We decided to hold the Black genealogy event around mid-November, hopefully on a Saturday or Sunday. MCHC will contact the main speaker regarding her schedule. Kami will work with MCHC to also be a speaker at the event to talk about her family's local genealogical research.

We will have the event around 1pm, it will end around 3pm and we will walk to the MCPL next door to the Geneology room with any attendees who want to start their research right away.

Kami is currently looking for local black-owned food enterprises to provide food to guests.
