Prohibited Location Agreement

Bloomington Municipal Code Section 4.28.140 prohibits Mobile Vendor Units from operating in certain locations. This Agreement provides for all of the prohibited locations. Two maps are also attached to this Agreement. All signatories to this Agreement are required to review not only this Agreement, but also the attached maps prior to signing this Agreement.

As a licensed Mobile Vendor Unit, I understand and agree that I cannot and will not operate my mobile vendor unit in a manner that would violate any of the below-listed location restrictions:

- € No mobile food vendor unit shall locate in any parking lot, parking space, or parking facility owned, leased or managed by the City of Bloomington unless approval has been given by the City's Board of Public Works.
- € No mobile food vendor unit shall operate within fifty feet of any facade of a ground level establishment that also sells food or beverages, or operate within fifty feet of the perimeter of such an establishment's outdoor seating area, regardless of whether or not the mobile food vendor unit is currently conducting business. The distance restriction only applies from one hour before the opening time to an hour after the closing time posted by a ground level establishment on the facade of its building.
- € No mobile food vendor unit shall locate in an alleyway.
- € Mobile food vendor units shall be located a reasonable distance from all posted bus stops, crosswalks, driveways, alleyways, right-of-way lines of two or more intersecting streets and building entrances or walk-up windows.
- € Mobile food vendor units shall only be located on private property if the private property owner has provided both the business operator and the City written permission for the mobile food vendor unit to locate on said property.
- € No mobile food vendor unit shall locate within a one block radius of a Special Event unless prior approval has been granted by either the operator of the Special Event or the City's Board of Public Works.
- € No mobile food vendor unit shall park on City property in violation of any City parking regulation, restriction, or ordinance. For example, if parking at one, or multiple, parking meters, the operator of the mobile food vendor unit shall feed all relevant parking meters with the required monetary amount.
- € No mobile food vendor unit shall be located in a manner which would significantly impede or prevent the use of any City of Bloomington property, or which would endanger the safety or property of the public.
- € No mobile food vendor unit shall be located within fifteen feet of any fire hydrant.

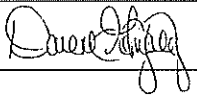

- € No mobile food vendor shall locate within any zoning district except the following: Commercial General; Commercial Arterial; Commercial Downtown; Industrial General; Business Park; and Institutional.
- € No mobile food vendor operating on private property shall displace required parking or landscaping nor block any drives, parking access aisles, fire lanes, sidewalks, or accessible routes required for the private parking by the City's zoning code.
- € No mobile food vendor unit shall be located more than one foot away from the curb of the street on which it is parked.
- € No mobile food vendor unit shall park near an intersection and in a manner that blocks the line-of-sight of drivers using adjacent roadways.

I, the undersigned, understand that if I locate my mobile vendor unit in any of the above-described prohibited locations or manner that I subject myself to fines and possible revocation of my Mobile Vendor Unit License, as so described in Chapter 4.28 of the Bloomington Municipal Code.

Hello All,

Dave Williams forwarded this email as I handle special permits for usage of the trails. They would need to fill out a B-line Special Use Permit which can be found here. They would not be able to completely close or block the trail but could apply to do a parade down the trail. Could you please have them contact me or share their contact information and I can reach out to them?

Thanks,

Subject: Re: Campus Costume Application

All,

Gentry Street is one-way south. The closure diagram shows the south end blocked off. This would make it so that anyone leaving the Hyatt Place parking garage or coming south on Gentry Street would be stuck. Closing Gentry Street is not an option because that would cut off access to the parking garage. When this parade was first discussed I heard from James Eno with Hyatt Place who voiced this concern to me and to the applicant. Also, I spoke with the Paul White directly about this concern so the fact that this was not addressed is a little troubling. Mr. Eno is aware of the meeting and I believe he will be speaking against the closure if it is to proceed as shown. I also want to make sure that Dave Williams is aware of the proposed obstruction to the B-Line. This sounds like a fun event but Planning and Transportation cannot support it until these issues are worked out. If the B-Line closure is acceptable and the parade could stick to the sidewalk until it gets west of Gentry so that Gentry traffic can go east on 4th St it would be a huge improvement.

Thanks,
Dan

Good afternoon all,

We have a very late addition to next week's Board of Public Works Meeting. I have attached the special event application for Campus Costume. They are requesting to close 4th Street to Madison on September 30th from 1 - 4 pm. They are also requesting a noise permit so they can have a live band in their parking lot, as well as food trucks.

This is Lotus weekend so the Administration does not support this event, and has expressed this to the organizers. If they could find another weekend then staff would be happy to work

with them.

Scott: The parade permit is included in their application.

Let me know you thoughts please.

Waste and Recycling Plan

For:

THE UPDRAFT & Campus Costume

Proposed date: ~~September 30, 2017~~

Oct 7, 2017

This event will be held on private property with the exception of a proposed parade and coffin races. Because of this, the plan may be unnecessary for inclusion, but it is also deemed important and is included in this application process.

Paul White Sr. of Paul White Enterprises, a member of the Monroe County Solid Waste District Citizens Advisory Committee, will be supervising and training volunteers in the process of proper waste disposal and recycling.

1. There will also be containers for trash, glass, plastic and metal, placed conveniently throughout the event to prevent waste from spreading into the public right of way.
2. Campus Costumes has a dumpster on the property for which trash will be disposed into throughout the event when containers are deemed to be in need of dumping.
3. All trash and recyclable materials will be placed in the dumpster area of Campus Costume to be disposed of in a timely manner.
4. At the end of the event there will be a final sweep of the private space and public right of way to remove any remaining litter that might remain.

Board of Public Works Staff Report

Project/Event: Tamarron Neighborhood Block Party

Petitioner/Representative: Carole Damon, Tamarron HOA

Staff Representative: Sean Starowitz

Meeting Date: October 3, 2017

The Tamarron Homeowners Association requests the Board's permission to close a public street to hold a neighborhood block party on Saturday, October 21, 2017 from 10:00 a.m. to 11:00 p.m. The event hours are 4:00 p.m. until 8:00 p.m.

Pending Board approval this neighborhood gathering will temporarily close N. Callery Drive in front of 806 & 808 N. Callery Drive. A noise waiver is included in the Resolution so that they might place music between the hours of 4:00 p.m. and 8:00 p.m. This is the 25th year for this event and the first time coming before the Board of Public Works. They expect 95 participants.

They have had opposition from a neighbor which is why it is coming before the Board this year. Their neighbor, Mr. Thomson, was concerned about the length of time the tents stayed up after this event. An agreement has been reached where the Neighborhood Association has agreed to remove the tents by 11:00 p.m. the night of the event.

Recommendation and Supporting Justification: Staff supports the street closure for the Tamarron Neighborhood Block Party. The Maintenance of Traffic Plan (MOT) has been approved by Planning and Transportation Department.

Board of Public Works Staff Report

Project/Event: Approval of the Contract for Preliminary Engineering Services with Lochmueller Group Inc. for the 17th/Dunn and 17th/Madison/Kinser Traffic Signal Replacement Projects

Petitioner/Representative: Planning and Transportation Department

Staff Representative: Neil Kopper, Project Engineer

Date: 10/03/2017

Report: This project will replace traffic signal equipment and make geometric improvements to the intersection of 17th Street at Dunn Street and the intersection of 17th Street at Madison Street/Kinser Pike. Construction is expected in 2019 and some right of way acquisition may be necessary.

Lochmueller Group Inc. was selected from the City's on-call design list to complete preliminary engineering services for this project. The total contract amount is \$200,400 and fees for the two intersections will be tracked and paid separately. The 17th/Dunn portion of the contract is \$118,600 and the 17th/Madison/Kinser portion of the contract is \$81,800. Staff will be taking a funding request to a future Redevelopment Commission (RDC) meeting to approve funding for the 17th/Madison/Kinser portion of the contract.

If right of way acquisition is necessary at one or both intersections, then this contract may need to be amended to include additional right of way engineering services.

Recommendation and Supporting Justification: Staff recommends that the Board approve the Contract for Preliminary Engineering Services with Lochmueller Group Inc. for the 17th/Dunn and 17th/Madison/Kinser Traffic Signal Replacement Projects.

AGREEMENT FOR CONSULTING SERVICES

This Agreement, entered into on this _____ day of _____, 2017, by and between the City of Bloomington Planning and Transportation Department through the Board of Public Works (hereinafter referred to as "Board"), and Lochmueller Group, Inc., (hereinafter referred to as "Consultant"),

WITNESSETH:

WHEREAS, the Board wishes to enhance the services it provides by engaging in efforts to provide improvements to the signalized intersections of 17th Street at Madison Street/Kinser Pike and 17th Street at Dunn Street; and

WHEREAS, the Board requires the services of a professional engineering consultant in order to perform tasks including the preparation of a topographic survey including utilities, coordination with various stakeholders including utilities and adjacent property owners, the preparation of plans, specifications and cost estimates, and the completion of right of entry documents, which shall be hereinafter referred to as "the Services"; and

WHEREAS, it is in the public interest that such Services be undertaken and performed; and

WHEREAS, Consultant is willing and able to provide such Services to the Board;

NOW, THEREFORE, in consideration of the mutual covenants herein contained, the parties hereto agree as follows:

Article 1. Scope of Services: Consultant shall provide required Services for the Board as set forth in Exhibit A, Scope of Services. Exhibit A is attached hereto and incorporated herein by reference as though fully set forth.

Consultant shall diligently pursue its work under this Agreement and shall complete the Services as described in Exhibit A in a timely manner. Consultant shall perform all Services as

expeditiously as is consistent with professional skill and care and the orderly progress of the work.

In the performance of Consultant's work, Consultant agrees to maintain such coordination with the Board as may be requested and desirable, including primary coordination with the Planning and Transportation Department officials designated by the Board as project coordinator(s).

Consultant agrees that any information or documents, including digital GIS information, supplied by the Board pursuant to Article 3, below, shall be used by Consultant for this project only, and shall not be reused or reassigned for any purpose.

Article 2. Standard of Care: Consultant shall be responsible for completion of the Services in a manner to meet high professional standards consistent with the Consultant's profession in the location and at the time of the rendering of the services. The City Transportation and Traffic Engineer shall be the sole judge of the adequacy of Consultant's work in meeting such standards. However, the City Transportation and Traffic Engineer shall not unreasonably withhold his approval as to the adequacy of such performance.

Article 3. Responsibilities of the Board: The Board shall have the following responsibilities under this Agreement and shall meet these responsibilities in a timely manner so as not to delay the orderly progress of the Services, and Consultant shall be entitled to rely upon the accuracy and completeness of information supplied by the Board:

A. Information/Reports

Provide Consultant with reports, studies, site characterizations, regulatory decisions and similar information relating to the Services that Consultant may rely upon without independent verification unless specifically identified as requiring such verification.

B. Representative

The Board hereby designates Neil Kopper, Project Engineer, Department of Planning and Transportation ("Kopper"), to serve as the Board's representative for the project. Kopper shall have the authority to transmit instructions, receive information, interpret and define the Board's requirements and make decisions with respect to the Services.

C. Decisions

Provide all criteria and full information as to Board's requirements for the Services and make timely decisions on matters relating to the Services.

Article 4. Compensation: The Board shall pay Consultant a fee based on the payment schedule set forth in Exhibit B, Schedule of Compensation. Exhibit B is attached hereto and incorporated herein by reference as though fully set forth. The total compensation paid, including fees and expenses, shall not exceed the amount of **Two Hundred ~~Three Thousand Six Four~~ Hundred Dollars (\$~~203,200,600~~400.00)**. This sum includes salaries, payroll taxes and insurance, employee fringe benefits, general overhead costs, profit, and project related expenses. Payments will be made according to Consultant's monthly progress statements for each phase and shall be invoiced for the work completed only.

Additional assignments or additional services not set forth in Exhibit A, changes in work, or incurred expenses in excess of the rates set forth in Exhibit B must be authorized in writing by the Board or the Board's designated representative prior to such work being performed, or expenses incurred. The Board shall not make payment for any unauthorized work or expenses. Claims for additional work or expenses must be submitted within thirty (30) days of the completion of the work or expenditure, and must be accompanied by a statement of itemized costs.

1. Timing and Format for Billing:

Invoices shall be submitted monthly for Services completed at the time of billing and are due upon receipt. Invoices shall be considered past due if not paid within forty-five (45) calendar days of the due date. Such invoices shall be prepared in a form supported by documentation as the Board may reasonably require.

Tasks shall be invoiced separately, either as separate lines on a single invoice, or on separate invoices at the Board's direction.

2. Billing Records:

Consultant shall maintain accounting records of its costs in accordance with generally accepted accounting practices. Access to such records will be provided during normal business hours with reasonable notice during the term of this Agreement and for 3 years after completion.

Article 5. Appropriation of Funds: Notwithstanding any other provision of this Agreement, if funds for the continued fulfillment of this Agreement by the Board are at any time not forthcoming or are insufficient, through failure of any entity, including the Board itself, to

appropriate funds or otherwise, then the Board shall have the right to terminate this Agreement without penalty as set forth in Article 7 herein.

Article 6. Schedule: Consultant shall perform the Services according to the schedule set forth in Exhibit C, Schedule. Exhibit C is attached hereto and incorporated herein by reference as though fully set forth. The time limits established by this schedule shall not be exceeded, except for reasonable cause as mutually agreed by the parties.

Article 7. Termination: In the event of a party's substantial failure to perform in accordance with the terms of this Agreement, the other party shall have the right to terminate the Agreement upon written notice. The nonperforming party shall have fourteen (14) calendar days from the receipt of the termination notice to cure or to submit a plan for cure acceptable to the other party.

The Board may terminate or suspend performance of this Agreement at the Board's prerogative at any time upon written notice to the Consultant. The Consultant shall terminate or suspend performance of the Services on a schedule acceptable to the Board, and the Board shall pay the Consultant for all the Services performed up to the date that written notice is received, plus reasonable termination or suspension expenses. Upon restart, an equitable adjustment shall be made to the Consultant's compensation and the schedule of services.

Upon termination or suspension of this Agreement, all finished or unfinished reports, drawings, collections of data and other documents generated by Consultant in connection with this Agreement shall become the property of the Board, as set forth in Article 11 herein.

Article 8. Identity of Consultant: Consultant acknowledges that one of the primary reasons for its selection by the Board to perform the duties described in this Agreement is the qualification and experience of the principal personnel whom Consultant has represented will be responsible there for. Consultant thus agrees that the work to be done pursuant to this Agreement shall be performed by the principal personnel described in Exhibit D, Principal Personnel, and such other personnel in the employ under contract or under the supervision of Consultant. Exhibit D is attached hereto and incorporated herein by reference as though fully set forth. The Board reserves the right to reject any of the Consultant's personnel or proposed outside professional subconsultants, and the Board reserves the right to request that acceptable replacement personnel be assigned to the project.

Article 9. Cost Estimates: All estimates of construction cost to be provided by Consultant shall represent the best judgment of Consultant based upon the information currently available and

upon Consultant's background and experience with respect to projects of this nature. It is recognized, however, that neither Consultant nor the Board has control over the cost of labor, materials or equipment, over contractors' method of determining costs for services, or over competitive bidding, market or negotiating conditions. Accordingly, Consultant cannot and does not warrant or represent that the proposals or construction bids received will not vary from the cost estimates provided pursuant to this Agreement.

Article 10. Reuse of Documents: All documents, including but not limited to, drawings, specifications and computer software prepared by Consultant pursuant to this Agreement are instruments of service in respect to this project. They are not intended or represented to be suitable for reuse by the Board or others on modifications or extensions of this project or on any other project. The Board may elect to reuse such documents; however any reuse without prior written verification or adaptation by Consultant for the specific purpose intended will be at the Board's sole risk and without liability or legal exposure to the Consultant. The Board shall indemnify and hold harmless the Consultant against all judgments, losses, damages, injuries and expenses arising out of or resulting from such reuse. Any verification or adaptation of documents by the Consultant will entitle the Consultant to additional compensation at rates to be agreed upon by the Board and the Consultant.

Article 11. Ownership of Documents and Intellectual Property: All documents, drawings and specifications, including digital format files, prepared by Consultant and furnished to the Board as part of the Services shall become the property of the Board. Consultant shall retain its ownership rights in its design, drawing details, specifications, data bases, computer software and other proprietary property. Intellectual property developed, utilized or modified in the performance of the Services shall remain the property of the Consultant.

Article 12. Independent Contractor Status: During the entire term of this Agreement, Consultant shall be an independent contractor, and in no event shall any of its personnel, agents or sub-contractors be construed to be, or represent themselves to be, employees of the Board.

Article 13. Indemnification: To the fullest extent permitted by law, Consultant shall indemnify and hold harmless the City of Bloomington, the Board, and the officers, agents and employees of the City and the Board from any and all claims, demands, damages, costs, expenses or other liability arising out of bodily injury or property damage (collectively "Claims") but only to the extent that such Claims are found on a comparative basis of fault to be caused by any negligent act or omission of Consultant or Consultant's officers, directors, partners, employees, or subconsultants in the performance of services under this Agreement.

Article 14. Insurance: During the performance of any and all Services under this Agreement, Consultant shall maintain the following insurance in full force and effect:

- a. General Liability Insurance, with a minimum combined single limit of \$1,000,000 for each occurrence and \$2,000,000 in the aggregate.
- b. Automobile Liability Insurance, with a minimum combined single limit of \$1,000,000 for each person and \$1,000,000 for each accident.
- c. Professional Liability Insurance ("Errors and Omissions Insurance") with a minimum combined single limit of \$1,000,000 for each occurrence, and \$2,000,000 in the aggregate.
- d. Workers' Compensation Insurance in accordance with the statutory requirements of Title 22 of the Indiana Code.

All insurance policies shall be issued by an insurance company authorized to issue such insurance in the State of Indiana. The City of Bloomington, the Board, and the officers, employees and agents of each shall be named as additional insured under both the General Liability Insurance and Automobile Liability Insurance policies, and the policies shall stipulate that the insurance will operate as primary insurance and that no other insurance effected by the City will be called upon to contribute to a loss hereunder.

Consultant shall provide evidence of each insurance policy to the Board prior to the commencement of work under the Agreement. Approval of the insurance by the Board shall not relieve or decrease the extent to which Consultant may be held responsible for payment of damages resulting from service or operations performed pursuant to this Agreement. If Consultant fails or refuses to procure or maintain the insurance required by these provisions, or fails or refuses to furnish the Board required proof that the insurance has been procured and is in force and paid for, Board shall have the right at Board's election to forthwith terminate the Agreement.

Article 15. Conflict of Interest: Consultant declares that it has no present interest, nor shall it acquire any interest, direct or indirect, which would conflict with the performance of Services required under this Agreement. The Consultant agrees that no person having any such interest shall be employed in the performance of this Agreement.

Article 16. Waiver: No failure of either party to enforce a term of this Agreement against the other shall be construed as a waiver of that term, nor shall it in any way affect the party's right to enforce that term. No waiver by any party of any term of this Agreement shall be considered to be a waiver of any other term or breach thereof.

Article 17. Severability: The invalidity, illegality or unenforceability of any provision of this Agreement or the occurrence of any event rendering any portion or provision of this Agreement void shall in no way affect the validity or enforceability of any other portion or provision of this Agreement. Any void provision shall be deemed severed from this Agreement, and the balance of the Agreement shall be construed and enforced as if it did not contain the particular provision to be held void. The parties further agree to amend this Agreement to replace any stricken provision with a valid provision that comes as close as possible to the intent of the stricken provision. The provisions of this Article shall not prevent this entire Agreement from being void should a provision which is of the essence of this Agreement be determined void.

Article 18. Assignment: Neither the Board nor the Consultant shall assign any rights or duties under this Agreement without the prior written consent of the other party; provided, however, Consultant may assign its rights to payment without the Board's consent. Unless otherwise stated in the written consent to an assignment, no assignment will release or discharge the assignor from any obligation under this Agreement.

Article 19. Third Party Rights: Nothing in this Agreement shall be construed to give any rights or benefits to anyone other than the Board and the Consultant.

Article 26. Verification of New Employee' Employment Status: Consultant is required to enroll in and verify the work eligibility status of all newly-hired employees through the E-Verify program. (This is not required if the E-Verify program no longer exists.) Consultant shall sign an affidavit, attached as Exhibit E, affirming that Consultant does not knowingly employ an unauthorized alien. "Unauthorized alien" is defined at 8 U.S. Code 1324a(h)(3) as a person who

If the Consultant or any of its subconsultants verify the work eligibility status of the employee in question through the E-Verify program, there is a rebuttable presumption that the Consultant or its subconsultant did not knowingly employ an unauthorized alien. If the Consultant or its subconsultant fails to remedy the violation within the thirty (30) day period, the Commission shall terminate the Agreement, unless the Commission determines that terminating the Agreement would be detrimental to the public interest or public property, in which case the Commission may allow the Agreement to remain in effect until the Commission procures a new Consultant. If the Commission terminated the Agreement, the Consultant or its subconsultant is liable to the Commission for actual damages.

Consultant shall require any subconsultants performing work under this Agreement to certify to the Consultant that, at the time of certification, the subconsultant does not knowingly employ or contract with an unauthorized alien and the subconsultant has enrolled in and is participating in the E-Verify program. Consultant shall maintain on file all subconsultants' certifications throughout the term of this Agreement with the Commission.

Exhibit E is attached hereto and incorporated herein by reference as though fully set forth.

Article 27. No Collusion: Consultant is required to certify that it has not, nor has any other member, representative, or agent of Consultant, entered into any combination, collusion or agreement with any person relative to the price to be offered by any person nor prevented any person from making an offer nor induced anyone to refrain from making an offer and that this offer is made without reference to any other offer. Consultant shall sign an affidavit, attached hereto as Exhibit F, affirming that Consultant has not engaged in any collusive conduct.

Exhibit F is attached hereto and incorporated herein by reference as though fully set forth.

SCOPE OF ENGINEERING SERVICES

1.0 PROJECT DESCRIPTION

17th Street and Dunn Street

The intersection of 17th Street and Dunn Street is an existing four-leg signalized intersection with turn lanes on the east and north legs of the intersection. Existing sidewalks are located along 17th Street east and west of the intersection and along Dunn Street north of the intersection and along the north bound lanes south of the intersection with no crosswalks provided. Existing drainage is being maintained with a combination of open and closed drainage systems with open drainage in the southeast quadrant and closed in the three (3) other quadrants. The proposed project will improve traffic flow and pedestrian accessibility at the intersection by replacing the existing signal with modern equipment and pedestrian push buttons, constructing ADA accessible sidewalk and ramps at all four corners of the intersection, potentially adding turn lanes and/or modifying existing turn lanes, and improving drainage. A traffic study will be completed at the intersection to determine the proposed intersection layout. If a left turn lane is required at the west approach it is presumed widening will be required along the westbound lanes of 17th Street. Preliminarily it is assumed a retaining wall will be required along the widened portion of 17th Street to help minimize impacts to the existing convenience store in the northwest corner of the intersection. Additional wall locations may be required to accommodate ADA accessible sidewalks and ramps along the southbound lane of Dunn Street, south of intersection. The proposed sidewalk along the southbound lanes of Dunn Street will be extended to tie-into existing sidewalk approximately 280' south of the intersection. Existing drainage issues will be reviewed within the intersection and corrected as required. Additional Right-of-Way is anticipated to be required. Per coordination with the City the traffic signal plans will include a telecommunications conduit stubbed out from the traffic signals for use as a future fiber optic pathway for the City's broadband network. The path of the fiber optic conduit will not exceed the survey limits for this project.

17th Street and Kinser Pike/Madison Street

The intersection of 17th Street and Madison Street is an existing four-leg signalized intersection with left turn lanes along each approach. Existing sidewalks are located in the northeast, southeast, and southwest corners of the intersection with no crosswalks provided. The roadway was recently overlaid along the east approach to the intersection and it is not

anticipated to require any additional pavement construction. Existing drainage is generally being maintained by curb inlets and it is not anticipated that drainage improvements will be required. The proposed project will improve traffic flow and pedestrian accessibility at the intersection by replacing the existing signal with modern equipment and pedestrian push buttons, constructing ADA accessible sidewalk and ramps at all four (4) corners of the intersection, and improving the existing pavement surface by constructing a mill and overlay. The construction along the north side of 17th Street is proposed to accommodate a ten foot shared use path. The proposed sidewalk in the southwest corner of the intersection will be extended to tie-into existing sidewalk approximately 480' west of the intersection. Per coordination with the City the traffic signal plans will include a telecommunications conduit stubbed out from the traffic signals for use as a future fiber optic pathway for the City's broadband network. The path of the fiber optic conduit will not exceed the survey limits for this project.

Board of Public Works Staff Report

Project/Event: Dedication of Right-of-Way as part of the Replat of Miller Courts Addition. 1421 N Dunn Street.

Representative: RCR Properties, LLC

Consultant: Smith Brehob and Associates, Inc. - Steve Brehob

Staff Representative: Dan Backler, Public Improvements Manager

Date: 10/3/2017

Report: The representative has proposed to the Plat Committee the removal of the internal lot lines associated with the land that was approved under the PUD to create 3 single properties. The boundaries of the plat are also expanding to include additional land. This is being done as part of the proposal to build the "Evolve project".

As part of the replat, right-of-way will be dedicated for Dunn Street and 17th Street. Both Dunn Street and 17th Street are classified as Secondary Arterial roads and require 40' of dedication from centerline. As part of the replat, there will be right-of-way dedicated to the public to meet that requirement. That dedication is shown on the plat.

Recommendation and Supporting Justification: Staff recommends that the Board approve this dedication of right-of-way.

Board of Public Works Staff Report

Project/Event: Amendment #1, Agreement for Concrete Services
Petitioner/Representative: Street Department
Staff Representative: Joe VanDeventer
Meeting Date: October 3, 2017

Report: This contract agreement completes sidewalk projects. The original contract with Groomer Construction was \$50,000.00. As other Street projects were completed, we have an excess of \$20,000 in Other Services budget line. Street would like to use the funds towards sidewalk repairs. Therefore, this amendment would increase the not-to-exceed amount in the contract for additional sidewalk repairs.

Recommendation: Staff recommends that the Board approve the Amendment 1 for additional contracted sidewalk projects.

ARTICLE 3. COMPENSATION

- 3.1 CONTRACTOR shall provide services as specified in Exhibit "A", "Scope of Work", attached hereto and incorporated into this Agreement.
- 3.2 Upon the submittal of approved claims, CITY shall compensate CONTRACTOR in a lump sum not to exceed FIFTY THOUSAND (\$50,000.00) DOLLARS. CITY may withhold payment, in whole or in part, to the extent necessary to protect itself from a loss on account of any of the following:
- Defective work.
 - Evidence indicating the probable filing of claims by other parties against CONTRACTOR which may adversely affect CITY.
 - Failure of CONTRACTOR to make payments due to subcontractors, material suppliers or employees. Damage to CITY or a third party.
- 3.3 The submission of any request for payment shall be deemed a waiver and release by CONTRACTOR of all liens and claims with respect to the work and period to which such payment request pertains except as specifically reserved and noted on such request.
- 3.4 CONTRACTOR shall maintain proper account records for the scope of all services of this Agreement and provide an accounting for all charges and expenditures as may be necessary for audit purposes. All such records shall be subject to inspection and examination by CITY's representatives at reasonable business hours.
- 3.5 For projects utilizing federal funding the CONTRACTOR shall submit time sheets (WH-347) for his own and all subcontracted employees, to City Engineer or his representative for approval and review, including review for compliance with Davis Bacon requirements, if federal funds are used.
- 3.6 **Engineer.** The City Engineer shall act as the CITY's representative and assume all duties and responsibilities and have all the rights and authority assigned to the Engineer in the Contract Documents in connection with completion of the Work in accordance with the Contract Documents.

ARTICLE 4. RETAINAGE

For contracts in excess of \$100,000, the Owner requires that retainage be held as set out below.

4.1 Escrow Agent. The retainage amount withheld shall be placed in an escrow account. First financial Bank, Bloomington, Indiana, shall serve as the escrow agent.

4.2 Retainage Amount. The escrow agent, Owner and Contractor shall enter into a written escrow agreement. Under that agreement, the Owner shall withhold five percent (5%) of the dollar value of all work satisfactorily completed until the Contract work is complete. The escrow agent shall invest all escrowed principal in obligations selected by the escrow agent. The escrow agent shall be compensated for the agent's services by a reasonable fee, agreed upon by the parties, that is comparable with fees charged for the handling of escrow accounts of similar size and duration.

The fee shall be paid from the escrow income. The escrow agent's fee may be determined by specifying an amount of interest the escrow agent will pay on the escrowed amount, with any additional earned interest serving as the escrow agent's fee. The escrow agreement may include other terms and conditions as deemed necessary by the parties. However, if Contractor intends to receive a Single Lump Sum payment upon acceptance of this project, retainage will not be required and an Escrow Agreement will not be required.

4.3 Payment of Escrow Amount. The escrow agent shall hold the escrowed principal and income until receipt of the notice from the Owner and Contractor that the Contract work has been substantially completed to the reasonable satisfaction of the Owner, at which time the Owner shall pay to the Contractor the balance to be paid under this Contract and execute such documents as are necessary to authorize the escrow agent to pay to the Contractor the funds in the escrow account, including both specifying the part of the escrowed principal to be released from the escrow and the person to whom that portion is to be released. After receipt of the notice, the escrow agent shall remit the designated part of the escrowed principal and the escrowed income, minus the escrow agent's fees, to the person specified in the notice. However, nothing in this section shall prohibit Owner from requiring the escrow agent to withhold amounts necessary to complete minor items of the Contract, following substantial completion of the Contract in accordance with the provisions of paragraph 4.4.

4.4 Withholding Funds for Completion of Contract. If, upon substantial completion of the Contract, there still remains minor Contract work that needs to be completed, or minor Contract work that needs to be performed to the satisfaction of the Owner, Owner may direct the escrow agent to retain in the escrow account, and withhold from payment to the Contractor, an amount equal to two hundred percent (200%) of the value of said work. The value of said work shall be determined by the architect/engineer. The escrow agent shall release the funds withheld under this section after receipt of notice from the Owner that all work on the Contract has been satisfactorily completed. In the event that said work is not completed by the Contractor, but by Owner or another party under contract with the Owner, said funds shall be released to the Owner.

ARTICLE 5. GENERAL PROVISIONS

5.1 CONTRACTOR agrees to indemnify and hold harmless CITY and its officers, agents, officials and employees for any and all claims, actions, causes of action, judgments and liens arising out

of any negligent act or omission by CONTRACTOR or any of its officers, agents, officials, employees, or subcontractors or any defect in materials or workmanship of any supply, materials, mechanism or other product or service which it or any of its officers, agents, officials, employees, or subcontractors has supplied to CITY or has used in connection with this Agreement and regardless of whether or not it is caused in part by a party indemnified herein under. Such indemnity shall include attorney's fees and all costs and other expenses arising there from or incurred in connection therewith and shall not be limited by reason of the enumeration of any insurance coverage required herein.

5.2 Abandonment, Default and Termination.

5.2.1 CITY shall have the right to abandon the work contracted for in this Agreement without penalty. If CITY abandons the work described herein, CONTRACTOR shall deliver to CITY all surveys, notes, drawings, specifications and estimates completed or partially completed and these shall become the property of CITY. The earned value of the work performed shall be based upon an estimate of the proportion between the work performed by CONTRACTOR under this Agreement and the work which CONTRACTOR was obligated to perform under this Agreement. This proportion shall be mutually agreed upon by CITY and CONTRACTOR. The payment made to CONTRACTOR shall be paid as a final payment in full settlement of his services hereunder.

5.2.2 If CONTRACTOR defaults or fails to fulfill in a timely and proper manner the obligations pursuant to this Agreement, CITY may, after seven (7) days' written notice has been delivered to CONTRACTOR, and without prejudice to any other remedy it may have, make good such deficiencies and may deduct the cost thereof from the payment then or thereafter due to CONTRACTOR. In the alternative, CITY, at its option, may terminate this Agreement and take possession of the site and of all materials, equipment, tools and construction equipment and machinery thereon owned by CONTRACTOR, and may finish the project by whatever method it may deem expedient, and if the such action exceeds the unpaid balance of the sum amount, CONTRACTOR or his surety, shall pay the difference to CITY.

5.2.3 Default. If CONTRACTOR breaches this Agreement or fails to perform the work in an acceptable manner, he shall be considered in default. Any one or more of the following will be considered a default:

- Failure to begin the work under this Agreement within the time specified.
- Failure to perform the work with sufficient supervision, workmen, equipment and materials to insure prompt completion of said work within the time limits allowed.
- Unsuitable performance of the work as determined by CITY ENGINEER or his representative.
- Neglecting or refusing to remove defective materials or failure to perform anew such work as shall have been rejected.
- Discontinuing the prosecution of the work or any part of it. Inability to finance the work adequately.
- If, for any other reason, CONTRACTOR breaches this Agreement or fails to carry on the work in an acceptable manner.

5.2.4 CITY shall send CONTRACTOR a written notice of default. If CONTRACTOR, or his Surety, within a period of ten (10) days after such notice, fails to remedy the default, then

CITY shall have full power and authority, without violation of the Contract, to take the prosecution of the work out of the hands of said CONTRACTOR, to appropriate or use any or all materials and equipment on the ground as may be suitable and acceptable, and may, at its option, turn the work over to the Surety, or enter into an agreement with another Contractor for the completion of the Agreement according to the terms and provisions thereof, or CITY may use such other methods as, in its opinion, shall be required for the completion of said Contract in an acceptable manner.

5.2.5 All cost of completing the work under the Contract shall be deducted from the monies due or which may become due to said CONTRACTOR. In case the expenses so incurred by CITY shall be less than the sum which would have been payable under the Contract if it had been completed by said CONTRACTOR, CONTRACTOR shall be entitled to receive the difference. However, in case such expense shall exceed the sum which would have been payable under the Contract, CONTRACTOR and his Surety will be liable and shall pay to CITY the amount of said excess. By taking over the prosecution of the work, CITY does not forfeit the right to recover damages from CONTRACTOR or his Surety for his failure to complete the work in the time specified.

5.2.6 Notwithstanding any other provision of this Agreement, if funds for the continued fulfillment of the Agreement by CITY are at any time not forthcoming or are insufficient, through failure of any entity to appropriate the funds or otherwise, then CITY shall have the right to terminate this Agreement without penalty by giving prior written notice documenting the lack of funding in which instance, unless otherwise agreed to by the parties, this Agreement shall terminate and become null and void.

5.2.7 CITY agrees that it will make its best effort to obtain sufficient funds, including but not limited to, including in its budget for each fiscal period during the term hereof a request for sufficient funds to meet its obligations hereunder in full.

5.3 Successors and Assigns.

5.3.1 Both parties agree that for the purpose of this Agreement, CONTRACTOR shall be an Independent Contractor and not an employee of CITY.

5.3.2 No portion of this Agreement shall be sublet, assigned, transferred or otherwise disposed of by CONTRACTOR except with the written consent of CITY being first obtained. Consent to sublet, assign, transfer, or otherwise dispose of any portion of this Agreement shall not be construed to relieve CONTRACTOR of any responsibility of the fulfillment of this Agreement.

5.4 Extent of Agreement: Integration.

5.4.1 This Agreement consists of the following parts, each of which is as fully a part of this Agreement as if set out herein:

1. This Agreement and its Attachments.

5.5 Insurance.

5.5.1 CONTRACTOR shall, as a prerequisite to this Agreement, purchase and thereafter maintain such insurance as will protect him from the claims set forth below which may arise out of or result from CONTRACTOR'S operations under this Agreement, whether such operations be by CONTRACTOR or by any SUBCONTRACTORS or by anyone directly or indirectly employed by any of them, or by anyone for whose acts any of them may be liable:

5.5.4 Certificates of Insurance showing such coverage then in force (but not less than the amount shown above) shall be on file with CITY prior to commencement of work. These Certificates shall contain a provision that coverage afforded under the policies will not be canceled or non-renewed until at least sixty (60) days' prior written notice has been received by CITY. The CITY shall be named as an additional insured on the Commercial General Liability, Automobile Liability, and Umbrella Excess Liability policies. The CONTRACTOR shall agree to a waiver of subrogation on its Worker's Compensation policy.

5.6 **Necessary Documentation.** CONTRACTOR certifies that it will furnish CITY any and all documentation, certification, authorization, license, permit or registration required by the laws or rules and regulations of the City of Bloomington, the State of Indiana and the United States. CONTRACTOR further certifies that it is now and will maintain in good standing with such governmental agencies and that it will keep its license, permit registration, authorization or certification in force during the term of this Agreement.

5.7 **Applicable Laws.** CONTRACTOR agrees to comply with all federal, state, and local laws, rules and regulations applicable to CONTRACTOR in performing work pursuant to this Agreement, including, but not limited to, discrimination in employment, prevailing wage laws, conflicts of interest, public notice, accounting records and requirements. This Agreement shall be governed by the laws of the United States, and the State of Indiana, and by all Municipal Ordinances and Codes of the City of Bloomington. Venue of any disputes arising under this Agreement shall be in the Monroe Circuit Court, Monroe County, Indiana.

5.8 **Non-Discrimination.**

5.8.1 CONTRACTOR and subcontractors shall not discriminate against any employee or applicant for employment, to be employed in the performance of this Agreement, with respect to hire, tenure, terms, training, conditions or privileges of employment, because of race, sex, color, religion, national origin, ancestry, disability, sexual orientation, gender identity, veteran status, housing or any other legally protected classification.

5.8.2 CONTRACTOR certifies for itself and all its subcontractors compliance with existing laws of the City of Bloomington, the State of Indiana and the United States regarding: Prohibition of discrimination in employment practices on the basis of race, sex, color,

religion, national origin, ancestry, disability, sexual orientation, gender identity, veteran status, housing status or any other legally protected classification; and

The utilization of Minority and Women Business Enterprises. CONTRACTOR further certifies that it:

- A. Has formulated its own Affirmation Action plan for the recruitment, training and employment of minorities and women, including goals and timetable; which has been approved by the City's Contract Compliance Officer.
- B. Encourages the use of small business, minority-owned business and women-owned business in its operations.

5.8.3 FURTHER, PURSUANT TO INDIANA CODE § 5-16-6-1, CONTRACTOR AGREES:

- A. That in the hiring of employees for the performance of work under this Agreement or any sub agreement hereunder, no contractor, or subcontractor, nor any person acting on behalf of such CONTRACTOR or subcontractor, shall by reason of race, sex, color, religion, national origin, ancestry, or any other legally protected classification, discriminate against any citizen of the State of Indiana who is qualified and available to perform the work to which the employment relates.
- B. That no contractor, subcontractor, or any person on their behalf, shall, in any manner, discriminate against or intimidate any employee hired for performance of work under this Agreement on account of race, religion, color, sex, national origin, ancestry or any other legally protected classification.
- C. That there may be deducted from the amount payable to CONTRACTOR, by CITY, under this Agreement, penalty of Five Dollars (\$5.00) for each person for each calendar day during which such person was discriminated against or intimidated in violation of the provisions of this Agreement. Any such person discriminated against retains the right to file a discrimination complaint with the appropriate civil rights agency or court.
- D. That this Agreement may be canceled or terminated by CITY and all money due or to become hereunder may be forfeited, for a second or any subsequent violations of the terms or conditions under this section of the Agreement.

5.9 Workmanship and Quality of Materials.

- 5.9.1 CONTRACTOR shall guarantee the work for a period of one (1) year from the date of substantial completion. Failure of any portion of the work within one (1) year due to improper construction, materials of construction, or design may result in a refund to CITY of the purchase price of that portion which failed or may result in the forfeiture of CONTRACTOR's Performance Bond.
- 5.9.2 OR EQUAL: Wherever in any of the Agreement Documents an article, material or equipment is defined by describing a proprietary product, or by using the name of a manufacturer or vender, the term "Or Equal" or the term "The Equivalent" if not inserted, shall be implied, and it is done for the express purpose of establishing a basis of

durability and efficiency and not for the purpose of limiting completion. Whenever material or equipment is submitted for approval as being equal to that specified, the submittal shall include sufficient information and data to demonstrate that the material or equipment conforms to the Contract requirements. The decision as to whether or not such material or equipment is equal to that specified shall be made by the ENGINEER.

The approval by the ENGINEER of alternate material or equipment as being equivalent to that specified, shall not in any way relieve CONTRACTOR of responsibility for failure of the material or equipment due to faulty design, material, or workmanship, to perform the function required by the Contract Documents. Specifications as determined by other entities within the City of Bloomington such as City Utilities shall only be substituted or changed by their approval which shall be submitted in writing to the ENGINEER.

- 5.9.3** CITY shall be the sole judge of the sufficiency of workmanship and quality of materials. Disputes shall be resolved by the Director of Public Works and are not subject to arbitration.

5.10 Safety.

- 5.10.1** CONTRACTOR shall be responsible for the safety of employees at all times and shall provide all equipment necessary to insure their safety. CONTRACTOR shall ensure the enforcement of all applicable safety rules, regulations, ordinances and laws, whether federal, state or local. Contractor's Superintendent of Safety shall make daily inspections upon the arrival and leaving of the site at the close of each workday.

- 5.10.2** CONTRACTOR is required to comply with IOSHA regulations 29 C.F.R 1926, Subpart P, Excavations for all trenches of at least five (5) feet in depth. All cost for trench safety systems shall be the responsibility of the CONTRACTOR and included in the cost of the principal work with which the safety systems are associated. CONTRACTOR shall sign an affidavit affirming that CONTRACTOR shall maintain compliance with IOSHA requirements for excavations of at least five (5) in depth.

5.11 Amendments/Changes.

- 5.11.1** Except as provided in Paragraph 5.11.2, this Agreement may be amended only by written instrument signed by both CITY and CONTRACTOR.

- 5.11.2** Without invalidating the Agreement and without notice to any surety, CITY may, at any time or from time to time, order, in writing, additions, deletions, or revisions in the work. Upon receipt of any such document, CONTRACTOR shall promptly proceed with the work involved, which will be performed under the applicable conditions of the Agreement Documents.

- 5.11.3** If CONTRACTOR believes that any direction of CITY under paragraph 5.11.2, or any

other event or condition, will result in an increase in the Contract time or price, he shall file written notice with CITY no later than twenty (20) calendar days after the occurrence of the event giving rise to the claim and stating the general nature of the claim with supporting data. No claim for any adjustment of the Contract time or price will be valid if not submitted in accordance with this Paragraph.

5.11.4 CONTRACTOR shall carry on the work and adhere to the progress schedule during all disputes or disagreements with CITY. No work shall be delayed or postponed pending resolution of any dispute or disagreement except as CONTRACTOR and CITY may otherwise agree in writing.

5.12 Performance Bond and Payment Bond.

5.12.1 For contracts in excess of \$100,000, CONTRACTOR shall provide CITY with a Performance Bond and a Payment Bond in the amount of one hundred percent (100%) of the contract amount.

5.12.2 Failure by CONTRACTOR to perform the work in a timely or satisfactory fashion may result in forfeiture of CONTRACTOR'S Performance Bond.

5.12.3 If the surety on any bond furnished by CONTRACTOR becomes a party to supervision, liquidation, or rehabilitation action pursuant Indiana Code 27-9 et seq. or its right to do business in the State of Indiana is terminated, CONTRACTOR shall, within thirty (30) calendar days thereafter, substitute another bond and surety, both of which must be acceptable to CITY.

5.13 Payment of Subcontractors CONTRACTOR shall pay all subcontractors, laborers, material suppliers and those performing services to CONTRACTOR on the project under this Agreement. CITY may, as a condition precedent to any payment hereunder, require CONTRACTOR to submit satisfactory evidence of payments of any and all claims of subcontractors, laborers, material suppliers, and those furnishing services to CONTRACTOR. Upon receipt of a lawful claim, CITY shall withhold money due to CONTRACTOR in a sufficient amount to pay the subcontractors, laborers, material suppliers, and those furnishing services to CONTRACTOR.

5.14 Written Notice Written notice shall be considered as served when delivered in person or sent by mail to the individual, firm, or corporation, or to the last business address of such known to CONTRACTOR who serves the Notice. Notice shall be sent as follows:

To The City of Bloomington:
Joe VanDevanter, Director
Street Operations
1981 S. Henderson St.
Bloomington, IN 47401

To the Contractor:

5.15 Severability and Waiver In the event that any clause or provision of this Agreement is held to be invalid by any court of competent jurisdiction, the invalidity of such clause or provision

shall not affect any other provision of this Agreement. Failure of either party to insist on strict compliance with any provision of this Agreement shall not constitute waiver of that party's right to demand later compliance with the same or other provisions of this Agreement.

5.16 Notice to Proceed CONTRACTOR shall not begin the work pursuant to the "Scope of Work" of this Agreement until it receives an official written Notice to Proceed from the City. Contractor shall start active and continuous work on the Agreement within Fifteen (15) calendar days after the date of the Notice to Proceed. In no case shall work begin prior to the date of the Notice to Proceed. If a delayed starting date is indicated in the proposal, the fifteen (15) calendar day limitation will be waived. Work day charges will then begin on a date mutually agreed upon, but not later than the delayed starting date specified. In the event that any Agreement is canceled after an award has been made but prior to the issuing of the Notice to Proceed, no reimbursement **will** be made for any expenses accrued relative to this contract during that period.

5.17 Steel or Foundry Products.

5.17.1 To comply with Indiana Code 5-16-8, affecting all contracts for the construction, reconstruction, alteration, repair, improvement or maintenance of public works, the following provision shall be added: If steel or foundry products are to be utilized or supplied in the performance of any contract or subcontract, only domestic steel or foundry products shall be used. Should CITY feel that the cost of domestic steel or foundry products is unreasonable; CITY will notify CONTRACTOR in writing of this fact.

5.17.2 Domestic Steel products are defined as follows:

"Products rolled, formed, shaped, drawn, extruded, forged, cast, fabricated or otherwise similarly processed, or processed by a combination of two (2) or more of such operations, from steel made in the United States by open hearth, basic oxygen, electric furnace, Bessemer or other steel making process."

5.17.3 Domestic Foundry products are defined as follows:

"Products cast from ferrous and nonferrous metals by foundries in the United States."

5.17.4 The United States is defined to include all territory subject to the jurisdiction of the United States.

5.17.5 CITY may not authorize or make any payment to CONTRACTOR unless CITY is satisfied that CONTRACTOR has fully complied with this provision.

5.18 Verification of Employees' Immigration Status.

Contractor is required to enroll in and verify the work eligibility status of all newly-hired employees through the E-Verify program. (This is not required if the E-Verify program no longer exists). Contractor shall sign an affidavit, attached as Exhibit "E", affirming that Contractor does not knowingly employ an unauthorized alien. "Unauthorized alien" is defined at 8 U.S. Code 1324a(h)(3) as a person who is not a U.S. citizen or U.S. national and is not lawfully admitted for permanent residence or authorized to work in the U.S. under 8 U.S. Code

Chapter 12 or by the U.S. Attorney General.

Contractor and any of its subcontractors may not knowingly employ or contract with an unauthorized alien, or retain an employee or contract with a person that the Contractor or any of its subcontractors learns is an unauthorized alien.

If the City obtains information that the Contractor or any of its subcontractors employs or retains an employee who is an unauthorized alien, the City shall notify the Contractor or its subcontractors of the Agreement violation and require that the violation be remedied within thirty (30) calendar days of the date of notice. If the Contractor or any of its subcontractors verify the work eligibility status of the employee in question through the E-Verify program, there is a rebuttable presumption that the Contractor or its subcontractor did not knowingly employ an unauthorized alien. If the Contractor or its subcontractor fails to remedy the violation within the thirty (30) calendar day period, the City shall terminate the Agreement, unless the City determines that terminating the Agreement would be detrimental to the public interest or public property, in which case the City may allow the Agreement to remain in effect until the City procures a new contractor. If the City terminates the Agreement, the Contractor or its subcontractor is liable to the City for actual damages.

Contractor shall require any subcontractors performing work under this Agreement to certify to the Contractor that, at the time of certification, the subcontractor does not knowingly employ or contract with an unauthorized alien and the subcontractor has enrolled in and is participating in the E-Verify program. Contractor shall maintain on file all subcontractors' certifications throughout the term of this Agreement with the City.

IN WITNESS WHEREOF, the parties of this Agreement have hereunto set their hands.

Board of Public Works Staff Report

Project/Event: Change Order #1 to Renovation and Expansion Construction Services Agreement for the Animal Shelter Project

Petitioner/Representative: Public Works/Animal Care and Control

Staff Representative: Virgil Sauder and J.D. Boruff

Meeting Date: October 3, 2017

In March of 2017 we entered into an agreement with Neidigh Construction Corporation for General Construction for the Renovation and Expansion of the Animal Shelter Project. During construction several change orders were needed for the project to advance.

1. Rock Excavation – during excavation the corner of a rock ledge was located. It was more cost effective to remove rather than relocate. Cost \$812.36
2. Termite Treatment of foundation – given the timber frame structure it was recommended to treat preventatively. Cost \$2,205
3. Unsuitable Soil – During routine testing, unsuitable soil was discovered on the site. This required removal and addition of proper soil for the stability of construction. In addition to the added cost of \$35,435.76, 5 extra days were added to the project.
4. Downspout Drains – to divert rainfall away from foundation and icing of the parking area during winter months. Cost \$1,980.5
5. In addition to the 5 added days for the unsuitable Soil project, Neidigh Construction is requesting 14 additional days to complete the project due to weather conditions encountered in May and June. This adds 19 days to the project.
