Stosberg noted that Madeira's first name is misspelled in the meeting minutes. Staff will fix the error.

- **Swafford moved for approval of the April 11, 2025 meeting minutes. Faris seconded. MOTION CARRIED by a voice vote (12-0).*
- IV. Communications from the Chair and Vice Chair
 - a. Ridge congratulated and wished best of luck to all IU grads!
- V. Reports from Officers and/or Committees
 - a. Kennedy shared that the CAC recommended approval for all TIP amendments on today's agenda.
- VI. Reports from the MPO Staff
 - a. Recent TIP trades illustrated in the 2026-2030 TIP

MPO staff reminded the committee that due to unexpected causes, W 2nd Street was unable to use some of its allocated FY25 funding. As a result of that, a loan MOU was made between BMCMPO and the Michiana Area Council of Governments (MACOG) MPO wherein MACOG will loan the BMCMPO \$540,565 in FY2029 in exchange for BMCMPO loaning MACOG \$540,565 of the FY2025 funds that were originally allocated to the City of Bloomington's W 2nd Street project.

Additionally, the Columbus Area MPO (CAMPO) expressed an interest in loaning their FY2026 funds for BMCMPO FY2028 & 2030 funds. Since the City of Bloomington was interested in additional funds in FY2026 specifically to support the W 2nd Street project; therefore, a loan MOU was signed between BMCMPO and CAMPO: \$150,000 FY2028 BMCMPO funds and \$1,029,000 FY2030 BMCMPO funds were loaned for \$1,179,000 FY2026 CAMPO funds. The \$1,179,000 in FY2026 CAMPO funds will be used for the City of Bloomington's W 2nd St (2200012) project.

These changes can be viewed in the updated current FY2024-2028 TIP and the DRAFT FY2026-2030 TIP documents on the <u>BMCMPO TIP page</u>. Since a visual wasn't provided in the packet, one has been inserted below.

⁵The FY2026 Federal spending authority for BMCMPO is \$4,584,567.

Monroe County was awarded \$418.500 and City of Bloomington was awarded \$860,940 for the HSIP Special Call in December 2024. The money is being applied toward projects in 2026.

^{*}Action Requested / Public comment prior to vote (limited to five minutes per speaker).

To compensate for benefiting from this loan, the City of Bloomington will decrease their future federal allocations by \$1,179,000: they've requested to decrease FY2030 College & Walnut Phase 2 funds by \$1,029,000 and decrease FY2028 Dunn St project funds by \$150,000). Staff will share the details of these funds shifts (due to the loans described above) at a future meeting.

Committee member Faris asked what the process is for trading funds. Discussion ensued.

- b. Meeting with INDOT about SR446 project between E SR46 and E Moores Pike MPO staff reminded committee members that one of the INDOT projects in the FY 2026-2030 TIP calls for a Hot Mixed Asphalt (HMA) overlay and minor structural tasks on SR446 between E Moores Pike and E SR46. MPO staff shared that in April, INDOT organized a preliminary fact finding meeting with the City of Bloomington and Monroe County representatives to discuss this project and the future county park that will be located near these road updates. MPO staff appreciated INDOT and their consultants reaching out to discuss this project with the local community.
- c. FY2026-2030 Statewide Transportation Improvement Program (STIP) Public Meetings and Comment Period see public primer for more information.
 - (1) Public Open Houses: Wednesday, April 30, 4-6 p.m. City of Bloomington, City Hall Council Chambers, 401 N. Morton St. Bloomington, IN 47404 view on city calendar
 - (2) Virtual open houses: Thursday, April 3, at 1 p.m. and Thursday, April 24, at 5p.m
 - (3) Public Comment Period: April 1 through May 16, 2025. (a) STIP Public comment form (b) STIP Map Survey

MPO staff reminded committee members of the STIP open comment period as listed in the details above.

- d. BMCMPO Project updates (projects using federal funding allocated through the BMCMPO) as provided by the engineers at the April TAC meeting.
 - (1) City of Bloomington
 - (a) North Dunn Multi-Use Path –are waiting for INDOT approval to officially start the design; however, the city went ahead and hosted a public meeting a few weeks ago to get the design conversation started.
 - (b) Crosswalks Phase 2 Project has been awarded to a contractor and will start construction shortly.
 - (c) B-Line Connector Project –are working on the environmental testing that's required near the railroad before the last piece of the trail can be built. The portion of the trail along W 17th Street has been constructed for a while but is going through last punch list steps before it can officially be closed out.
 - (d) This is not an MPO project; it's being built with a separate federal/state grant that was awarded to the City. However, for everyone's general knowledge, the city will be doing a paving project on Winslow/Rogers near High St (from Allendale on the west end to the stair roundabout on the east end). The roundabout at Winslow/Rogers/High intersection will be closed

for 45 days in the summer. A detour will be posted, but it is a long detour since it's a challenging area.

- (2) Monroe County
 - (a) Vernal Pike Connector project the beams have been set over the railroad; they're currently working on bridge deck installation.
 - (b) Fullerton Pike Project winding up construction phase 1 and 2, from Rockport to Wickens. They are currently building the sound wall to the north along the Highlands. This section of Fullerton Pike will remain closed until August when the county plans to open the entire roadway.
 - (c) Pedestrian Rapid Flashing Beacon project will be starting soon.

- a. BMCMPO FY 2024-2028 TIP Amendments*
 - (1) INDOT, CONTRACT #43265 DES #2000231 (change to existing project)
 - (2) INDOT, CONTRACT #45308 DES #1900331 + 2500088 (change to existing project)

MPO staff shared information about the two proposed TIP amendments, both for INDOT projects, as detailed as detailed in the attached memo. Faris asked what the PE phase funding includes. Nickel shared that the TAC recommended approval of both amendments presented at today's meeting. Cibor asked when we can expect to transition to the next TIP. Stosberg asked what happens if we as a body don't approve these amendments. Discussion ensued.

- **Cibor moved for approval of all BMCMPO FY 2024-2028 TIP Amendments. Nickel seconded. MOTION CARRED by a voice vote (12-0).*
- X. Public Comment on Matters Not Included on the Agenda (non-voting items)

 Limited to five minutes per speaker, and may be reduced by the committee if numerous people wish to speak.

HEA 1509

THE SECRETARY OF TRANSPORTATION

WASHINGTON, DC 20590

July 2, 2025

To All Recipients of U.S. Department of Transportation Funding:

The U.S. Department of Transportation (Department or DOT) distributes substantial Federal financial assistance for thousands of projects, programs, and activities operated or initiated by diverse entities, including but not limited to State and local governments. DOT administers this Federal financial assistance to support the development and maintenance of the Nation's transportation infrastructure, pursuant to statutory authority and in accordance with binding contractual agreements in the form of Federal financial assistance agreements, usually grants, cooperative agreements, and loans.

As part of President Trump's agenda to end illegal discrimination, inefficient climate change policies, and other harmful initiatives in Federal programs, the President has issued several Executive Orders (E.O.) including those titled as follows: E.O. 14170, Reforming The Federal Hiring Process And Restoring Merit To Government Service; E.O. 14151, Ending Radical And Wasteful Government DEI Programs And Preferencing; E.O. 14168, Defending Women From Gender Ideology Extremism And Restoring Biological Truth To The Federal Government; E.O. 14149, Restoring Freedom of Speech and Ending Federal Censorship; E.O. 14173, Ending Illegal Discrimination and Restoring Merit-Based Opportunity; and E.O. 14154, Unleashing American Energy.

These E.O.s direct Federal agencies, where and as consistent with law, to identify and eliminate all orders, directives, rules, regulations, notices, guidance documents, funding agreements, programs, and policy statements, or portions thereof, which were authorized, adopted, or approved between noon on January 20, 2021 and noon on January 20, 2025, and which reference or relate in any way to climate change, "greenhouse gas" emissions, racial equity, gender identity, "diversity, equity, and inclusion" goals, environmental justice, or the Justice 40 Initiative.

Between noon on January 20, 2021 and noon on January 20, 2025, DOT incorporated these types of policies into the terms, schedules, exhibits, and attachments of the Department's Federal financial assistance agreements. Accordingly, I write to clarify that the Department will no longer enforce these policies, or any other requirements incorporated into its Federal financial assistance agreements that are inconsistent with the policy objectives of this Administration and current DOT leadership. More specifically, the Department considers any policies or requirements not based in statute or regulation relating or referring to climate change, "greenhouse gas" emissions, racial equity, gender identity, "diversity, equity, and inclusion" goals, environmental justice, and the Justice 40 Initiative that were incorporated into the terms, schedules, exhibits, and attachments of its Federal financial assistance agreements to be null and void and of no effect. Recipients of DOT Federal financial assistance are hereby released of their obligations to comply with these policies and requirements effective immediately.

This letter does not impose new conditions or requirements, but instead serves merely to provide notice that DOT will not enforce or require adherence to any of the aforementioned policy requirements the prior administration incorporated into the Department's Federal financial assistance agreements. The Department has removed those requirements from its Federal financial assistance agreements, and inserted language that requires compliance with already existing legal requirements, as applicable based on existing court decisions—including, among others, existing legal requirements related to immigration enforcement and the prohibition of discrimination not the type of new sweeping policy requirements imposed by the prior administration.

As a reminder, the Department offers technical guidance and support for all recipients of DOT Federal financial assistance through its program offices. Should you require clarification regarding your obligations, you are encouraged to contact your designated DOT representative.

The Department remains committed to advancing a transportation system that serves the public interest efficiently and unleashes economic prosperity and a superior quality of life for American families and supports our partnership to achieve these goals.

Sincerely,

Sean P. Duffy

RE: Administrative Modifications to the BMCMPO FY2024-2028 BMCMPO Transportation Improvement

Program (TIP)

The Bloomington Monroe County Metropolitan Planning Organization has approved administrative modifications for the following projects that are currently programmed in the BMCMPO FY 2024-2028 Transportation Improvement Program (TIP):

- 1. 2200012, City of Bloomington West 2nd Street Modernization and Safety Improvements
- 2. 2200020, City of Bloomington High Street Intersection Modernizations and MultiUse Path
- 3. 2400042, City of Bloomington North Dunn Street MultiUse Path
- 4. 1902772, Monroe County Rockport Bridge #308 Replacement

Updates to these projects are shown in the attached tables and spreadsheet. Administrative modifications are minor changes to projects that are already in the TIP, as allowed by Figure 26 and 27 in the INDOT STIP Manual. Administrative Modifications may be approved by BMCMPO staff without formal approval from the BMCMPO Policy Committee.

These administrative modifications will be presented as informational items to the BMCMPO Committees at the May 28 and June 13, 2025 meetings (or the next held meeting). If you have any questions or concerns, please call me at (812) 349-3530.

Sincerely,

Pat Martin, Director

Note: A modification was processed by staff in February 2025 to remove all federal and local 2025 CN and CE funding, add local CE funding to 2026; and, add federal and local CN funding to 2026, (transferring from the 2200020 (High Street) project).

Note: An administrative modification was made by MPO staff in April 2025 to change the letting date, decrease FY2026 CN local funding, increase 2026 CN STBG funding, and add 2026 CN TAP, CRP and PROTECT funding. Total project cost did not change. This modification increases federal funding by \$3,122,496. \$1,943,496 of this federal funding was moved to this project from the High Street project (2200020) and \$1,179,000 of this federal funding comes from a trade agreement made in April 2025 between BMCMPO and CAMPO (wherein \$150,000 FY2028 BMCMPO funds and \$1,029,000 FY2030 BMCMPO funds were traded for \$1,179,000 FY2026 CAMPO funds). Due to this trade with CAMPO benefiting the W 2nd Street project, the City of Bloomington also requested to decrease their FY30 federal funding allocations for College & Walnut Phase 2 (2500062) by \$1,029,000 and decreased their FY28 federal funding allocations for Dunn St (240042) by \$150,000. **PENDING STATE/FEDERAL REVIEW

RE: Administrative Modifications to the BMCMPO FY 2024-2028 BMCMPO Transportation Improvement

Program (TIP)

Bloomington Monroe County Metropolitan Planning Organization staff recently made the following changes to these projects in the BMCMPO FY 2024-2028 TIP.

Minor changes were made to the following projects, which are classified as **administrative modifications** for the BMCMPO, per the amendment/modification policy described in <u>Figure 26 and 27 in the INDOT STIP Manual</u>. The changes below did not receive formal approval from the BMCMPO Policy Committee, but will be presented as informational items to the BMCMPO Committees. A spreadsheet is attached to this memo, showing the details of the administrative modifications that were made to the following projects.

- 1. INDOT project, 42595-1800086 & 1800199: increase FY26 CN funding for 1800199 and to decrease FY26 CN funding for 1800086. Change letting date from 7-9-2025 to 11-13-2025.
- 2. Monroe County project, 2200146: increase local funding for the CE and CN phases and move \$72,000 of local bridge funding from the Utilities phase to the CE phase, and to move \$8,000 of local bridge funding from the Utilities phase to the CN phase, to achieve a 80% local bridge/20% local funding ratio for both phases.

The revised TIP is available at www.bloomington.in.gov/mpo/transportation-improvement-program. Recordings for BMCMPO Policy Committee meetings where these changes were presented, can be found at: catstv.net (search term MPO Policy Committee). BMCMPO Policy Committee meeting packets and minutes can be found at: bloomington.in.gov/boards/mpo-policy/meetings?year=2025

If you have any questions or concerns, you can reach BMCMPO Staff at (812) 349-3530 or mpo@bloomington.in.gov.

Re: BMCMPO FY 2026 Unified Planning Work Program (UPWP)

The *Unified Planning Work Program* (UPWP) fulfills specific Federal and State transportation planning requirements ensuring that the Bloomington-Monroe County Metropolitan Planning Organization maintains eligibility for Federal transportation funding. The *Unified Planning Work Program* study area includes the urbanized area of Monroe County and the City of Bloomington thereby ensuring community representation that system-wide transportation issue solutions remain a continuing, cooperative, and comprehensive process. The *Unified Planning Work Program* additionally incorporates a multimodal transportation perspective, including provisions to improve facilities for public transit, bicycling, and pedestrian activities.

The FY 2026 UPWP Planning Emphasis Areas planning will focus on

- Improve infrastructure for non-motorized travel, public transportation access, and increased public transportation service in Title Vi and ADA communities.
- Plan for the safety of all road users, particularly those on arterials, through infrastructure improvements and advanced speed management.
- Promote multiple-occupancy vehicle travel.
- Offer reduced public transportation fares as appropriate.
- Target demand-response service towards communities with higher concentrations of older adults and those with poor access to essential services.
- Select best practices while developing transit-oriented development including affordable housing strategies and consideration of Title VI and ADA populations.
- Support a Transit-Oriented Development Strategic Plan (additional information available here: https://www.transit.dot.gov/TOD.
- Move beyond information gathering/screening tools to equitable outcomes analysis in project programming and delivery.
- Review and/or revise as needed existing documents pertaining to Title VI Implementation, Limited English Proficiency (LEP) assistance, and Title II/Title III ADA procedures (requirements for Places of Public accommodation).

- Maintain current LPA use of Public Right-of-Way Accessibility Guidelines (PROWAG)
 https://highways.dot.gov/safety/pedestrian-bicyclist/safety-tools/r3062-public-right-way-accessibility-guidelines-prowag.
- Review and revise (as needed) the BMCMPO Public Participation Plan and continue the incorporation of tools for meaningful public involvement.
- Develop and facilitate information sessions/training to MPO board members regarding best practice topics.
- Continually review/update websites and other electronic platforms to ensure accessibility and Section 508 compliance directed by the Rehabilitation Act of 1973.
- Incorporate visual components and plain language in required planning documents (i.e., UPWP, TIP, ALOP, etc.) and communication (i.e., newsletters, meeting announcements, public involvement notices, etc.).
- Review current policies, rules, and procedures to determine their impact on safety for all road users, including vulnerable road users (VRUs), and to ensure they include provisions for safety in future transportation infrastructure, particularly those outside of motor vehicles.
- Incorporate vulnerable road users (VRU) considerations during planning, project development, and delivery processes.

THE SECRETARY OF TRANSPORTATION

WASHINGTON, DC 20590

July 1, 2025

Dear Governor:

Safety is the U.S. Department of Transportation (DOT)'s top priority. While I am encouraged that the estimates of traffic fatalities for 2024 continue a downward trend, by decreasing 3.8 percent from 2023, we still have more work to do to improve safety and mobility on our Nation's highways. In 2024, the estimated number was a stunning 39,345. This is unacceptable. I ask that you join DOT and support our national initiative, Safe Arterials for Everyone through Reliable Operations and Distraction-Reducing Strategies (SAFE ROADS), to help improve safety and mobility, eliminate distractions, and keep people and goods moving throughout the United States.

DOT has strong partnerships with your State department of transportation (State DOT) to implement projects and achieve important national priorities, most notably safe mobility. The SAFE ROADS national initiative will focus on the non-freeway arterials within your State, including safety and operation at intersections and along segments, consistent and recognizable traffic control devices including crosswalk and intersection markings, and orderly use of the right-of-way that is kept free from distractions. These routes are where more than half of roadway fatalities in America occur and deserve enhanced attention. The goal of the SAFE ROADS national initiative is to partner with State and local governments to make the entire roadway right-of-way easier to interpret and navigate for all users, including pedestrians, vehicle operators, and automated vehicles alike. We ask that you ensure compliance with Federal statutes and regulations and accelerate the deployment of proven safety and operational solutions to make roads safer across America.

We are getting back to the basics – using data to guide decision-making and prioritize investments that reduce distraction while improving mobility and safety for all road users. Within 60 days, I request that your State DOT, in coordination with your metropolitan planning organizations, use available safety data, analysis, and assessments to develop a list of arterial segments, including intersections, with the highest safety, operational, or compliance concerns that will be addressed by the end of Fiscal Year 2026. Please submit the list of locations to your Federal Highway Administration (FHWA) Division Office.

FHWA will track the progress of this important nationwide initiative and stands ready to support you and your State DOT as you develop your plans. FHWA offers technical resources to assist with road safety audits and assessments in selecting effective safety and operational countermeasures, accelerating implementation of improvements, and complying with Federal standards, such as those for traffic control devices and use of the roadway right-of-way. Please

continue to inform your FHWA Division Office on progress as you take steps to address these locations. I look forward to meeting you at a future opportunity to learn about your success stories and best practices.

With our shared goals of moving people and goods safely and efficiently, we can make the expectation that all Americans make it home safely and on-time a reality.

Sincerely,

Sean P. Duffy
