds so called for redemption shall cease on the redemption date fixed in said notice, if funds are available at the place of redemption to pay the redemption price on the date so named or when presented for payment. The bonds so redeemed prior to maturity shall be surrendered for cancellation, together with all unmatured interest coupons appurtenant thereto.

If any bond or interest coupon shall not be presented for payment or redemption on the date fixed therefor, the City may deposit in trust with The Bloomington National Bank, in the City of Bloomington, Indiana, an amount sufficient to pay such bond or interest coupon or the redemption price thereof, as the case may be, and thereafter the holder shall look only to the funds so deposited in trust with said bank for payment and the City shall have no further obligation or liability in respect thereto.

This bond and all other bonds of said issue shall have all the qualities and incidents of negotiable instruments under the laws of the State of Indiana. This bond may be registered as to principal at the office of the City Controller in the City of Bloomington, Indiana, in the name of the owner hereof, and such registration noted hereon by said City Controller. Thereafter no transfer hereof shall be valid unless made at said office by the registered owner in person or by his duly authorized attorney and similarly noted thereon, but this bond may be discharged from registration by being in like manner transferred to bearer and may again from time to time be registered or transferred to bearer as before. Such registration shall not restrict or affect the negotiability of the interest coupons hereto attached by delivery only, but

such interest coupons shall always be payable to bearer.

It is hereby certified and recited that all acts, conditions and things required to be done precedent to and in the execution, issuance and delivery of this bond have been done and performed in regular and due form as provided by law.

Section 7. The City Controller is hereby authorized and directed to have said bonds and coupons prepared, and the Mayor, City Controller and City Clerk are hereby authorized and direct to execute said bonds and the interest coupons to be attached thereto, in the form and manner herein provided. After said bonds have been properly executed the City Controller shall deliver the same to the Treasurer of Monroe County, ex officio Treasurer of the City of Bloomington, and shall take his receipt therefor, and upon the consumption of the sale of said bonds the City Controller shall certify to the Treasurer the amount which the purchaser is to pay for the same; thereupon, the Treasurer shall be authorized to receive from the purchaser the amount so certified by the Controller, and to deliver the bonds to such purchaser. The amount to be certified by the Controller and collected by the Treasurer shall be the full amount which the purchaser has agreed to pay therefor, which shall not be

less than the face value of said bonds, plus accrued interest from the date thereof to the date of delivery. The bonds herein authorized, when fully paid for and delivered to the purchaser, shall be binding special revenue obligations of the City, payable out of the revenues of the City's sewage works to be set aside into the Sewage Works Sinking Fund as herein provided, and the proceeds derived from the sale of said bonds shall be and are hereby set aside for application on the cost of construction of said additions and improvements to the City's sewage works hereinbefore referred to, and the expenses necessarily incurred in connection therewith and on account or in connection with the issuance of said bonds. The proper officers of the City are hereby directed to do all acts and things which may be necessary to carry out the provisions of this ordinance.

Section 8. Prior to the sale of said bonds the City Controller shall cause to be published a notice of such sale once each week for two (2) weeks in the Daily Herald Telephone and the Courier Tribune, published in the City of Bloomington, Indiana, and one time in a newspaper or financial journal published in the City of Indianapolis, the last publication to be at least Seven (7) days prior to the date fixed for said sale. Said notice, or a summary of the terms thereof, may also be published in a newspaper or financial journal published in the City of New York, New York, in the discretion of the City Controller. The bond sale notice shall state the time and place of sale, the character and amount of the bonds, the maximum rate of interest thereon, the maturities thereof, the purpose for which the bonds are being issued, the terms and conditions upon which bids will be received and the sale made, and such other information as the City Controller and the attorneys

employed by the City shall deem advisable and as by Chapter 284 of the Acts of 1967 provided. Said notice shall provide, among other things, that each bid shall be accompanied by a certified or cashier's check in the amount of Fifty Thousand Dollars (\$50,000.00) to guarantee performance on the part of the bidder, and that in the event the successful bidder shall fail or refuse to accept delivery of the bonds and pay for the same at the time fixed in the notice of sale, then said check and the proceeds thereof shall be the property of the City and shall be considered as its liquidated damages on account of such default.

All bids for said bonds shall be sealed and shall be presented to the Controller at his office. Bidders for said bonds shall be required to name the rate or rates of interest which the bonds are to bear, not exceeding the maximum rate hereinbefore fixed. Such interest rate or rates shall be in multiples of one-eighth ($1/8$) or of one-tenth ($1/10$) of one (1) per cent, and not more than four (4) different interest rates shall be named by each bidder. Bids specifying more than one interest rate shall also specify the amount and maturities of the bonds bearing each rate, but all bonds maturing on the same date shall bear the same single coupon rate. The interest due on any bond on any interest payment date shall be represented by a single interest coupon. The bonds shall be awarded by the City Controller to the highest qualified bidder who has submitted his bid in accordance with the terms of this ordinance and the notice of sale. The highest bidder will be the one who offers the lowest net interest cost to the City, to be determined by computing the total interest on all of the bonds to their maturities and deducting therefrom the

premium bid, if any. No bid for less than the par value of said bonds, including accrued interest to the date of delivery, shall be considered. The right to reject any and all bids shall be reserved. In the event an acceptable bid is not received on the date fixed in the notice, the City Controller shall be authorized to continue the sale from day to day for a period of not to exceed Thirty (30) days without readvertisement, but during such continuation no bid shall be accepted which is lower than the highest bid offered at the advertised sale.

Prior to the delivery of said bonds the Controller shall be authorized to obtain a legal opinion as to the validity of the bonds from Ice Miller Donadio & Ryan, acting as bond counsel for the City, and to furnish such opinion to the purchasers of the bonds. The fee of such bond counsel shall be considered as a part of the cost of the project on account of which said bonds are issued, and shall be paid out of the proceeds of said bond.

68-30 Section 9. The accrued interest and premium received at the time of the delivery of the bonds, if any, shall be desposited in the Sewage Works Sinking Fund heretofore created by Ordinance No. 15, adopted on August 2, 1955. The remaining proceeds from the sale of said bond shall be deposited in a bank or banks which are legally designated depositories for the funds of the City, in a special account or accounts to be designated as "City of Bloomington, Sewage Works Construction Account". All funds deposited to the credit of said Sewage Works Sinking Fund or Sewage Works Construction Account shall be deposited, held and secured or invested in accordance with the laws of the State of Indiana relating to the depositing, holding and securing or investing of public funds. The funds in said

special construction account or accounts shall be expended only for the purpose of paying the cost of the additions and improvements to the works, as defined in Section 1 of said Chapter 284 of the Acts of 1967, as amended, or as otherwise required by said Act. Any balance or balances remaining unexpended in such special account or accounts after completion of the works, which are not required to meet unpaid obligations incurred in connection with such project, shall be paid into the Sewage Works Sinking Fund and shall be used solely for the purposes of said fund.

Subject to the approval of the Board of Public Works ~~and~~ ~~safety~~, the City Controller shall be authorized to invest in direct obligations of the United States Government such portion of the funds in said Construction Account as shall not be required for immediate use, provided that no such investment shall be made at a cost in excess of the par value of the securities purchased, and that none of the funds shall be invested in any securities the maturity date of which is later than the times when such funds are required to be available for the purposes thereof, or if the time when such funds will be required for use cannot be determined, such investments shall be made only in securities having a maturity date of One (1) year or less from the date of purchase. Such investment shall be made in strict accordance with the provisions of Chapter 9 of the Acts of the Indiana General Assembly for the year 1945, as amended, and any interest or other accretions derived from any such investments shall become a part of the funds invested. In conformity with the provisions of the governing statutes, the holders of said bonds shall be entitled to a lien on the proceeds of said bonds until the

same are applied on the project on account of which said bonds were issued.

Section 10. All of the revenue derived from the operation of the City's sewage works shall be segregated and kept in the special fund, separate and apart from all other funds of the City, heretofore created by Ordinance No. 15, adopted August 2, 1955, and designated as "Sewage Works General Fund". Out of this fund, all proper and reasonable expenses of operation, repair and maintenance of the works shall be paid.

Section 11. The special fund designated "Sewage Works Sinking Fund" created by Ordinance No. 15, adopted on August 2, 1955, for the payment of the Sewage Works Revenue Bonds of 1955 authorized by said ordinance, is hereby designated and constituted as the special fund for the payment of the interest on and principal of the revenue bonds authorized by this ordinance and the payment of any fiscal agency charges in connection with the payment of the bonds and interest coupons. Said fund shall be continued until all of the bonds issued under said prior ordinance and this ordinance have been paid. There shall be set aside and paid into said Sinking Fund monthly, as available, a sufficient amount of the net revenues of said sewage works for the payment of (a) the interest on all bonds which by their terms are payable from the revenues of the sewage works, as such interest shall fall due, (b) the necessary fiscal agency charges for paying said bonds and interest, (c) the principal of all bonds which by their terms are payable from the revenues of the sewage works, as they fall due, and (d) an additional amount as a margin of safety and for the payment of premiums upon

bonds redeemed by call or purchase, which margin, together with any unused surplus of such margin carried forward from the preceding year, shall equal not less than ten (10) per cent of all other amounts so required to be paid into said Sinking Fund; provided however that the Sewage Works Revenue Bonds of 1955 shall have priority in respect to the payment of interest and principal from the funds in said Sewage Works Sinking Fund. The term "net revenues" as used in this section shall be construed to mean the revenues remaining after the cost of operation, maintenance and repair have been paid. The monthly payments into said sinking fund shall be in an amount equal to at least one-twelfth (1/12) of the amount required for such payments during the then next succeeding twelve (12) calendar months and shall continue until such time as said fund shall contain an amount sufficient to pay all of the bonds then outstanding, together with the interest thereon to the date of maturity thereof.

In no event shall any part of the Sewage Works Sinking Fund be used in calling bonds for redemption prior to maturity, except to the extent that the amount then in said Sinking Fund exceeds the amount required to pay the principal of the bonds payable therefrom which will mature within a period of Twelve (12) calendar months next following the date of such redemption, together with all interest on the bonds payable in said period. Any such excess of funds above said required level may also be used in purchasing outstanding bonds at a price less than the then applicable redemption price, if first approved by the Board of Public Works ~~and Safety~~. Moneys in said Sinking Fund shall not be used for any other purpose whatsoever except as provided in this ordinance.

Section 12. In the event all required payments into the Sewage Works Sinking Fund have been met to date and there has been accumulated in said Sewage Works Sinking Fund an amount sufficeint to meet the requirements of said Sinking Fund for the then next succeeding twelve (12) calendar months, and funds in an amount sufficient for operation, repair and maintenance of the works for a like period have been accumulated and reserved for that purpose in the Sewage Works General Fund, and the requirements of Ordinance No. 15 as to the Sewage Works Depreciation Fund have been met, then any excess revenues of the works available may be placed in a fund to be designated as "Sewage Works Improvement Fund" and be used to pay the cost of additions and extensions to the works. No revenues of the works shall be deposited in or credited to the Sewage Works Depreciation Fund or Sewage Works Improvement Fund which will interfere with the requirements of the Sewage Works Sinking Fund or with the requirements as to reserving funds for the operation, maintenance and repair of the works.

Section 13. All revenues received on account of the sewage works shall be segregated and kept in a special fund separate and apart from all other funds of the City. The City shall keep proper books of records and accounts, separate from all of its other records and accounts, in which complete and correct entries shall be made showing all revenues collected from said works and deposited in the Sewage Works General Fund, and all disbursements made therefrom on account of the operation of the works, or to meet the requirements of the Sewage Works Sinking Fund, also all other financial transactions relating to said works, including the amounts

set aside or credited to the Sewage Works Depreciation Fund and Sewage Works Improvement Fund, and the cash balances in each of said funds as of the close of the preceding fiscal year. There shall be prepared and furnished to the original purchaser of the bonds, and, upon written request, to any subsequent holder of the bonds at the time then outstanding, not more than Ninety (90) days after the close of each fiscal year, operating income and expense and balance sheet statements of the works, covering the preceding fiscal year, which annual statements shall be certified by the City Controller, or the person charged with the duty of auditing the books and records relating to said works, or be prepared by an independent certified public accountant retained for that purpose. Copies of all such statements and reports shall be kept on file in the office of the City Controller. Any holder or holders of the bonds then outstanding shall have the right at all reasonable times to inspect the works and all records, accounts and data of the City relating thereto. Such inspections may be made by representatives duly authorized by written instrument.

Section 14. The City shall, by ordinance of the Common Council, maintain just and equitable rates or charges for the use of and the services rendered by said works, to be paid by the owner of each and every lot, parcel of real estate or building that is connected with and uses said sewage works by or through any part of the sewerage system of the City, or that in any way uses or is served by such works. Such rates or charges shall be sufficient in each year for the payment of the proper and reasonable expenses of operation, repair and maintenance of the works for depreciation, and for the payment of the sums required to be paid into the Sewage Works Sinking Fund by said governing Act. Such rates or charges

shall, if necessary, be changed and readjusted from time to time so that the revenues therefrom shall always be sufficient to meet the expenses of operation, repair and maintenance, and depreciation, and the requirements of the Sewage Works Sinking Fund. The rates or charges so established shall apply to any and all use of such works by and service rendered to the City and all departments thereof, and shall be paid by the City or the various departments thereof as the charges accrue.

Section 15. The City reserves the right to authorize and issue additional bonds, payable out of the revenues of its sewage works, ranking on a parity with the bonds authorized by this ordinance, for the purpose of financing the cost of future additions, extensions and improvements to the sewage works, subject to the following conditions:

(a) The interest on and principal of all bonds payable from the revenues of the sewage works shall have been paid to date in accordance with the term thereof.

(b) All monthly deposits in the Sewage Works Sinking Fund required by Ordinance No. 15, adopted August 2, 1955, and by this ordinance, have been made.

(c) The net operating revenues of the sewage works in the fiscal year immediately preceding the issuance of any such bonds ranking on a parity with the bonds authorized by this ordinance shall not be less than one hundred twenty-five (125) per cent of the maximum annual interest and principal requirements of the then outstanding bonds and the additional parity bonds proposed to be issued; or, prior to the issuance of said parity bonds, the sewage

rates and charges shall be increased sufficiently so that said increased rates and charges applied to the previous fiscal year's operations would have produced net operating revenues for said year equal to not less than one hundred twenty-five per cent (125%) of the maximum annual interest and principal requirements of the then outstanding bonds and the additional parity bonds proposed to be issued. For purposes of this subsection, the records of the sewage works shall be analyzed and all showings shall be prepared by certified public accountant employed by the City for that purpose.

(d) The principal of the additional parity bonds shall be payable annually on February 1 and the interest semi-annually on February 1 and August 1 in the years in which principal and interest are payable.

Section 16. For the purpose of further safeguarding the interests of the holders of the bonds herein authorized, it is specifically provided as follows:

All insurance shall be placed with responsible insurance companies qualified to do business under the laws of the State of Indiana. Insurance proceeds shall be used in replacing or repairing the property destroyed or damaged; or if not used for that purpose shall be treated and applied as net revenues of the works.

(e) So long as any of the bonds are outstanding, the City shall not mortgage, pledge or otherwise encumber such works, or any part thereof, nor shall it sell, lease or otherwise dispose of any portion thereof except replaced equipment which may become worn out or obsolete or other property not required for the proper operation and maintenance of the works.

(f) Except as otherwise provided in Section 15 of this ordinance, so long as any of the bonds herein authorized are outstanding, no additional bonds or other obligations pledging any

portion of the revenues of said sewage works shall be authorized, executed or issued by the City except such as shall be made subordinate and junior in all respects to the bonds herein authorized, unless all of the bonds herein authorized are redeemed and retired coincidentally with the delivery of such additional bonds or other obligations, or funds sufficient to effect such redemption are available and set aside for that purpose at the time of issuance of such additional bonds.

(g) The City shall take all actions or proceedings necessary and proper to require connection of all property where liquid and solid waste, sewage, night soil, or industrial waste is produced, with available sanitary sewers. The City shall, in so far as possible, cause all such sanitary sewers to be connected with said sewage works.

(h) The provisions of this ordinance shall constitute a contract by and between the City of Bloomington and the holders of the sewage works revenue bonds herein authorized, and after the issuance of said bonds this ordinance shall not be repealed or amended in any respect which will adversely affect the rights of the holders of said bonds, nor shall the Common Council or other body of the City adopt any law, ordinance or resolution which in any way adversely affects the rights of such holders so long as any of said bonds or the interest thereon remain unpaid.

(i) The provision of this ordinance shall be construed to create a trust in the proceeds of the sale of the bonds herein authorized for the uses and purposes herein set forth, and the holders of the bonds shall retain a lien on such proceeds until the same are

applied in accordance with the provisions of this ordinance and of said governing Act. The provisions of this ordinance shall also be construed to create a trust in the portion of the net revenues herein directed to be set apart and paid into the Sewage Works Sinking Fund for the uses and purposes of said funds as in this ordinance set forth. The holders of said bonds shall have all of the rights, remedies and privileges set forth in the provisions of the governing Act hereinbefore referred to, including the right to have a receiver appointed to administer said sewage works, in the event of default in the payment of the principal of or interest on any of the bonds herein authorized for a period of thirty (30) days, or in the event of default in respect to any of the provisions of this ordinance or the governing Act.
