SYNOPSIS

This ordinance amends Chapter 8.20 of the Bloomington Municipal Code entitled "The List of Designated Historic Districts" in order to designate "2102 West Vernal Pike" as a historic district and rate it a "notable" structure. The Petitioners sought these actions and, after a public hearing on July 12, 2007, the Historic Preservation Commission recommended them to the Common Council based upon certain historic and architectural criteria set forth in Title 8 (Historic Preservation and Protection). Endangered by the encroachment of modern commercial development, this Queen Anne style farmhouse is the best example of its kind on the west side of town and is important in its integrity of setting as well as the architecture of the house itself. The survival of a fieldstone wall which surrounds the house enhances the site's historic significance and, is identified as an additional notable resource. Once this ordinance has been adopted, the property would be regulated by the requirements that apply to all historic and architecturally worthy districts so designated by the Common Council. These regulations preserve and protect the property from demolition and include the review of exterior modifications.

Note: This ordinance was revised after distribution in the Legislative Packet on Friday, July 13, 2007 and introduction at the Regular Session on July 18, 2007. The revision is found in Section 1 and replaces the legal description for the property.
