FCC has been in the community 190 years; has average Sunday attendance of 135 people surging to 240 people on holidays. Facility capacity is 250 people. Their survey was conducted over 3 weeks and received 109 responses. Survey questions and results are attached to the January packet.

Second Reading of Resolution 18-05, Evolve Parking Plan

specifying the type. **Volan** moved introduction of 18-05. **Robinson** moved amending 18-05 to delete recommendation #5, as the city has removed Schedule "S" from Title 15. **Volan** moved approval, **Evans Fernandez** seconded. Resolution approved 8-0. Resolution as adopted is attached to January's packet.

Second Reading of Resolution 18-03, Trade's District Parking Plan

Amir Farshchi and Scott Robinson discussed the parking and pedestrian safety issues considered in the engineering design of the Trade's district parking plan. **Evans Fernandez** voices concerns about the narrow width of 10th street, curvature of the street, and lack of striping causing difficulty for parkers. **Blickensdorf** moved approval, **Volan** seconded. MEMO

From: Jim Blickensdorf
To: Parking Commissioners
Date: January 21, 2018
Re: **January Meeting Agenda**

I. Discussion of Resolutions for Second Reading and Discussion

Parking Resolution 18-03 – To Amend the Commission’s By-Laws

Resolution 18-03 proposes the following changes to our by-laws:

- ▶ Corrects I.8, Failure to Appoint, to conform with state law.
- ▶ Clarifies the phrase “serving Members” by changing the language to “duly appointed Members.”
- ▶ Replaces “she/he” with “they”
- ▶ Proposes that resolutions be adopted in one reading, except for by-law changes which still require two reading
- ▶ A minimum standard / digital recording for minutes

Due to time concerns, 18-03 was continued until January. There are a number of other suggestions and refinements to the process that have not been fully discussed. I’d like to move this item to February for an in-depth discussion.

II. Discussion of Topics Not the Subject of Resolutions

With a full commission, I think this is a good time to start diving the work into committees. Perhaps this will also mean shorter meetings, going forward. I’m proposing that we start a committee on neighborhood zones to review and report on Resolution 18-08, an annual report committee to streamline and complete the process, and a technology committee to review new applications, meter and kiosk technology to report on recommendations, municipal code changes required, and fiscal impacts.

CITY OF BLOOMINGTON
PARKING COMMISSION

Parking Resolution 18-05
To Recommend an Evolve Parking Plan

WHEREAS, the City of Bloomington Common Council in November of 2016 adopted Ordinance 16-22 (“Ordinance”) amending Title 2 of the Bloomington Municipal Code;

WHEREAS, the ordinance created the Bloomington Parking Commission, whose powers and duties include, but are not limited to reviewing the performance of all meters, lots, garages, and neighborhood zones in the city's parking inventory, and reviewing the performance of all divisions of City departments devoted specifically to parking management;

WHEREAS, the Commission’s duties include making recommendations on parking policy, including but not limited to: pricing, hours of operation, addition or removal of parking spaces, and changes when necessary to city code, enforcement procedures, or any other aspect of parking management policy;

WHEREAS, Evolve Bloomington, a student housing project, specified plans for on-street parking in their application to the Plan Commission to be located on West 18th ;

WHEREAS, the City of Bloomington Planning and Transportation department’s draft Transportation plan encourages adoption of a “complete streets” policy that encourages multiple modes of travel;

WHEREAS, shared streets, which allow for bicyclists, pedestrians and motorists to operated in a shared space, are ideal in locations with high pedestrian activity and dense commercial or mixed-use land uses;

WHEREAS, the City of Bloomington Parking Commission has consistently recognized the value of on-street parking to be related to the sharability and the rate of turnover of on-street parking spaces;

#

NOW THEREFORE BE IT RESOLVED that the Members of the Bloomington Parking Commission recommend as follows:

1. **Installation of single-space meters** between 1401 and 1599 North Grant Street.
2. **Installation of single-space meters** between 201 East 18th Street and North Dunn Street, with the exception of the area proposed
3. **To amend Title 15, Schedule "U"** to reflect the placement of on-street meters in the manner specified in Ordinance 18-11.
4. **To amend BMC §15.32.100, Loading Zones,** to include one drop-off / loading parking space approved by the Parking Services Director.
5. **Installation of high-security, covered bicycle parking** on the south-east corner of East 18th and North Dunn Street in the angled parking area depicted in Nile Bolton Associates sheets L1.00 and L1.03.
6. **A Request for an Additional Appropriation** for the estimated equipment and installation costs from the city's Parking Meter Fund.

FCC PARKING NOTES:

FCC is the church located on the northwest corner of Washington and Kirkwood. It has been on that corner for over 190 years.

We currently have a weekly Sunday worship of 135 people and we have a new Friday Jazz Vespers Service with 40 attendees. On our large holidays and special events such as Christmas Eve, Easter, Martin Luther King Day, we see upwards of 240 people attending, which are generally our largest crowds.

Our board tasked a group of members to form a task force and assess our needs for parking so we could present our data and findings to you tonight.

Here are our findings:

- QUESTION 1 We received 109 completed surveys or 80 % of our worship attendance. Of these surveys 102 were members or regular attendees.
- QUESTION 2 The respondents were evenly distributed across the years of affiliation with the church and the largest percentage (30 % have been members for 30 years or more)
- QUESTION 3 74 % of the respondents attend worship at least once a week, 92 % attend once a month or more.
- QUESTION 4 89 % of the returned surveys indicate that they drive themselves to church
11 % say they are a passenger in a car
- QUESTION 5 42 % (45) respondents are at church at least once a week and need a place to park
40 % (43) are at church and need to park twice a week
13 % (14) are at the church three or more times a week
- QUESTION 6 90 % prefers to park their car on the street or in the surface parking lot
- QUESTION 7 84 % of our Congregation walks less than 2 blocks to church and 44 % park less than a block away
- QUESTION 8 90 % of worship attendees do not get dropped off. We believe this indicates a strong preference to drive and walk to church if possible.
- QUESTION 9 FCC and the other downtown churches had a courtesy arrangement with the banks located on the south across Kirkwood from First Christian. We no longer have access to these lots due to the Graduate Hotel. 70 % of the attendees would park in these bank lots if there was no on street parking closer.
- QUESTION 10 100 % of the respondents responded that 3 blocks was too far to park away from church
- QUESTION 11 – 16 – read off the print out
