MY HUSBAND AND I ARE VERY BUSY IN THE PEAK SUMMER MONTHS, BECAUSE IN ADDITION TO OUR OTHER JOBS, WE ARE FARMERS. OUR FARM IS IN HAMILTON COUNTY, NOT HERE IN SCOTTINGTON WHERE WE LIVE. WE SPLIT OUR WORKWEEK BETWEEN THE FARM AND VARIOUS OTHER JOB SITES, AND ON THE WEEKENDS WE SELL AT A FARMERS' MARKET UP THERE. ADDITIONALLY, OUR ONLY FUNCTIONING MOWER IS ALSO THE MOST ESSENTIAL PIECE OF EQUIPMENT FOR OUR SMALL FARM, AND NOT EASY TO TRANSPORT, SO IT IS OFTEN IN USE AND NOT AVAILABLE FOR QUICK ACCESS HERE WHERE WE LIVE.

I SPOKE TO THE USUAL COMPLIANCE OFFICER FOR OUR AREA TO EXPLAIN THE SITUATION, AND THAT WE WOULD COMPLY AS SOON AS WE COULD, BUT THAT "IMMEDIATE" COMPLIANCE WAS NOT POSSIBLE FOR US. WE ~~RECEIVED~~ RECEIVED THE N.O.V. ON 9/18 (THU) AND I EXPLAINED THAT WE WOULD NOT BE ABLE TO BRING OUR MOWER DOWN UNTIL AFTER WE HAD DONE MARKET FOR THE WEEKEND. THE OFFICER RECOMMENDED THAT WE APPEAL THE TICKET ON THESE GROUNDS.

The original contract for this project was awarded to S&J Excavation and Concrete on November 4, 2024, in the amount of \$141,774. Change Order #2 adds \$17,685.00 for additional work required to remove and replace an existing 30" x 19" elliptical corrugated metal pipe (CMP) located beneath Indiana University's southern driveway on North Dunn Street. The scope of work includes removal and disposal of the existing CMP, installation of approximately 80 linear feet of HDPE pipe, installation of a precast headwall, furnishing and placement of all necessary backfill materials and proper disposal of all excavated materials. This work is being completed at the request of Indiana University and will be reimbursed in full by Indiana University. With this change order, the revised total contract amount is \$159,459. Roach asked for clarification about the additional money to excavate and if the university was reimbursing City not the contractor. Rogers stated that Engineering will send an invoice to Indiana University, get a check from them and then incorporate that back into the project. Roach made a motion to approve Change Order 2 for N. Baugh notified F.A. Wilhelm that Engineering does not support that request. F.A. Wilhelm is requesting an extension of this sidewalk closure and metered parking reservation to August 25, 2026. Adam Wason stated F.A. Wilhelm initially asking for an extension into spring of 2026 which staff wasn't comfortable with; therefore, they are mirroring the existing Grant Street request. Baugh stated that the concern with the original request is the duration which was May 26th of 2026. Karon asked if phase two section will be closed continuously for 24 hours during that time period. Baugh stated yes. Cox Deckard asked if the businesses have been notified about that phase. Baugh said CBU has been in coordination with them. There is a traffic control plan that keeps the drive through line flowing and the entrance will be to the east just off of the southern end of the parking lot. Karon made a motion to approve Right of Way Closure Request for CBU for W. 2nd Street Modernization. Roach seconded. Cox Deckard, called roll, all in favor, motion passed.

2. Approve Resolution of Public Needs at Grimes & Walnut

Neil Kopper, Engineering, presented Resolution of Public Needs at Grimes Street & Walnut Street for approval. This project will replace the existing traffic signal equipment and make intersection geometry improvements at the intersection of Grimes Lane and Walnut Street. This project will require the purchase of additional right of way from up to 3 parcels. If approved by the Board, this resolution will confirm that the Project serves a public purpose and will authorize the right of way acquisition. Karon made a motion to approve Resolution of Public Needs at Grimes & Walnut. Roach seconded. Cox Deckard called roll, all in favor, motion passed.

3. Approve Amendment 1 to Contract with Kimley Horn for Grimes at Walnut Project

Neil Kopper, Engineering, presented Amendment 1 to Contract with Kimley Horn for Grimes at Walnut Project for approval. This project will replace the existing traffic signal equipment and make intersection geometry improvements at the intersection of Grimes Lane and Walnut Street. There was a question during the work session and it was clarified that the project is outside the limits of the ongoing corridor study for College Avenue and Walnut. The City has an existing preliminary engineering contract with Kimley-Horn & Associates Inc. This amendment adds right of way acquisition services for up to three parcels. The new total contract amount increases by \$64,465 for a new total not-to-exceed amount of \$170,015. Roach asked if this includes the cost of the right-of-way or just the services to survey and acquire the right-of-way. Kopper stated that this was just the cost of services for appraisals and purchasing. Karon asked if this adjustment is because the original contract did not include the right-of-way services and amendment represents all of the acquisition services. Kopper explained that an assumption is made about initial right-of-way and include some services and the expectation was not to acquire right-of-way on this project originally. Roach asked if this company would be subcontracting to do appraisals and other things. Kopper stated that was correct. Karon made a motion to approve Amendment 1 to Contract with Kimley Horn for Grimes at Walnut Project. Roach seconded. Cox Deckard called roll, all in favor, motion passed.

4. Approve Change Order #1 for Longview Greenway Project

Jason Kerr, Engineering, presented Change Order #1 for Longview Greenway Project for approval. This project is for the continuation of greenway along Longview Avenue between Pete Ellis Drive to Morningside Drive and Smith Road. This includes a multi-use path between Pete Ellis and Kingston, bump outs, and speed cushions. Change Order # 1 is the eastern drive approach at 3200 Longview Avenue that was installed by contractor which resulted in water retention. In order to rectify this issue, a section of the approach will be removed and replaced with a curb and gutter. This curb and gutter will angle water flow to a newly installed trench drain, minimizing water retention. The original contract price was \$549,433.45. The additional charge is \$3,686.28 which brings the new contract price to \$553,119.73. This does add three additional days to their work schedule. Roach asked if this came about because of incorrect installation. Kerr stated it was correct insulation but it was spotted after a rain event that the type of install specified was the cause of the retention. Karon made a motion to approve Change Order #1 for Longview Greenway Project. Roach seconded. Cox Deckard called roll, all in favor, motion passed.

5. Approve 2nd Street Utility Staking

Kendall Knoke, Engineering, presented 2nd Street Utility Staking for approval. The West 2nd Street Modernization and Safety Improvement Project consists of various improvements to West 2nd Street between the B-Line Trail and South Walker Street including bike lanes, signal replacement, drainage improvements, new sidewalks and curb ramps, lighting, and other associated improvements. Kendall Knoke, Engineering, presented Right of Way Closure Request for CBU for W 2nd Street Modernization

Project. The project consists of various improvements to West 2nd Street between the B-Line Trail and South Walker Street including bike lanes, signal replacement, drainage improvements, new sidewalks and curb ramps, lighting, and other associated work. This project has been prioritized for federal funding participation for preliminary engineering and construction. The local funding portion comes from a 2022 Parks GO bond. Utility relocations will happen throughout the rest of 2025 and continue into 2026. As part of the INDOT process, utility companies can request the Local Public Agency provide construction layout during the utility relocation stage to ensure utilities get relocated in the correct locations. Construction staking for utility relocations will not be reimbursed by federal funds and must be paid entirely through local funds. Smith Design Group, Inc. was selected based on their qualifications, expertise in the local area, and availability to do the work. Compensation for these land surveying services is set at a not-to-exceed amount of \$7,500.00. During the work session there were some questions about when the work will take place. As soon as I issue the NTP, they will get started. So they should start next week and it should only take two weeks, which is around 8/22/2025. There will be future permitting requests, lane restrictions and sidewalk closures, especially at Rogers Street and 2nd Street. Karon asked once the staking happens, what is the window of that timeline. Knoke stated that there are seven total and 5 of the 8 can start and the other three are waiting on the others to get done. A majority of the intensive work that's going to impact the public will start with right away. Karon asked when the changes to right-of-way come up, will the board hear some updates. Knoke said that each utility company has to apply for permits, so all those closures will come through the board. When the contract for construction is awarded for West 2nd Street, all those maintenance traffic plans will be a part of that award. Karon asked for a timeframe of when they could anticipate those updates. Knoke said around August or September. October or November is when they will award the project to a contractor. Karon made a motion to approve 2nd Street Utility Staking. Roach seconded. Cox Deckard called roll, all in favor, motion passed.

6. Approve Addendum #1 to Service Agreement with Specialties Company LLC for Handrail at 3rd

Miranda Beaver, Public Works, on the behalf of Joe VanDeventer, presented Addendum #1 to Service Agreement with Specialties Company LLC for Handrail at 3rd Street for approval. This is an Addendum to Service Agreement with Specialties Company, LLC. They will provide repair of the damaged handrail on W. 3rd Street in the amount not to exceed of \$86,500.00. This is an addendum from the original contract for repairing damaged handrail on W. 3rd Street from College, west to the B-line. After more depth inspection more repairs/replacement are needed due to immediate safety hazard for citizens. During the work session there were some questions about if we are replacing only on the north side or both sides. This fencing will be on both sides of the north side sidewalk. The significant price increase is due to the fact we only anticipated replacing that small section of the fence, now we have replace the fence on both sides. There is a possibility that the south side section of the sidewalk within the coming year. It is still meeting safety regulations and there are no expedited needs. Street is assisting with traffic control to help keep some of the costs down since it was such a significant increase and if able to put an order in, the materials should arrive within three weeks. The contract is anticipating one week of work. Karon asked if the significant delay has been for material acquisitions, so are they confident they can get the material within three weeks. Beaver stated that Street relayed that as soon as we get the contract signed, they are going to place this order and it is expedited. Karon made a motion to approve Addendum #1 to Service Agreement with Specialties Company LLC for Handrail at 3rd Street. Roach seconded. Cox Deckard called roll, all in favor, motion passed.

VI. STAFF REPORTS & OTHER BUSINESS

Karon made a motion to approve the Claims in the amount of \$3,523,133.17. Roach seconded. Cox Deckard called roll, all in favor, motion passed.

2.02 All work required under this Agreement shall be substantially completed by the CONTRACTOR within forty-five (45) calendar days from the date of the Notice to Proceed, unless the parties mutually agree to a later completion date. Substantial Completion shall mean that all work is sufficiently completed in accordance with the plans and specifications, as modified by any approved change orders, so that it can be used for its intended purpose.

2.03 It is hereby understood by both parties that time is of the essence in this Agreement. Failure of CONTRACTOR to complete all work as herein provided will result in monetary damages to CITY. It is hereby agreed that CITY will be damaged for every day the work has not been performed in the manner herein provided and that the measure of those damages shall be determined by reference Section 13.00 of the General Conditions for Each Day of Overrun in Contract Time. 3.02 Owner shall pay Contractor for completion of the Work in accordance with the Contract Documents, subject to adjustment under the Contract. CITY may withhold payment, in whole or in part, to the extent necessary to protect itself from a loss on account of any of the following:

For contracts in excess of \$100,000 and for which Contractor requested Progressive Payments on its Bid Form, the Owner requires that retainage be held as set out below.

4.02 **Retainage Amount** The retainage amount shall be five percent (5%) of the dollar value of all work satisfactorily completed and shall be withheld until the Contract work is complete. The retainage amount shall be placed in an escrow account with an escrow agent or shall be held by the Board of Public Works ("Board"). Yellow Cardinal Group Columbus, Indiana, shall serve as the escrow agent.

4.03 **Escrow Agent** If an escrow agent is used, the escrow agent, Owner and Contractor shall enter into a written escrow agreement and Contractor shall work directly with the escrow agent to set up the account. The escrow agent shall invest all escrowed principal in obligations selected by the escrow agent. The escrow agent shall be compensated for the agent's services by a reasonable fee, agreed upon by the parties, that is comparable with fees charged for the handling of escrow accounts of similar size and duration. The fee shall be paid from the escrow income. The escrow agent's fee may be determined by specifying an amount of interest the escrow agent will pay on the escrowed amount, with any additional earned interest serving as the escrow agent's fee. The escrow agreement may include other terms and conditions as deemed necessary by the parties. However, if Contractor intends to receive a Single Lump Sum payment upon acceptance of this project, retainage will not be required and an Escrow Agreement will not be required.

4.04 **Board** If the retainage is held by the Board, the Owner shall place the funds so retained in a retainage account with the Board. Such deposit shall be made within three business days after the date such payments are made to Contractor. No income will be earned or will be payable on the deposit.

4.05 **Payment of Escrow Amount** The escrow agent shall hold the escrowed principal and income until receipt of the notice from Owner and Contractor that the Contract work has been substantially completed to the reasonable satisfaction of Owner, at which time Owner shall pay to the Contractor the balance to be paid under this Contract and execute such documents as are necessary to authorize the escrow agent to pay to the Contractor the funds in the escrow account, including both specifying the part of the escrowed principal to be released from the escrow and the person to whom that portion is to be released. After receipt of the notice, the escrow agent shall remit the designated part of the escrowed principal and the escrowed income, minus the escrow agent's fees, to the person specified in the notice. However, nothing in this section shall prohibit Owner from requiring the escrow agent to withhold amounts necessary to complete minor items of the Contract, following substantial completion of the Contract in accordance with the provisions of paragraph 4.07.

4.06 Payment of Retainage Amount by the Board The Board shall hold the retainage until notice from the Owner that the Contract work has been substantially completed to the reasonable satisfaction of the Owner. No interest will have been earned or will be payable. Nothing in this section shall prohibit Owner from requiring the Board to withhold amounts necessary to complete minor items of the Contract, following substantial completion of the Contract in accordance with the provisions of paragraph 4.07.

4.07 Withholding Funds for Completion of Contract If, upon substantial completion of the Contract, there still remains minor Contract work that needs to be completed, or minor Contract work that needs to be performed to the satisfaction of the Owner, the Owner may direct the escrow agent or the Board to retain and withhold from payment to the Contractor, an amount equal to two hundred percent (200%) of the value of said work. The value of said work shall be determined by the architect/engineer. The escrow agent or the Board shall release the funds withheld under this section after receipt of notice from the Owner that all work on the Contract has been satisfactorily completed. In the event that said work is not completed by the Contractor, but by the Owner or another party under contract with Owner, said funds shall be released to Owner.

ARTICLE 5. GENERAL PROVISIONS

5.01 CONTRACTOR agrees to indemnify and hold harmless CITY and its officers, agents, officials and employees for any and all claims, actions, causes of action, judgments and liens arising out of any negligent act or omission by CONTRACTOR or any of its officers, agents, officials, employees, or subcontractors or any defect in materials or workmanship of any supply, materials, mechanism or other product or service which it or any of its officers, agents, officials, employees, or subcontractors has supplied to CITY or has used in connection with this Agreement and regardless of whether or not it is caused in part by a party indemnified herein under. Such indemnity shall include attorney's fees and all costs and other expenses arising there from or incurred in connection therewith and shall not be limited by reason of the enumeration of any insurance coverage required herein.

CONTRACTOR shall indemnify and hold harmless CITY and its officers, agents, officials and employees for any and all damages, actions, costs, (including, but not limited to, attorney's fees, court costs and costs of investigation) judgments and claims by anyone for damage to property, injury or death to persons resulting from the collapse or failure of any trenches, ditches or other excavations constructed under or associated with this contract.

5.02 Abandonment, Default and Termination

5.02.01 CITY shall have the right to abandon the work contracted for in this Agreement without penalty. If CITY abandons the work described herein, CONTRACTOR shall deliver to CITY all surveys, notes, drawings, specifications and estimates completed or partially completed and these shall become the property of CITY. The earned value of the work performed shall be based upon an estimate of the proportion between the work performed by CONTRACTOR under this Agreement and the work which CONTRACTOR was obligated to perform under this Agreement. This proportion shall be mutually agreed upon by CITY and CONTRACTOR. The payment made to CONTRACTOR shall be paid as a final payment in full settlement of his or her services hereunder.

5.02.02 If CONTRACTOR defaults or fails to fulfill in a timely and proper manner the obligations pursuant to this Agreement, CITY may, after seven (7) days' written notice has been delivered to CONTRACTOR, and without prejudice to any other remedy it may have, make good such deficiencies and may deduct the cost thereof from the payment then or thereafter due to CONTRACTOR. In the alternative, CITY, at its option, may terminate this Agreement and take possession of the site and of all materials, equipment, tools and construction equipment and machinery thereon owned by CONTRACTOR, and may finish the project by whatever method it may deem expedient, and if the such action exceeds the unpaid balance of the sum amount, CONTRACTOR or his or her surety, shall pay the difference to CITY.

5.02.03 Default: If CONTRACTOR breaches this Agreement or fails to perform the work in an acceptable manner, he or she shall be considered in default. Any one or more of the following will be considered a default:

Failure to begin the work under this Agreement within the time specified.

Failure to perform the work with sufficient supervision, workmen, equipment and materials to insure prompt completion of said work within the time limits allowed.

Unsuitable performance of the work as determined by CITY ENGINEER or his or her representative.

Neglecting or refusing to remove defective materials or failure to perform anew such work as shall have been rejected.

Discontinuing the prosecution of the work or any part of it.

Inability to finance the work adequately.

If, for any other reason, CONTRACTOR breaches this Agreement or fails to carry on the work in an acceptable manner.

5.02.04 CITY shall send CONTRACTOR a written notice of default. If CONTRACTOR, or his or her Surety, within a period of ten (10) days after such notice, fails to remedy the default, then CITY shall have full power and authority, without violation of the Contract, to take the prosecution of the work out of the hands of said CONTRACTOR, to appropriate or use any or all materials and equipment on the ground as may be suitable and acceptable, and may, at its option, turn the work over to the Surety, or enter into an agreement with another Contractor for the completion of the Agreement according to the terms and provisions thereof, or CITY may use such other methods as, in its opinion, shall be required for the completion of said Contract in an acceptable manner.

5.02.05 All cost of completing the work under the Contract shall be deducted from the monies due or which may become due to said CONTRACTOR. In case the expenses so incurred by CITY shall be less than the sum which would have been payable under the Contract if it had been completed by said CONTRACTOR, CONTRACTOR shall be entitled to receive the difference. However, in case such expense shall exceed the sum which would have been payable under the Contract, CONTRACTOR and his or her Surety will be liable and shall pay to CITY the amount of said excess. By taking over the prosecution of the work, CITY does not forfeit the right to recover damages from CONTRACTOR or his or her Surety for his or her failure to complete the work in the time specified.

5.02.06 Notwithstanding any other provision of this Agreement, if funds for the continued fulfillment of the Agreement by CITY are at any time not forthcoming or are insufficient, through failure of any entity to appropriate the funds or otherwise, then CITY shall have the right to terminate this Agreement without penalty by giving prior written notice documenting the lack of funding in which instance, unless otherwise agreed to by the parties, this Agreement shall terminate and become null and void.

5.02.07 CITY agrees that it will make its best effort to obtain sufficient funds, including but not limited to, including in its budget for each fiscal period during the term hereof a request for sufficient funds to meet its obligations hereunder in full.

5.03 Successors and Assigns

5.03.01 Both parties agree that for the purpose of this Agreement, CONTRACTOR shall be an Independent Contractor and not an employee of CITY.

5.03.02 No portion of this Agreement shall be sublet, assigned, transferred or otherwise disposed of by CONTRACTOR except with the written consent of CITY being first obtained. Consent to sublet, assign, transfer, or otherwise dispose of any portion of this Agreement shall not be construed to relieve CONTRACTOR of any responsibility of the fulfillment of this Agreement.

5.04 Extent of Agreement: Integration

5.04.01 This Agreement consists of the following parts, each of which is as fully a part of this Agreement as if set out herein:

1. This Agreement and its Attachments.

5.08 Non-Discrimination

5.08.01 CONTRACTOR and subcontractors shall not discriminate against any employee or applicant for employment, to be employed in the performance of this Agreement, with respect to hire, tenure, terms, training, conditions or privileges of employment, because of race, sex, color, religion, national origin, ancestry, disability, sexual orientation, gender identity, veteran status or housing status. Breach of this covenant may be regarded as a material breach of the Agreement.

5.08.02 CONTRACTOR certifies for itself and all its subcontractors compliance with existing laws of the City of Bloomington, the State of Indiana and the United States regarding:

Prohibition of discrimination in employment practices on the basis of race, sex, color, religion, national origin, ancestry, disability, sexual orientation, gender identity, veteran status, housing status, or any other legally protected classification;

The utilization of Minority and Women Business Enterprises. CONTRACTOR further certifies that it:

CONTRACTOR understands that the City of Bloomington prohibits its employees from engaging in harassment or discrimination of any kind, including harassing or discriminating against independent contractors doing work for the City. The City takes all complaints of harassment and discrimination seriously and will take appropriate disciplinary action if it finds that any City employee engaged in such prohibited conduct.

A) That in the hiring of employees for the performance of work under this Agreement or any sub agreement hereunder, no contractor, or subcontractor, nor any person acting on behalf of such CONTRACTOR or subcontractor, shall by reason of race, sex, color, religion, national origin, ancestry, or any other legally protected classification, discriminate against any citizen of the State of Indiana who is qualified and available to perform the work to which the employment relates.

B) That no contractor, subcontractor, or any person on their behalf, shall, in any manner, discriminate against or intimidate any employee hired for performance of work under this Agreement on account of race, religion, color, sex, national origin, ancestry, or any other legally protected classification.

C) That there may be deducted from the amount payable to CONTRACTOR, by CITY, under this Agreement, penalty of Five Dollars (\$5.00) for each person for each calendar day during which such person was discriminated against or intimidated in violation of the provisions of this Agreement. Any such person discriminated against retains the right to file a discrimination complaint with the appropriate civil rights agency or court.

D) That this Agreement may be canceled or terminated by CITY and all money due or to become hereunder may be forfeited, for a second or any subsequent violations of the terms or conditions under this section of the Agreement.

5.09 Workmanship and Quality of Materials

5.09.01 CONTRACTOR shall guarantee the work for a period of one (1) year from the date of substantial completion. Failure of any portion of the work within one (1) year due to improper construction, materials of construction, or design may result in a refund to CITY of the purchase price of that portion which failed or may result in the forfeiture of CONTRACTOR's Performance Bond.

5.09.02 OR EQUAL: Wherever in any of the Agreement Documents an article, material or equipment is defined by describing a proprietary product, or by using the name of a manufacturer or vender, the term "Or Equal" or the term "The Equivalent" if not inserted, shall be implied, and it is done for the express purpose of establishing a basis of durability and efficiency and not for the purpose of limiting completion. Whenever material or equipment is submitted for approval as being equal to that specified, the submittal shall include sufficient information and data to demonstrate that the material or equipment conforms to the Contract requirements. The decision as to whether or not such material or equipment is equal to that specified shall be made by the ENGINEER. The approval by the ENGINEER of alternate material or equipment as being equivalent to that specified, shall not in any way relieve CONTRACTOR of responsibility for failure of the material or equipment due to faulty design, material, or workmanship, to perform the function required by the Contract Documents. Specifications as determined by other entities within the City of Bloomington such as City Utilities shall only be substituted or changed by their approval which shall be submitted in writing to the ENGINEER.

5.09.03 CITY shall be the sole judge of the sufficiency of workmanship and quality of materials. Disputes shall be resolved by the City Engineer and are not subject to arbitration.

5.10 Safety. CONTRACTOR shall be responsible for the safety of employees at all times and shall provide all equipment necessary to insure their safety. CONTRACTOR shall ensure the enforcement of all applicable safety rules, regulations, ordinances and laws, whether federal, state or local. Contractor's Superintendent of Safety shall make daily inspections upon the arrival and leaving of the site at the close of each workday.

5.10.01 CONTRACTOR is required to comply with IOSHA regulations 29 C.F.R 1926, Subpart P, Excavations for all trenches of at least five (5) feet in depth. All cost for trench safety systems shall be the responsibility of the CONTRACTOR and included in the cost of the principal work with which the safety systems are associated. CONTRACTOR shall sign an affidavit, attached as Attachment B, affirming that CONTRACTOR shall maintain compliance with IOSHA requirements for excavations of at least five (5) in depth.

5.11 Amendments/Changes

5.11.01 Except as provided in Paragraph 5.11.02, this Agreement may be amended only by written instrument signed by both CITY and CONTRACTOR.

5.11.02 Without invalidating the Agreement and without notice to any surety, CITY may, at any time or from time to time, order, in writing, additions, deletions, or revisions in the work. Upon receipt of any such document, CONTRACTOR shall promptly proceed with the work involved, which will be performed under the applicable conditions of the Agreement Documents.

5.11.03 If CONTRACTOR believes that any direction of CITY under paragraph 5.11.02, or any other event or condition, will result in an increase in the Contract time or price, he or she shall file written notice with CITY no later than twenty (20) calendar days after the occurrence of the event giving rise to the claim and stating the general nature of the claim with supporting data. No claim for any adjustment of the Contract time or price will be valid if not submitted in accordance with this Paragraph.

5.11.04 CONTRACTOR shall carry on the work and adhere to the progress schedule during all disputes or disagreements with CITY. No work shall be delayed or postponed pending resolution of any dispute or disagreement except as CONTRACTOR and CITY may otherwise agree in writing.

5.12 Performance Bond and Payment Bond

5.12.01 For contracts in excess of \$100,000, CONTRACTOR shall provide CITY with a Performance Bond and a Payment Bond in the amount of one hundred percent (100%) of the contract amount.

5.12.02 Failure by CONTRACTOR to perform the work in a timely or satisfactory fashion may result in forfeiture of CONTRACTOR'S Performance Bond.

5.12.03 If the surety on any bond furnished by CONTRACTOR becomes a party to supervision, liquidation, or rehabilitation action pursuant Indiana Code 27-9 et seq. or its right to do business in the State of Indiana is terminated, CONTRACTOR shall, within thirty (30) calendar days thereafter, substitute another bond and surety, both of which must be acceptable to CITY.

5.13 Payment of Subcontractors CONTRACTOR shall pay all subcontractors, laborers, material suppliers and those performing services to CONTRACTOR on the project under this Agreement. CITY may, as a condition precedent to any payment hereunder, require CONTRACTOR to submit satisfactory evidence of payments of any and all claims of subcontractors, laborers, material suppliers, and those furnishing services to CONTRACTOR. Upon receipt of a lawful claim, CITY shall withhold money due to CONTRACTOR in a sufficient amount to pay the subcontractors, laborers, material suppliers, and those furnishing services to CONTRACTOR.

5.13.01 The surety of the Payment Bond and Performance Bond may not be released until one (1) year after the Board's final settlement with the CONTRACTOR.

5.14 Written Notice Written notice shall be considered as served when delivered in person or sent by mail to the individual, firm, or corporation, or to the last business address of such known to CONTRACTOR who serves the Notice. Notice shall be sent as follows:

TO CITY:

TO CONTRACTOR:

City of Bloomington	E&B Paving, LLC
Attn: Joe VanDeventer	Attn: Garrett Gough
P.O. Box 100 Suite 130	2520 W Industrial Park Drive
Bloomington, Indiana 47404	Bloomington, IN 47404

5.15 Severability and Waiver In the event that any clause or provision of this Agreement is held to be invalid by any court of competent jurisdiction, the invalidity of such clause or provision shall not affect any other provision of this Agreement. Failure of either party to insist on strict compliance with any provision of this Agreement shall not constitute waiver of that party's right to demand later compliance with the same or other provisions of this Agreement.

5.16 Notice to Proceed CONTRACTOR shall not begin the work pursuant to the "Scope of Work" of this Agreement until it receives an official written Notice to Proceed from the City. Contractor shall start active and continuous work on the Agreement within fifteen (15) calendar days after the date of the Notice to Proceed. In no case shall work begin prior to the date of the Notice to Proceed. If a delayed starting date is indicated in the proposal, the fifteen (15) calendar day limitation will be waived. Work day charges will then begin on a date mutually agreed upon, but not later than the delayed starting date specified. In the event that any Agreement is canceled after an award has been made but prior to the issuing of the Notice to Proceed, no reimbursement will be made for any expenses accrued relative to this contract during that period.

5.17 Steel or Foundry Products

5.17.01 To comply with Indiana Code 5-16-8, affecting all contracts for the construction, reconstruction, alteration, repair, improvement or maintenance of public works, the following provision shall be added: If steel or foundry products are to be utilized or supplied in the performance of any contract or subcontract, only domestic steel or foundry products shall be used. Should CITY feel that the cost of domestic steel or foundry products is unreasonable; CITY will notify CONTRACTOR in writing of this fact.

5.17.02 Domestic Steel products are defined as follows:

"Products rolled, formed, shaped, drawn, extruded, forged, cast, fabricated or otherwise similarly processed, or processed by a combination of two (2) or more of such operations, from steel made in the United States by open hearth, basic oxygen, electric furnace, Bessemer or other steel making process."

5.17.03 Domestic Foundry products are defined as follows:

"Products cast from ferrous and nonferrous metals by foundries in the United States."

5.17.04 The United States is defined to include all territory subject to the jurisdiction of the United States.

5.17.05 CITY may not authorize or make any payment to CONTRACTOR unless CITY is satisfied that CONTRACTOR has fully complied with this provision.

5.18 Verification of Employees' Immigration Status

Contractor is required to enroll in and verify the work eligibility status of all newly-hired employees through the E-Verify program. (This is not required if the E-Verify program no longer exists). Contractor shall sign an affidavit, attached as Attachment C, affirming that Contractor does not knowingly employ an unauthorized alien. "Unauthorized alien" is defined at 8 U.S. Code 1324a(h)(3) as a person who is not a U.S. citizen or U.S. national and is not lawfully admitted for permanent residence or authorized to work in the U.S. under 8 U.S. Code Chapter 12 or by the U.S. Attorney General.

Contractor and any of its subcontractors may not knowingly employ or contract with an unauthorized alien, or retain an employee or contract with a person that the Contractor or any of its subcontractors learns is an unauthorized alien. If the City obtains information that the Contractor or any of its subcontractors employs or retains an employee who is an unauthorized alien, the City shall notify the Contractor or its subcontractors of the Agreement violation and require that the violation be remedied within thirty (30) calendar days of the date of notice. If the Contractor or any of its subcontractors verify the work eligibility status of the employee in question through the E-Verify program, there is a rebuttable presumption that the Contractor or its subcontractor did not knowingly employ an unauthorized alien. If the Contractor or its subcontractor fails to remedy the violation within the thirty (30) calendar day period, the City shall terminate the Agreement, unless the City determines that terminating the Agreement would be detrimental to the public interest or public property, in which case the City may allow the Agreement to remain in effect until the City procures a new contractor. If the City terminates the Agreement, the Contractor or its subcontractor is liable to the City for actual damages.

Contractor shall require any subcontractors performing work under this Agreement to certify to the Contractor that, at the time of certification, the subcontractor does not knowingly employ or contract with an unauthorized alien and the subcontractor has enrolled in and is participating in the E-Verify program. Contractor shall maintain on file all subcontractors' certifications throughout the term of this Agreement with the City.

5.19 Drug Testing Plan

In accordance with Indiana Code 4-13-18 as amended, the CONTRACTOR was required to submit with his/her bid a written drug testing policy for a public works project that is estimated to cost \$150,000 or more. Among other things, the law sets forth specific requirements that must be in the plan for a program to test the employees of the CONTRACTOR and Subcontractors for drugs. The successful CONTRACTOR must comply with all provisions of the statute. This contract is subject to cancellation if CONTRACTOR fails to implement its testing program during the term of this contract, fails to provide information regarding this testing at the request of CITY; or provides false information to CITY regarding CONTRACTOR's employee drug testing program. CONTRACTOR shall sign an affidavit, attached as Attachment D, affirming that CONTRACTOR has and shall implement CONTRACTOR'S employee drug testing program throughout the term of this project.

IN WITNESS WHEREOF, the parties of this Agreement have hereunto set their hands.

4. **Retainage.** [This Section Intentionally Left Blank].
5. **Standard of Care.** Contractor shall be responsible for completion of the Services in a manner sufficient to meet the professional standards consistent with that of the industry. The City shall be the sole judge of the adequacy of Contractor's work in meeting such standards. However, the City shall not unreasonably withhold its approval as to the adequacy of such performance. Upon notice to Contractor and by mutual agreement between the parties, Contractor will, without additional compensation, correct or replace any and all Services not meeting the Standard of Care.
6. **Responsibilities of the City.** The City shall provide all necessary information regarding requirements for the Services. The City shall furnish such information as expeditiously as is necessary for the orderly progress of the work, and Contractor shall be entitled to rely upon the accuracy and completeness of such information. The City's Project Manager shall act on the City's behalf with respect to this Agreement.
7. **Appropriation of Funds.** If funds for the continued fulfillment of this Agreement by the City are at any time not forthcoming or are insufficient, through failure of any entity, including the City itself, to appropriate funds or otherwise, then the City shall have the right to terminate this Agreement without penalty.
8. **Schedule.** Contractor shall perform the Services according to the schedule set forth in **Exhibit "B"**. The time limits established by this schedule shall not be exceeded, except for reasonable cause as mutually agreed by the parties.
9. **Identity of Contractor.** Contractor acknowledges that one of the primary reasons for its selection by the City to perform the Services is the qualifications and experience of Contractor. Contractor thus agrees that the Services to be performed pursuant to this Agreement shall be performed by Contractor. Contractor shall not subcontract any part of the Services without the prior written permission of the City. The City reserves the right to reject any proposed sub-Contractors, and the Department reserves the right to request that acceptable replacement sub-contractors be assigned to the project.
10. **Ownership of Documents and Intellectual Property.** All documents, drawings and specifications, including digital format files, prepared by Contractor and furnished to the City as part of the Services shall become the property of the Department. Contractor shall retain its ownership rights in its design, drawing details, specifications, databases, computer software and other proprietary property. - 12. Indemnification.** Contractor shall indemnify and hold harmless the City, its officers, members, employees and agents from any and all claims, actions, causes of action, demands, damages, losses, liabilities, judgments and liens arising out any intentional, reckless or negligent act or omission of the Contractor and/or any of its officers, agents, officials, employees, or subcontractors, or any defect in materials or workmanship of any supply, materials, mechanism or other product or service which it or any of its officers, agents, officials, employees, or subcontractors has supplied to City or has used in connection with this Agreement, or arising out of or related to any cybercrime, including, but not limited to, unauthorized access, data breaches, malware, ransomware, phishing attacks, fraudulent payment requests, or other malicious activities perpetrated by or attributable to Contractor, its officers, agents, officials, employees or subcontractors, regardless of whether the cybercrime was committed with or without Contractor's knowledge or consent. Such indemnity shall include attorney's fees and all costs and other expenses arising therefrom or incurred in connection therewith and shall not be limited by reason of the enumeration of any insurance coverage required herein.

If Contractor is a design professional, architect, landscape architect, surveyor, engineer, geologist, or geotechnical / environmental consultant contracting to provide professional services, then Contractor shall not have the duty to defend against a professional liability claim or indemnify against liability other than liability for damages and losses arising out of third-party claims to the extent the damages and losses are caused by Contractor's willful misconduct or negligence.

- 16. **Severability.** The invalidity, illegality or unenforceability of any provision of this Agreement or the occurrence of any event rendering any portion or provision of this Agreement void shall in no way affect the validity or enforceability of any other portion or provision of this Agreement. Any void provision shall be deemed severed from this Agreement, and the balance of the Agreement shall be construed and enforced as if it did not contain the particular provision to be held void. The parties further agree to amend this Agreement to replace any stricken provision with a valid provision that comes as close as possible to the intent of the stricken provision. The provisions of this Article shall not prevent this entire Agreement from being void should a provision which is of the essence of this Agreement be determined void.
- 17. **Assignment.** Neither the City nor the Contractor may assign any rights or duties under this Agreement without the prior written consent of the other party. Unless otherwise stated in the written consent to an assignment, no assignment will release or discharge the assignor from any obligation under this Agreement.
