SYNOPSIS

This resolution designates the properties located between West Kirkwood Avenue and the first alleys to the north and south of West Kirkwood Avenue, between Rogers Street and Adams Street and excluding Rose Hill Cemetery, as an "Economic Revitalization Area" to allow approval of ten-year tax abatements for projects that meet the criteria of the Plan for Kirkwood Avenue, a subarea plan under the Growth Policies Plan. The Plan is intended to encourage new commercial and residential development in the forms of traditional neighborhood patterns. Indiana Law permits local governments to predesignate areas as "Economic Revitalization Areas," in which property taxes may be abated on the improvements to real estate for a period from one to ten years. Prior to the initiation of a project seeking abatement in the ERA, the Common Council must approve a statement of benefits regarding the project, and the Planning Director and Mayor's Executive Assistant for Economic Development must determine that the project complies with the Plan. This is the first of two resolutions that must be adopted by the Council before this area may be designated as an ERA.
