Event Date April 10, 2026

Meeting Date: April 6, 2026

Re: Announce Revised BID Opening for Grimes Lane, Kirkwood Avenue, Patterson Drive, and Rogers Street Maintenance Project

Summary

The letting date (BID opening) for Grimes Lane, Kirkwood Avenue, Patterson Drive, and Rogers Street Maintenance Project has been updated via Addendum. The letting date was originally for the Board of Public Works session on April 6, 2026 at 12pm. The reasons for the date changes are as follows:

First, the Patterson Drive, Rogers Street, and Grimes Lane portion of this project has been fast paced design due to the last minute opportunity to acquire CCMG funds by including it with the West Kirkwood Avenue CCMG funded project. Second, feedback from contractors at the Pre-Bid meeting regarding overlap with an INDOT letting date of April 8th, 2026.

State law requires we announce the new date at the originally scheduled letting date, time and place. The State also requires the Board of Public Works to approve the change at that time.

Engineering supports this change due to the reasons stated above. We request the Board of Public Works approve the new letting date as follows:

Bid Submission Deadline:

April 10, 2026, 12:00pm

Bids will be opened in the Atrium at City Hall:

401 North Morton Street, Bloomington, Indiana 47402
