SYNOPSIS

This ordinance authorizes the permanent installation of a series of traffic calming devices (speed tables and intersection re-alignments) in the Arden Place neighborhood and amends Schedule J-1 of the Chapter 15.26 of the Bloomington Municipal Code to list the type and location of these devices.

Note: The Council adopted Am 1 which replaced the last "whereas clause" and Section 1 of the ordinance and, thereby, removed the realignment of the southern intersection of South Wilton Street and East Windsor Drive from the ordinance and acknowledged that the proposal for that intersection would go back to step 5 of the NISP.
