

RESOLUTION 2024-12

RESOLUTION ON BUDGETING EXCELLENCE AND STRATEGIC TRANSFORMATION

WHEREAS, the City of Bloomington is committed to advancing the efficiency, transparency, and responsiveness of its budgeting process to better serve the community's needs; and

WHEREAS, programmatic budgeting processes typically adopted by the city result in incremental shifts in financial allocations based on how money was spent in the prior year, rather than on the collective goals of the city government as a whole; and

WHEREAS, Bloomington's Mayor has appropriately emphasized the need for more transparency and creating a more accessible city government that works for the residents of Bloomington; and

WHEREAS, advocates for the "budgeting for outcomes process" claim that it can lead to more informed decision-making, better alignment with community priorities, increased transparency and enhanced public trust in government operations when implemented in ways reflective of local context¹; and

WHEREAS, outcome-based budgeting has been adopted by cities of all sizes across the United States, such as Fort Collins, Colorado²; Bend, Oregon³; Redmond, Washington⁴; and Palo Alto, California⁵; and

WHEREAS, the method may be effective in aligning municipal resources with community priorities⁶, which if adopted could enhance Bloomington's fiscal strategy and transparency;

NOW, THEREFORE, BE IT HEREBY RESOLVED BY THE COMMON COUNCIL OF THE CITY OF BLOOMINGTON, MONROE COUNTY, INDIANA, THAT:

SECTION 1: The Council will work with the Office of the Mayor to establish a Task Force on the Budgeting Process, consisting of council members and city staff. This Task Force will be charged with exploring and recommending improvements to Bloomington's budgeting processes, ensuring that the city employs the most effective, transparent, and community-aligned budgeting practices available.

SECTION 2: The Council will work with the Office of the Mayor and City Controller to develop a framework for implementing the recommendations of the Task Force on Budgeting Processes, including the possibility of implementing outcome-based budgeting or a hybrid approach within the City of Bloomington by the time the budget is being developed for budget year 2026. This framework should outline the process for transitioning to this budgeting model, including feasibility, timelines, necessary changes to municipal code, accounting technology, stakeholder engagement strategies, and needed resources.

SECTION 3: The Council encourages all departments of the Bloomington City government to initiate projects for specific community outcomes in FY2025. These pilots will serve as a test and refinement phase for the outcome-based budgeting process, providing valuable insights for broader implementation.

SECTION 4: The Council encourages the Mayor and Controller to ensure city staff and officials receive training on strategic budgeting practices including outcome-based budgeting.

SECTION 5: The Council encourages the Mayor and Controller to engage with cities that have successfully adopted outcome-based budgeting, such as Palo Alto, Redmond, Fort Collins, Bend, and Boulder. Learning from their experiences and adopted best practices will inform and enhance Bloomington's potential implementation strategy.

PASSED AND ADOPTED by the Common Council of the City of Bloomington, Monroe County, Indiana, upon this 05 day of June, 2024.

ISABEL PIEDMONT-SMITH, President
Bloomington Common Council

ATTEST:

NICOLE BOLDEN, Clerk
City of Bloomington

PRESENTED by me to the Mayor of the City of Bloomington, Monroe County, Indiana upon this 10 day of June, 2024.

NICOLE BOLDEN, Clerk
City of Bloomington

SIGNED and APPROVED by me upon this 11 day of June, 2024.

KERRY THOMSON, Mayor
City of Bloomington

SYNOPSIS

This resolution is sponsored by Councilmember Asare. It encourages the Mayor and Controller to commit to improving the city's budgeting process by working towards incorporating a budgeting framework more reflective of a budgeting for outcomes model. This approach should include strategic practices focused on community engagement, clear prioritization of goals, and evidence-based allocation of resources based on those goals. Instead of starting from last year's spending and adjusting allocations, the new model should start with what results the city government would like to prioritize.

Distributed to: Clerk, Controller, Council Attorney, Legal, and Mayor.
