

City of Bloomington

Environmental Commission

The mission of the Environmental Commission is to promote the stewardship and preservation of the city's environment and natural resources by seeking out and responding to emerging issues, addressing them with sound long-term policy recommendations, and increasing local environmental awareness and engagement.

The views expressed here are solely those of the Environmental Commission as approved in their public meetings, and do not necessarily reflect the views, policies, or positions of the City of Bloomington. Only the Office of the Mayor has the authority to issue policy statements on behalf of the Executive Branch of the City of Bloomington.

The City is committed to providing equal access to information. However, despite our efforts, at times, portions of our board and commission packets are not accessible for some individuals. If you encounter difficulties accessing material in this packet, please contact Melissa Hirtzel at hirtzelm@bloomington.in.gov and provide your name, contact information, and a link to or description of the document or web page you are having problems with.

As a quorum of the Commission or its committees may be present, this gathering constitutes a meeting under the Indiana Open Door Law (I.C. § 5-14-1.5). For that reason, this statement provides notice that this meeting will occur and is open for the public to attend, observe, and record what transpires.

The City offers virtual options, including CATS public access television (live and tape delayed) found at <https://catstv.net/>. Working group meetings may be found at <https://bton.in/ECWGreco>.

Commission appointments may serve up to 90 days after a term has expired.

Tree Commission Application

James Ford

Please explain your interest

I have been attending both the Tree Commission and Environmental Commission meetings for the last few months, and would like to continue my participation formally. I have lived in Bloomington since 1981 and have owned my current home in a leafy part of town for over 20 years. I am interested in Historical Preservation, Environmental stewardship, and wish to do what I can while I am alive to protect and preserve the important things for the future.

Please describe your qualifications

I hold a BA in Mathematics, a BS in Biology, and an MAT in Chemistry, all from IU-Bloomington. I have taught biology and chemistry courses at IVY Tech and at IU. My current work role is confined to a biochemistry lab, but my deep interests lie in the natural world.
