BMC 2.09.020 states that these members serve at the pleasure of the Mayor.

The City is committed to providing equal access to information. However, despite our efforts, at times, portions of our board and commission packets are not accessible for some individuals. If you encounter difficulties accessing material in this packet, please contact Miranda Beaver, Public Works Departmental Accessibility contact at public.works@bloomington.in.gov or 812.349.3411 and provide your name, contact information, and a link to or description of the document or web page you are having problems with. The City offers virtual options, including CATS public access television (live and tape delayed). Comments and questions will be encouraged via Zoom or bloomington.in.gov rather than in person. Auxiliary aids for people with disabilities are available upon request with adequate notice. Please call 812.349.3411 or email public.works@bloomington.in.gov.

Board of Public Works Staff Report

- **Project/Event:** Noise Appeal – 2038 N. Walnut 310-A
- **Citation Number:** 42787
- **Representative(s):** Enedina Kassamanian, Assistant City Attorney
- **Date:** February 25, 2025
- **Re:** Appeal of Noise Violation under Title 14 of the BMC
- **Location:** 2038 N. Walnut APT 310-A, Ave. Bloomington, IN 47404

Attachments:

1. **Noise Citation issued on 01/29/2026**
2. **Request of Appeal**
3. **Notice of Meeting**

Report:

On January 29, 2026, at or around 10:55 P.M., Noise Citation 42787 was issued to Tyler Body at 2038 N. Walnut St. Apt. 310-A, Bloomington, IN 47404 by Bloomington Police Officer Jon Hoffmeister . Officer Hoffmeister described seeing the call come through dispatch where it was pending for fifteen minutes. Officer Hoffmeister then approached the Apartment building where he started to walk up a set of stairs, as he approached the Apt. 310-A he could hear loud music. Officer Hoffmeister then knocked on the door, and Mr. Tyler Body answered. Mr. Body verbally informed the officer that it was his place of residence. As Officer Hoffmeister spoke with Mr. Body, Officer Tillett arrived on scene. With that information from Mr. Body, Officer Hoffmeister accompanied by Officer Tillett, issued a citation to Mr. Body.

On January 30, 2026, Tyler Body requested an appeal.

- A Notice of Meeting was sent to Tyler Body that the appeal would be heard at the February 25th, 2026 Board of Public Works Meeting.
- BMC §14.09.010, states “It is declared to be the public policy of the city to prohibit unreasonable, unnecessary, excessive and offensive noise from all sources subject to its police power. Above certain levels noise is detrimental to the health, welfare, safety, comfort, and repose of the citizenry and in the public interest shall be systematically regulated and proscribed by the city.” BMC § 14.09.030 makes it unlawful “for any person to cause or make any unreasonable noise or to allow any unreasonable noise to be caused or made in or on any real or personal property occupied or controlled by that person..”
- Under our facts, in the written Appeal Mr.. Body makes the argument that he was not given a warning but does not deny the noise was emanating from his residence. Under the BMC, a warning is not required.

- Unreasonable noise did occur at Mr. Body's property in violation of BMC § 14.09.030 and it was pending for more than 15 minutes, by his failure to control the volume of the music and or noise at his gathering a complaint was called into Bloomington Dispatch.
- The citation was properly issued to Tyler Body (the "Occupant"), the occupant lived at the Property as was confirmed by his own statement to BPD officer Hoffmeister when questioned. The noise in question that was created on the property did not fall within any enumerated exemption under BMC § 14.09.040. The citation should be upheld pursuant to the above listed facts

Staff Recommendation:

BPD recommends that the citation be upheld based on the following.

Appeal of Noise Citation to the Board of Public Works

City of Bloomington
Department of Public Works
 401 North Morton Street, Suite 120
 Phone (812)349-3410 3400
 Email: Public.Works@Bloomington.IN.gov

Please complete this form in its entirety. Use black or blue ink only and Print legibly. A copy of the Noise citation you were issued **MUST** be attached to this form. You are encouraged to attach all documents that you believe support your appeal. **All of these documents must be submitted within seven (7) days** after the Noise citation was issued. The Board of Public Works will primarily consider the written materials submitted, including: this appeal form, documents you provide, a statement from the police officer including any complaints made, and staff recommendations. In addition, on the date given below, you will have the opportunity to speak to the Board for two minutes. You will be notified of the Board's decision by first class mail. If your appeal is denied, you may file an appeal with the Monroe County Circuit Court.

Name: Tyler Body Phone Number 317-397-1992
 Citation Number: 42787 Date on Noise Citation: January 29, 2026
(Located in the top right hand corner of the citation)

Subject: Appeal of Noise Ordinance Citation No. 42787

To Whom It May Concern,

I am writing to formally deny responsibility and appeal the noise ordinance citation issued to our residence on January 29, 2026, at approximately 10:55 p.m.

This citation came as a surprise, as we have never received a prior noise complaint or ordinance violation. On the night in question, we were not given any warning or notice from the police prior to the citation being issued. We take being respectful neighbors seriously and consistently try to keep noise at a reasonable level.

On the evening in question, there was a small pregame gathering of approximately ten people at our residence earlier in the night. This was not a party, and the gathering was scheduled to end around 11:00 p.m. Music was kept at a moderate volume, and the gathering was actively winding down at the time the officer arrived.

To ensure we were not impacting others, we spoke directly with our downstairs neighbors, who would reasonably be the most affected if excessive noise or vibration were present. They confirmed that they were not disturbed and did not perceive our unit to be loud at any point that evening. Any unreasonable noise would have been most noticeable directly below us, and this was not the case.

Our household has no prior history of noise complaints or ordinance violations. We do not regularly host large gatherings, and our occupancy has been consistently quiet. If reviewed, building security footage from January 1, 2026 to the present would reflect this pattern.

We also note that no warning was given prior to the citation being issued. While we understand that a warning may not be required under the ordinance, the absence of any prior notice or history contributed to our concern regarding the citation.

We strive to be considerate members of the community and would have immediately addressed any concern had we been made aware of it. Given the limited nature of the gathering, the fact that it was ending at the time of the citation, the absence of corroborating disturbance from adjacent neighbors, our clean record, and the lack of any prior warnings, we respectfully request that this citation be reconsidered and dismissed.

Thank you for your time and consideration.

Sincerely,
Tyler Body

Staff Report

To: Board of Public Works

From: Sean Hampton, HAND and Taylor Brown, Assistant City Attorney

Date: February 24, 2026

Re: Notice(s) of Violation at 530 N. Grant Street, Bloomington, Indiana

Attachments:

1. Notice(s) of Violation Issued on January 29, 2026
2. Photograph(s) of the property
3. National Oceanic and Atmospheric Administration (NOAA) Data for January Snowfall
4. GIS Property Report Card

Facts:

1. BMC § 6.07.010(a) makes it the duty of “every owner of any premises abutting a sidewalk in all parts of the city to remove, or cause to be removed, all snow and ice from the sidewalk to allow safe and reasonable travel on said sidewalk within twenty-four hours after snow or ice has ceased to fall or in any way accumulate.”
2. BMC § 6.07.010(b) specifies the minimum clear width of the path for the downtown snow removal area (defined in BMC § 6.07.010(c)) “shall be the lesser of fifty-four inches or the full-paved width of the sidewalk.” The remainder of the City shall have a minimum clear width of thirty-six inches.
3. According to the NOAA National Weather Service, Bloomington experienced snow on January 25 and 26, 2026. No new snow occurred after that time.
4. On January 29, 2026, a HAND Neighborhood Compliance Officer inspected the property located at 530 N. Grant Street, Bloomington, Indiana (the “Property”) and issued a Notice of Violation for failure to remove snow and ice in violation of BMC § 6.07.010 (the “NOV CODET62026-01-5135”).
5. The NOVs were issued to Powder Monkey LLC (the “Owner”), the owner of the Property.
6. The NOVs followed all notice, service, and content requirements laid out in BMC § 6.07.020(b).

Status of the Property:

Due to the increased temperature, the snow and ice have melted and the sidewalks are clear.

Staff Recommendation:

Staff recommends that the Notices of Violation be upheld, and the appeal brought by the Owner be denied.

Feb 2, 2026

To Board of Public Works:

We are writing to request a waiver for the snow removal citation issued for the tenants and the property at 530 N Grant. We understand and support the city's initiative to keep the city sidewalks safe and accessible; however, the extreme circumstance of this winter storm made compliance within the standard timeframe physically and logistically impossible for residents, property managers, the city, the county, the state and Indiana University..

We are requesting grace based on the following factors:

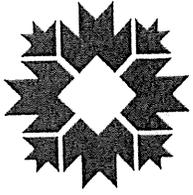

1. Bloomington has not been subjected to a snowfall of this magnitude in many years. The sheer volume of snow vastly exceeded our typical snow equipment and physical labor capabilities within 24 hours, despite sending out contractors beginning on Sunday, and Monday in an attempt to address the snowfall.
2. During the period in question, the city was under a restricted travel advisory. Organizations with far greater resources than ourselves were all hands on deck and still required more time to clear roads and sidewalks under their jurisdiction. The tenants at the property asked to borrow shovels, with many local stores being sold out of them, but were unable to get their vehicles out under the travel advisory and due to the amount of snow and in some cases the snow being plowed from the road. One of our outside contractors had 2 of their 3 trucks break down, forcing them to drive to Greenwood for parts and repairs. Another operator had problems with cylinders. Even IU had trouble with their newer equipment.
3. At the time the citation was issued, many city streets and sidewalks remained unplowed or only partially cleared. If the city's heavy machinery was unable to navigate the conditions, it is unreasonable to expect a private citizen to have cleared the public-facing sidewalk to a higher standard in the same timeframe. To this day, several city streets and sidewalks have restricted lanes due to snow not being properly cleared.
4. We have since addressed the issue with our residents and the property.

We take pride in maintaining our property as a safe environment. However, given the circumstances where even municipal and state efforts were hampered, we believe the citation is harsh. We are requesting that this be reduced to a warning considering the unusual circumstances of the amount of snow received.

Thank you for your time and consideration.

Sincerely,
Powder Monkey LLC

Violation(s):

6.07.010 - Snow and ice removal

BMC 6.07.010 Requires every owner of premises abutting a sidewalk in the city to remove, or cause to be removed, snow and ice from the abutting sidewalk to allow safe and reasonable travel on the sidewalk. Snow and ice must be removed within 24 hours after snow or ice has ceased to fall or in any way accumulate. The minimum clear width shall be 36 inches in all zones except in the downtown snow zone, where the clear width shall be 54 inches.

1st Violation \$50.00
Corrective Action:

1. This Notice must be paid within 10 business days from date of issuance to avoid being turned over to the City's Legal Department. A copy of this Notice must be returned with payment.
You may pay in person or mail payment to the address listed above. This notice must be returned with payment. All fines listed above may be contested in the Monroe County Circuit Courts.
2. This Notice may be appealed by filing a written appeal with the Board of Public Works within 7 days of the issuance. A copy of the Notice must accompany the appeal. Appeals may be mailed, or may be filed during regular business hours at the Department of Public Works, City Hall, 401 N. Morton Street Bloomington, IN 47404. Appeals will be heard at the first meeting of the Board of Public Works following submission of a properly filed appeal. Persons appealing the Notice are entitled to attend the meeting of the Board of Public Works, but are not required to do so.
3. If the property owner fails to pay any accumulated fines, the city legal department may collect said fines in any manner authorized by law.

Powder Monkey, LLC
940 N. Walnut Street
Bloomington, Indiana 47408

Dear Powder Monkey, LLC,

The Board of Public Works received your appeal request on February 2, 2026 to appeal the Notice of Violation Number CODET62026-01-5135 at 530 N. Grant Street.

The Board of Public Works will hear your appeal on February 24, 2026 at 5:30 pm at the Regular Session of the Board of Public Works in the City Hall Council Chambers (Room 115). City Hall is located at 401 North Morton Street, Bloomington, Indiana 47404. If you have any questions regarding the violation, please contact the City of Bloomington Housing and Neighborhood Development at 812-349-3420. If you have any questions regarding the appeal process for the Board of Public Works Meeting, please reach out to the Board of Public Works Liaison at public.works@bloomington.in.gov, or 812-349-3410.

Sincerely,

(Miranda Beaver)
Board of Public Works Liaison
Department of Public Works

Staff Report

To: Board of Public Works

From: Sean Hampton, HAND and Taylor Brown, Assistant City Attorney

Date: February 24, 2026

Re: Notice(s) of Violation at 801 W. Howe St, Bloomington, Indiana

Attachments:

1. Notice(s) of Violation Issued on February 2, 2026
2. Photograph(s) of the property
3. National Oceanic and Atmospheric Administration (NOAA) Data for January and February Snowfall
4. GIS Property Report Card

Facts:

1. BMC § 6.07.010(a) makes it the duty of “every owner of any premises abutting a sidewalk in all parts of the city to remove, or cause to be removed, all snow and ice from the sidewalk to allow safe and reasonable travel on said sidewalk within twenty-four hours after snow or ice has ceased to fall or in any way accumulate.”
2. BMC § 6.07.010(b) specifies the minimum clear width of the path for the downtown snow removal area (defined in BMC § 6.07.010(c)) “shall be the lesser of fifty-four inches or the full-paved width of the sidewalk.” The remainder of the City shall have a minimum clear width of thirty-six inches.
3. According to the NOAA National Weather Service, Bloomington experienced snow on January 25 and 26, 2026. No new snow occurred after that time.
4. On February 2, 2026, a HAND Neighborhood Compliance Officer inspected the property located at 801 W. Howe St, Bloomington, Indiana (the “Property”) and issued a Notice of Violation for failure to remove snow and ice in violation of BMC § 6.07.010 (the “NOV CODET62026-02-5228”).
5. The NOVs were issued to Greer & Tessa Newton (the “Owner”), the owner of the Property.
6. The NOVs followed all notice, service, and content requirements laid out in BMC § 6.07.020(b).

Status of the Property:

Due to the increased temperature, the snow and ice have melted and the sidewalks are clear.

Staff Recommendation:

Staff recommends that the Notices of Violation be upheld, and the appeal brought by the Owner be denied.

Snow Appeal ▼

Appeal of Snow Citation to the Board of Public Works

City of Bloomington
Department of Public Works
401 North Morton Street, Suite 120
Phone (812)349-3410 3400
Email: Public.Works@Bloomington.IN.gov

Please complete this form in its entirety. Use black or blue ink only and Print legibly. A copy of the snow citation you were issued **MUST** be attached to this form. You are encouraged to attach all documents that you believe support your appeal. **All of these documents must be submitted within seven (7) days** after the snow citation was issued. The Board of Public Works will primarily consider the written materials submitted, including: this appeal form, documents you provide, a statement from the police officer including any complaints made, and staff recommendations. In addition, on the date given below, you will have the opportunity to speak to the Board for two minutes. You will be notified of the Board's decision by first class mail. If your appeal is denied, you may file an appeal with the Monroe County Circuit within seven (7) days from the date of the Board's decision.

Name: Greer & Tessa Newton Phone Number 3176528182

Citation Number: None Date on Snow Citation: 2/2/26

(Located in the top right hand corner of the citation)

Local Address:
801 W Howe St
Bloomington, IN 47403

Permanent Address:
801 W Howe St
Bloomington, IN 47403

Today's Date: 2/5/26

Reason for Appeal:
City snow removal left extraordinary amount of snow off Maple Street onto our property. We had a professional with snowblower who was unable to clear the unusually high amount of snow pushed onto that sidewalk. We would very much appreciate your voiding the fine on our behalf. Thank you.

(You may continue on another page if necessary)

On this day, I submitted my completed appeal of snow citation and received the date of _____
When the Board of Public Works will consider my appeal.

Staff Report

To: Board of Public Works

From: Chastina Hayes, HAND and Taylor Brown, Assistant City Attorney

Date: February 24, 2026

Re: Notice(s) of Violation at 1327 N. Walnut St, Bloomington, Indiana

Attachments:

1. Notice(s) of Violation Issued on February 3, 2026
2. Photograph(s) of the property
3. National Oceanic and Atmospheric Administration (NOAA) Data for January and February Snowfall
4. GIS Property Report Card

Facts:

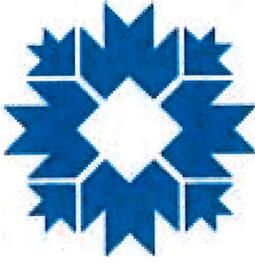

1. BMC § 6.07.010(a) makes it the duty of “every owner of any premises abutting a sidewalk in all parts of the city to remove, or cause to be removed, all snow and ice from the sidewalk to allow safe and reasonable travel on said sidewalk within twenty-four hours after snow or ice has ceased to fall or in any way accumulate.”
2. BMC § 6.07.010(b) specifies the minimum clear width of the path for the downtown snow removal area (defined in BMC § 6.07.010(c)) “shall be the lesser of fifty-four inches or the full-paved width of the sidewalk.” The remainder of the City shall have a minimum clear width of thirty-six inches.
3. According to the NOAA National Weather Service, Bloomington experienced snow on January 25 and 26, 2026. No new snow occurred after that time.
4. On February 3, 2026, a HAND Neighborhood Compliance Officer inspected the property located at 1327 N. Walnut Street, Bloomington, Indiana (the “Property”) and issued a Notice of Violation for failure to remove snow and ice in violation of BMC § 6.07.010 (the “NOV CODET62026-02-5308”).
5. The NOVs were issued to PJ&R Partnership (the “Owner”), the owner of the Property.
6. The NOVs followed all notice, service, and content requirements laid out in BMC § 6.07.020(b).

Status of the Property:

Due to the increased temperature, the snow and ice have melted and the sidewalks are clear.

Staff Recommendation:

Staff recommends that the Notices of Violation be upheld, and the appeal brought by the Owner be denied.

Appeal of Snow Citation to the Board of Public Works

City of Bloomington
Department of Public Works
401 North Morton Street, Suite 120
Phone (812)349-3410
Email: Public.Works@Bloomington.IN.gov

Please complete this form in its entirety. Use black or blue ink only and Print legibly. A copy of the snow citation you were issued **MUST** be attached to this form. You are encouraged to attach all documents that you believe support your appeal. **All of these documents must be submitted within seven (7) days** after the snow citation was issued. The Board of Public Works will primarily consider the written materials submitted, including: this appeal form, documents you provide, a statement from the police officer including any complaints made, and staff recommendations. In addition, on the date given below, you will have the opportunity to speak to the Board for two minutes. You will be notified of the Board's decision by first class mail. If your appeal is denied, you may file an appeal with the Monroe County Circuit Court.

Name: Sarah May Phone Number 812-334-2400

Citation Number: _____ Date on Snow Citation: February 3, 2026
(Located in the top right hand corner of the citation)

Local Address:
1327 N. Walnut Street
Bloomington, IN 47402

Permanent Address:
SAME

Today's Date: February 3, 2026

Reason for Appeal: See attached

(You may continue on another page if necessary)

On this day, I submitted my completed appeal of snow citation and received the date of _____
When the Board of Public Works will consider my appeal.

See attached letter received by mail
Signature _____ Date _____

For use by Public Works:
Date Appeal Received: February 9, 2026 Received By: Muanda Kue Beaver

February 3, 2026

Department of Public Works
City Hall
401 N. Morton Street
Bloomington, IN 47404

Regarding: Notice of Violation

To Whom it May Concern,

We received the included violation notice on February 3, 2026. Please note this is not our street address and there is no ticket number.

I am writing to appeal this fine. Our snow clearing service cleared the parking lot and sidewalks 2 x's each after the record snowfall to the tune of almost \$1000 (see attached invoice). The plowing of the city streets buried the cleared sidewalks in icy snow that could not be shoveled, I tried. As you are well aware, the temperatures have been below freezing for over a week. We understand that roads have to be plowed. These are extenuating circumstances that have made it impossible to budge the packed, icy sidewalks. We did our job and had the snow removed in a timely fashion. Please recognize that we did our part and dismiss this fine.

Sincerely,

A handwritten signature in black ink that reads 'Sarah May'. The signature is fluid and cursive, with a long horizontal stroke extending to the right.

Sarah May

Notice of Violation

HAND
P.O. Box 100
401 N. Morton Street
Bloomington, IN 47402
www.bloomington.in.gov

Ticket # _____

Date 2.3.24 Time 1250 PM Address/location 1323 N Walnut St 47408

BMC 6.07.010 Requires every owner of premises abutting a sidewalk in the city to remove, or cause to be removed, snow and ice from the abutting sidewalk to allow safe and reasonable travel on the sidewalk. Snow and ice must be removed within 24 hours after snow or ice has ceased to fall or in any way accumulate. The minimum clear width shall be 36 inches in all zones except in the downtown snow zone, where the clear width shall be 54 inches.

Fine Due \$50 \$100 \$150 Warning (No fine due at this time)

Comments: _____

1. This Notice must be paid within 10 business days from date of issuance to avoid being turned over to the City's Legal Department. A copy of this Notice must be returned with payment.

You may pay in person or mail payment to the address listed above. This notice must be returned with payment.

All fines listed above may be contested in the Monroe County Circuit Courts.

Owner Name _____
Address _____
City _____ State _____
Zip Code _____

Agent Name _____
Address _____
City _____ State _____
Zip Code _____

2. This Notice may be appealed by filing a written appeal with the Board of Public Works within 7 days of the issuance. A copy of the Notice must accompany the appeal. Appeals may be mailed, or may be filed during regular business hours at the Department of Public Works, City Hall, 401 N. Morton Street Bloomington, IN 47404. Appeals will be heard at the first meeting of the Board of Public Works following submission of a properly filed appeal. Persons appealing the Notice are entitled to attend the meeting of the Board of Public Works, but are not required to do so.

3. If the property owner fails to pay any accumulated fines, the city legal department may collect said fines in any manner authorized by law.

Dear (Appellant),

The Board of Public Works received your appeal request on February 9, 2026 to appeal the Notice of Violation Number issued on February 3, 2026 at 1327 North Walnut Street.

The Board of Public Works will hear your appeal on February 24, 2026 at the Regular Session of the Board of Public Works in the City Hall Council Chambers (Room 115). City Hall is located at 401 North Morton Street, Bloomington, Indiana 47404. If you have any questions regarding the violation, please contact the City of Bloomington Housing and Neighborhood Development at 812-349-3420. If you have any questions regarding the appeal process for the Board of Public Works Meeting, please reach out to the Board of Public Works Liaison at public.works@bloomington.in.gov, or 812-349-3410.

Sincerely,

(Miranda Beaver)
Board of Public Works Liaison
Department of Public Works

Staff Report

To: Board of Public Works

From: Rob Council, HAND and Taylor Brown, Assistant City Attorney

Date: February 24, 2026

Re: Notice(s) of Violation at 2811-2817 E. 3rd Street, Bloomington, Indiana

Attachments:

1. Notice(s) of Violation Issued on February 2, 2026
2. Photograph(s) of the property
3. National Oceanic and Atmospheric Administration (NOAA) Data for January and February Snowfall
4. GIS Property Report Card

Facts:

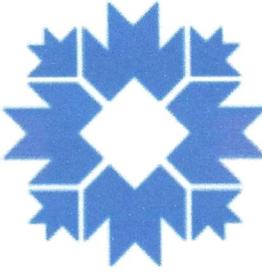

1. BMC § 6.07.010(a) makes it the duty of “every owner of any premises abutting a sidewalk in all parts of the city to remove, or cause to be removed, all snow and ice from the sidewalk to allow safe and reasonable travel on said sidewalk within twenty-four hours after snow or ice has ceased to fall or in any way accumulate.”
2. BMC § 6.07.010(b) specifies the minimum clear width of the path for the downtown snow removal area (defined in BMC § 6.07.010(c)) “shall be the lesser of fifty-four inches or the full-paved width of the sidewalk.” The remainder of the City shall have a minimum clear width of thirty-six inches.
3. According to the NOAA National Weather Service, Bloomington experienced snow on January 25 and 26, 2026. No new snow occurred after that time.
4. On February 2, 2026, a HAND Neighborhood Compliance Officer inspected the property located at 2811-2817 E. 3rd Street, Bloomington, Indiana (the “Property”) and issued a Notice of Violation for failure to remove snow and ice in violation of BMC § 6.07.010 (the “NOV CODET62026-02-5222”).
5. The NOVs were issued to Bloomington Investment Partners LLC (the “Owner”), the owner of the Property.
6. The NOVs followed all notice, service, and content requirements laid out in BMC § 6.07.020(b).

Status of the Property:

Due to the increased temperature, the snow and ice have melted and the sidewalks are clear.

Staff Recommendation:

Staff recommends that the Notices of Violation be upheld, and the appeal brought by the Owner be denied.

Appeal of Snow Citation to the Board of Public Works

City of Bloomington
Department of Public Works
401 North Morton Street, Suite 120
Phone (812)349-3410
Email: Public.Works@Bloomington.IN.gov

Please complete this form in its entirety. Use black or blue ink only and Print legibly. A copy of the snow citation you were issued **MUST** be attached to this form. You are encouraged to attach all documents that you believe support your appeal. **All of these documents must be submitted within seven (7) days** after the snow citation was issued. The Board of Public Works will primarily consider the written materials submitted, including: this appeal form, documents you provide, a statement from the police officer including any complaints made, and staff recommendations. In addition, on the date given below, you will have the opportunity to speak to the Board for two minutes. You will be notified of the Board's decision by first class mail. If your appeal is denied, you may file an appeal with the Monroe County Circuit Court.

Name: Bloomington Investment Partners Phone Number _____

Citation Number: CODET 62026-02 - ^{LLC} Date on Snow Citation: 2/2/2026
(Located in the top right hand corner of the citation)

Local Address:
2811-2817 EAST Third St
Bloomington, IN 47408

Permanent Address:
4334 Glenoxale - Milford Rd
Cincinnati, OH 45242

Today's Date: 2/6/2026

Reason for Appeal: Received notice of citation on 2/5/26 by mail. ON Friday, January 30th we received a call from owner of Chilis parcel about this citation. We immediately had our snow removal vendor clear the sidewalks. The snow issue was caused from city clearing the streets - therefore blocking the sidewalks. We responded immediately upon notice of the issue -
(You may continue on another page if necessary)

On this day, I submitted my completed appeal of snow citation and received the date of 2/6/26 When the Board of Public Works will consider my appeal.

Notice of Violation

2811 E 3rd ST
 Bloomington IN 47401
 53-05-35-300-042.000-005

Owner

Bloomington Investment Partners LLC
 4334 Glendale-Milford Rd
 Cincinnati OH 45242

Violation(s):

6.07.010 - Snow and ice removal

BMC 6.07.010 Requires every owner of premises abutting a sidewalk in the city to remove, or cause to be removed, snow and ice from the abutting sidewalk to allow safe and reasonable travel on the sidewalk. Snow and ice must be removed within 24 hours after snow or ice has ceased to fall or in any way accumulate. The minimum clear width shall be 36 inches in all zones except in the downtown snow zone, where the clear width shall be 54 inches.

1st Violation \$50.00

Corrective Action:

1. This Notice must be paid within 10 business days from date of issuance to avoid being turned over to the City's Legal Department. A copy of this Notice must be returned with payment.
You may pay in person or mail payment to the address listed above. This notice must be returned with payment. All fines listed above may be contested in the Monroe County Circuit Courts.
2. This Notice may be appealed by filing a written appeal with the Board of Public Works within 7 days of the issuance. A copy of the Notice must accompany the appeal. Appeals may be mailed, or may be filed during regular business hours at the Department of Public Works, City Hall, 401 N. Morton Street Bloomington, IN 47404. Appeals will be heard at the first meeting of the Board of Public Works following submission of a properly filed appeal. Persons appealing the Notice are entitled to attend the meeting of the Board of Public Works, but are not required to do so.
3. If the property owner fails to pay any accumulated fines, the city legal department may collect said fines in any manner authorized by law.

Staff Report

To: Board of Public Works

From: Rob Council, HAND and Taylor Brown, Assistant City Attorney

Date: February 24, 2026

Re: Notice(s) of Violation at 3509 E. 3rd Street, Bloomington, Indiana

Attachments:

1. Notice(s) of Violation Issued on February 2, 2026
2. Photograph(s) of the property
3. National Oceanic and Atmospheric Administration (NOAA) Data for January and February Snowfall
4. GIS Property Report Card

Facts:

1. BMC § 6.07.010(a) makes it the duty of “every owner of any premises abutting a sidewalk in all parts of the city to remove, or cause to be removed, all snow and ice from the sidewalk to allow safe and reasonable travel on said sidewalk within twenty-four hours after snow or ice has ceased to fall or in any way accumulate.”
2. BMC § 6.07.010(b) specifies the minimum clear width of the path for the downtown snow removal area (defined in BMC § 6.07.010(c)) “shall be the lesser of fifty-four inches or the full-paved width of the sidewalk.” The remainder of the City shall have a minimum clear width of thirty-six inches.
3. According to the NOAA National Weather Service, Bloomington experienced snow on January 25 and 26, 2026. No new snow occurred after that time.
4. On February 2, 2026, a HAND Neighborhood Compliance Officer inspected the property located at 3509 E. 3rd Street, Bloomington, Indiana (the “Property”) and issued a Notice of Violation for failure to remove snow and ice in violation of BMC § 6.07.010 (the “NOV CODET62026-02-5261”).
5. The NOVs were issued to Julie Kratz (the “Owner”), the owner of the Property.
6. The NOVs followed all notice, service, and content requirements laid out in BMC § 6.07.020(b).

Status of the Property:

Due to the increased temperature, the snow and ice have melted and the sidewalks are clear.

Staff Recommendation:

Staff recommends that the Notices of Violation be upheld, and the appeal brought by the Owner be denied.

Appeal of Snow Citation to the Board of Public Works

City of Bloomington
Department of Public Works
401 North Morton Street, Suite 120
Phone (812)349-3410
Email: Public.Works@Bloomington.IN.gov

Please complete this form in its entirety. Use black or blue ink only and Print legibly. A copy of the snow citation you were issued **MUST** be attached to this form. You are encouraged to attach all documents that you believe support your appeal. **All of these documents must be submitted within seven (7) days** after the snow citation was issued. The Board of Public Works will primarily consider the written materials submitted, including: this appeal form, documents you provide, a statement from the police officer including any complaints made, and staff recommendations. In addition, on the date given below, you will have the opportunity to speak to the Board for two minutes. You will be notified of the Board's decision by first class mail. If your appeal is denied, you may file an appeal with the Monroe County Circuit Court.

Name: Julie Kratz Phone Number _____
Citation Number: _____ Date on Snow Citation: February 2, 2020
(Located in the top right hand corner of the citation)

Local Address:
3509 E. 3rd Street
Bloomington, IN 47401

Permanent Address:

Today's Date: February 9, 2020

Reason for Appeal: see attached letter that was
received in mail

(You may continue on another page if necessary)

On this day, I submitted my completed appeal of snow citation and received the date of _____
When the Board of Public Works will consider my appeal.

See attached letter
Signature

February 9, 2020
Date

For use by Public Works:
Date Appeal Received: February 9, 2020 Received By: Mianda Kue Beaver
Date Appeal Forwarded to Legal Department: February 9, 2020

To: Taylor Brown, Legal Jeremy Bettis, HAND Rob Council, HAND

IVY TECH
COMMUNITY COLLEGE

To whom it may concern:
Hi, - we just moved to
Bloomington and are very
sorry we were not prepared
for this kind of snow.
We tried to clear our
driveway and sidewalk
and the plow kept
piling on more snow and
it got icy and hard and
now we cannot clear it
with our shovel - we will
buy a snowplow for next
season - our apologies and
please ask for a warning
since new ivytech.edu + first time
Julie Krutz

Notice of Violation

HAND
P.O. Box 100
401 N. Morton Street
Bloomington, IN 47402
www.bloomington.in.gov

Ticket # _____

Date 2/2/26 Time 3:40 Address/location 3509 E 3rd St 47410

BMC 6.07.010 Requires every owner of premises abutting a sidewalk in the city to remove, or cause to be removed, snow and ice from the abutting sidewalk to allow safe and reasonable travel on the sidewalk. Snow and ice must be removed within 24 hours after snow or ice has ceased to fall or in any way accumulate. The minimum clear width shall be 36 inches in all zones except in the downtown snow zone, where the clear width shall be 54 inches.

Fine Due \$50 \$100 \$150 Warning (No fine due at this time)

Comments: Please clear snow from sidewalk

1. This Notice must be paid within 10 business days from date of issuance to avoid being turned over to the City's Legal Department. A copy of this Notice must be returned with payment.

You may pay in person or mail payment to the address listed above. This notice must be returned with payment.

All fines listed above may be contested in the Monroe County Circuit Courts.

Owner Name	<u>Julie Kratz</u>
Address	<u>151 Tulip Magnolia Dr</u>
City	<u>Advance</u> State <u>NC</u>
Zip Code	<u>77006</u>

Agent Name	_____
Address	_____
City	_____ State _____
Zip Code	_____

2. This Notice may be appealed by filing a written appeal with the Board of Public Works within 7 days of the issuance. A copy of the Notice must accompany the appeal. Appeals may be mailed, or may be filed during regular business hours at the Department of Public Works, City Hall, 401 N. Morton Street Bloomington, IN 47404. Appeals will be heard at the first meeting of the Board of Public Works following submission of a properly filed appeal. Persons appealing the Notice are entitled to attend the meeting of the Board of Public Works, but are not required to do so.

3. If the property owner fails to pay any accumulated fines, the city legal department may collect said fines in any manner authorized by law.

Issued by: 207

Julie Kratz
3509 East 3rd Street
Bloomington, Indiana 47401

Dear Julie Kratz,

The Board of Public Works received your appeal request on February 9, 2026 to appeal the Notice of Violation for Snow Removal at 3509 East 3rd Street.

The Board of Public Works will hear your appeal on February 24, 2026 at 5:30 pm at the Regular Session of the Board of Public Works in the City Hall Council Chambers (Room 115). City Hall is located at 401 North Morton Street, Bloomington, Indiana 47404. If you have any questions regarding the violation, please contact the City of Bloomington Housing and Neighborhood Development at 812-349-3420. If you have any questions regarding the appeal process for the Board of Public Works Meeting, please reach out to the Board of Public Works Liaison at public.works@bloomington.in.gov, or 812-349-3410.

Sincerely,

(Miranda Beaver)
Board of Public Works Liaison
Department of Public Works

Staff Report

To: Board of Public Works

From: Sean Hampton, HAND and Taylor Brown, Assistant City Attorney

Date: February 24, 2026

Re: Notice(s) of Violation at 1013 N. College Ave, Bloomington, Indiana

Attachments:

1. Notice(s) of Violation Issued on January 30, 2026; February 2, 2026; February 6, 2026; February 9, 2026
2. Photograph(s) of the property
3. National Oceanic and Atmospheric Administration (NOAA) Data for January and February Snowfall
4. GIS Property Report Card

Facts:

1. BMC § 6.07.010(a) makes it the duty of “every owner of any premises abutting a sidewalk in all parts of the city to remove, or cause to be removed, all snow and ice from the sidewalk to allow safe and reasonable travel on said sidewalk within twenty-four hours after snow or ice has ceased to fall or in any way accumulate.”
2. BMC § 6.07.010(b) specifies the minimum clear width of the path for the downtown snow removal area (defined in BMC § 6.07.010(c)) “shall be the lesser of fifty-four inches or the full-paved width of the sidewalk.” The remainder of the City shall have a minimum clear width of thirty-six inches.
3. According to the NOAA National Weather Service, Bloomington experienced snow on January 25 and 26, 2026. No new snow occurred after that time.
4. On January 30, 2026, a HAND Neighborhood Compliance Officer inspected the property located at 1013 N. College Ave, Bloomington, Indiana (the “Property”) and issued a Notice of Violation for failure to remove snow and ice in violation of BMC § 6.07.010 (the “NOV CODET62026-01-5209”).
5. On February 2, 2026; February 6, 2026; and February 9, 2026; a Neighborhood Compliance Officer re-inspected the Property and issued additional Notices of Violation for failure to remove snow and ice on the Property in violation of BMC § 6.07.010 (the January 30 NOV and Notices of Violation issued on February 2, February 6, and February 9 are collectively the “NOVs”).
6. The NOVs were issued to 1013 North College Avenue LLC (the “Owner”), the owner of the Property.
7. The NOVs followed all notice, service, and content requirements laid out in BMC § 6.07.020(b).

Status of the Property:

Due to the increased temperature, the snow and ice have melted and the sidewalks are clear.

Staff Recommendation:

Staff recommends that the Notices of Violation be upheld, and the appeal brought by the Owner be denied.

Appeal of Snow Citation to the Board of Public Works

City of Bloomington
Department of Public Works
401 North Morton Street, Suite 120
Phone (812)349-3410
Email: Public.Works@Bloomington.IN.gov

Please complete this form in its entirety. Use black or blue ink only and Print legibly. A copy of the snow citation you were issued **MUST** be attached to this form. You are encouraged to attach all documents that you believe support your appeal. **All of these documents must be submitted within seven (7) days** after the snow citation was issued. The Board of Public Works will primarily consider the written materials submitted, including: this appeal form, documents you provide, a statement from the police officer including any complaints made, and staff recommendations. In addition, on the date given below, you will have the opportunity to speak to the Board for two minutes. You will be notified of the Board's decision by first class mail. If your appeal is denied, you may file an appeal with the Monroe County Circuit Court.

Name: Lovers Playground Phone Number 812-332-5160

Citation Number: _____ Date on Snow Citation: 1/30/26
(Located in the top right hand corner of the citation)

Local Address:
1013 N College Ave
Bloomington, IN 47404

Permanent Address:
1013 N College Ave
Bloomington, IN 47404

Today's Date: 2/6/26

Reason for Appeal: was unaware the section of side walk in question was our responsibility.

Have also been unable to rectify the situation due to leaving town to handle a family emergency
(You may continue on another page if necessary)

On this day, I submitted my completed appeal of snow citation and received the date of 2/6/26
When the Board of Public Works will consider my appeal.

Notice of Violation

1013 N College AVE
Bloomington IN 47404
53-05-33-204-040.000-005

Owner

1013 North College LLC
4508 W Montrose AVE
Chicago IL 60641

Violation(s):

6.07.010 - Snow and ice removal

BMC 6.07.010 Requires every owner of premises abutting a sidewalk in the city to remove, or cause to be removed, snow and ice from the abutting sidewalk to allow safe and reasonable travel on the sidewalk. Snow and ice must be removed within 24 hours after snow or ice has ceased to fall or in any way accumulate. The minimum clear width shall be 36 inches in all zones except in the downtown snow zone, where the clear width shall be 54 inches.

1st Violation \$50.00

Corrective Action:

1. This Notice must be paid within 10 business days from date of issuance to avoid being turned over to the City's Legal Department. A copy of this Notice must be returned with payment.
You may pay in person or mail payment to the address listed above. This notice must be returned with payment. All fines listed above may be contested in the Monroe County Circuit Courts.
2. This Notice may be appealed by filing a written appeal with the Board of Public Works within 7 days of the issuance. A copy of the Notice must accompany the appeal. Appeals may be mailed, or may be filed during regular business hours at the Department of Public Works, City Hall, 401 N. Morton Street Bloomington, IN 47404. Appeals will be heard at the first meeting of the Board of Public Works following submission of a properly filed appeal. Persons appealing the Notice are entitled to attend the meeting of the Board of Public Works, but are not required to do so.
3. If the property owner fails to pay any accumulated fines, the city legal department may collect said fines in any manner authorized by law.

Lover's Playground
1013 N. College Avenue
Bloomington, Indiana 47404
812-332-5160

Dear Lover's Playground,

The Board of Public Works received your appeal request on February 6, 2026 and February 9, 2026 to appeal the Notice of Violations issued on January 30, February 2, February 6 and February 9, 2026 at 1013 N. College Avenue.

The Board of Public Works will hear your appeal on February 24, 2026 at 5:30 pm at the Regular Session of the Board of Public Works in the City Hall Council Chambers (Room 115). City Hall is located at 401 North Morton Street, Bloomington, Indiana 47404. If you have any questions regarding the violation, please contact the City of Bloomington Housing and Neighborhood Development at 812-349-3420. If you have any questions regarding the appeal process for the Board of Public Works Meeting, please reach out to the Board of Public Works Liaison at public.works@bloomington.in.gov, or 812-349-3410.

Sincerely,

Miranda Beaver

City of Bloomington Concrete Bid 2026
Attention: Tony Carroll

City of Bloomington 2026

Tony,

imi elects to hold the City of Bloomington's current concrete pricing. Below, you will find our bid from 2024. This contains the pricing imi wishes to hold for the 2026 construction season.

If you have any additional questions, please don't hesitate to contact us.

Thank you for your business and continued partnership with imi!

Parker Roberts

Sales Representative

Affirmative Action Plan

Irving Materials, Inc. is committed to its Equal Employment Opportunity Policy. This includes a commitment to following the guidelines established in Executive Order #11246, as amended; Section 402 of the Vietnam Veterans Readjustment Assistance Act of 1994; and Section 503 of the Rehabilitation Act of 1973.

The company has an Equal Employment Opportunity Officer who is responsible to implement the company's EEO programs. This officer will coordinate the programs, advise and assist management and other key officials of the company; and will prepare and present periodic reports and shall make appropriate recommendations along these lines. The people in the company who have been assigned these responsibilities is Shawn Alpers/Carrie Heisler, 8032 N. State Rd. 9, Greenfield, IN 46140, 317-326-3101. His/Her name, address and telephone number will be posted on the bulletin boards at the Greenfield office so that he/she may be reached concerning Equal Employment Opportunity matters.

The company will take appropriate steps to assure that all employees and applicants are advised of this policy of nondiscrimination and of the company's interest in actively, and affirmatively providing Equal Employment Opportunity through the following actions:

A. Notices and posters setting forth the company's Equal Employment Opportunity Policy will be placed in areas readily accessible to the employees, applicants for employment, and potential employees;

B. All management and key personnel in a position to implement this policy, including those involved in training, recruitment, and other personnel activities, will be fully advised through the company's EEO Officer of the company's EEO policy and of their responsibility with respect to it;

C. The company will make periodic checks to assure total application of the EEO policy.

Hiring, promotion and transfer will be done without regard to race, age, color, religion, National Origin, sex, ancestry, disability, qualified disabled Veterans, or veterans of the Vietnam era. Supervisors will inform employees annually of any promotional opportunities.

The company will require that layoffs, termination's, down grading, and recall from layoffs are made without regard to race, age, color, religion, National Origin, sex, ancestry, disability, qualified veterans, or veterans of the Vietnam era.

In carrying out its Affirmative Action Policy of providing Equal Employment Opportunity, the company will insure that no employee will be discriminated against for reasons of race, age, color, religion, National Origin, sex, ancestry, disability, qualified disabled veterans, or veterans of the Vietnam era, with regard to:

- A. Compensation;**
- B. Fringe Benefits;**
- C. Layoffs or Recalls;**
- D. Termination's;**
- E. Overtime Work;**
- F. Promotions;**
- G. Transfer;**
- H. Training;**
- I. Any other matters pertaining to employee/employer relationships.**

Women will not be penalized in their conditions of employment because they require time away from work due to childbearing. They will be granted a leave of absence for a reasonable period of time and returned to the same position and pay which that was held before the leave.

It will be the policy of Irving Materials, Inc. to accommodate the religious observances and priorities of an employee, unless Irving Materials, Inc. is unable to reasonably accommodate to an employee's or prospective employee's religious observance or priorities, with undue hardship on the conduct of its business.

The company will continue to recruit prospective employees without regard to race, age, color, religion, National Origin, sex, ancestry, disability, qualified disabled veterans, or veterans of the Vietnam era, as follows:

- A. By stating in all newspaper advertising for "Help Wanted" that the company is a Equal Opportunity Employer (AA/F/M/V/H);**
- B. By the company's supervisory and the EEO Officer personally and in writing, notifying sources of potential employees, such as employment agencies (private and governmental), unions, schools, and minority group organizations;**
- C. By using company minority group personnel in recruitment when there is a need for additional personnel;**
- D. By continued efforts to negotiate for Equal Employment Opportunity clauses in the company's labor contracts.**

The company will continue its support of apprenticeship programs as follows:

A. By notifying all of our employees of available programs without regard to race, age, color, religion, National Origin, sex, ancestry, disability, qualified disabled veterans, or veterans of Vietnam era;

B. By notifying aforementioned potential sources of employees of available programs and providing assistance to interested persons in gaining admission;

C. By using apprentices on projects where the company deems feasible.

The company will continue its on the job training programs on an Equal Employment Opportunity basis and will continue to upgrade its employees without regard to race, age, color, religion, National Origin, sex, ancestry, disability, qualified disabled veterans, or veterans of the Vietnam era.

All employees are advised of any openings and/or training that may be available.

Through continuous intra-company training, we will instruct all supervisory personnel to request all referrals for employment without regard to race, age, color, religion, National Origin, sex, ancestry, disability, qualified disabled veterans, or veterans of the Vietnam era.

Specific grievance procedures are spelled out in the respective union contracts. Access to these documents by our employees is open. Copies can be obtained from the local union, the union steward, or the main office of Irving Materials, Inc. In any case, all employees are free to contact the EEO Officer, without fear of any retaliation, regarding any complaints alleging discrimination of any type.

CLASS OR ITEM	QUANTITY	UNIT	DESCRIPTION	UNIT PRICE	AMOUNT

TO: All Employees
FROM: Patrick O'Connell
DATE: March 10, 2021
Re: Equal Employment Opportunity

Company Memo

It has been and will continue to be the policy of Irving Materials, Inc. and all of its subsidiaries to extend equal opportunities to all qualified employees and applicants for employment without regard to race, religion, sex, gender identity, sexual orientation, pregnancy, status as a parent, national origin, age, disability (physical or mental), family medical history or genetic information, political affiliation, military service, or other non-merit-based factors. All phases of employment including but not limited to: recruitment, hiring, placement upgrading and promotion, demotion, transfer, layoff, recall, termination, selection for company sponsored training, rate of pay and other forms of compensation, use of all facilities and participation in all company sponsored activities, will be administered so as to further the principle of equal employment opportunity.

All employees are expected to comply with Irving Materials, Inc.'s EEO policy. Any questions concerning the EEO policy should be directed to your supervisor or the Human Resource department.

Violation of this policy will result in disciplinary action up to and including termination of employment.

Sincerely,

Patrick O'Connell
Chief Human Resources Officer

"We're Proud Of Our Work"

IRVING MATERIALS, INC.
ANTI-HARASSMENT POLICY

Harassment Prohibited

Irving Materials, Inc. strictly prohibits and does not tolerate harassment against employees or any other covered persons (including unpaid interns, independent contractors, consultants, and individuals who perform services based on a contract) because of an employee's or other covered person's actual or perceived race, religion, creed, national origin, ancestry, sex, sexual orientation, pregnancy, gender (including gender nonconformity and status as a transgender or transsexual individual), age, physical or mental disability, citizenship, genetic information, military status, color, marital status, protective order status, unfavorable discharge from military service, arrest record, expunged or sealed convictions, or any other characteristic protected under applicable federal, state, or local law.

Sexual Harassment

All Irving Materials, Inc. employees, unpaid interns, other workers, and representatives (including vendors, customers, clients, and visitors) are prohibited from harassing employees, unpaid interns, independent contractors, consultants, and any individual who performs services for the employer under a contract, based on that individual's actual or perceived sex or gender (including pregnancy and status as a transgender or transsexual individual) and regardless of the harasser's sex or gender.

Sexual harassment means any harassment based on someone's actual or perceived sex or gender. It includes harassment that is not sexual in nature (for example, offensive remarks about an individual's sex or gender), as well as any unwelcome sexual advances or requests for sexual favors or any other conduct of a sexual nature, when any of the following is true:

- Submission to the advance, request, or conduct is made either explicitly or implicitly a term or condition of employment.
- Submission to or rejection of the advance, request, or conduct is used as a basis for employment decisions.
- Such advances, requests, or conduct have the purpose or effect of substantially or unreasonably interfering with an employee's work performance by creating an intimidating, hostile, or offensive work environment.

Irving Materials, Inc. will not tolerate any form of sexual harassment, regardless of whether it is:

- Verbal (for example, epithets, derogatory statements, slurs, sexually related comments, jokes, unwelcome sexual advances, or requests for sexual favors).
- Physical (for example, assault or inappropriate physical contact).
- Visual (for example, displaying sexually suggestive posters, cartoons, or drawings, sending inappropriate adult-themed gifts, leering, or making sexual gestures).
- Textual/Electronic/Online (for example, "sexting" (electronically sending messages with sexual content), the use of sexually explicit language, harassment, cyber stalking and

threats via all forms of electronic or online communication, derogatory statements or sexually suggestive postings in any social media platform including Facebook, Twitter, Instagram, Snapchat, etc.).

This list is illustrative only, and not exhaustive. No form of sexual harassment will be tolerated.

Harassment is prohibited both at the workplace, at employer-sponsored events, and at any workplace or working location at which employees and other covered persons work.

Other Types of Harassment

Irving Materials, Inc.'s anti-harassment policy applies equally to harassment based on an employee's actual or perceived race, religion, creed, national origin, ancestry, age (40 and over), physical or mental disability, citizenship, genetic information, military status, color, marital status, protective order status, unfavorable discharge from military service, sexual orientation, arrest record, expunged or sealed convictions, pregnancy, or any other characteristic protected under applicable federal, state, or local law.

Such harassment often takes a similar form to sexual harassment and includes harassment that is:

- Verbal (for example, epithets, derogatory statements, slurs, derogatory comments, or jokes).
- Physical (for example, assault or inappropriate physical contact).
- Visual (for example, displaying derogatory posters, cartoons, or drawings, or making derogatory gestures).
- Textual/Electronic/Online (for example, the use of explicit language, harassment, cyber stalking and threats via all forms of electronic or online communication, derogatory statements or inappropriate suggestive postings in any social media platform including Facebook, Twitter, Instagram, Snapchat, etc.).

This list is illustrative only, and not exhaustive. No form of harassment will be tolerated.

Harassment is prohibited both at the workplace, at employer-sponsored events, and at any workplace or working location at which employees and other covered persons work.

Complaint Procedure

If you are subjected to any conduct that you believe violates this policy or witness any such conduct, you must promptly speak to, write, or otherwise contact your direct supervisor or, if the conduct involves your direct supervisor, the [next level above your direct supervisor/ Human Resources Department, ideally within ten (10) days of the offending conduct. If you have not received a satisfactory response within five (5) days after reporting any incident of what you perceive to be harassment, please immediately contact Human Resources. These individuals will ensure that a prompt investigation is conducted. Although not mandatory, a Complaint Form is available at your office/plant location to make your complaint if you wish to use it.

Your complaint should be as detailed as possible, including the names of all individuals involved and any witnesses. Irving Materials, Inc. will promptly, directly, and thoroughly investigate the

facts and circumstances of all claims of perceived harassment and will take prompt corrective action, if appropriate.

Additionally, any manager or supervisor who observes harassing conduct must report the conduct to Human Resources so that an investigation can be made and corrective action taken, if appropriate.

Irving Materials, Inc.'s goal is to identify and address harassing conduct internally. However, an employee has the right to contact his or her state or local human rights agency or the Equal Employment Opportunity Commission (EEOC) about filing a formal complaint. Contact information for the EEOC can be located on its website at <https://www.eeoc.gov>. Such state agencies may include the Indiana Civil Rights Commission, Ohio Civil Rights Commission, Kentucky Commission on Human Rights, Tennessee Human Rights Commission, and the Illinois Department of Human Rights (contact information for the IDHR can be found at https://www2.illinois.gov/dhr/AboutUs/pages/contact_idhr.aspx). While an employee may choose to contact these agencies before reporting the conduct internally, Irving Materials, Inc. can only address unwelcome conduct if employees provide the Company an opportunity to do so.

Confidentiality

All complaints will be investigated in as discreet and confidential a fashion as possible. All persons to whom a complaint is made or who learn of a complaint as part of a Company investigation must do everything reasonably possible to keep the complaint confidential in order to preserve the integrity of the investigation while it is ongoing, to ensure fairness to all involved, and to protect the privacy of team members who have brought complaints or are accused of misconduct. However, complete confidentiality cannot be guaranteed because a fair and effective investigation may necessitate disclosing some information to the alleged harasser and potential witnesses so that relevant information can be obtained.

No Retaliation

No one will be subject to, and Irving Materials, Inc. prohibits, any form of discipline, reprisal, intimidation, or retaliation for good faith reporting of incidents of harassment of any kind, pursuing any harassment claim, or cooperating in related investigations. For more information, please contact the Human Resources Department.

Irving Materials, Inc. is committed to enforcing this policy against all forms of harassment. However, the effectiveness of our efforts depends largely on employees telling us about inappropriate workplace conduct. If employees feel that they or someone else may have been subjected to conduct that violates this policy, they should report it immediately. If employees do not report harassing conduct, Irving Materials, Inc. may not become aware of a possible violation of this policy and may not be able to take appropriate corrective action.

Violations of This Policy

Any employee, regardless of position or title, whom the Human Resources Department determines has subjected an individual to harassment or retaliation in violation of this policy, will be subject to discipline, up to and including termination of employment.

Administration of This Policy

The Human Resources Department is responsible for the administration of this policy. If you have any questions regarding this policy or questions about harassment that are not addressed in this policy, please contact the Human Resources Department. This policy is subject to change at the sole discretion of Irving Materials Inc.

Employees Covered Under a Collective Bargaining Agreement

The employment terms set out in this policy work in conjunction with, and do not replace, amend, or supplement any terms or conditions of employment stated in any collective bargaining agreement that a union has with Irving Materials, Inc. Employees should consult the terms of their collective bargaining agreement/Wherever employment terms in this policy differ from the terms expressed in the applicable collective bargaining agreement with Irving Materials, Inc., employees should refer to the specific terms of the collective bargaining agreement, which will control.

Conduct Not Prohibited by This Policy

This policy is not intended to preclude or dissuade employees from engaging in activities protected by state or federal law, including the National Labor Relations Act, such as discussing wages, benefits, or terms and conditions of employment, forming, joining, or supporting labor unions, bargaining collectively through representatives of their choosing, raising complaints about working conditions for their and their fellow employees' mutual aid or protection, or legally required activities.

Acknowledgment of Receipt and Review of Anti-Harassment Policy

[I, _____ (employee name), acknowledge that on _____ (date), I received a copy of Irving Materials, Inc.'s Anti-Harassment Policy and that I read it, understood it, and agree to comply with it. I understand that Irving Materials, Inc. has the maximum discretion permitted by law to interpret, administer, change, modify, or delete this policy at any time with or without notice. No statement or representation by a supervisor or manager or any other employee, whether oral or written, can supplement or modify this policy. Changes to this policy can only be made if approved in writing by the Vice President of Human Resources of Irving Materials, Inc. I also understand that any delay or failure by Irving Materials, Inc. to enforce any work policy or rule will not constitute a waiver of Irving Materials, Inc.'s right to do so in the future. I understand that neither this policy nor any other communication by a management representative or any other employee, whether oral or written, is intended in any way to create a contract of employment. I understand that, unless I have a written employment agreement signed by an authorized Irving Materials, Inc. representative, **I am employed at will and this policy does not modify my at-will employment status.** If I have a written employment agreement signed by an authorized Irving Materials, Inc. representative and this policy conflicts with the terms of my employment agreement, I understand that the terms of my employment agreement will control.]

Elizabeth Karon, VICE PRESIDENT

James Roach, SECRETARY

Board of Public Works

Staff Report

Project/Event: Asset Condition Project Imagery
Petitioner/Representative: Public Works Department - Street Division
Staff Representative: Dan Bitner, Director of Street Operations
Meeting Date: February 24, 2026

In December of 2024 the Board of Public Works approved a project that had a contractor (IMS) collect current asset conditions for street, alley and sidepath pavement, sidewalks and signage via direct field reconnaissance. The photo images of these assets that were collected during the project are currently hosted on a web hosted data viewing software platform by IMS.

The original contract with IMS included hosting these project photo images and making them available to the Public Works Department for a total of 3 months. The Public Works Department would like to continue maintaining access to these project photo images for an additional 12 month period in order to compare, contrast and reference the real-time asset conditions that were collected by IMS in the field. Like all of the IMS project deliverables, these photos would be available to view by both City staff and the general public alike.

IMS \$ 2,480

CONTRACT COVER MEMORANDUM

Summary of Contract: A 12 month extension of the web hosted data viewing software platform to maintain access to all of the real-time photo images of asset conditions for street, alley, and sidepath pavement, sidewalks and street signage that were collected via the field reconnaissance project in 2025.

**AMENDMENT TO AGREEMENT BETWEEN
CITY OF BLOOMINGTON PUBLIC WORKS DEPARTMENT AND IMS**

WHEREAS, in December of 2024, the City of Bloomington Public Works Department (the “Department”) and IMS (“Contractor”) entered into a Service Agreement (“2025 Agreement”) for o services, attached hereto and incorporated by reference as Attachment A; and

WHEREAS, the Agreement’s total not-to-exceed amount was set for \$227,416 and was set to expire on December 31, 2025; and

WHEREAS, the Parties have continued to operate under the 2025 Agreement, as though still in full force and effect; and

WHEREAS, Contractor has not provided all deliverables to Department; and

WHEREAS, Department wishes for Contractor to retain certain images for an additional year beyond the requirements of the 2025 Agreement.

NOW, THEREFORE, the parties hereto mutually agree to amend the Agreement to include as follows:

1. The recitals are incorporated into this Amendment, by reference.
2. The 2025 Agreement has and continues to be in effect.
3. The 2025 Agreement and this Addendum shall remain in effect until December 31, 2026.
4. Contractor shall provide additional services, as indicated in the quote attached as Exhibit B.
5. The amount for the additional work shall be amended to include an addition Two Thousand Four Hundred and Eighty dollars (\$2,480.00), bringing the total not to exceed amount of the Agreement to Two Hundred and Twenty Nine Thousand Eight Hundred and Ninety Six Dollars (\$229,896.00).
6. All other terms of the 2025 Agreement not expressly modified herein remain in full force and effect.

[Signatures are on the following page.]

IN WITNESS WHEREOF, the parties execute this Amendment to the Agreement on the last date indicated on the signature lines below.

EXHIBIT A

SERVICE AGREEMENT BETWEEN CITY OF BLOOMINGTON, DEPARTMENT OF PUBLIC WORKS, STREET DIVISION AND INFRASTRUCTURE MANAGEMENT SYSTEMS (IMS)

This Agreement by and between the City of Bloomington, Department of Public Works, Street Division through the Board of Public Works (the "Department"), and International Cybernetics Company, LP d/b/a IMS Infrastructure Management Services ("Contractor") is effective upon execution by both parties.

Article 1. Scope of Services Contractor shall perform the following services: provide updated asset condition survey of street, sidepath, alley, sidewalk/curb ramps and street signage. The work will be performed via field inspections and the use of Light Detection and Ranging (LiDAR) technology. These asset condition assessments will encompass the entire public street network within the City of Bloomington boundaries, as well as associated sidewalks, sidepaths/curb ramps, alleys and street signage. Once the survey is completed, contractor will upload all collected asset condition data to both the City's Geographic Information Systems mapping software and asset management software systems. Upon the conclusion of the project, the contractor will also provide a virtual presentation of project data and conclusions to the City Council. Contractor shall diligently provide the Services under this Agreement and shall complete the Services described in this Agreement in a timely manner consistent with the Standard of Care identified in Article 2. Contractor shall complete the Services required under this Agreement on or before, December 31, 2025 unless the parties mutually agree to a later completion date. Completion shall mean completion of all work related to the Services. In the performance of Contractor's work, Contractor agrees to maintain such coordination with the Department as may be requested and desirable, including primary coordination with Joe VanDeventer, Director of Street Operations. Contractor agrees that any information or documents, including digital GIS information, supplied by the Department pursuant to Article 3, below, shall be used by Contractor for this project only, and shall not be reused or reassigned for any other purpose without the written permission of the Department.

Article 2. Standard of Care Contractor shall be responsible for completion of the Services in a manner consistent with that degree of care and skill ordinarily exercised by members of the same profession currently practicing under similar circumstances ("Standard of Care"). The Department shall be the sole judge of the adequacy of Contractor's work in meeting the Standard of Care; however, the Department shall not unreasonably withhold its approval as to the adequacy of Contractor's performance. Upon notice to Contractor and by mutual agreement between the parties, Contractor will, without additional compensation, correct or replace any and all Services not meeting the Standard of Care.

Article 3. Responsibilities of the Department The Department shall provide all necessary information regarding requirements for the Services. The Department shall furnish such information as necessary for the orderly progress of the work, and Contractor shall be entitled to rely upon the accuracy and completeness of such information. The Department's Project Manager shall act on its behalf with respect to this Agreement.

Article 4. Compensation The Department shall pay Contractor for all fees and expenses in an amount not to exceed Two Hundred Twenty-Seven Thousand Four Hundred and Sixteen Dollars (\$227,416.00). Contractor shall submit invoices to the Department upon the completion of data collection for the different asset classes. The invoice shall be sent to: Joe VanDeventer, Director of Street Operations, Street Division, City of Bloomington Public Works Department, PO Box 100, 401 N. Morton Street, Suite 120, Bloomington, Indiana 47402. Invoices may be sent via first class mail postage prepaid or via email. Payment will be remitted to Contractor within forty-five (45) days of receipt of invoice. Additional services not set forth in Article 1, or changes in the Services must be authorized in writing by the Department or its

designated project coordinator prior to such work being performed, or expenses incurred. The Department shall not make payment for any unauthorized work or expenses.

Article 5. Appropriation of Funds Notwithstanding any other provision of this Agreement, if funds for the continued fulfillment of this Agreement by the Department are at any time not forthcoming or are insufficient, through failure of any entity, including the Department itself, to appropriate funds or otherwise, then the Department shall have the right to terminate this Agreement without penalty.

Article 6. Retainage and Escrow For contracts in excess of \$100,000 and for which Contractor requesting progressive payments, the retainage amount withheld shall be held by Board of Public Works ("Board") or shall be placed in an escrow account with an escrow agent. Yellow Cardinal Group Columbus, Indiana, shall serve as the escrow agent. If an escrow agent is used, the escrow agent, Owner and Contractor shall enter into a written escrow agreement. Under that agreement, the Owner shall withhold five percent (5%) of the dollar value of all work satisfactorily completed until the Contract work is complete. If an escrow agent is used, Contractor shall work directly with the escrow agent to set up the account. The escrow agent shall invest all escrowed principal in obligations selected by the escrow agent. The escrow agent shall be compensated for the agent's services by a reasonable fee, agreed upon by the parties, that is comparable with fees charged for the handling of escrow accounts of similar size and duration. The fee shall be paid from the escrow income. The escrow agent's fee may be determined by specifying an amount of interest the escrow agent will pay on the escrowed amount, with any additional earned interest serving as the escrow agent's fee. The escrow agreement may include other terms and conditions as deemed necessary by the parties. However, if Contractor intends to receive a Single Lump Sum payment upon acceptance of this project, retainage will not be required and an Escrow Agreement will not be required.

The escrow agent or the Board shall hold the retainage until receipt of the notice from the Owner and Contractor that the Contract work has been substantially completed to the reasonable satisfaction of the Owner, at which time the Owner shall pay to the Contractor the balance to be paid under this Contract and execute such documents as are necessary to authorize the escrow agent or the Board to pay to the Contractor the retainage, including both specifying the amount of retainage to be released and the person to whom that portion is to be released. After receipt of the notice, the escrow agent or the Board shall remit the designated funds to the person specified in the notice. If the escrow agent held the retainage, the escrow agent shall remit the designated part of the escrowed principal and the escrowed income, minus the escrow agent's fees. **If the Board held the retainage, no interest will have been earned or will be payable.** However, nothing in this section shall prohibit Owner from requiring the escrow agent or the Board to withhold amounts necessary to complete minor items of the Contract following substantial completion of the Contract.

Article 7. Schedule Contractor shall perform the Services according to the following schedule: Contractor shall complete the Services required under this Agreement on or before December 31, 2025. The time limits established by this schedule shall not be exceeded, except for reasonable cause as mutually agreed to by all parties.

Article 8. Termination In the event of a party's substantial failure to perform in accordance with the terms of this Agreement, the other party shall have the right to terminate the Agreement upon written notice. The nonperforming party shall have fourteen (14) calendar days from the receipt of the termination notice to cure or to submit a plan for cure acceptable to the other party. Additionally, the Department may terminate or suspend performance of this Agreement at the Department's prerogative at any time upon written notice to Contractor. Contractor shall terminate or suspend performance of the Services on a schedule acceptable to the Department and the Department shall pay the Contractor for all the Services performed up to the date that written notice is received, plus reasonable termination or suspension expenses. Upon restart, an equitable adjustment shall be made to Contractor's compensation and the schedule of services. Upon termination or suspension of this Agreement, all finished or unfinished reports, drawings, collections of

data and other documents generated by Contractor in connection with this Agreement shall become the property of the Department, as set forth in Article 9 herein.

Article 9. Identity of the Contractor Contractor acknowledges that one of the primary reasons for its selection by the Department to perform the Services is the qualifications and experience of Contractor. Contractor thus agrees that the Services to be performed pursuant to this Agreement shall be performed by Contractor. Contractor shall not subcontract any part of the Services without the prior written permission of the Department. The Department reserves the right to reject any of the Contractor's personnel or proposed outside professional sub-Contractors, and the Department reserves the right to request that acceptable replacement personnel be assigned to the project.

Article 10. Ownership of Documents and Intellectual Property All documents, drawings and specifications, including digital format files, prepared by Contractor and furnished to the Department as part of the Services shall become the property of the Department. Contractor shall retain its ownership rights in its design, drawing details, specifications, databases, computer software and other proprietary property. Intellectual property developed, utilized or modified in the performance of the Services shall remain the property of Contractor.

Article 11. Independent Contractor Status During the entire term of this Agreement, Contractor shall be an independent contractor, and in no event shall any of its personnel, agents or sub-contractors be construed to be, or represent themselves to be, employees of the Department. Contractor shall be solely responsible for the payment and reporting of all employee and employer taxes, including social security, unemployment, and any other federal, state, or local taxes required to be withheld from employees or payable on behalf of employees.

Article 12. Indemnification Contractor shall defend, indemnify, and hold harmless the City of Bloomington, the Department, and the officers, agents and employees of the City and the Department from any and all claims, demands, damages, costs, expenses or other liability arising out of the Agreement or occasioned by the reckless or negligent performance of any provision thereof, including, but not limited to, any reckless or negligent act or failure to act or any misconduct on the part of the Contractor or its agents or employees, or any independent contractors directly responsible to it (collectively "Claims").

Article 13. Insurance During the performance of any and all Services under this Agreement, Contractor shall maintain the following insurance in full force and effect: a) Comprehensive General Liability Insurance, with a minimum combined single limit of \$1,000,000 for each occurrence; \$1,000,000 personal injury and advertising injury; \$2,000,000 products and completed operations aggregate; and \$2,000,000 general aggregate; b) Automobile Liability Insurance, with a minimum combined single limit of \$1,000,000 for each person and \$1,000,000 for each accident; c) Workers' Compensation Insurance in accordance with the statutory requirements of Title 22 of the Indiana Code; and d) Umbrella/Excess Liability with a required limit of \$1,000,000. In addition, if the Contractor receives payment from the City of Bloomington and/or has access to critical City data, Contractor shall also have the following: a) Cyber Attack and Cyber Extortion: computer attack limit (annual aggregate) of \$1,000,000; sublimit (per occurrence) for cyber extortion of \$100,000; and computer attack and cyber extortion deductible (per occurrence) of \$10,000; b) Network Security Liability: limit (annual aggregate) of \$1,000,000; and deductible (per occurrence) of \$10,000; c) Electronic Media Liability: limit (annual aggregate) of 1,000,000; and deductible (per occurrence) of \$10,000; and d) Fraudulent Impersonator Coverage: limit (annual aggregate) of \$250,000; and deductible (per occurrence) of \$5,000. All insurance policies shall be issued by an insurance company authorized to issue such insurance in the State of Indiana. The City of Bloomington, the Department, and the officers, employees and agents of each shall be named as insureds under the General Liability, Automobile, Worker's Compensation policies and Umbrella/Excess Liability policies, and such policies shall stipulate that the insurance will operate as primary insurance and that no other insurance of the City's

will be called upon to contribute to a loss hereunder. Contractor shall provide evidence of each insurance policy to the Department prior to the commencement of work under this Agreement.

Article 14. Conflict of Interest Contractor declares that it has no present interest, nor shall it acquire any interest, direct or indirect, which would conflict with the performance of Services under this Agreement. Contractor agrees that no person having any such interest shall be employed in the performance of this Agreement.

Article 15. Waiver No failure of either party to enforce a term of this Agreement against the other shall be construed as a waiver of that term, nor shall it in any way affect the party's right to enforce that term. No waiver by any party of any term of this Agreement shall be considered to be a waiver of any other term or breach thereof.

Article 16. Severability The invalidity, illegality or unenforceability of any provision of this Agreement or the occurrence of any event rendering any portion or provision of this Agreement void shall in no way affect the validity or enforceability of any other portion or provision of this Agreement. Any void provision shall be deemed severed from this Agreement, and the balance of the Agreement shall be construed and enforced as if it did not contain the particular provision to be held void. The parties further agree to amend this Agreement to replace any stricken provision with a valid provision that comes as close as possible to the intent of the stricken provision. The provisions of this Article shall not prevent this entire Agreement from being void should a provision which is of the essence of this Agreement be determined void.

Article 17. Assignment Neither the Department nor the Contractor shall assign any rights or duties under this Agreement without the prior written consent of the other party. Unless otherwise stated in the written consent to an assignment, no assignment will release or discharge the assignor from any obligation under this Agreement.

Article 18. Third Party Rights Nothing in this Agreement shall be construed to give any rights or benefits to anyone other than the parties.

Article 19. Governing Law and Venue This Agreement shall be governed by the laws of the State of Indiana. Venue of any disputes arising under this Agreement shall be in the Monroe Circuit Court, Monroe County, Indiana.

Article 20. Non-Discrimination Contractor shall comply with City of Bloomington Ordinance 2.23.110 and all other federal, state and local laws and regulations governing non-discrimination in all regards, including, but not limited to, employment.

Article 21. Compliance with Laws In performing the Services under this Agreement, Contractor shall comply with any and all applicable federal, state and local statutes, ordinances, plans and regulations, including any and all regulations for protection of the environment. Where such statutes, ordinances, plans or regulations of any public authority having any jurisdiction over the project are in conflict, Contractor shall proceed using its best judgment only after attempting to resolve any such conflict between such governmental agencies, and shall notify the Department in a timely manner of the conflict, attempts of resolution, and planned course of action.

Article 22. E-Verify Contractor is required to enroll in and verify the work eligibility status of all newly-hired employees through the E-Verify program. (This is not required if the E-Verify program no longer exists). Contractor shall sign an affidavit, attached as Exhibit A, affirming that Contractor does not knowingly employ an unauthorized alien. Contractor shall require any subcontractors performing work under this contract to certify to the Contractor that, at the time of certification, the subcontractor does not

knowingly employ or contract with an unauthorized alien and the subcontractor has enrolled in and is participating in the E-Verify program. Contractor shall maintain on file all subcontractors' certifications throughout the term of the contract with the City.

Article 23. Notices Any notice required by this Agreement shall be made in writing to the individuals/addresses specified below:

Department: City of Bloomington Public Works, Attn: Joe VanDeventer, PO Box 100, 401 N. Morton St., Suite 120, Bloomington, Indiana 47402.

Contractor: Infrastructure Management Systems, Attn: Jim Tourek, 10630 75th Street, Largo, FL 33777, (480) 741-1847, jtourek@icc-ims.com.

Nothing contained in this Article shall be construed to restrict the transmission of routine communications between representatives of the Department and Contractor.

Article 24. Integration and Modification This Agreement, including all Exhibits incorporated by reference, represents the entire and integrated agreement between the Department and the Contractor. It supersedes all prior and contemporaneous communications, representations and agreements, whether oral or written, relating to the subject matter of this Agreement. This Agreement may be modified only by a written amendment signed by both parties hereto.

Article 25. Non-Collusion Contractor is required to certify that it has not, nor has any other member, representative, or agent of Contractor, entered into any combination, collusion, or agreement with any person relative to the price to be offered by any person nor prevented any person from making an offer nor induced anyone to refrain from making an offer and that this offer is made without reference to any other offer. Contractor shall sign an affidavit, attached hereto as Exhibit B, affirming that Contractor has not engaged in any collusive conduct. Exhibit B is attached hereto and incorporated by reference as though fully set forth.

Inform™ Pavement Data Visualization and Analysis Software

ICC-IMS offers a convenient, web-based software for viewing pavement condition data and right-of-way images. Our cloud-hosted visualization and analysis software Inform™ enables agencies to access and review all collected pavement data, including cracking, rutting, and roughness together, in a geocentric environment. The software is fast, intuitive, and the simplest way to make valuable images available to every user, saving field visits and time.

Inform's map allows the user to view all roads at once and zoom to select any road

Inform allows each user to customize their workspace, automatically saves the view for each user when they logout, and restores the view when they log back in. Users can toggle and arrange ROW images, pavement images, maps, and tables in any desired layout. Users can pull up detailed data for a route with measures such as IRI, rutting, cracking, and other distresses.

Users can step forward/back by one frame, play forward/back continuously, change playback speed, turn distress layers on and off on the pavement view, turn around to other direction (U-turn button), view crossfall (cross-slope), and change the year to bring up historical imagery at the same location (if available). The map can be toggled to show street name basemaps or aerial imagery together with collected paths. The entire state's road network can be accessed at once on the map.

Inform™ provides color coded roads by condition values like PCI, PSCI, Roughness (IRI), Rutting Index and more. This allows for insights at a glance and effective reporting to decision makers.

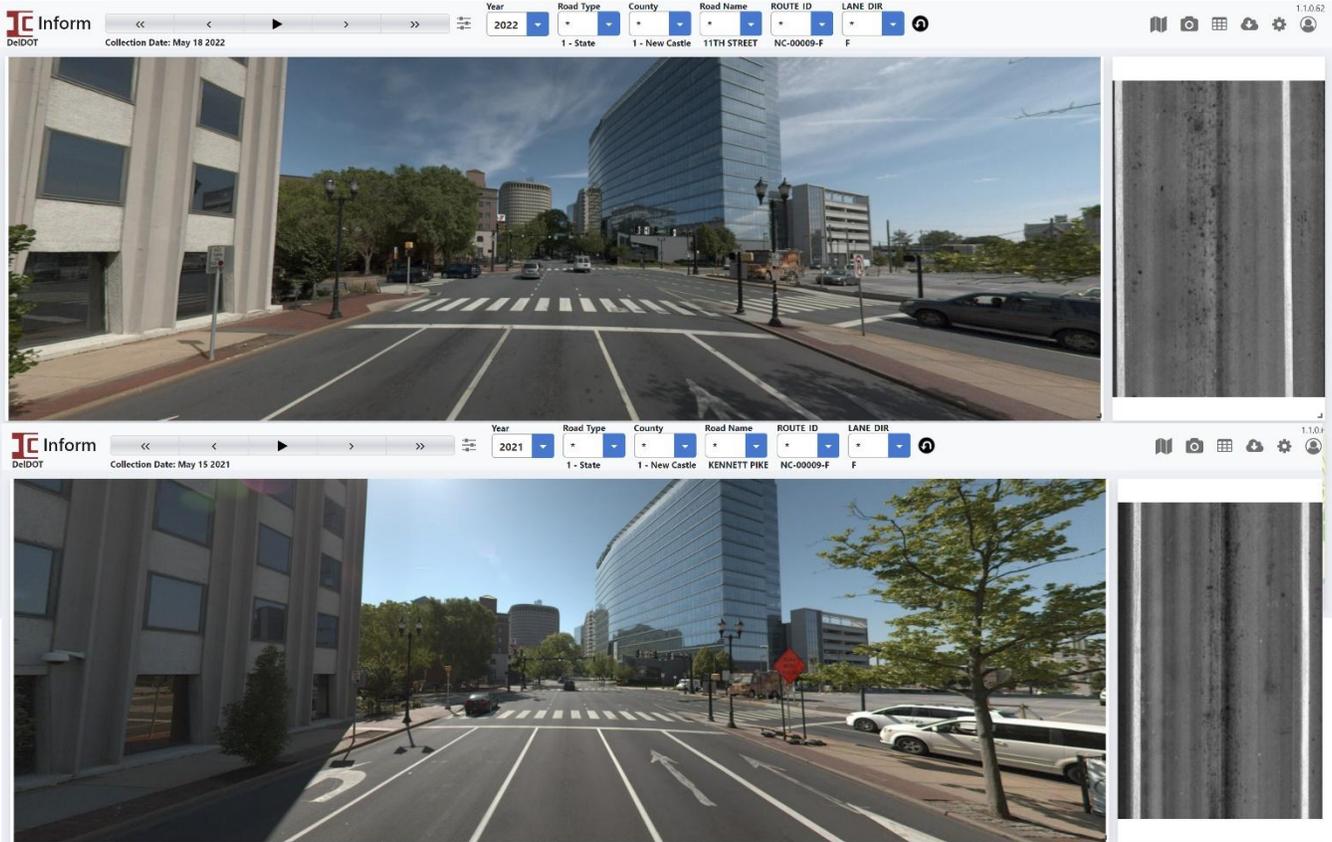

The viewer also allows users to extract and download a subset of images using the convenient Image Downloader tool. This feature allows the user to start from any location and download up to one (1) mile of images before and after the current location. Users can name the images based on City locators such as district, county, road, direction, and map point. The camera view(s) to be extracted can also be defined. The download will be queued up for processing. In the background (on the server side), the application will build a convenient ZIP archive and present it to the user for download on the Image Downloads page when it is ready. This feature allows any authorized user to distribute images easily to personnel outside the organization.

Screenshot of image downloader within Inform

For a video overview of Inform and additional snapshots and information, visit our webpage via the QR code below or at www.icc-ims.com/our-software/inform/

Easily access multiple cycles of historical images and data via the year dropdown.

"Inform has not only met but also surpassed our expectations. It is quick, exceptionally responsive, requires no IT involvement, and is incredibly user-friendly for individuals of all levels." —**Robert Bush, Program Manager, Arizona DOT**

Company Profile

IMS Infrastructure Management Services – now powered by International Cybernetics Company (ICC) – has revolutionized roadway infrastructure management since 1975. With the 2022 merger of IMS and ICC, the IMS team of infrastructure consultants is now backed by ICC’s industry-leading data acquisition technologies. We take pride in having one of the industry’s largest fleets of advanced pavement, sidewalk, and right-of-way asset data collection systems.

Over the past five years, we have made a \$5 million investment in enhancing our Unify™ software suite, solidifying our position as an industry leader in providing fully integrated, end-to-end data collection, processing, and visualization tools. Our advanced systems – combined with our rigorous approach to quality control – empower us to generate unparalleled data quality while setting the industry benchmark for the fastest turnaround time. The actions that we have taken over the past five years illustrate our continued commitment to improving data quality while simultaneously reducing data collection costs for our clients.

We offer the following pavement management services:

- Automated and semi-automated pavement condition assessments.
- Non-destructive pavement testing and analysis.
- Pavement management system implementation and training.
- Pavement management plan development and presentation.

In addition to pavement management services, IMS offers complementary services such as:

- Right-of-way asset inventory development using 360-degree imagery and mobile Lidar.
- Sidewalk and Americans with Disabilities (ADA) and PROWAG non-compliance surveys.
- Data visualization services using dashboards, StoryMaps, and web applications built on GIS.

Welcome to the new era of infrastructure management, where consulting services are powered by advanced technologies. **Together, IMS – now powered by ICC – are paving the way forward!**

Hosting Agreement

THIS HOSTING AGREEMENT ("Agreement") is a contract between the person or entity ("Customer" or "you") using the Services (defined below) and International Cybernetics Company, LP d/b/a IMS Infrastructure Management Services (where applicable), a Delaware limited partnership, International Cybernetics Canada, Inc., an Ontario, Canada corporation (where applicable) ("Company" or "us"), and applies to Customer's use of the Company's Services. Customer must read, agree with, and accept all the terms and conditions contained in this Agreement. The Company may amend this Agreement at any time by posting a revised version on its website. All amendments shall be effective as of the commencement of the Term (defined below) immediately following the Term in which the amendment was posted.

1. Provision of Services.

The Company agrees to provide services ("Services") to Customer in accordance with the options requested by Customer by clicking through the options on the Company's website, by Customer's payment for the Services, by Customer's compliance with this Agreement, and by the delivery of Services by the Company. The provision of the Services shall commence once the Company has received Customer's initial payment for the Services. [Customer warrants and represents that Customer shall use the Services only for lawful purposes. "Customer Materials" shall mean GIS data, specifications and parameters provided by the Customer or the Company, and hosted on the Company servers.

2. Agreement Term.

The initial term of this Agreement shall be from the date of Customer's initial payment for one year until year anniversary of paid annual period. The term of this Agreement ("Term"), after the initial term, shall be for one year until the subsequent year anniversary of initial payment.

3. Automatic Renewal.

Only if payment is timely made or the Parties otherwise agree, this Agreement shall renew automatically at the end of the prior Term unless terminated either by Customer or the Company as provided herein.

4. Termination without Cause.

Customer may terminate this Agreement at any time, for any reason, by emailing the Company's billing department with Customer's cancellation request and reason for cancellation to financeadmin@icc-ims.com. THE COMPANY SHALL NOT REFUND AMOUNTS ALREADY BILLED FOR THE TERM IN WHICH CUSTOMER TERMINATES THIS AGREEMENT. ALL CUSTOMER MATERIALS AND ACCOUNT SETTINGS, INCLUDING, BUT NOT LIMITED TO, IMAGES AND DATABASES ARE IRREVOCABLY DELETED UPON ACCOUNT TERMINATION. The Company may terminate this Agreement at any time, for any reason, by (a) providing written or electronic mail notice of termination to Customer's e-mail contact address no less than fifteen (15) days prior to the end of the then current Term; and (b) refunding or not charging Customer for the annual services charge for the year in which the Company services terminate. Customer can request a copy of images and database to be delivered on hard drives for a standard fee.

5. Termination for Cause.

Termination for non-payment shall occur on the thirtieth (30th) day following the due date. All of Customer's rights and obligations shall cease upon termination of this Agreement.

CUSTOMER AGREES TO MAINTAIN AND KEEP CURRENT ALL CONTACT INFORMATION FOR CUSTOMER'S ACCOUNT(S) WHICH IS(ARE) STORED WITHIN COMPANY SERVERS. FAILURE TO MAINTAIN OR KEEP CURRENT ALL CONTACT INFORMATION SHALL BE A VALID GROUND FOR COMPANY TERMINATION OF SERVICES FOR CAUSE. IF THE COMPANY TERMINATES CUSTOMER'S ACCOUNT FOR A VIOLATION OF THIS AGREEMENT OR THE COMPANY'S ACCEPTABLE USE POLICY (SET FORTH ON SCHEDULE 1), THE COMPANY SHALL NOT BE REQUIRED TO REFUND TO CUSTOMER ANY AMOUNTS BILLED TO CUSTOMER FOR THE YEAR IN WHICH THE COMPANY SERVICES TERMINATE.

TERMINATION FOR MATERIAL BREACH OF THIS AGREEMENT BY CUSTOMER MAY BE IMMEDIATE, EFFECTIVE UPON DELIVERY OF NOTICE TO CUSTOMER.

6. Payment Terms.

Customer agrees to be billed for all recurring and one-time charges, including late and termination charges, for the Services ordered by Customer and any fees Customer owes to the Company. Payments for the upcoming Term (i.e. year of Service) are due on the "Payment Due Date" set forth above. All inquiries regarding the Company's billing for its services should be sent to the email address set forth above.

8. Taxes.

The Company shall not be liable for any taxes and other governmental fees to be paid which are related to purchases made by Customer or from the Company's server. Customer agrees to

be fully responsible for all taxes and fees of any nature associated with products or services sold through the use of or with the aid of the Services.

9. Materials and Products.

Any material and data Customer provides to the Company in connection with the Services shall be in a form requiring no additional manipulation on the part of the Company. The Company shall make no effort to validate this material or data for content, correctness, or usability. Material or data that is not in this condition shall be a breach of this Agreement. The Company is not responsible for updates to Customer provided materials without a specified work order which will be accompanied by a quoted fee.

10. Liability; No Warranty; Limitation of Damages; Customer Obligations.

CUSTOMER EXPRESSLY AGREES THAT USE OF THE SERVICES IS AT CUSTOMER'S SOLE RISK.

The Company, its agents, affiliates, licensors or the like, do not represent or warrant, expressly or impliedly, that the Services will not be interrupted or error free; neither do they make any warranty as to the results that may be obtained from the use of the Services or as to the accuracy, reliability, or content of any information service or merchandise contained in or provided through the Services, unless otherwise expressly stated in this Agreement. THE COMPANY, ITS OFFICERS, AGENTS, OR ANYONE ELSE INVOLVED IN PROVIDING THE SERVICES SHALL NOT BE LIABLE FOR ANY DIRECT, INDIRECT, INCIDENTAL, SPECIAL, OR CONSEQUENTIAL DAMAGES THAT RESULT FROM THE USE OR INABILITY TO USE THE SERVICES; OR FOR ANY DAMAGES THAT RESULT FROM MISTAKES, OMISSIONS, INTERRUPTIONS, DELETION OF FILES, ERRORS, DEFECTS, DELAYS IN OPERATION, OR TRANSMISSION, OR ANY FAILURE OF PERFORMANCE, WHETHER OR NOT LIMITED TO ACTS OF GOD, COMMUNICATION FAILURE, THEFT, DESTRUCTION, OR UNAUTHORIZED ACCESS TO THE COMPANY'S RECORDS, PROGRAMS, OR SERVICES.

The Company will exercise no control over the content of the information passing through the Company's network except those controls expressly provided herein.

The Company makes no warranties or representations of any kind, express or implied, for the Services. The Company also disclaims any warranty of merchantability or fitness for a particular purpose and will not be responsible for any damages that may be suffered by Customer, including loss of data resulting from delays, non-deliveries, or service interruptions by any cause or due to your errors or omissions. Any information obtained from the Company is to be used at Customer's own risk, and the Company specifically denies any responsibility for the accuracy or quality of information obtained through the Services. The Company expressly limits its damages for any non-accessibility time or other downtime to the penalties listed in this Agreement. The Company expressly limits its responsibility for any damages arising as a consequence of such unavailability.

Customer is solely responsible for the Customer Materials. The Customer must ensure that it has all the necessary rights and permissions to the use the Customer Materials in connection with the Services. The Customer shall comply, and ensure the Customer Materials complies, with: all applicable laws and regulations with respect to its activities under this Agreement and the Acceptable Use Policy; (b) at its own cost apply for, possess and maintain any authorizations, permissions, licenses, consents, registrations and/or permits which are required to enable it to conduct its business, use the Services, use the Customer Materials in connection with the Services and comply with its obligations under this Agreement; and (c) be responsible for implementing all necessary business continuity and disaster recovery plans in relation to the Customer Materials. For the avoidance of doubt, the Company's only responsibility regarding service uptime is in accordance with the Service Levels and properly configuring and using the Hosting Services and taking steps to maintain appropriate security, protection and backup of the Customer Materials, which may include the use of encryption technology to protect the Customer Materials from unauthorized access and routine archiving of the Customer Materials. The Customer shall not store, distribute or transmit any virus, or any material on the Customer Materials or on the Services that is unlawful, harmful, threatening, defamatory, obscene, infringing, harassing or racially or ethnically offensive; facilitates illegal activity; depicts sexually explicit images; or promotes unlawful violence, discrimination based on race, gender, color, religious belief, sexual orientation, disability, or any other illegal activities; modify, alter, tamper with, repair, or otherwise create derivative works of any software included in the Services (except to the extent software included in the Services are provided to Customer under a separate license that expressly permits the creation of derivative works); or access or use the Services in a way intended to avoid incurring fees or exceeding usage limits or quotas.

11. Patents, Copyrights, Trademarks, and Other Intellectual and Proprietary Rights.

Except for rights expressly granted herein, this Agreement does not transfer any intellectual or

10630 75th Street
Largo, FL 33777

+1 727-547-0696

www.icc-ims.com

other property or proprietary right to Customer. Customer agrees that all right, title, and interest in any product or service provided to Customer is the Company's. These products and services are only for Customer's use in connection with the Services as outlined in this Agreement.

Customer expressly warrants to the Company that Customer has the right to use any material which Customer uses, posts, or otherwise transfers to the Company servers, whether patented, copyrighted, trademarked, or otherwise.

12. Servers Availability.

The Company is fully committed to providing quality service to all customers. To support this commitment, the Company provides the following commitments and tools related to this Agreement.

Application (Web) Server.

(a) **Availability.** The Company guarantees a 99.9%¹ monthly average of scheduled availability of its Application (Web) Servers. Application (Web) Server availability is defined as Customer's ability, via web browser, to login and view the application.

(b) **Monitoring.** To verify that the server is available, the Company will ping the HTTP service on the server by retrieving HTTP headers every 5 minutes with a 30-second threshold. If an HTTP service does not respond, the server is considered non-operational and is automatically rebooted. If rebooting the server does not solve the problem, it is immediately escalated to the Support Center.

In cases where two or more consecutive HTTP tests fail, the server downtime will be registered as the number of minutes between the first and the last failed tests. Downtime of less than 5 minutes in duration is not recorded. The Company calculates server uptime based on this type of server monitoring.

Network Availability.

Network availability is defined as the Company's network's ability to pass incoming and outgoing TCP/IP traffic. A server's unavailability caused by network unavailability is not included in server uptime. Interruptions of service due to problems on the backbone or on the Customer's portion of the network are beyond the Company's control and are not included in uptime calculations. Interruptions of service caused by denial of service or similar attacks are beyond the Company's control and are not included in uptime calculations.

Scheduled Maintenance.

To guarantee optimal performance of the servers, the Company will perform maintenance on the servers on a routine basis. Such maintenance often requires taking Company servers off-line. Company reserves two hours of server unavailability per month for maintenance purposes. This server unavailability is not included in server uptime calculations. The maintenance typically is performed during off-peak hours. Company provides Customer with advance notice of maintenance whenever possible.

Penalty For Non-Compliance.

(a) **Application Server Availability.** Upon Customer's notice to the Company, if availability of any server for the month is below the guaranteed level, the Company may refund to Customer, a pro rated portion of the fee for the month during which such loss of server availability occurred.

To receive the refund, Customer must specifically request it during the month following the month for which the refund is requested. Customer must provide all dates and times of server unavailability along with Customer's account username. This information must be submitted to the Company Support Department. The Company will compare information provided by Customer to the server availability monitoring data that the Company maintains. A refund is issued if the unavailability warranting the refund is confirmed.

(b) **Maximum Total Penalty.** The total refund to Customer for any Service shall not exceed 50% of the monthly fees charged to that Service during the month for which the refund is to be issued.

(c) Credits may not be issued if Customer account is past due, suspended, or pending suspension.

14. Ownership of Data.

All Customer Materials and data (a) created by Customer and/or (b) stored by Customer within Company's applications and on the Company's servers are Customer's property and is for Customer's exclusive use unless access to such data is permitted by Customer. The Company shall allow access to such data by authorized Company personnel and shall provide access in compliance with the Company's Privacy Policy. The Company makes no claim of ownership of

any web server content, e-mail content, or any other type of data contained within the Customer's server space and applications on the Company's servers.

15. Data Integrity.

The Company employs sophisticated techniques to ensure the integrity of the data on its servers, and the data is written to two disks simultaneously to prevent data loss in the event of hardware failure, using Microsoft Azure's locally redundant storage (LRS). The Company reserves the right to place accounts on servers as necessary. Routine backups are performed for emergency recovery purposes only. THE COMPANY SHALL NOT RESTORE THE DATA UPON CUSTOMER'S REQUEST. Web server raw log files are not included in the backups and cannot be recovered during server restoration.

In the event of data corruption, hardware failure or other data loss, the Company will make efforts to restore lost or corrupted data from server backups. The Company shall not be responsible for lost data or site content. The Company recommends that Customer maintain a copy of all data uploaded or stored on the Company servers.

16. Customer Responsibilities.

Customer is responsible for and must provide all electronic devices, computers, software, hardware, and other services necessary to access the Company servers. The Company makes no representations, warranties, or assurances that Customer's equipment will be compatible with the Company's servers.

To access the Company Services Customer must provide to the Company the following minimum requirements:

- (a) an Internet connection with sufficient bandwidth and quality to allow trouble-free browsing and data uploading and downloading;
- (b) a fully functional Internet browser

17. Technical Support.

The Company provides Customer with technical support on setup of Customer's account on one or more of the Company's servers, access, and other server related issues to the primary technical contact free of charge. The Company does not provide support for web applications, third party software, scripts, or components from third parties or developed by Customer. The Company's servers are monitored 24 hours per day, 7 days per week, 365 days per year and support agents are available via the support portal and telephone number as posted in the support page on the Company's website. In the event of a service request: (a) please send the Company a message with the full description of the problem and Customer's account username; and (b) do not send multiple messages on the same issue. Email issues must be addressed to the appropriate email account specified in the support section of the Company's website. Email containing support issues sent to other departments such as billing or sales may not be answered.

18. Escalation.

If Customer is dissatisfied with the Company's Service or if Customer is unable to resolve a technical support issue within the parameters outlined in this Agreement please contact the Company via the support portal and telephone number as posted in the support page on the Company's website. The Company will review the Customer's concerns, investigate, and use best efforts to respond to Customer within two (2) business days. As issues may be complex or require extensive investigation, the foregoing response time does not imply that a resolution is guaranteed within said one (1) business day.

19. Data Retention.

THE COMPANY SHALL NOT RETAIN ANY OF CUSTOMER'S DATA AFTER ACCOUNT TERMINATION. ALL DATA IS DELETED (A) FROM THE SERVERS AT THE TIME THE ACCOUNT IS TERMINATED AND (B) FROM BACK-UPS DURING SCHEDULED BACK-UP ROTATION. THE COMPANY SHALL NOT RESTORE, "BURN" TO CD, COPY TO HARD DRIVE, OR SEND OUT ANY DATA PERTAINING TO TERMINATED ACCOUNTS.

20. Age.

Customer expressly represents and warrants that Customer and any person to whom Customer grants access to Customer's account has reached the age of eighteen.

21. Indemnification.

Customer agrees that Customer shall defend, indemnify, save, and hold the Company harmless from any and all demands, liabilities, losses, costs, and claims, including reasonable attorneys' fees, asserted against the Company, its agents, servants, officers, and employees, that may arise or result from any service provided or performed or agreed to be performed or any product sold by Customer, or Customer's agents, employees, or assigns. Customer agrees to defend, indemnify, and hold harmless the Company against liabilities arising out of:

10630 75th Street
Largo, FL 33777

+1 727-547-0696

www.icc-ims.com

- (i) any injury to person or property caused by any products sold or otherwise distributed in connection with the Services;
- (ii) any material supplied by Customer infringing or allegedly infringing on the property or proprietary rights of a third party;
- (iii) copyright infringement; and
- (iv) any defective product which Customer sold or distributed by means of the Services.

Customer agrees that the liability limit of the Company shall in no event be greater fifty percent (50%) than the aggregate dollar amount which Customer paid during the term of this Agreement (as renewed from time to time); provided, however, the aggregate amount shall not exceed a total of one years' fees for the Services.

22. Miscellaneous.

Governing Law; Jurisdiction; Forum: This Agreement shall be governed by and construed in accordance with the laws of the State of Florida without regard to its conflicts of laws or principles. You agree, in the event any suit is brought in connection with the Company's provision of the Services to Customer, to submit to the exclusive jurisdiction of the State of Florida, and agree to the Federal and State courts located in Florida as the sole and appropriate forum(s) or if end user is a government agency, jurisdiction in which the agency geographically located or resides in is acceptable.

Severability: In case any one or more of the provisions contained herein shall, for any reason, be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceability shall not affect any other provisions of this Agreement, and this Agreement shall be construed as if such provision(s) had never been contained herein, provided that such provision(s) shall be curtailed, limited, or eliminated only to the extent necessary to remove the invalidity, illegality, or unenforceability.

Waiver: No waiver by the Company of any breach by Customer of any of the provisions of this Agreement shall be deemed a waiver of any preceding or succeeding breach of this Agreement. No such waiver shall be effective unless it is in writing and then only to the extent expressly set forth in such writing.

Entire agreement: This Agreement, together with the Company's Acceptable Use Policy, Digital Millennium Copyright Act Policy, and any other document entered into between Customer and the Company, shall constitute the entire agreement between Customer and the Company.

Acceptable Use Policy

This Acceptable Use Policy sets out the prohibited uses of the Services and applies to the Customer and end users of the Customer services and products.

The Customer and End Users may use the Services only for lawful purposes. The Customer and End User must not use the Services:

- in any way that breaches any applicable local, national or international law or regulation;
- in any way that is unlawful or fraudulent, or has any unlawful or fraudulent purpose or effect;
- for the purpose of harming or attempting to harm minors in any way;
- to transmit, or procure the sending of, any unsolicited or unauthorized advertising or promotional material or any other form of similar solicitation (spam);
- to knowingly transmit any data, send or upload any material that contains viruses, Trojan horses, worms, time-bombs, keystroke loggers, spyware, adware or any other harmful programs or similar computer code designed to adversely affect the operation of any computer software or hardware;
- to access without authority, interfere with, damage or disrupt any part of the Services or any equipment or network associated with the Services;
- any software used in the provision of the Services; or
- any equipment or network or software owned or used by any third party in connection with the Services.

Customer Material must not:

- contain any material which is defamatory of any person;
- contain any material which is obscene, offensive, hateful or inflammatory;
- promote sexually explicit material;

- promote violence;
- promote discrimination based on race, sex, religion, nationality, disability, sexual orientation or age;
- infringe any copyright, database right or trade mark of any other person;
- be likely to deceive any person;
- be made in breach of any legal duty owed to a third party, such as a contractual duty or a duty of confidence;
- promote any illegal activity;
- be threatening, abuse or invade another's privacy, or cause annoyance, inconvenience or needless anxiety;
- be likely to harass, upset, embarrass, alarm or annoy any other person;
- be used to impersonate any person, or to misrepresent your identity or affiliation with any person;
- give the impression that they emanate from the Company; or
- advocate, promote or assist any unlawful act such as (by way of example only) copyright infringement or computer misuse.

Website Policy

International Cybernetics Company, LP (the "Company") respects the intellectual property rights of others and expects our users to do the same. To that end, in accordance with the Digital Millennium Copyright Act (DMCA), 17 U.S.C. § 512, the Company has implemented procedures for reporting instances of copyright infringement.

If you are a copyright holder, or its authorized representative, and believe in good faith that content residing or accessible on or through the Company's software or viewable databases infringes your copyrighted work, you may submit a notice of copyright infringement by sending a written notice of copyright infringement to our designated agent, whose contact information is listed below:

Michael Nieminen, CEO
 10630 75th St, Largo, FL 33777
 FinanceAdmin@icc-ims.com
 +1 727 547 0696

The notice of copyright infringement should provide the following information:

A clear description of the copyrighted work that you claim has been infringed (if multiple copyrighted works are covered by a single notification, you may provide a representative list of such works).

A description of the material on our site that you claim is infringing. Information reasonably sufficient to permit us to locate the allegedly infringing material (please be as detailed as possible and provide web addresses (URLs) leading directly to the material).

Your contact information, including your address, telephone number, and an e-mail address.

A statement that you have a good faith belief that use of the copyrighted materials in the manner asserted is not authorized by the copyright owner, its agent, or the law.

A statement that the information in the notification is accurate, and under penalty of perjury, that you are the copyright owner or authorized to act on the copyright owner's behalf.

Your physical or electronic signature (typing your full legal name is sufficient). Please note that we may forward the notice of copyright infringement (or information contained therein), as well as the Complainant's contact information, to the User who posted the allegedly infringing content. Additionally, if we remove or disable access to the content pursuant to a valid DMCA notice, International Cybernetics Company, LP will immediately notify the User that the content has been removed or disabled.

It is also the policy of International Cybernetics Company, LP, in appropriate circumstances and in our sole discretion, to suspend or terminate the accounts of Users who are repeat copyright infringers.

Board of Public Works Staff Report

Project/Event: Approve Preliminary Engineering Contract with Infrastructure Engineering Incorporated (IEI) for the 3rd/Woodlawn and 3rd/Hawthorne Signal Replacement Project

Petitioner/Representative: Engineering Department

Staff Representative: Neil Kopper, Senior Project Engineer

Date: 2/24/2026

Report: This project will replace the existing traffic signal equipment and make intersection geometry improvements at the intersections of 3rd Street at Woodlawn Avenue and 3rd Street at Hawthorne Drive. IEI was selected to perform the project's preliminary engineering from the City's pre-approved engineering consultant list due to their expertise with this type of project. This contract amount is set at a not-to-exceed amount of \$103,947. Construction is tentatively anticipated in summer 2027.

PROJECT NAME: 3rd/Woodlawn and 3rd/Hawthorne Signal Replacement Project

AGREEMENT FOR CONSULTING SERVICES

This Agreement, entered into on this 24th day of February, 2026, by and between the City of Bloomington Engineering Department through the Board of Public Works (hereinafter referred to as "Board"), and Infrastructure Engineering, Inc. (hereinafter referred to as "Consultant"),

WITNESSETH:

WHEREAS, the Board wishes to enhance the services it provides by engaging in efforts to replace curb ramps and traffic signals at the intersections of 3rd Street at Hawthorne Drive and 3rd Street at Woodland Avenue;

WHEREAS, the Board requires the services of a professional engineering consultant in order to perform tasks including the preparation of site designs, coordination with City, CBU, and private utilities staff, and also the preparation of plans, specifications and cost estimates, which shall be hereinafter referred to as "the Services"; and

WHEREAS, it is in the public interest that such Services be undertaken and performed; and

WHEREAS, Consultant is willing and able to provide such Services to the Board;

NOW, THEREFORE, in consideration of the mutual covenants herein contained, the parties hereto agree as follows:

Article 1. Scope of Services: Consultant shall provide engineering design services for the curb ramp and signal replacements noted above. These design services shall include the preparation of plans, specifications and estimates for work on markings, curb ramps, crosswalks, traffic signals, and other incidental construction that is found necessary to complete the replacement of these features. The tasks associated with this work, and assumptions that are applicable to those tasks, are set forth in Exhibit A, Scope of Work and Fee Estimate. Exhibit A is attached hereto and incorporated herein by reference as though fully set forth.

Consultant shall diligently pursue its work under this Agreement and shall complete the Services as described in Exhibit A in a timely manner. Consultant shall perform all Services as expeditiously as is consistent with professional skill and care and the orderly progress of the work.

In the performance of Consultant's work, Consultant agrees to maintain such coordination with the Board as may be requested and desirable, including primary coordination with the Engineering Department officials designated by the Board as project coordinator(s).

Consultant agrees that any information or documents, including digital GIS information, supplied by the Board pursuant to Article 3, below, shall be used by Consultant for this project only, and shall not be reused or reassigned for any purpose.

Article 2. Standard of Care: Consultant shall perform all services under this Agreement in a skillful and competent manner in accordance with normally accepted standards of the architectural and engineering professions and with that degree of care and skill which a professional engineer or architect would exercise under the same or similar circumstance.

Article 3. Responsibilities of the Board: The Board shall have the following responsibilities under this Agreement and shall meet these responsibilities in a timely manner so as not to delay the orderly progress of the Services, and Consultant shall be entitled to rely upon the accuracy and completeness of information supplied by the Board:

A. Information/Reports

Provide Consultant with reports, studies, site characterizations, regulatory decisions and similar information relating to the Services that Consultant may rely upon without independent verification unless specifically identified as requiring such verification.

B. Representative

The Board hereby designates Neil Kopper, Senior Project Engineer, Engineering Department (“Kopper”), to serve as the Board’s representative for the project. Kopper shall have the authority to transmit instructions, receive information, interpret and define the Board’s requirements and make decisions with respect to the Services.

C. Decisions

Provide all criteria and full information as to Board’s requirements for the Services and make timely decisions on matters relating to the Services.

Article 4. Compensation: The Board shall pay Consultant a fee based on the payment schedule set forth in Exhibit B – Compensation. Exhibit B is attached hereto and incorporated herein by reference as though fully set forth. The total compensation paid for the project, including fees and expenses, shall not exceed the amount of **One Hundred and Three Thousand, Nine Hundred and Forty-Seven Dollars (\$103,947.00)**. These sums include salaries, payroll taxes and

insurance, employee fringe benefits, general overhead costs, profit, and project related expenses. Payments will be made according to Consultant's monthly progress statements for each phase and shall be invoiced for the work completed only.

Additional assignments or additional services not set forth in Exhibit A, changes in work, or incurred expenses in excess of the rates set forth in Exhibit B must be authorized in writing by the Board or the Board's designated representative prior to such work being performed, or expenses incurred. The Board shall not make payment for any unauthorized work or expenses. Claims for additional work or expenses must be submitted within thirty (30) days of the completion of the work or expenditure, and must be accompanied by a statement of itemized costs.

1. **Timing and Format for Billing:**

Invoices shall be submitted monthly for Services completed at the time of billing and are due upon receipt. Invoices shall be considered past due if not paid within forty-five (45) calendar days of the due date. Such invoices shall be prepared in a form supported by documentation as the Board may reasonably require.

Tasks shall be invoiced separately, either as separate lines on a single invoice, or on separate invoices at the Board's direction.

2. **Billing Records:**

Consultant shall maintain accounting records of its costs in accordance with generally accepted accounting practices. Access to such records will be provided during normal business hours with reasonable notice during the term of this Agreement and for 3 years after completion.

Article 5. Appropriation of Funds: Notwithstanding any other provision of this Agreement, if funds for the continued fulfillment of this Agreement by the Board are at any time not forthcoming or are insufficient, through failure of any entity, including the Board itself, to appropriate funds or otherwise, then the Board shall have the right to terminate this Agreement without penalty as set forth in Article 7 herein.

Article 6. Schedule: Consultant shall perform the Services according to the schedule set forth in Exhibit C, Project Schedule. Exhibit C is attached hereto and incorporated herein by reference as though fully set forth. The time limits established by this schedule shall not be exceeded, except for reasonable cause as mutually agreed by the parties.

Article 7. Termination: In the event of a party's substantial failure to perform in accordance with the terms of this Agreement, the other party shall have the right to terminate the Agreement upon written notice. The nonperforming party shall have fourteen (14) calendar days from the receipt of the termination notice to cure or to submit a plan for cure acceptable to the other party.

The Board may terminate or suspend performance of this Agreement at the Board's prerogative at any time upon written notice to the Consultant. The Consultant shall terminate or suspend performance of the Services on a schedule acceptable to the Board, and the Board shall pay the Consultant for all the Services performed up to the date that written notice is received, plus reasonable termination or suspension expenses. Upon restart, an equitable adjustment shall be made to the Consultant's compensation and the schedule of services.

Upon termination or suspension of this Agreement, all finished or unfinished reports, drawings, collections of data and other documents generated by Consultant in connection with this Agreement shall become the property of the Board, as set forth in Article 11 herein.

Article 8. Identity of Consultant: Consultant acknowledges that one of the primary reasons for its selection by the Board to perform the duties described in this Agreement is the qualification and experience of the principal personnel whom Consultant has represented will be responsible there for. Consultant thus agrees that the work to be done pursuant to this Agreement shall be performed by the principal personnel described in Exhibit D, Key Personnel, and such other personnel in the employ under contract or under the supervision of Consultant. Exhibit D is attached hereto and incorporated herein by reference as though fully set forth. The Board reserves the right to reject any of the Consultant's personnel or proposed outside professional subconsultants, and the Board reserves the right to request that acceptable replacement personnel be assigned to the project.

Article 9. Cost Estimates: All estimates of construction cost to be provided by Consultant shall represent the best judgment of Consultant based upon the information currently available and upon Consultant's background and experience with respect to projects of this nature. It is recognized, however, that neither Consultant nor the Board has control over the cost of labor, materials or equipment, over contractors' method of determining costs for services, or over competitive bidding, market or negotiating conditions. Accordingly, Consultant cannot and does not warrant or represent that the proposals or construction bids received will not vary from the cost estimates provided pursuant to this Agreement.

Article 10. Ownership of Documents and Intellectual Property: All documents, drawings and specifications, including digital format files, prepared by Consultant and furnished to the Board as part of the Services shall become the property of the Board. Consultant shall retain its ownership rights in its design, drawing details, specifications, data bases, computer software and other proprietary property. Intellectual property developed, utilized or modified in the performance of the Services shall remain the property of the Consultant.

Article 11. Independent Contractor Status: During the entire term of this Agreement, Consultant shall be an independent contractor, and in no event shall any of its personnel, agents or sub-contractors be construed to be, or represent themselves to be, employees of the Board.

Article 12. Indemnification: To the fullest extent permitted by law, Consultant shall indemnify and hold harmless the City of Bloomington, the Board, and the officers, agents and employees of the City and the Board from any and all claims, demands, damages, costs, expenses or other liability arising out of bodily injury or property damage (collectively "Claims") but only to the extent that such Claims are found on a comparative basis of fault to be caused by any negligent act or omission of Consultant or Consultant's officers, directors, partners, employees, or subconsultants in the performance of services under this Agreement.

Article 13. Insurance: During the performance of any and all Services under this Agreement, Consultant shall maintain the following insurance in full force and effect:

- a. Commercial General Liability Insurance, with a minimum combined single limit of \$1,000,000 for each occurrence; \$1,000,000 for personal injury and advertising injury; \$2,000,000 for products and completed operations aggregate; and \$2,000,000 general aggregate.
- b. Automobile Liability Insurance, with a minimum combined single limit of \$1,000,000 for each person and \$1,000,000 for each accident.
- c. Professional Liability Insurance ("Errors and Omissions Insurance") with a minimum combined single limit of \$1,000,000 for each occurrence, and \$2,000,000 in the aggregate.
- d. Workers' Compensation Insurance in accordance with the statutory requirements of Title 22 of the Indiana Code.
- e. Umbrella/Excess Liability with a \$1,000,000 limit.

- f. Cyber Attack and Cyber Extortion: computer attack limit of \$1,000,000 annual aggregate; sublimit (per occurrence) for cyber extortion of \$100,000; and computer attack and cyber extortion deductible (per occurrence) of \$10,000.
- g. Network Security Liability with an annual aggregate limit of \$1,000,000 and deductible (per occurrence) of \$10,000.
- h. Electronic Media Liability with an annual aggregate limit of \$1,000,000 and deductible (per occurrence) of \$10,000.
- i. Fraudulent Impersonator Coverage with an annual aggregate limit of \$250,000 and deductible (per occurrence) of \$5,000.

All insurance policies shall be issued by an insurance company authorized to issue such insurance in the State of Indiana. The City of Bloomington, the Board, and the officers, employees and agents of each shall be named as additional insured under both the General Liability Insurance and Automobile Liability Insurance policies, and the policies shall stipulate that the insurance will operate as primary insurance and that no other insurance effected by the City will be called upon to contribute to a loss hereunder.

Consultant shall provide evidence of each insurance policy to the Board prior to the commencement of work under the Agreement. Approval of the insurance by the Board shall not relieve or decrease the extent to which Consultant may be held responsible for payment of damages resulting from service or operations performed pursuant to this Agreement. If Consultant fails or refuses to procure or maintain the insurance required by these provisions, or fails or refuses to furnish the Board required proof that the insurance has been procured and is in force and paid for, Board shall have the right at Board's election to forthwith terminate the Agreement.

Article 14. Conflict of Interest: Consultant declares that it has no present interest, nor shall it acquire any interest, direct or indirect, which would conflict with the performance of Services required under this Agreement. The Consultant agrees that no person having any such interest shall be employed in the performance of this Agreement.

Article 15. Waiver: No failure of either party to enforce a term of this Agreement against the other shall be construed as a waiver of that term, nor shall it in any way affect the party's right to enforce that term. No waiver by any party of any term of this Agreement shall be considered to be a waiver of any other term or breach thereof.

Article 16. Severability: The invalidity, illegality or unenforceability of any provision of this Agreement or the occurrence of any event rendering any portion or provision of this Agreement void shall in no way affect the validity or enforceability of any other portion or provision of this Agreement. Any void provision shall be deemed severed from this Agreement, and the balance of the Agreement shall be construed and enforced as if it did not contain the particular provision to be held void. The parties further agree to amend this Agreement to replace any stricken provision with a valid provision that comes as close as possible to the intent of the stricken provision. The provisions of this Article shall not prevent this entire Agreement from being void should a provision which is of the essence of this Agreement be determined void.

Article 17. Assignment: Neither the Board nor the Consultant shall assign any rights or duties under this Agreement without the prior written consent of the other party; provided, however, Consultant may assign its rights to payment without the Board's consent. Unless otherwise stated in the written consent to an assignment, no assignment will release or discharge the assignor from any obligation under this Agreement.

Article 18. Third Party Rights: Nothing in this Agreement shall be construed to give any rights or benefits to anyone other than the Board and the Consultant.

Article 19. Governing Law and Venue: This Agreement shall be governed by the laws of the State of Indiana. Venue of any disputes arising under this Agreement shall be in the Monroe County Circuit Court, Monroe County, Indiana.

Article 20. Non-Discrimination: Consultant shall comply with City of Bloomington Ordinance 2.23.110 and all other federal, state and local laws and regulations governing non-discrimination in employment.

Consultant understands that the City of Bloomington prohibits its employees from engaging in harassment or discrimination of any kind, including harassing or discriminating against independent contractors doing work for the City. If the Consultant believes that a City employee engaged in such conduct towards Consultant and/or any of its employees, Contractor or its employees may file a complaint with the City department head in charge of the Consultant's work and/or with the City human resources department or the Bloomington Human Rights Commission. The City takes all complaints of harassment and discrimination seriously and will take appropriate disciplinary action if it finds that any City employee engaged in such prohibited conduct.

Article 21. Compliance with Laws: In performing the Services under this Agreement, Consultant shall comply with any and all applicable federal, state and local statutes, ordinances, plans, and

regulations, including any and all regulations for protection of the environment. When appropriate, Consultant shall advise Board of any and all applicable regulations and approvals required by the Federal Environmental Management Agency (FEMA). Where such statutes, ordinances, plans or regulations of any public authority having any jurisdiction on the project are in conflict, Consultant shall proceed using its best judgment only after attempting to resolve any such conflict between such governmental agencies, and shall notify the Board in a timely manner of the conflict, attempts of resolution, and planned course of action.

Article 22. Notices: Any notice required by this Agreement shall be made in writing to the addresses specified below:

Board:

City of Bloomington
Engineering Dept.
Attn: Neil Kopper, PE
401 N. Morton Street, Suite 130
Bloomington, Indiana 47404

Consultant:

Infrastructure Engineering, Inc.
Attn: Aaron Patterson, PE
One South Wacker, Suite 2650
Chicago, Illinois 60606

Nothing contained in this Article shall be construed to restrict the transmission of routine communications between representatives of the Board and the Consultant.

Article 23. Intent to be Bound: The Board and the Consultant each bind itself and its successors, executors, administrators, permitted assigns, legal representatives and, in the case of a partnership, its partners to the other party to this Agreement, and to the successors, executors, administrators, permitted assigns, legal representatives and partners of such other party in respect to all provisions of this Agreement.

Article 24. Integration and Modification: This Agreement, including all Exhibits incorporated by reference, represents the entire and integrated agreement between the Board and the Consultant. It supersedes all prior and contemporaneous communications, representations and agreements, whether oral or written, relating to the subject matter of this Agreement.

Article 25. Verification of New Employee' Employment Status: Consultant is required to enroll in and verify the work eligibility status of all newly-hired employees through the E-Verify program. (This is not required if the E-Verify program no longer exists.) Consultant shall sign an affidavit, attached as Exhibit E, affirming that Consultant does not knowingly employ an unauthorized alien. "Unauthorized alien" is defined at 8 U.S. Code 1324a(h)(3) as a person who

is not a U.S. citizen or U.S. national and is not lawfully admitted for permanent residence or authorized to work in the U.S. under 8U.S. Code Chapter 12 or by the U.S. Attorney General.

Consultant and any of its subconsultants may not knowingly employ or contract with an unauthorized alien, or retain an employee or contract with a person that the Consultant or any of its subconsultants learns is an unauthorized alien. If the Board obtains information that the Consultant or any of its subconsultants employs or retains an employee who is an unauthorized alien, the Board shall notify the Consultant or its subconsultants of the Agreement violation and require that the violation be remedied within thirty (30) days of the date of notice. If the Consultant or any of its subconsultants verify the work eligibility status of the employee in question through the E-Verify program, there is a rebuttable presumption that the Consultant or its subconsultant did not knowingly employ an unauthorized alien. If the Consultant or its subconsultant fails to remedy the violation within the thirty (30) day period, the Board shall terminate the Agreement, unless the Board determines that terminating the Agreement would be detrimental to the public interest or public property, in which case the Board may allow the Agreement to remain in effect until the Board procures a new Consultant. If the Board terminated the Agreement, the Consultant or its subconsultant is liable to the Board for actual damages.

Consultant shall require any subconsultants performing work under this Agreement to certify to the Consultant that, at the time of certification, the subconsultant does not knowingly employ or contract with an unauthorized alien and the subconsultant has enrolled in and is participating in the E-Verify program. Consultant shall maintain on file all subconsultants' certifications throughout the term of this Agreement with the Board.

Exhibit E is attached hereto and incorporated herein by reference as though fully set forth.

Article 26. No Collusion: Consultant is required to certify that it has not, nor has any other member, representative, or agent of Consultant, entered into any combination, collusion or agreement with any person relative to the price to be offered by any person nor prevented any person from making an offer nor induced anyone to refrain from making an offer and that this offer is made without reference to any other offer. Consultant shall sign an affidavit, attached hereto as Exhibit F, affirming that Consultant has not engaged in any collusive conduct.

Exhibit F is attached hereto and incorporated herein by reference as though fully set forth.

This Agreement may be modified only by a written amendment signed by both parties hereto.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed the day and year first written above.

EXHIBIT A
SCOPE OF WORK AND FEE ESTIMATE

Scope of Services

IEI Scope of Services are anticipated to include the following:

- Road Design and Plan Development
 - Provide project documents anticipating one (1) City review of the Preliminary Design Submittal (30%) and one (1) City review of the Final Design Submittal (90%).
- Utility Coordination (per INDOT standard)
- Topographic Data Collection and Compilation within the project limits
 - Bledsoe, Riggert, Cooper & James (BRCJ) will be providing services in association with this project.
- Geotechnical Services including borings
 - Terracon Consultants, Inc (Terracon) will be providing the required geotechnical services for this project.
- Provide a Quantity Summary and Opinion of Probable Cost.
- Attend up to 4 project meetings with City of Bloomington.
- Construction Phase Services
 - Respond to RFI and Issue Addenda during bidding
 - Attend Pre-Bid Meeting and Issue Meeting Minutes as Addendum
 - Prepare a letter of recommendation (if necessary)
 - Construction Administration
 - Respond to RFI's
 - Attend Construction Progress Meetings as Requested
 - Review Shop Drawings
 - Review Contractor Submittals
 - Complete As-Built Record Drawings
 - Field Visits (Assume 2 visits)

Deliverables

IEI anticipates three (3) deliverables for the project as outlined below:

- 1) Preliminary Design Submittal (30%)
 - a. Preliminary Design Plans
 - b. Summary of Quantities
 - c. Opinion of Cost (Using INDOT Pay Items)
- 2) Final Design Submittal (90%)
 - a. Design Plans
 - b. Summary of Quantities
 - c. Opinion of Cost (Using INDOT Pay Items)
 - d. Special Provisions
- 3) Final Tracings Design Submittal (100%)
 - a. Design Plans
 - b. Summary of Quantities

- c. Opinion of Cost (Using INDOT Pay Items)
- d. Special Provisions

**EXHIBIT B
COMPENSATION**

This project is to be completed and invoiced using a Lump Sum basis with portions of the work being added to the total cost as Hourly Not to Exceed. Each work area has an agreed maximum cost presented below. In the event that additional services are needed, additional compensation will be determined using the same rates that appear in Exhibit A. Additional services will only proceed with prior written approval from the Board or Engineering Department officials designated by the Board as project coordinator(s).

Signal Replacement on 3rd Street

Project Management	\$5,475.00
Preliminary Design Submittal (30%)	\$10,475.00
Final Design Submittal (90%)	\$33,850.00
Final Tracings Submittal (100%)	\$14,025.00
Utility Coordination	\$5,675.00
Topographic Survey	\$9,500.00
Geotechnical Services	\$19,947.00
Total Lump Sum \$ 98,947.00	

In addition, the following Hourly Not to Exceed items will be invoiced based on usage required to complete the tasks:

Construction Phase Services	\$5,000.00
-----------------------------	------------

Total Hourly Not to Exceed \$ 5,000.00

TOTAL ESTIMATED COST OF SIGNAL REPLACEMENTS ON 3RD STREET \$ 103,947.00

**EXHIBIT C

CONTRACT COMPLIANCE REQUIREMENTS

The following contract compliance requirements will be used to satisfy the requirements in BMC §2.23.180, until such a time that the Common Council of the City of Bloomington considers new code regulations concerning contracting with the city.

I, Alex Kline [Contractor], certify that Infrastructure Engineering Inc. [name of company] is in compliance with the contract requirements listed below:

- Follows all federal laws and regulations relating to equal employment opportunity.
- Follows all applicable federal anti-discrimination laws.
- Has a written harassment policy that includes: (1) a definition of harassment, (2) a designated person to receive and investigate harassment complaints through a grievance procedure, and (3) a provision prohibiting retaliation against someone for filing a harassment complaint.
- Does not operate any programs promoting DEI that violate any applicable federal anti-discrimination laws.

I understand that no portion of this contract should be construed to conflict with any portion of federal or state laws or regulations. To the extent any portion of the contract is held to be invalid, the remainder of the contract and the application of its provisions to any other persons or circumstances shall not be affected thereby.

I understand that if the City finds that this company/business/organization has misrepresented any certification of the above provisions, notwithstanding any other enforcement provisions, the City reserves the right to immediately and without equivocation terminate the contract and any obligations contained therein.

City of Bloomington Contract and Purchase Justification Form

Vendor: **Stuard & Associates, Inc**

Contract Amount: **\$ 1,800.00**

Requisition #:

This form should be completed and attached to the contract documents and forwarded to the Legal Department Attorney assigned to your Department. Contracts will not be approved by the Controller if a completed form is not included with the contract documents.

PURCHASE INFORMATION

1. Check the box beside the procurement method used to initiate this procurement: (All methods require at least 1 quote. Attach a quote or bid tabulation if applicable.)

Request for Quote (RFQ)
< \$ 25,000 – only 1 quote req'd (IC 5-22-8-2(b))
> \$ 25,000 – 3 quotes req'd (IC 5-22-8-3)

Request for Proposal (RFP)
Any dollar amount, but we ask vendor to design scope of project (IC 5-22-2-28)

Invitation to Bid (ITB)
> \$ 150,000, formal bid packet req'd, must be advertised twice in 2 publications (IC 5-22-2-14)

Request for Qualifications (RFQu)
Any dollar amount; projects using design-build contractors (IC 5-30-5)

Sole Source
Only 1 vendor can provide service or supplies needed (IC 5-22-10-13)

Software Programs or License Agreements
(IC 5-22-10-7)

No Responsive Offer Received
1 or 2 vendors fail to respond (IC 5-22-10-10)

Emergency Purchase
Must endanger public health, welfare, or safety (IC 5-22-10-4)

Purchase Method Impairs Agency Function
Purchasing method seriously impairs function of the agency (IC 5-22-10-9)

Not Applicable (NA)
< \$ 2,500 and using On-Call contract

Public Works

Department

Stuard & Associates, Inc. PROFESSIONAL SERVICES AGREEMENT

THIS AGREEMENT (the “Agreement”) is entered into by and between the City of Bloomington Public Works Department, by its Board of Public Works (the “City”), and Stuard & Associates, Inc. (“Contractor”), (collectively the “Parties”).

1. **Scope of Services.** Contractor shall provide the Services for the City as outlined in **Exhibit “A”**. Time is of the essence and Contractor shall diligently complete all Services in a timely manner consistent with the Standard of Care identified below.
2. **Effective Date, Term and Termination.**
 - a. **Effective Date.** The effective date for this contract is the date last entered in the signature blocks below.
 - b. **Term.** This Agreement shall commence on the effective date and expire on the 31st day of March, 2026.
 - c. **Termination.** In the event of a party’s failure to perform in accordance with the terms of this Agreement, the other party shall have the right to terminate the Agreement upon written notice. The nonperforming party shall have fourteen (14) calendar days from the receipt of the termination notice to cure or to submit a plan for cure acceptable to the other party. Additionally, the City may terminate or suspend performance of this Agreement at the City’s prerogative at any time upon written notice to Contractor. Contractor shall terminate or suspend performance of the Services on a schedule acceptable to the City and the City shall pay the Contractor for all the Services performed up to the date that written notice is received, plus reasonable termination or suspension expenses. Upon restart, an equitable adjustment shall be made to Contractor’s compensation and the schedule of services. Upon termination or suspension of this Agreement, all finished or unfinished reports, drawings, collections of data and other documents generated by Contractor in connection with this Agreement shall become the property of the City, as set forth below.
3. **Compensation.** Upon completion of all Services, the City shall pay Contractor for all fees and expenses for all Services herein provided in an amount not to exceed One Thousand Eight Hundred Dollars (\$1,800). Contractor shall submit an invoice to the City upon the completion of all Services. The invoice shall be sent to: Parking Services, City of Bloomington, 401 N Morton St. Suite 120, Bloomington, Indiana 47404. Invoices may be sent via first class mail postage prepaid or via email. Payment will be remitted to Contractor within forty-five (45) days of receipt of invoice. Additional services and/or any changes in the Services not set forth in Exhibit “A”, shall be authorized in writing by the City or its designated project coordinator prior to such work being performed, or expenses incurred. The City shall not make payment for any unauthorized work or expenses. No additional work shall be performed until and unless additional funding is approved and a fully executed written amendment to this Agreement reached by both parties herein.
4. **Standard of Care.** Contractor shall be responsible for completion of the Services in a manner sufficient to meet the professional standards consistent with that of the industry. The City shall be the sole judge of the adequacy of Contractor’s work in meeting such standards. However, the City shall not unreasonably withhold its approval as to the adequacy of such performance.

Upon notice to Contractor and by mutual agreement between the parties, Contractor will, without additional compensation, correct or replace any and all Services not meeting the Standard of Care.

5. **Compliance with WCAG.** Contractor will ensure all digital services or deliverables under this contract meet at least the following standards for accessibility: Web Content Accessibility Guidelines (WCAG) Version 2.2, currently available at <https://www.w3.org/WAI/standards-guidelines/wcag/>.
6. **Responsibilities of the City.** The Department shall provide all necessary information regarding requirements for the Services. The Department shall furnish such information as expeditiously as is necessary for the orderly progress of the work, and Contractor shall be entitled to rely upon the accuracy and completeness of such information. The Department's Project Manager designated in the Notices section below shall act on its behalf with respect to this Agreement.
7. **Appropriation of Funds.** If funds for the continued fulfillment of this Agreement by the City are at any time not forthcoming or are insufficient, through failure of any entity, including the City itself, to appropriate funds or otherwise, then the City shall have the right to terminate this Agreement without penalty.
8. **Schedule.** Contractor shall perform the Services according to the schedule set forth in **Exhibit "B"**. The time limits established by this schedule shall not be exceeded, except for reasonable cause as mutually agreed by the parties.
9. **Identity of Contractor.** Contractor acknowledges that one of the primary reasons for its selection by the City to perform the duties described in this Agreement is the qualification and experience of the principal personnel whom Contractor has represented will be responsible herein. Contractor agrees that the work to be done pursuant to this Agreement shall be performed solely by the principal personnel described in **Exhibit "C"**. Contractor shall not assign to any of Contractor's other personnel, subcontractors or agents any part of the Services without the prior written consent of the City. The City reserves the right to reject any of Contractor's other personnel, sub-contractors or agents, and the City reserves the right to request that acceptable replacement personnel, sub-contractors or agents be assigned to the project.
10. **Ownership of Documents and Intellectual Property.** All documents, drawings and specifications, including digital format files, prepared by Contractor and furnished to the City as part of the Services shall become the property of the Department. Contractor shall retain its ownership rights in its design, drawing details, specifications, databases, computer software and other proprietary property. Intellectual property developed, utilized or modified in the performance of the Services shall remain the property of Contractor.
11. **Independent Contractor Status.** Contractor is an independent contractor and shall not be construed to be, nor represent itself to be, an employee of the City. Contractor is solely responsible for the payment and reporting of its employee and employer taxes, including social

security, unemployment, and any other federal, state, or local taxes required to be withheld from employees or payable on behalf of employees.

- 12. Indemnification.** Contractor shall indemnify and hold harmless the City of Bloomington, its directors, officers, agents and employees for all damages, losses, costs, expenses, or other liability, including reasonable attorney's fees and defense costs, ("damages and losses") arising out of third party claims to the extent the damages and losses are caused by the Contractor's willful misconduct or negligence.

Contractor shall defend, indemnify, and hold harmless the City of Bloomington, the Department, and the officers, agents and employees of the City and the Department from any and all claims, demands, damages, losses, liabilities, costs, and expenses or other liability including cybercrime (which shall include, but is not limited to, unauthorized access, data breaches, malware, ransomware, phishing attacks, fraudulent payment requests, or other malicious activities) perpetrated by or attributable to Contractor, its employees, Contractors or agents, (regardless of whether the cybercrime was committed with or without Contractor's knowledge or consent) arising out of or related to this Agreement, or occasioned by the reckless or negligent performance of any provision thereof, including, but not limited to, any reckless or negligent act or failure to act or any misconduct on the part of the Contractor or its agents or employees, or any independent Contractors directly responsible to it (collectively "Claims"). Contractor further agrees to indemnify, defend, and hold harmless the City from and against any and all claims, damages, losses, liabilities, costs, and expenses, including reasonable attorneys' fees arising out of or related to any cybercrime, including, but not limited to, unauthorized access, data breaches, malware, ransomware, phishing attacks, fraudulent payment requests, or other malicious activities perpetrated by or attributable to Contractor, its employees, contractors, or agents. This indemnity shall apply regardless of whether the cybercrime was committed with or without Contractor's knowledge or consent.

If Contractor is a design professional, architect, landscape architect, surveyor, engineer, geologist, or geotechnical / environmental Contractor contracting to provide professional services, then Contractor shall not have the duty to defend against a professional liability claim or indemnify against liability other than liability for damages and losses arising out of third-party claims to the extent the damages and losses are caused by Contractor's willful misconduct or negligence.

- 13. Insurance.** During the performance of any and all Services under this Agreement, Contractor shall maintain the following insurance in full force and effect:
- a. Commercial General Liability Insurance.
 - i. \$1,000,000 for each occurrence;
 - ii. \$1,000,000 personal injury and advertising injury;
 - iii. \$2,000,000 products and completed operations aggregate; and
 - iv. \$2,000,000 general aggregate.
 - b. Automobile Liability providing coverage for all owned, hired and non-owned autos. The limit of liability required is \$1,000,000 each accident.
 - c. Workers Compensation and Employers Liability (only if statutorily required for Service Provider). The limits required are: Workers Compensation – Statutory; and Employers Liability--\$1,000,000 for each accident, for each employee.

- d. Umbrella/Excess Liability with a required limit of \$1,000,000.
- e. Cyber Attack and Cyber Extortion.
 - i. Computer Attack Limit (Annual Aggregate) of \$1,000,000;
 - ii. Sublimit (Per Occurrence) for Cyber Extortion of \$100,000; and
 - iii. Computer attack and Cyber Extortion deductible (per occurrence) of \$10,000.
- f. Network Security Liability.
 - i. Limit (Annual Aggregate) of \$1,000,000; and
 - ii. Deductible (per occurrence) of \$10,000.
- g. Electronic Media Liability.
 - i. Limit (Annual Aggregate) of \$1,000,000; and
 - ii. Deductible (Per Occurrence) of \$10,000.
- h. Fraudulent Impersonator Coverage.
 - i. Limit (Annual Aggregate) of \$250,000; and
 - ii. Deductible (Per Occurrence) of \$5,000.

All insurance policies shall be issued by an insurance company authorized to issue such insurance in the State of Indiana. These policies shall name the City of Bloomington, which includes its officers, employees and agents, as additional insured under General Liability, Automobile, and Umbrella/Excess Liability policies. Such policies shall stipulate that the insurance will operate as primary insurance and that no other insurance of the City's will be called upon to contribute to a loss hereunder.

Contractor shall provide a Certificate of Insurance showing each insurance policy to the City prior to the commencement of work under this Agreement or within ten (10) days of the effective date, whichever is earlier, and shall provide documentation of any changes to or cancellation of required insurance to the City within ten (10) days. Approval of the insurance by the City shall not relieve or decrease the extent to which Contractor may be held responsible for payment of damages resulting from Contractor's provision of the Services or its operations under this Agreement. If Contractor fails or refuses to procure or maintain the insurance required by these provisions, or fails or refuses to furnish the City's required proof that the insurance has been procured and is in force and paid for, the City shall have the right at its election to terminate the Agreement.

14. Conflict of Interest. Contractor declares that it has no present interest, nor shall it acquire any interest, direct or indirect, which would conflict with the performance of Services under this Agreement. Contractor agrees that no person having any such interest shall be employed in the performance of this Agreement.

15. Waiver. No failure of either party to enforce a term of this Agreement against the other shall be construed as a waiver of that term, nor shall it in any way affect the party's right to enforce that term. No waiver by any party of any term of this Agreement shall be considered to be a waiver of any other term or breach thereof.

16. Severability. The invalidity, illegality or unenforceability of any provision of this Agreement or the occurrence of any event rendering any portion or provision of this Agreement void shall in no way affect the validity or enforceability of any other portion or provision of this Agreement. Any void provision shall be deemed severed from this Agreement, and the balance

of the Agreement shall be construed and enforced as if it did not contain the particular provision to be held void. The parties further agree to amend this Agreement to replace any stricken provision with a valid provision that comes as close as possible to the intent of the stricken provision. The provisions of this Article shall not prevent this entire Agreement from being void should a provision which is of the essence of this Agreement be determined void.

17. **Headings.** The headings in this Agreement are for reference only and shall not affect the interpretation of this Agreement.
18. **Assignment.** Neither the City nor the Contractor may assign any rights or duties under this Agreement without the prior written consent of the other party. Unless otherwise stated in the written consent to an assignment, no assignment will release or discharge the assignor from any obligation under this Agreement.
19. **Third Party Rights.** Nothing in this Agreement shall be construed to give any rights or benefits to anyone other than the Parties.
20. **Governing Law and Venue; Waiver of Jury Trial.** This Agreement shall be governed by the laws of the State of Indiana. Venue of any disputes arising under this Agreement shall be in the Monroe Circuit Court, Monroe County, Indiana. Each party acknowledges and agrees that any controversy that may arise under this Agreement is likely to involve complicated and difficult issues and, therefore, each such party irrevocably and unconditionally waives any right it may have to a trial by jury in respect of any legal action arising out of or relating to this Agreement.
21. **Non-Discrimination.** Contractor shall comply with City of Bloomington Ordinance 2.23.100 and all other federal, state and local laws and regulations governing non-discrimination, including but not limited to employment. Contractor understands that the City of Bloomington prohibits its employees from engaging in harassment or discrimination of any kind, including harassing or discriminating against independent Contractors doing work for the City. If Contractor believes that a City employee engaged in such conduct towards Contractor and/or any of its employees, Contractor or its employees may file a complaint with the City Department head in charge of the Contractor's work, and/or with the human resources department. The City takes all complaints of harassment and discrimination seriously and will take appropriate disciplinary action if it finds that any City employee engaged in such prohibited conduct. Any breach of this section is a material breach and will be cause for termination of this Agreement.
22. **Compliance with Laws.** In performing the Services under this Agreement, Contractor shall comply with any and all applicable federal, state and local statutes, ordinances, plans and regulations, including any and all regulations for protection of the environment. Where such statutes, ordinances, plans or regulations of any public authority having any jurisdiction over the project are in conflict, Contractor shall proceed using its best judgment only after attempting to resolve any such conflict between such governmental agencies, and shall notify the City in a timely manner of the conflict, attempts of resolution, and planned course of action.

23. **E-Verify.** Contractor is enrolled in and verifies the work eligibility status of all newly-hired employees through the E-Verify program. Contractor signed the e-verify affidavit which is attached as **Exhibit “D”**. Contractor shall maintain on file all sub-contractors’ e-verify certifications throughout the term of this Agreement.

24. **Non-Collusion.** Contractor affirms under penalties for perjury that it has not, nor has any other member, representative, or agent of Contractor, entered into any combination, collusion, or agreement with any person relative to the price to be offered by any person nor prevented any person from making an offer nor induced anyone to refrain from making an offer and that this offer is made without reference to any other offer.

25. **Notices.** Any notice required by this Agreement shall be made in writing to the individuals/addresses specified below:

TO CITY:	TO Contractor:
City of Bloomington	Stuard & Associates Inc
Attn: Jessica Goodman, Project Manager	Attn: Tony Stuard
401 N Morton St. Suite 120	7500 N Blue Heron Dr
Bloomington, IN 47404	Unionville, IN 47468

Nothing contained in this Article shall be construed to restrict the transmission of routine communications between representatives of the City and Contractor.

26. **Integration and Modification.** This Agreement consists of the following parts, each of which is as fully a part of this Agreement as if set out herein:

- a. This Agreement
- b. All Exhibits.
- c. All Written Amendments and other documents amending, modifying, or supplementing the Contract Documents which may be delivered or issued after the Effective Date of the Agreement and are not attached hereto.

In resolving conflicts, errors, discrepancies and disputes concerning the Scope of Work to be performed by Contractor, and other rights and obligations of City and Contractor, the document expressing the greater quantity, quality or imposing the greater obligation upon Contractor and affording the greater right or remedy to City shall govern; otherwise the documents shall be given precedence in the order enumerated above. This Agreement may be modified only by a written amendment signed by both parties hereto.

27. **Intent and Authority to Bind.** This Agreement has been duly authorized, executed and delivered by the Parties and is the legal, valid and binding obligation of the Parties, enforceable in accordance with its terms and conditions. The undersigned signatories for each Party represent that the undersigned signatories have been and are duly authorized to execute this Agreement for and on behalf of their respective Party.

SCOPE OF WORK

Scope of Work

1. Project Kickoff & Information Collection/Review

- Coordinate with Owner/Client to confirm project objectives, access logistics, and reporting needs
- Request and review available documentation including:
 - Elevator equipment records and controller documentation
 - Alteration permits and inspection reports (if available)
 - Service tickets, maintenance logs, and call-back history
 - Previous modernization or repair scope documents

2. On-Site Elevator Visual Inspection (Non-Invasive)

- Perform field observations of each elevator system serving the garages, including:
 - Machine room / controller space condition and layout
 - Elevator controllers, drives, and power equipment (visual assessment only)
 - Hoistway components visible from accessible areas
 - Car top components observed from accessible locations (where permitted)
 - Pit condition and equipment (where safe and accessible)
 - Cab interiors, doors, fixtures, and operational condition
 - Landing doors, frames, sills, and entrances
 - Elevator operation for basic performance indicators (ride quality, leveling, door timing, noise, etc.)

3. Assessment of Current Equipment Condition

- Provide professional opinion of:
 - General system condition, remaining life expectancy, and reliability risk
 - Observable code compliance concerns or safety issues
 - Maintenance-related deficiencies impacting performance
 - Environmental concerns affecting equipment (water intrusion, humidity, dust, ventilation, etc.)
 - Obsolescence risks related to parts availability and manufacturer support

4. Quality Review of Recent Alterations / Upgrades

- Evaluate the elevators for workmanship and integration quality related to previous alteration work, including:
 - General installation quality and completeness
 - Fit-and-finish of components at landings and inside cabs
 - Consistency of door operation and entrance performance
 - Alignment, leveling, and ride quality concerns
 - Identification of conditions that suggest incomplete work, poor coordination, or substandard installation practices
 - Notation of items that may require contractor correction, adjustment, or follow-up
 - Documentation

5. Code, Safety, and Compliance Observations

- Document accessible compliance-related concerns including:
 - Deficiencies that may impact inspection status or safe operation
 - Conditions suggestive of A17.1 / local code non-compliance (visual indicators only)
 - Deficiencies requiring further testing or verification by others

6. Written Report Deliverables

- Provide a formal written report that includes:
 - Executive summary of findings
 - System-by-system observed conditions
 - Photo documentation (where permissible)
 - Workmanship/alteration assessment notes
 - Recommended improvement plan with prioritization
 - Assumptions and limitations of the evaluation

7. Client Review Meeting / Follow-Up Support

- Conduct one review meeting (virtual or in-person) to discuss findings
 - Respond to reasonable follow-up questions related to the report

Proposal for Elevator Project Support

City of Bloomington Morton & Walnut Parking Garage
Elevator Systems Evaluation

Submitted To:

Jessica Goodman
City of Bloomington
Parking Garage Manager

Prepared By:

Tony Stuard
President of Field Operations
Stuard & Associates Inc.

Ms. Goodman

Stuard & Associates Inc. is pleased to submit this proposal to provide comprehensive elevator consulting services for the Morton and Walnut Street Parking Garages. The purpose of this evaluation is to provide a professional assessment of the existing elevator systems, including our opinion of their current condition, performance, and overall quality of work—particularly as it relates to recent alterations and upgrades. This effort will also include recommendations for corrective improvements, modernization considerations, and budget-level cost estimates to support future planning.

This report will be based on non-invasive, visual field inspections and a review of accessible documentation. The evaluation will be non-forensic in nature and will not include destructive testing or disassembly of major equipment components. As a result, certain conditions may require reasonable assumptions regarding concealed or non-observable components, and some recommendations may be subject to verification through additional testing or contractor investigation as needed.

Scope of Work

1. Project Kickoff & Information Collection/Review

- Coordinate with Owner/Client to confirm project objectives, access logistics, and reporting needs
- Request and review available documentation including:
 - Elevator equipment records and controller documentation
 - Alteration permits and inspection reports (if available)
 - Service tickets, maintenance logs, and call-back history
 - Previous modernization or repair scope documents

2. On-Site Elevator Visual Inspection (Non-Invasive)

- Perform field observations of each elevator system serving the garages, including:

- Machine room / controller space condition and layout
- Elevator controllers, drives, and power equipment (visual assessment only)
- Hoistway components visible from accessible areas
- Car top components observed from accessible locations (where permitted)
- Pit condition and equipment (where safe and accessible)
- Cab interiors, doors, fixtures, and operational condition
- Landing doors, frames, sills, and entrances
- Elevator operation for basic performance indicators (ride quality, leveling, door timing, noise, etc.)

3. Assessment of Current Equipment Condition

- Provide professional opinion of:
 - General system condition, remaining life expectancy, and reliability risk
 - Observable code compliance concerns or safety issues
 - Maintenance-related deficiencies impacting performance
 - Environmental concerns affecting equipment (water intrusion, humidity, dust, ventilation, etc.)
 - Obsolescence risks related to parts availability and manufacturer support

4. Quality Review of Recent Alterations / Upgrades

- Evaluate the elevators for workmanship and integration quality related to previous alteration work, including:
 - General installation quality and completeness
 - Fit-and-finish of components at landings and inside cabs
 - Consistency of door operation and entrance performance
 - Alignment, leveling, and ride quality concerns
 - Identification of conditions that suggest incomplete work, poor coordination, or substandard installation practices
 - Notation of items that may require contractor correction, adjustment, or follow-up documentation

5. Code, Safety, and Compliance Observations

- Document accessible compliance-related concerns including:
 - Deficiencies that may impact inspection status or safe operation
 - Conditions suggestive of A17.1 / local code non-compliance (visual indicators only)
 - Deficiencies requiring further testing or verification by others

6. Written Report Deliverables

- Provide a formal written report that includes:

- Executive summary of findings
- System-by-system observed conditions
- Photo documentation (where permissible)
- Workmanship/alteration assessment notes
- Recommended improvement plan with prioritization
- Assumptions and limitations of the evaluation

7. Client Review Meeting / Follow-Up Support

- Conduct one review meeting (virtual or in-person) to discuss findings
- Respond to reasonable follow-up questions related to the report

PROJECT PRICING

Provided Service	Estimated Time to Complete	Fee
Project Kickoff & Information Collection/Review	2hrs	\$400
On-Site Elevator Visual Inspection (Non-Invasive)	4hrs	\$800
Written Report Deliverables	2hrs	\$400

Fee NTE		\$1800

Terms and Conditions

- Payments shall be made upon invoice submission per milestone completion.
- Additional services beyond the defined scope will be billed separately at a rate of \$200 per hour.
- Any delays due to factors beyond our control may affect the project timeline and associated costs.

We appreciate the opportunity to be part of this project and look forward to delivering high-quality services. Please do not hesitate to contact us with any questions or clarifications.

Why Choose Stuard & Associates?

- **Expertise:** Our team has extensive experience in elevator assessments, maintenance, and modernization.
- **Compliance Assurance:** We ensure that all inspections are performed to meet or exceed industry standards.
- **Client-Centric Approach:** We tailor our services to meet your specific needs and provide actionable insights.
- **Timely Delivery:** Our streamlined processes ensure efficient assessment and reporting.

This is a renewal of the Routeware software system, which has been in place and used by the Sanitation Division since November of 2020.

SERVICES AGREEMENT ADDENDUM
between the
CITY OF BLOOMINGTON
and
Routeware, Inc.

This addendum to the parties' Agreement (the "Addendum") supplements the Master Sales and Licensing Agreement (MSLA) by and between the City of Bloomington by and through its Department of Public Works (hereinafter referred to as "City"), and **Routeware, Inc.**, (hereinafter referred to as "Service Provider"). NOW, THEREFORE, in consideration of the mutual covenants herein contained, the parties hereto agree as follows:

1. **E-Verify.** Service Provider previously executed an E-Verify affidavit, which is attached hereto as part of the **Exhibit A**. By signing this Agreement, Service Provider affirms that they remain compliant with the statements listed on the E-Verify Affidavit in **Exhibit A**.
2. **Non-Collusion.** Service Provider's signature affirms that they have not, nor has any other member, representative, or agent of Service Provider, entered into any collusion by agreement or otherwise with any person relative to the price to be offered by any person nor prevented any person from making an offer nor induced anyone to refrain from making an offer and that this offer is made without reference to any other offer.
3. **Appropriation of Funds.** If funds for the continued fulfillment of this Agreement by the City are at any time not forthcoming or are insufficient, through failure of any entity, including the City itself, to appropriate funds or otherwise, then the City shall have the right to terminate this Agreement without penalty. In the event no funds or insufficient funds are appropriated by the Customer's City in any fiscal period for any payments due hereunder, Customer will notify Company of such occurrence in writing at least sixty (60) days prior to the end of the then-current fiscal period, including documentation of defunding from the entity, and the Agreement shall terminate on the last day of the fiscal period for which appropriations were received without penalty or expense to the Customer of any kind whatsoever, except as to the portions of the payments herein agreed upon for which funds have been appropriated.
4. **Indemnification.** Contractor shall indemnify and hold harmless the City, its officers, members, employees and agents from any and all claims, actions, causes of action, demands, damages, losses, liabilities, judgments and liens arising out any intentional, reckless or negligent act or omission of the Contractor and/or any of its officers, agents, officials, employees, or subcontractors, or any defect in materials or workmanship of any supply, materials, mechanism or other product or service which it or any of its officers, agents, officials, employees, or subcontractors has supplied to City or has used in connection with this Agreement, or arising out of or related to any cybercrime, including, but not limited to, unauthorized access, data breaches, malware, ransomware, phishing attacks, fraudulent payment requests, or other malicious activities perpetrated by or attributable to Contractor, its officers, agents, officials, employees or subcontractors,

regardless of whether the cybercrime was committed with or without Contractor's knowledge or consent. Such indemnity shall include attorney's fees and all costs and other expenses arising therefrom or incurred in connection therewith and shall not be limited by reason of the enumeration of any insurance coverage required herein.

If Contractor is a design professional, architect, landscape architect, surveyor, engineer, geologist, or geotechnical / environmental consultant contracting to provide professional services, then Contractor shall not have the duty to defend against a professional liability claim or indemnify against liability other than liability for damages and losses arising out of third-party claims to the extent the damages and losses are caused by Contractor's willful misconduct or negligence.

5. **Non-Discrimination.** Contractor shall comply with City of Bloomington Ordinance 2.23.100 and all other federal, state and local laws and regulations governing non-discrimination, including but not limited to employment. Contractor understands that the City of Bloomington prohibits its employees from engaging in harassment or discrimination of any kind, including harassing or discriminating against independent contractors doing work for the City. If Contractor believes that a City employee engaged in such conduct towards Contractor and/or any of its employees, Contractor or its employees may file a complaint with the City Department head in charge of the Contractor's work, and/or with the human resources department. The City takes all complaints of harassment and discrimination seriously and will take appropriate disciplinary action if it finds that any City employee engaged in such prohibited conduct. Any breach of this section is a material breach and will be cause for termination of this Agreement.

EXHIBIT "A"

AFFIDAVIT REGARDING E-VERIFY

The undersigned, being duly sworn, hereby affirms and says that:

1. The undersigned is the VP, Finance of the Contractor.
(job title)
2. The Contractor has contracted with or is seeking to contract with the City of Bloomington to provide services.
3. The undersigned hereby states that, to the best of his/her knowledge and belief, the Contractor does not knowingly employ an "unauthorized alien," as defined at 8 United States Code 1324a(h)(3).
4. The undersigned hereby states that, to the best of his/her knowledge and belief, the Contractor is enrolled in and participates in the E-verify program.
5. The undersigned is duly authorized to execute this affidavit for and on behalf of, and to bind, the Contractor.

I affirm under the penalties of perjury that the foregoing facts and information are true and correct to the best of my knowledge and belief.

To: Prospective Bidders/Vendors/Grant Recipients

RE: Equal Employment Plan, Living Wage Ordinance, and Drug Testing Policy

FROM: Anna Lamberti Holmes, Assistant City Attorney/Contract Compliance Officer

EQUAL EMPLOYMENT OPPORTUNITY: The City is implementing a temporary contract compliance process that covers specifically what long-standing federal law protects: (1) nondiscrimination of protected classes; (2) anti-harassment; (3) grievance processes for discrimination and harassment; and (4) prohibition of retaliation. The following contract compliance process will be used to satisfy the requirements in BMC §2.23.180 until such a time that the Common Council of the City of Bloomington considers new code regulations concerning contracting with the City.

All bidders, quoters, vendors, and grant recipients with the City of Bloomington for projects in excess of \$10,000.00 must certify their compliance with the city's contract requirements by submitting the attached affidavit prior to submitting a bid. The legal department will provide a letter acknowledging receipt of the affidavit and provide a date for an annual review of the certification. You must include this acknowledgment letter with your bid submission.

The attached contract compliance affidavit *replaces* the previously required AAP and workforce breakdown form and must be on file in the legal department.

LIVING WAGE: Contractors that are considered "covered employers" under City Ordinance 2.28, otherwise known as the "Living Wage Ordinance" or "LWO," are required to pay their covered employees at least a living wage. Currently, the living wage is \$16.22 per hour for covered employees. Up to 15% of that amount, or \$2.43, may be in the form of the covered employer's contribution to health insurance available to the covered employee. As of June 30, 2025, the Consumer Price Index increased 2.7%. Therefore, as of January 1, 2026, the City of Bloomington Living Wage shall be \$16.66 per hour. Up to \$2.50 of that hourly rate may be provided in the form of the employer's contribution to health insurance.

If the City determines the successful bidder is a covered employer under the LWO, Contractor shall execute the Living Wage Ordinance Affidavit; shall abide by the LWO by paying their employees a living wage and providing the City with information requested in the course of enforcing the LWO; and shall post the Living Wage Poster, provided on the last page of this packet, in areas frequented by their covered employees.

The attached flow chart provides guidance on whether the contractor is a "covered employer."

DRUG TEST POLICY: Finally, please be aware that if you are submitting a bid for a public works project with an estimated cost of \$150,000.00 or more, you will need to submit your company's written drug testing plan with your bid. Your plan must comply with I.C. §4-13-18 *et seq.* Failure to do so may make you ineligible to be awarded a bid or contract. Please see your bid packet for more details.

If you have any questions, contact the City's Legal Department at 812.349.3426 or email the City at legal@bloomington.in.gov. The office hours are Monday through Friday, 8-5.

CONTRACT COMPLIANCE AFFIDAVIT

The following contract compliance requirements will be used to satisfy BMC §2.23.180, until such a time that the Common Council of the City of Bloomington considers new code regulations concerning contracting with the city.

I, Robert Nelson [Contractor], certify that Routeware, Inc.
[name of company] is in compliance with the contract requirements listed below:

- Follows all federal laws and regulations relating to equal employment opportunity.
- Follows all applicable federal anti-discrimination laws.
- Has a written harassment policy that includes: (1) a definition of harassment, (2) a designated person to receive and investigate harassment complaints through a grievance procedure, and (3) a provision prohibiting retaliation against someone for filing a harassment complaint.
- Does not operate any programs promoting DEI that violate any applicable federal anti-discrimination laws.

I understand that no portion of this contract should be construed to conflict with any portion of federal or state laws or regulations. To the extent any portion of the contract is held to be invalid, the remainder of the contract and the application of its provisions to any other persons or circumstances shall not be affected thereby.

I understand that if the City finds that this company/business/organization has misrepresented any certification of the above provisions, notwithstanding any other enforcement provisions, the City reserves the right to immediately and without equivocation terminate the contract and any obligations contained therein.

The City of Bloomington (CoB) Living Wage Ordinance (LWO) applies to three groups of employers:

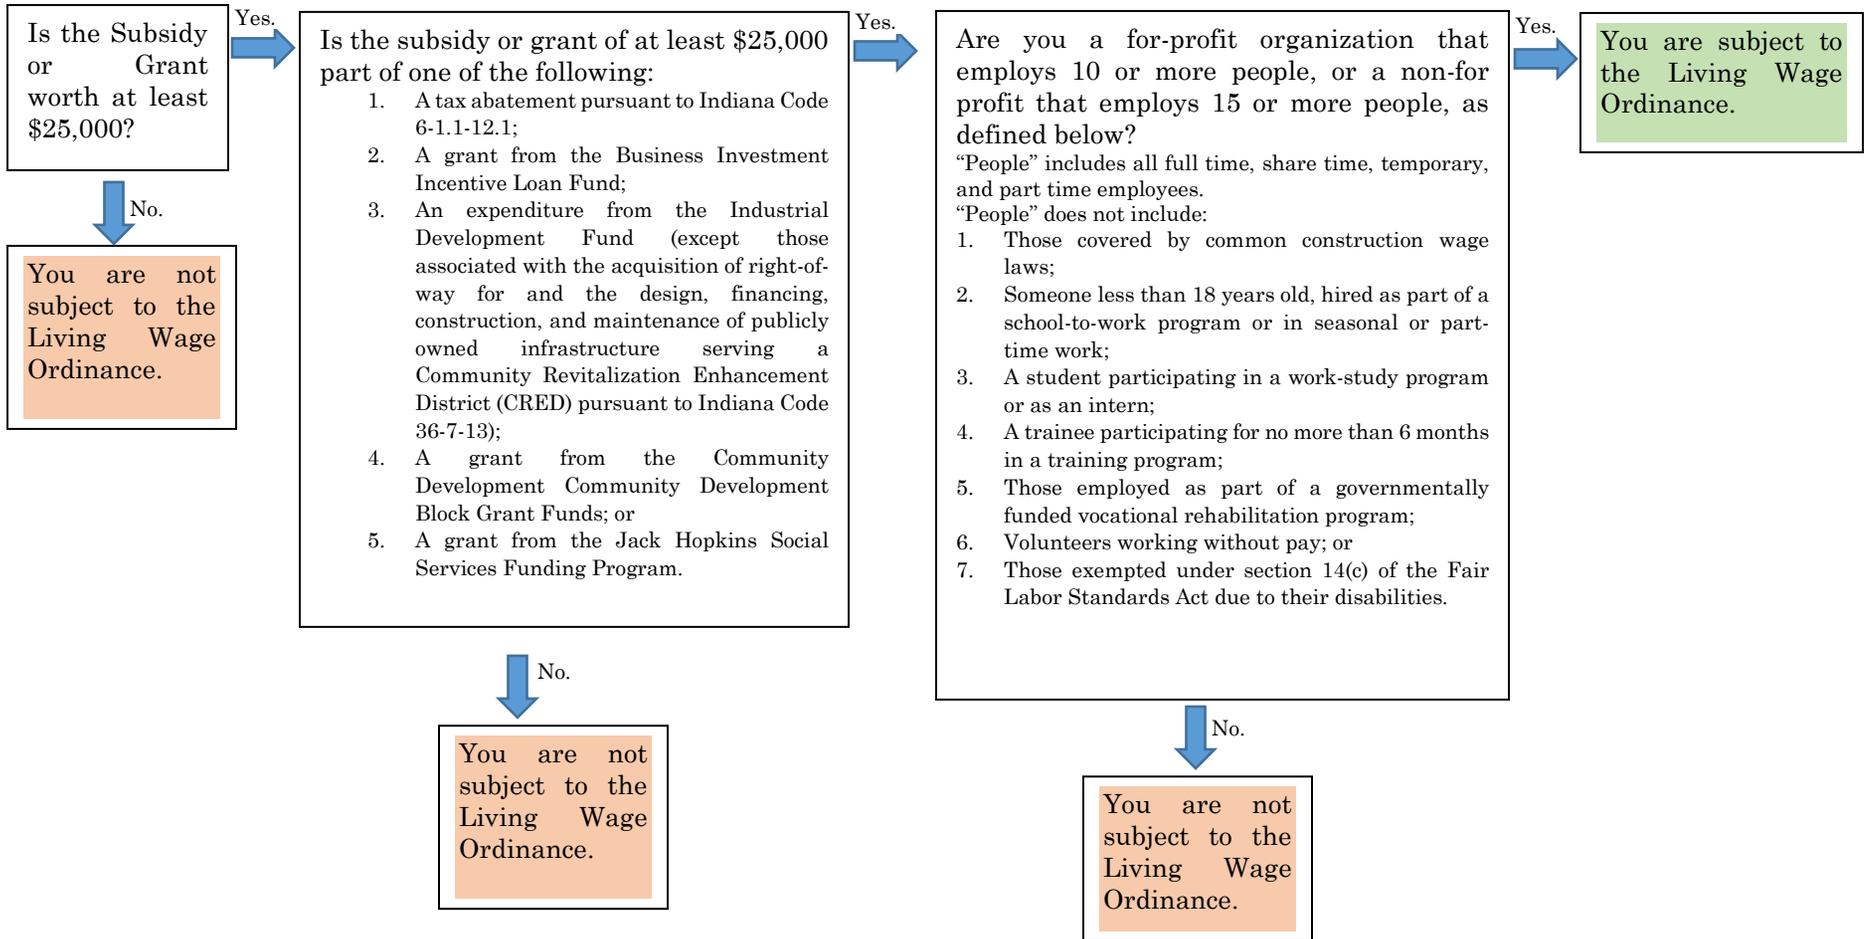

- 1) The CoB;
- 2) Companies that provide services to the CoB through contracts or subcontracts; or
- 3) Organizations that receive CoB subsidies or grants.

As an employer under categories 2 or 3, you may or may not be subject to the LWO. To find out, follow the applicable flow chart, below, or contact the City Legal Department.

Companies that Provide Services to the CoB through Contracts or Subcontracts (“Agreement”)

Companies or Organizations that Receive CoB Subsidies or Grants

Board of Public Works Staff Report

Project/Event: 2026 Outdoor Dining Program Guidelines

Staff Representative: Cassie Werne, Special Projects & Operations Manager

Date of Event: April 9 to November 9, 2026

Date of Board Meeting: Tuesday, February 24, 2026

Report:

Staff recommends the Board adopt Resolution 2026-06 and approve the 2026 Outdoor Dining Program Guidelines. Staff's recommendation maintains Kirkwood Avenue as an open public right-of-way while allowing parklets to support outdoor dining and pedestrian activity. This approach balances stakeholder interests and maximizes overall public benefit.

Background

The potential closure of Kirkwood Avenue has generated significant discussion among downtown businesses, property owners, and community members. As a public right-of-way, Kirkwood serves a wide range of users and stakeholders, including restaurants, retailers, service businesses, residents, visitors, and motorists. Via Ordinance 2025-02, staff updates the Outdoor Dining Guidelines annually via the Board of Public Works. Further, Ordinance 25-02 allows the City Engineer to permanently or temporarily suspend all or part of the program. Please see Memo 'Suspension of Seasonal Kirkwood Closure' citing lack of participation and impracticality.

Staff has gathered feedback through business surveys, direct outreach, and public comment.

Summary of Feedback

Business Input: Surveys of downtown businesses consistently reflect an approximate 50/50 split regarding a full street closure.

Restaurant Participation: Of more than 25 restaurants located along Kirkwood, five participated in outdoor dining during the previous closure period.

Business Participation: Of the more than 25 non-restaurant businesses located along Kirkwood, none participated in activating the street in 2026, with some giving feedback that the street closure negatively impacted their work.

Opposition to Full Closure: Restaurants on the 100, 400, and 500 blocks expressed opposition to a full closure, including one business that previously utilized outdoor dining space but recommended keeping the street open with parklets in 2026.

Private Feedback: Several business owners requested that their input be gathered privately, as they were not comfortable sharing their perspectives in a public forum. Their feedback has been included in staff's evaluation.

Operational Observations

While outdoor dining spaces were well-activated during peak meal periods, staff observed that a 24/7 full street closure left substantial portions of the corridor and extended periods of time without consistent positive activation. During lower-activity periods, there was an increase in negative behaviors and public safety concerns.

Staff Analysis

As stewards of a public right-of-way, staff's responsibility is to consider all perspectives — not solely the most visible or vocal — and to recommend an approach that maximizes overall benefit to the public and to the street as a whole.

Given the divided feedback, limited participation in outdoor dining relative to the total number of businesses, and operational considerations, staff believe a hybrid model provides the most balanced solution.

Maintaining the street as open to vehicular traffic while permitting parklets allows:

- Restaurants to continue outdoor service in a flexible format
- Equitable access to the public right-of-way for all restaurants downtown
- Retailers and service businesses to maintain accessibility
- The City to reduce extended periods of underutilized public space
- The corridor to function more consistently throughout the day and week

Acknowledgment

Staff acknowledges that communication regarding this recommendation could have been more proactive to outdoor dining participants prior to it becoming public. We value our working relationships with downtown partners and appreciate the ongoing collaboration and dialogue as we work toward solutions that support the entire district.

RESOLUTION 2026-06

A Resolution Establishing Guidelines for and Approving the Outdoor Dining Program in the Downtown Corridor

WHEREAS, on June 8, 2020, the Board of Public Works (“Board”) passed Resolution 2020-28 that allowed for 1) the temporary closure of Kirkwood Avenue during spring and summer months (“Kirkwood Closure”); and 2) that authorized an alternative procedure for sidewalk seating and merchandise encroachments for businesses located on various streets throughout Bloomington, known as the Outdoor Dining Program (“Parklet Program”); and

WHEREAS, the Board extended the Kirkwood Closure and the Parklet Program through approval of guidelines each year thereafter; and

WHEREAS, in January of 2025, the Board passed Resolution 2025-02, which established more thorough guidelines for businesses participating in the Kirkwood Closure or the Parklet Program, pending City Council’s passage of Ordinance 2025-02, authorizing the Board to create and administer such guidelines; and

WHEREAS, in January of 2025, the City Council passed Ordinance 2025-02 (“Ordinance”), which, in part, empowers the Board with the authority to review and approve the Kirkwood Closure and Parklet Program and to adopt or revise guidelines and encroachment policies; and

WHEREAS, pursuant to Chapter 12.06 of the Bloomington Municipal Code (“BMC”), the Board has authority to grant final approval of all sidewalk seating and merchandising encroachment applications; and

WHEREAS, comprehensive program review by City staff indicates that closing Kirkwood Ave. to vehicular traffic has not resulted in the “activation” or increased use of Kirkwood Avenue during the summer months; and

WHEREAS, City staff and the Board have determined that Kirkwood activation would best be reached through other means, rather than via vehicular closure; and

WHEREAS, the Board believes it is in the City’s best interest to keep Kirkwood open to vehicular traffic during the summer of 2026, while continuing the Parklet Program;

WHEREAS, This Resolution modifies the program guidelines outlined in the Board’s Resolution 2025-02 for the 2026 Parklet Program season, and remains in effect until repealed or replaced by this Board or other appropriate authority;

and

WHEREAS, the Parklet Program continues to add vibrancy to our downtown and to the health and use of our downtown business community.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF PUBLIC WORKS FOR THE CITY OF BLOOMINGTON, INDIANA:

- Section 1. Beginning on April 9, 2026, for the limited purpose of those areas in the downtown corridor where the City will be implementing the Parklet Program, the City's seating and merchandising encroachment application and other rules related to seating and merchandising encroachments are modified as described in proposed City Council Ordinance 2025-02. The specific guidelines for the Program are outlined in Exhibits A, B and C to this Resolution.
- Section 2. The City will not continue the Kirkwood Closure in 2026 and thereafter, unless subsequently reinstated or approved by the appropriate authority. However, qualifying businesses located on Kirkwood Avenue may participate in the Parklet Program.
- Section 3. Staff at the Economic and Sustainable Development Department are authorized to receive applications and give final approval. Applications for a Parklet Program permit will be open to downtown merchants from February 27, 2026, through March 13, 2026. Applicants will be approved for a Parklet Program permit, provided that the timely-submitted application(s) meets all requirements outlined in this resolution and by the attached Program guidelines, and anticipated City Council Ordinance 25-02. No additional approval from this Board will be required.
- Section 4. These Program guidelines will be reviewed and approved by the Board annually.

PASSED AND ADOPTED by the Board of Public Works of the City of Bloomington, Monroe County, Indiana, upon this _____ day of February 24, 2026.

BOARD OF PUBLIC WORKS:

Elizabeth Karon, President

Kyla Cox Deckard, Vice President

James Roach, Secretary

Exhibit A: 2026 Outdoor Dining Program Guidelines

Timeline:

- Applications available to businesses: February 27
- Deadline for submitting applications: March 13
- Final staff determination of the number and location of parklets: March 20
- Implementation of program (*weather permitting*): April 6
- Season officially begins: April 9
- End of seasonal outdoor dining program: November 9

Costs

- Businesses are responsible for any direct costs associated with using a parklet.
- Each participating business must submit a certificate of insurance to the Economic and Sustainable Development Department establishing proof of a comprehensive general liability policy naming the City of Bloomington as additional insured to the extent of at least the following which shall be in effect during the term of this authorization:
 - \$1,000,000 each occurrence
 - \$1,000,000 personal injury and advertising injury
 - \$2,000,000 products and completed operations aggregate
 - \$2,000,000 general aggregate
- Cost to businesses will be \$250 per parking space. A two-space parklet will cost \$500, 3 spaces will cost \$750.
- Businesses that share a parklet may split the cost. However, it is up to businesses to determine how to split the costs. Furthermore, both businesses will be required to provide a certificate of insurance for the required amounts.

Parklet Logistics

- Eligibility:
 - Eligibility is limited to food service establishments adjacent to metered parking in downtown Bloomington.
 - City staff will review the proposed parklets' street locations to ensure they are suitable for the program.
 - All participating businesses must agree to cease alcohol sales in parklets by midnight.
 - Eligible businesses must complete the application and payment process as outlined in this memo.

- Previously approved parklet plans and implementations do not guarantee approval for the 2026 season.
- Application process:
 - Application form will go live on the City's webpage on February 27, 2026.
 - Applications are due by March 13, 2026. Businesses may submit applications in advance of the deadline.
 - A detailed site plan drawn to scale shall be submitted with the application. This site shall indicate the location of any platforms and seating installed in the parklet as well as any street furniture/trees. Measurements should be included to show conformance with Exhibit B.
 - Fees are payable via the parklet application site by March 20, 2026.
- Parklet Implementation:
 - The participating businesses will work with City staff to install and remove parklets at the beginning and end of the 2026 season. Implementation will be coordinated by City staff.
 - City staff will fill jersey barriers with water on the installation day. Participating businesses will be required to top off the barriers with water as needed, and the barriers must remain sufficiently full for safety purposes. City staff will continue researching alternatives to orange jersey barriers and will communicate directly with businesses if an alternate solution is to be installed.
 - If the weather on April 6, 2026, is not conducive to outdoor dining, City staff may exercise discretion on the exact dates the parklets are installed.
- Kirkwood Implications:
 - Kirkwood will remain open to vehicular traffic (unless authorized by other City or state policy or practice, such as a Special Event in the Public Right of Way, construction, utility maintenance, etc.).
 - Eligible Kirkwood businesses may participate in the Parklet Program.
- Requirements for participating businesses:
 - Participating businesses are required to provide their own furniture, decorations, platforms, etc.
 - Participating businesses are required to invest in the beautification of parklet spaces through decor that meets safety standards (see Exhibit C).
 - Participating businesses must meet all requirements for their extended outdoor seating, including the Americans with Disabilities Act (ADA), Indiana Alcohol Tobacco Commission (ATC), Monroe County Health Department, safety, and insurance requirements.
 - Participating businesses must meet ADA/Accessibility requirements as stated in Exhibit B.

- Participating businesses must meet all Monroe County Building Department requirements and permits for their extended outdoor spaces.
 - Decks or platforms can be up to a maximum of 30 inches in height.
 - If any portion of the decks/platforms exceed the maximum height requirement of 30 inches, construction design must be approved by the appropriate State and County building departments and a permit must be issued.
 - Decks/platforms, furniture, or anything else in spaces cannot block any building exits and must be designed to keep buildings in compliance with codes.
 - Any decks or platforms constructed shall allow for adequate drainage through the gutter and not block any drainage inlets.
 - Any decks or platforms constructed shall be easily removable in the event of an emergency.
 - Parklet structures cannot block access to Fire Department Connections (FDCs) or Post Indicator Valves (PIVs).
 - Tents and heaters are not allowed for use in the Outdoor Dining Program.
 - Participating businesses must comply with Indiana Fire Code regulations.
 - Businesses must remove all seating, furniture, decorations, and any other property from the parklet before the end of the program on November 9, 2026, when the parklet setups are set to come down or face fines in accordance with Title 12 of the Bloomington Municipal Code.
- Discontinuance and/or Removal
 - Failure to comply with or maintain compliance with requirements for participating businesses may result in removal of the parklet.
 - The City of Bloomington Public Works director, in consultation with the Director of Engineering, may decide to discontinue or remove all or certain parklets, at any time and for any reason.
 - In the event discontinuance or removal occurs for either of the above-stated reasons, the City shall provide each affected participating parklet entity with five-days notice.
 - If the parklet is removed by the City for reasons not related to Participant's compliance, then the parklet may be reinstalled in the same calendar year, at the City's discretion and expense. If the parklet is removed for Participant's failure to comply with requirements, then the parklet may not be reinstalled in the same calendar year.
 - All fees paid by the participating businesses are not subject to refunds, regardless of when the parklet is removed, or why it is removed. This is because the majority of costs to the City are up-front costs related to installation of barriers and compliance review and inspection.

- Any property owned by the parklet participants left in the parklet space at the end of the five days shall be removed by the City and placed in storage for thirty days, at no cost to the parklet participant. The City shall provide information to the participant regarding how and where they may retrieve their items. At the end of the thirty days, the items may be disposed of as the City deems fit.

Exhibit B: ADA/Accessibility Requirements

Parklets must conform to the Americans with Disabilities Act (ADA) guidelines and Public Right-of-Way Accessibility Guidelines (PROWAG), or have adjacent outdoor seating options which conform to the ADA and PROWAG (if applicable). It is the responsibility of the applicant to design and implement their parklet seating to be compliant. Below are guidelines that will help design your space to be compliant with the ADA, PROWAG, and the City of Bloomington's standards. The guidelines below are not expected to cover all contingencies, but rather to provide basic information that participants must adhere to.

Flush Platforms for Curb Access

- A platform flush with the curb shall be constructed. This allows easy access for all users without having to worry about slope or tripping hazards.
- Platform Surface:
 - Shall have a smooth, non-slip surface.
 - Gaps shall be no greater than ½ inch wide.
- Platforms can be up to and under 30 inches in height.
 - If any portion of the decks/platforms exceed the maximum height requirement of 30 inches, construction design must be approved by the appropriate State and County building departments and a permit must be issued.
- If a flush platform cannot be constructed, due to site constraints, a raised deck may be substituted at the discretion of the Monroe County Building Inspector and City of Bloomington Community and Family Resources Special Projects Coordinator who oversees accessibility.
 - Ramps to Deck Surface:
 - Width: The width of a ramp shall be no less than 48 inches wide.
 - Rise: The rise for any run shall be 30 inches maximum
 - Handrails: Ramps with a rise greater than 6 inches shall have handrails between 34 to 38 inches vertically above the walking surface. The handrails shall extend 12 inches beyond both the top and bottom of the ramp.
 - Edge Protection: Ramps shall have edge protection a minimum of 4 inches above the ramp surface.
 - Landings: The landing clear width shall be at least as wide as the ramp. The landing clear length shall be a minimum of 60 inches long. Ramps

that change direction at the landing shall have a clear space a minimum of 60 x 60 inches.

- Decks/platforms, furniture, or anything else in spaces cannot block any building exits and must be designed to keep buildings in compliance with codes.
- Any decks or platforms constructed shall allow for adequate drainage through the gutter and not block any drainage inlets.
- Any decks or platforms constructed shall be easily removable in the event of an emergency.
- Platforms or structures cannot block access to Fire Department Connections (FDCs) or Post Indicator Valves (PIVs).
- Further information can be found in the 2010 ADA Standards for Accessible Design:
 - Section 302 Floor or Ground Surfaces
 - Section 405 Ramps
 - Section 505 Handrails

Accessible Seating

- While it is encouraged that all seating be wheelchair accessible, it shall be required that a minimum of at least **1 seat for every 25** to remain accessible. Seating can be made accessible by following the guidelines below:
 - If only one accessible table is provided, it shall be placed closest to the accessible route into the parklet.
 - Table Height: The table shall be **28-34 inches** from the ground to the underside of the table.
 - Knee Space: There shall be at least **27 inches** of vertical knee space from the underside of the table, and at least **30 inches** wide.
 - Clearance: There shall be a clear floor space of at least **30 by 48 inches** around the accessible seating.
 - Availability: Accessible seating shall be available without necessitating the moving/removal of furniture.
 - Comparable Amenities: Accessible seating shall share all of the same amenities as non-accessible seating.
- Further information can be found in the 2010 ADA Standards for Accessible Design:
 - Section 221 *Assembly Areas*
 - Section 306 *Knee and Toe Clearance*
 - Section 902 *Dining Surfaces and Work Surfaces*
- Further information can be found in the PROWAG:
 - Section R405 Knee and Toe Clearance

Exhibit C: Beautification Guidelines

Several options are available to outdoor dining program participants for beautification. Examples of parklet + block beautification may include, but are not limited to, the adornment of art, accessibility alterations, or cosmetic improvements, all per guidelines listed in this “Exhibit C: Beautification Guidelines.” Given the potential costs for professional parklet beautification, employing cost-friendly and easy-to-implement solutions is crucial, as businesses will bear the costs. Businesses should work with City staff to determine appropriate beautification options for the spaces. **No permanent physical changes can be made to the streetscape.**

Beautification Options:

- Additional seating platforms
 - Outside of their uses associated with outdoor dining, spaces installations may include wooden or metal benches, platforms, ramps, or additional forms of seating to compensate for increased customer capacity and general community interactions.
- Adornment of art
 - Program participants are encouraged to use a variety of art sources to beautify spaces such as a collaboration with local artists and the utilization of murals.
- Space greenery
- Additional lighting
 - Please review the Bloomington Municipal Code section 20.04.090 for compliance.
- Further cosmetic and logistical improvements
 - More options for cosmetic improvements include the use of budget-friendly space dividers, outdoor rugs/flooring, temporary installations of menu/special boards, spaces dedicated for bike parking, and the inclusion of interactive features.

Re: 2026 Outdoor Dining Program - revised

Executive Summary

City staff recommends that the Board of Public Works Program Guidelines for the City's 2026 Outdoor Dining Program focus on parklet improvements and space activation while allowing Kirkwood Avenue to remain open to vehicular traffic year-round. Data show an 8% decline in average daily visits from 2024 to 2025, despite event activity that increased by 57%, and a 16% increase in program days. Staff will target resources to improve and expand the parklet program and infrastructure, enhance major events (like Taste of Bloomington and Pridefest), and create smaller promotional events in partnership with businesses to activate the broader corridor and attract visitors to the Kirkwood and downtown corridor.

This memo shares goals, current outcomes, 2026 recommendations, background, and process information in order to finalize legislative and implementation recommendations before taking this before the Board of Public Works. Draft parklet guidelines are included with this document. City staff has engaged with businesses, residents, economic development partners, City staff, and Common Council members. Staff has leveraged Downtown Strategies, the consultant building the downtown action plan for Downtown Bloomington Inc., and Placer.ai data to inform recommendations.

Program Goals

The broader Outdoor Dining program aims to create a vibrant downtown corridor that strengthens economic development by drawing residents and visitors to Kirkwood Avenue and the heart of our community. The following are key program goals:

- **Safety as a Core Priority:** Pedestrian safety is a non-negotiable priority given the adoption of the SS4A Safety Action Plan.
- **Quality of Place:** Kirkwood should function as a cultural destination for residents of Bloomington, neighboring communities, and all other visitors.
- **Fair Implementation:** The program must serve all stakeholders—residents, businesses, and visitors—without disproportionately impacting accessibility or economic opportunity.

ADA compliance, delivery logistics, and parking solutions must be integrated into the long-term design to ensure inclusivity.

- **Economic Development:** The program seeks to foster a business-friendly climate that supports a range of businesses and creates economic activity in the downtown corridor.
- **Comprehensive Approach:** Piecemeal solutions are no longer viable. Permanent infrastructure, activation programming, and financial sustainability are critical to achieving the program's long-term objectives.

Current Status

While program successes show potential for an improved program model, challenges make the 2025 Kirkwood program model unsustainable for a variety of reasons concerning community members, City staff, and businesses.

Successes

- **Economic Boost:** Some restaurants and bars reported increased foot traffic and sales during closures.
- **Enhanced Walkability:** Survey respondents enjoyed pedestrian-friendly spaces and increased vibrancy.

Challenges

- **Economic Decline:**
 - Some retail and service businesses report decreased visits due to parking and delivery issues. Overall visits declined 8% from 2024 to 2025, despite a 57% increase in events and 16% more program days.
- **Beautification and Infrastructure Constraints:**
 - No permanent pedestrian infrastructure (e.g., curbless streets, shade structures, seating, ADA-compliant features).
 - Lack of hardscape improvements leads to underutilized or desolate blocks when not actively programmed.
 - At this time, City-funded infrastructure enhancements such as lighting, seating, shade, and other beautification efforts are not feasible due to budget limitations, as well as ongoing challenges related to unhoused residents in the area.
- **Limited Staff Capacity for Activation:**
 - City staff does not have capacity for continuous programming or management of a fully enclosed Kirkwood.
 - There is a resource strain on city divisions (Street, Sanitation, Parking) for setup, maintenance, and event coordination.
- **Limited Community and Business Activation:**
 - Outside major festivals and restaurants participating in outdoor dining, Kirkwood lacked daily activity.
 - Lack of infrastructure (shade, tables) reduced interest in programming, but infrastructure had to be removed to prevent undesired activity.

- **Public Safety Concerns:**
 - When there were no special events, the closed streets invited negative activation such as crowd surges, violence and threats of violence, and high-risk behaviors. City staff had to remove existing infrastructure to prevent undesirable behavior.
 - Emergency access and delivery logistics became more complex.
 - Illegal parking near bollards and congestion in alleyways occurred regularly.
- **Accessibility Concerns:**
 - Businesses reported difficulties with product delivery, ride-hail services, and food delivery driver access, negatively impacting customer convenience.
 - Businesses and contractors report issues relating to access for general maintenance such as pumping grease interceptors, sign maintenance, chiller repair, etc.
 - Community members report accessibility concerns including wheelchair access, curb cuts, and proximity of parking or drop-off points.
 - Community members report minor frustrations with adjacent street patterns and signage, trouble with accessing businesses.

When looking at 2025 successes and challenges, lessons learned emphasize the need for continuous activation, predictable funding, permanent infrastructure, balanced and continuous stakeholder engagement, and coordination with other activities across the city.

Fiscal Impact

- **Parking Revenue Loss:** Estimated at \$80,000 annually, with no current offset strategy.
- **Program fees:** In 2025, revenue from the Kirkwood Program was \$17,500.
- **Operational Costs and Resource Allocation:** There are increased overtime fees for bollard installation, sanitation, and event coordination. City support of business management (i.e., removing bollards for grease interceptor maintenance) has ongoing costs. Increased trash accumulation in closed blocks but inability to street sweep means additional increase in costs to maintain as well as inability to truly clean. Street and Sanitation Divisions face higher workloads (especially in the 400 block), while activation programming requires additional Public Works and ESD staff time and budget.

2026 Recommendations

- Downtown activation
 - Continue to support and implement high-quality, large downtown festivals through the Right-of-Way Special Events process led by Public Works.
 - Implement activation through organized, small-scale promotional events in partnership with the activation consultant and downtown businesses.
- Parklet enhancement
 - Update and improve the parklet program to increase comfort and accessibility.
 - Require level platforms at sidewalk grade.
 - Encourage more greenery, shade, and lighting.
 - Find an alternative solution to orange jersey barricades for future use.
- Long-term planning

- Prepare for 2027 Kirkwood Corridor Study led by Planning with participation from ESD focused on both safety and economic development.
 - Issue RFP / RFQ in 2026.
 - Secure funding via 2027 budget process.
- Continue annual reviews of closures' impacts on residents, businesses, and city operations.

Background

In response to the COVID-19 pandemic, the City of Bloomington created an economic development program to help businesses in need. Ordinance 20-11 suspended portions of the Bloomington Municipal Code during the public health emergency, allowing expanded outdoor seating and temporary closures of Kirkwood Avenue for social distancing.

The Common Council extended these measures through 2021. In 2022, Ordinance 22-01 established the expanded outdoor dining program more fully, allowing parklets and enhanced pedestrian seating. Annual renewals continued through 2023. In 2024, full street conversion was suspended due to the Clear Creek Reconstruction project, requiring Kirkwood to remain open for traffic flow.

In 2025, the Common Council authorized Ordinance 2025-02, which supported indefinite seasonal closure and continuation of the parklet program. This ordinance eliminated the need for annual visits to Common Council to approve the program and reduced uncertainty for businesses by making the closure permanent, while leaving details of that implementation, including which blocks are closed or open, up to staff. Each year program guidelines are required to be presented to the Board of Public Works for approval.

What began as an emergency response during the pandemic has evolved into a shared community vision: creating a vibrant third space on Kirkwood Avenue, the City's gateway from town to gown in the heart of Bloomington. The Expanded Outdoor Dining Program and seasonal Kirkwood closures demonstrated strong community support, but the way they are currently able to be implemented, these measures are incomplete solutions.

Kirkwood is central to Bloomington's economy, attracting visitors locally, regionally, and nationally. Tourism is a major economic driver in Bloomington and Monroe County: in 2023, the most recent available data from Visit Bloomington, Monroe County saw \$509.4 million in visitor spending, generating a \$309 million total economic impact. With the Bloomington Convention Center opening in 2027, visitor activity—and demand for a vibrant Kirkwood corridor—will only increase.

To deliver what residents and businesses want—a thriving Kirkwood corridor that works for everyone—Bloomington needs a comprehensive vision and plan. In 2027, the Planning & Transportation Department and Economic & Sustainable Development Department will launch a corridor study for Kirkwood that will include robust resident and business input to shape the future of Kirkwood. The Kirkwood corridor study will be driven by planning best practices and will include a formal economic development analysis.

2025–2026 Process

To evaluate this program and the evolving needs of our community, staff has done the following.

- Examine Placer.ai data for visitor trends and engagement patterns.
- Conducted community engagement
 - Solicited feedback from businesses on Kirkwood and around the square
 - Solicited resident feedback
 - Engaged with community stakeholder groups–DBI, Chamber, IU
- Communicated with Council members
- Engaged departments across City Hall
- Incorporated feedback from Downtown Strategies (consultant developing the downtown action plan)

Placer

- [Placer](#) data was used to compare year-over-year activity on Kirkwood. Exports from Placer are included in the appendices. Given changes in the number of days of the closure and outdoor dining program, staff translated total visits during the closure to a daily visit rate. See the following table for details. Kirkwood Ave. experienced an increase in daily visits during 2024 when the street was open. Staff included only visits that were longer than 10 minutes. Average dwell time appears to be a bit longer when the street is closed. In 2025 Taste of Bloomington average dwell time was 87 minutes, which skewed the 2025 average. Staff was unable to pull data in a way that allowed us to exclude dwell time for a single day, making it difficult to compare dwell time year over year.

Year	Street status	Program days	Total visits to Kirkwood	Average dwell time (mins)	Average daily visits
2023	Closed	179	568,000	75	3,173
2024	Open	189	674,800	67	3,570
2025	Closed	220	729,100	80	3,314
2025 (excl. Taste)	Closed	219	715,100	NA	3,265

Community Engagement

When 50 Kirkwood and other downtown businesses were polled, there was a roughly 50/50 split between those businesses advocating for continuation/expansion and those favoring discontinuation or scaling back to parklets.

Survey data from 127 residents shows support for expansion/permanence or keeping seasonal closure but also suggested improvements, emphasizing consistent activation, amenities, accessibility, and parking and traffic clarity.

Feedback supports a pedestrian-friendly Kirkwood with a higher level of infrastructure and activation to justify closures. Additionally, some feedback indicates that survey respondents were referencing special event closures rather than ordinary closure of Kirkwood for dining.

Staff interprets the Kirkwood business feedback to be representative, given that staff engaged or tried to engage every single business on Kirkwood as well as some adjacent businesses on the square. The resident feedback that we do have is important, but unlikely to be statistically significant, given the number of respondents and the way outreach was conducted (promoted at City-sponsored events and online).

Common Council

Special Projects Manager Chaz Mottinger met with eight of nine councilmembers prior to the writing of this memo to ensure transparency and solicit feedback. Staff will present the program recommendation during a Council session on February 4th at 6:30pm in Council Chambers.

Staff

Planning, Engineering, Public Works, Public Safety, CFRD, and Parks have engaged in the planning of 2026 and support the current plan. The Planning Department and ESD will start laying the foundation for the 2027 corridor study in early 2026. Staff will continue engaging across departments on 2026 implementation and communication.

Community Stakeholders

The Chamber of Commerce indicates that it is supportive of whatever is executed well. Downtown Bloomington, Inc and Indiana University are supportive of the 2026 recommendation. Staff will continue engaging with these groups as the plan is implemented.

Downtown Strategies Recommendations

Downtown Strategies is a consulting firm that specializes in data-driven approaches to real estate, retail, design, policy, and tourism that was contracted by Downtown Bloomington, Inc. (DBI) to develop Bloomington's Downtown Action Plan. The study is complete, and the action plan is in the process of being finalized with input from members of DBI, which includes business owners, representatives of the County Council, City Council, City government, Visit Bloomington, and the Chamber. ESD staff will share the final plan with all Kirkwood stakeholders when it is finalized.

A main takeaway from Downtown Strategies' study is that well-implemented major events and targeted micro-events involving businesses create more economic benefit over time than a full street closure. Micro-events or small-scale promotions attract visitors downtown and intentionally connect them with businesses. These include art crawl, coffee crawl, scavenger hunt, instagram challenges, selfie spots etc.

Immediate Next Steps

- Continue stakeholder engagement and implement communications plan.
- Update parklet guidelines with the Board of Public Works.
- Investigate alternatives to orange jersey barriers for future years.
- Begin implementation of the Downtown Action Plan in collaboration with Downtown Bloomington, Inc., downtown businesses, DT Activation Coordinator, and internal City departments.

Conclusion

The vision for Kirkwood is clear: a safe, inclusive, and vibrant corridor that reflects our community's identity and drives economic vitality. While seasonal closures provided short-term benefits, they exposed structural and logistical limitations. Moving forward, the City will pursue permanent parklet infrastructure, enhanced amenities, and strategic activation to transform Kirkwood into a year-round destination. The proposed 2026 guidelines ensure quality, accessibility, sustainability, and cultural vibrancy, while allowing staff to take steps toward long range planning of the corridor.

To: Bloomington City Council & Board of Public Works
From: Andrew Cibor, City Engineer
Date: February 12, 2026
Subject: Suspension of Seasonal Kirkwood Closure

City Council Ordinance 2025-02 established an annual outdoor dining program that formalized the use of parklets in the downtown area and a closure of Kirkwood Avenue between Walnut Street and Indiana Avenue from March through November. Section 7 of the Ordinance authorizes the City Engineer to permanently or temporarily suspend the program in part or in whole “in cases of emergency, lack of participation, or any other reason that may render the Program impractical.”

Consistent with the recommendations and rationale documented in the attached memo (2026 Outdoor Dining Program - revised, dated January 27, 2026), the Kirkwood closure component of the program is suspended for the 2026 season due to lack of participation and impracticality (budget). The suspension will begin on the start date of the 2026 Outdoor Dining season (April 9, 2026, weather permitting).

City staff recommends that the Board of Public Works adopt Outdoor Dining Program Guidelines for 2026 that focus on parklet improvements and space activation while allowing Kirkwood Avenue to generally remain open to vehicular traffic.

re: Regarding the Seasonal Closure of Kirkwood Ave

Talia Halliday <gathershoppe@gmail.com>
To: public.works@bloomington.in.gov

Mon, Feb 16, 2026 at 8:41 PM

Dear Members of the Board of Public Works,

My name is Talia Halliday. I am a downtown business owner (for 13+ years with Gather + oak.) , the Downtown/ Kirkwood Activation Coordinator, and an event coordinator who produces multiple public events throughout our city center (Bloomington Handmade Market and Witch Fest). I care deeply about the success and perception of our downtown, which is why I respectfully oppose the proposed seasonal closure of Kirkwood Avenue.

Meaningful activation across multiple blocks would require not only a much larger team and infrastructure investment, but also a dedicated event budget. Without those resources, we cannot consistently program or manage the space in a way that reflects the best of Bloomington or creates sustained economic impact.

The closure is only actively utilized a small percentage of the time. Indiana weather is unpredictable -- April and May are often cold or wet, and peak summer heat significantly reduces outdoor dining and event participation. For much of the season, the result is long stretches of empty roadway. Instead of vibrancy, we see underused space that hinders parking, access, and business flow.

Kirkwood is the gateway between downtown and Indiana University Bloomington, leading directly to the Sample Gates. When those blocks are not fully and positively activated, the visual impact is not one of energy, but absence.

We can activate Kirkwood strategically without a full-time closure by keeping the road open while expanding parkettes, modular seating, temporary high impact low stakes activations within the business community, weekend programming, and targeted event-based street closures. This approach allows us to fill the space intentionally, drive foot traffic when it is most viable, and create measurable economic impact -- without restricting daily access, parking, or delivery flow. It also ensures that activation supports all downtown businesses equitably, rather than benefiting only a limited number of establishments.

Our goal should be consistent vibrancy, not seasonal vacancy. I urge thoughtful reconsideration in favor of a balanced strategy that strengthens the entire downtown ecosystem.

Respectfully,
Talia Halliday

Rev. Kyrmen Rea
First Christian Church (Disciples of Christ)
205 E. Kirkwood Ave
Bloomington, IN 47408

February 19, 2026

To: Members of the Bloomington Board of Public Works

I am writing on behalf of my congregation, First Christian Church (Disciples of Christ) on the subject of Bloomington's 2026 Outdoor Dining Guidelines. First Christian sits on the corner of Kirkwood Ave and Washington St.; the potential closure of Kirkwood is a critical issue for our congregation. I want to state our strong opposition to the closure of Kirkwood Avenue on our block as such a closure would seriously complicate our congregants' and our many community partners' ability to access our property. Parking in the area is already limited, so we count on the availability of the spaces in front of the church on Kirkwood. Additionally, those who are unable to walk long distances may be unable to participate in on-site activities if parking on Kirkwood is not possible.

One of the greatest challenges of our church's location is our very limited proprietary parking; First Christian owns only six parking spaces. Those spaces are located in the alley between our church building and the Campbell House, also owned by First Christian, currently housing Habitat for Humanity. They must be accessed from the alley that runs north-south from Kirkwood to 6th St., and, since the spaces are angled and the alley is narrow, parking is only possible when entering the alley from Kirkwood. Closure of Kirkwood, then, would make it impossible for us to use our parking spaces.

First Christian strives to make downtown better through its service to our unhoused neighbors and through the provision of space to such organizations as Mobility Aids Lending Library, Stages Bloomington, multiple recovery groups (Narcotics Anonymous, Alcoholics Anonymous, and Recovery Dharma), Traveling University, and Bloomington Watercolor Society. Making our building more difficult to access by closing Kirkwood would negatively impact hundreds of people every week. I hope you will take these concerns into account as you make decisions about the 2026 Outdoor Dining Program.

Thank you,
Rev. Kyrmen Rea, Senior Minister
First Christian Church (Disciples of Christ)

To: City of Bloomington Common Council
From: Bob Costello, President Kirkwood Community Association
Date: February 2, 2026
Re: Formal Rebuttal on proposed reopening of Kirkwood during summer months

The Kirkwood Community Association formally recommends that the City of Bloomington continue the seasonal pedestrianization of Kirkwood Avenue as agreed by the Bloomington City Council in 2025. We contend the staff memo's economic and safety data is insufficient to justify a policy reversal that undermines the city's long-term vision.

The staff memo does **not present sufficient evidence to justify abandoning seasonal pedestrianization of Kirkwood Avenue**. The data cited does not establish causation between street closures and reduced economic activity, and several conclusions drawn are internally inconsistent with the memo's own findings. Furthermore, the **Kirkwood Community Association was never approached as a stakeholder**.

The recommendation to keep Kirkwood open to vehicular traffic represents a **policy retreat from a widely supported long-term vision shared by the Bloomington City Council as recently as 2025**. This vision prioritizes pedestrian experience, downtown vitality, and Bloomington's identity as a cultural destination. Implementation challenges should be addressed through improved design, investment, and management, not by eliminating the core strategy.

1. Data Interpretation: Correlation Is Not Causation

Staff relies heavily on an 8% decline in average daily visits from 2024 to 2025 to support reopening Kirkwood to vehicles. However, the memo does not demonstrate that street closure caused this decline.

Notably absent from the analysis:

- Any control comparison to other downtown corridors or peer cities
- Adjustment for broader economic trends affecting retail and dining
- Segmentation by business type or time-of-day patterns
- Analysis of visitor quality versus quantity
- **Any mention of the closure of Indiana Ave. last summer**
- **Any mention of the closure of both of the IU street level parking lots on N Dunn**
- **Any mention of the loss of on street parking spaces due to construction workers using them during the Poplars project (6th St., Dunn St., 7th St. etc.)**
- **Any mention of a reduction in football games and key games**

Without isolating variables, the data cannot support the conclusion that pedestrianization negatively impacted economic activity. At most, it shows that challenges coexist with closures—not that closures are the cause.

2. Dwell Time: A Key Metric Is Undervalued

The memo acknowledges that **average dwell time is longer when Kirkwood is closed**. This is a critical point that is underweighted in staff's conclusions. **Dwell well time offers deeper insights into customer experience, interest levels, and potential conversion rates.**

Longer dwell time is widely recognized as a stronger indicator of economic value than raw foot traffic. Visitors who stay longer are more likely to spend money, visit multiple businesses, and return.

The memo's own data suggests that pedestrianization enhances the quality of downtown engagement, evidenced by longer average dwell times.

3. Safety Concerns Are Asserted Without Supporting Evidence

Public safety is framed as a central justification for reopening Kirkwood, yet the memo provides:

- No quantitative incident data
- No comparison between open and closed conditions
- No distinction between special event days and ordinary days
- No crime/accident data

The memo also acknowledges that infrastructure was removed due to concerns about undesirable activity, which likely exacerbated safety and activation challenges.

Safety issues should be addressed through **design, lighting, staffing, and enforcement strategies**, not by reintroducing vehicular traffic into a space intended for people.

4. Budget Constraints Reflect Policy Choices, Not Impossibility

Staff cites budget limitations and staffing capacity as barriers to permanent infrastructure and activation. However:

- Parking revenue loss is acknowledged but no creative solution has been offered
- Lack of activation by the City of Bloomington
- Alternative funding models (BIDs, sponsorships, phased capital investment) are not explored

The lack of infrastructure investment is not evidence that pedestrianization fails.

5. Equity and Accessibility Require Better Design, Not Cars

Concerns about accessibility, deliveries, and maintenance are real, but solvable. And were solved in the preceding years.

Peer cities have successfully addressed these issues through:

- Timed delivery windows
- Designated service access hours
- Curbless or shared-street designs
- Strategic loading zones

Equitable access is not always a car centric design. Closing Kirkwood provides a unique and safe corridor for pedestrians and cycling enthusiasts.

6. Vision Deferral Undermines Momentum

The memo repeatedly references a 2027 corridor study as the venue for long-term decision-making, while recommending a significant policy reversal in 2026.

This approach:

- Creates uncertainty for businesses
- **Businesses invested in the outdoor project because of the ordinance passed last year anticipating the three year trial would continue**
- Undermines public trust
- Risks losing momentum built over multiple years

- **The City of Bloomington has already paid for a previous Kirkwood study. Instead of spending more tax payer dollars on another study, let's implement the one we have.**

If Kirkwood is truly envisioned as a cultural gateway and third space, that vision should be reinforced.

7. Micro-Events Cannot Replace a Baseline Pedestrian Experience

Staff places heavy emphasis on micro-events as an alternative to street closure. While events add value, they:

- Require continuous staffing and coordination including ballard removal: 10 micro events plus 8 home football weekends = 18 weekends in 2026
- Benefit only certain businesses
- Do not create daily vibrancy

A successful downtown should feel welcoming and active on an ordinary weekday—not only during programmed events.

Conclusion

The challenges identified in the 2025 program reflect **a lack of dedicated city management, temporary infrastructure, and consistent activation**, not a fundamental failure of the pedestrian concept. Reopening Kirkwood to vehicles addresses symptoms rather than causes and risks diluting the corridor's identity at a critical moment of downtown growth.

Instead of abandoning seasonal closure, the City should:

- Commit to a pedestrian-first framework
- Invest incrementally in permanent infrastructure
- Improve management and activation strategies
- Use 2026 as a refinement year, not a reversal

Kirkwood Avenue is not merely a transportation corridor but rather the artery connecting our town and gown. Policy decisions should reflect that role.
