Appeal of Noise Ordinance Citation #33381

Appellant Information:

Blake Kalakay
312 W. 14th St.
Bloomington, Indiana 47404
Date Appealed: 03/27/2017

Citation Information:

Issued: 03/25/2017
Officer: Stephanie Barnes
Place: 312 W. 14th St., Bloomington, IN
For: Excessive Loud Noise from Residence

Officer's Description:

Officer Barnes was dispatched to the apartments located at 312 W. 14th Street at approximately 9:45 a.m., March 25, 2017, to investigate a complaint of loud music coming from the residence of 312 W. 14th Street. Officer Barnes could hear loud music coming from the residence from over ten feet away.

Officer Barnes approached four boys playing Frisbee on the front lawn. All the while officer Barnes continued to hear the loud music coming from the front porch.

Officer Barnes advised of her reason for being there and advised them to turn off the music as it was the source of the noise complaint. Officer Barnes then issued a notice of violation under ticket under #33381 to Mr. Blake Kalakay. The ticket was issued at approximately 10:03 a.m.

Appellant's Description:

Mr. Kalakay appeals this notice of violation because he did not believe the stereo to be at a volume that would have been detectable in a nearby house and that the music had already been turned off for a few minutes by the time the officer asked for the music to be turned off.

Analysis:

Law:

Bloomington Municipal Code requires the City to show:

1. That the noise complained of was unreasonable
2. That the noise caused or allowed to occur by someone who controlled or occupied the property from which the noise originated.

The noise complained of was unreasonable:

- § 14.09.030(a) unreasonable noise shall mean sound that is of a volume, frequency, or pattern that disrupts, the comfort or repose of reasonable persons of ordinary sensitivities within the city of Bloomington, given the time of day or environment in which the sound is made.
- § 14.09.030(c)(4) It shall be a violation of this chapter to play, use, operate or allow to be played, used, or operated any radio, television, digital media player, loudspeaker, sound amplifier, musical instrument, or any other machine or device for producing or reproducing sound **in such a manner that the sound produced persists continuously or intermittently for a period of at least fifteen minutes and can be heard outside the immediate premises from the location of the emitter by a person with normal hearing.**

The noise was caused or allowed to occur by someone who controls or occupies the property from which the noise originated:

- § 14.09.030(b) specifies that the following people can violate the noise ordinance:
 - **A Person who makes the unreasonable noise,**
 - **A person who allows the unreasonable noise to be made in or on property occupied by the person, and/or**
 - **A person who allows the noise to be made in or on property controlled by the person.**

Facts:

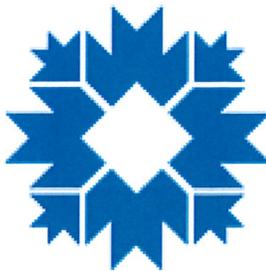

- A complaint came in for excessive noise at approximately 9:08 a.m. Officer Barnes was dispatched for loud music at approximately 9:45 a.m. and when approaching 312 W. 14th Street at approximately 9:55 a.m. she could hear loud music emanating from 312 W. 14th Street. Mr. Kalakay lives at the property.

Conclusion:

- The facts establish that noise was audible from off the property that was either continuous or intermittent for at least 15 minutes. The ticket was issued to a person who, by ordinance, can be found to have violated this noise ordinance in that he lives at this residence.

Staff Recommendation:

- Deny the appeal and uphold the ticket as issued.
- This is Mr. Kalakay's first violation of this ordinance. A first time violator is subject to a fine of \$50.00, in accordance with BMC 14.09.070(b).

Today's Date: 3/27/2017

Reason for Appeal: When the officer arrived for complaints of a wild party; the reality of the situation was that there were four people playing frisbee in the front yard. Although the stereo was on I do not believe it to be at a volume that would have been detectable in a nearby house. When the officer arrived she asked us to turn the music off, but it had already been off for a few minutes.

Officer Barnes advised of her reason for being there and advised them to turn off the music as it was the source of the noise complaint. Officer Barnes then issued a notice of violation under ticket under #33382 to Mr. Grant Caldwell. The Ticket was issued at approximately 10:03 a.m.

Appellant's Description:

Mr. Caldwell appeals this notice of violation, because it was 10:30 a.m. and the music was not loud enough to be excessive noise and that they had already turned the music off for a few minutes before the officer had asked for it to be turned off.

Analysis:

Law:

Bloomington Municipal Code requires the City to show:

1. That the noise complained of was unreasonable

Reason for Appeal: When the officer approached us, she informed us that there had been a call for "A wild party", when it was only 4 boys playing Frisbee at 10:30 AM. We had a stereo playing, but it was in no way loud enough to be close to "Excessive loud noise" as the citation calls it. Additionally, while we were speaking with the officer, she told us to turn off the music when it had already been off for a minute or two.

**Request from Indiana
University to
Temporarily Close
North Woodlawn
Avenue for
Construction**

Roy Aten, with Planning and Transportation, presented the Request from Indiana University to Temporarily Close North Woodlawn Avenue for Construction. See meeting packet for further details.

Boatman asked if properties adjacent to the closed section have been notified of the pending closure.

Aten explained staff is currently working with them to make some adjustments to provide parking.

Boatman asked if the affected properties are all Indiana University (IU) properties.

Jason Banach, with IU Realty, explained that half are IU properties, and the rest are privately held. The City fire station is one property, which IU holds a reversionary interest.

Cox Deckard asked if they are primarily rental properties.

Banach confirmed.

Boatman asked if residents were notified before.

Banach explained this was addressed at the Old Northeast Neighborhood Association meeting. However, not all of the residents were present. IU staff is working with City staff to ensure everyone is informed.

Boatman made a motion to approve the Request from Indiana University to Temporarily Close North Woodlawn Avenue for Construction. Palazzo seconded. The motion passed. Closure approved.

Aten presented Change Orders #3 and #4 for Woodlawn Railroad Crossing. See meeting packet for further details.

Approve Change Orders #3 and #4 for Woodlawn Railroad Crossing

Boatman asked if there will be more change orders.

Aten said there may be one last one in a few months.

Palazzo made a motion to approve Change Orders #3 and #4 for Woodlawn Railroad Crossing. Boatman seconded. The motion passed. Change orders approved.

Aten presented Change Order #7 for Old State Road 37 and Dunn Correction Project. See meeting packet for further details.

Approve Change Order #7 for Old State Road 37 and Dunn Correction Project

Boatman asked about the initial design elevation.

Aten explained the design allows the pedestrian bridge to flood. This change order will correct that.

Boatman made a motion to approve Change Order #7 for Old State Road 37 and Dunn Correction Project. Palazzo seconded. The motion passed. Change order approved.

Adam Wason, with Public Works, provided the following announcements:

- Almost two weeks ago City Council approved the Sanitation Modernization plan. There is an upcoming Town Hall meeting for residents to come and select cart sizes. Staff is anticipating an October implementation date.

Boatman asked about the process for establishing the fees.

Wason explained City Council approved a range of fees for each trash cart size; recycling is included. Over the next few months residents will receive surveys requesting their choice of cart size for trash. Staff will use the surveys to determine the number of carts per size, and the final fee.

Boatman asked if the survey choices are final.

Wason confirmed. There will be a 60-day grace period where residents may move to the next size up or down for free. The default size will be the middle size for both trash and recycling.

Cox Deckard asked if residents can choose different size containers for recycling and trash.

Wason confirmed. He explained carts will be on display at different locations around the city. The survey will indicate the range of prices for the various containers.

Boatman asked if all waste and recycling has to fit in the containers.

Wason confirmed. Residents would be asked to wait until the next week or use the South Walnut Street location. He would recommend that residents choose

STAFF REPORTS & OTHER BUSINESS

the larger size to take care of this issue.

- A bridge rehabilitation taking place by IU on Jordan Avenue just north of 10th Street, will occur right after graduation,

Boatman asked if both Woodlawn Ave. and Jordan Ave. would be closed for awhile at the same time.

Wason confirmed. The only way to go north would be by using Fee Lane. Access on Fee Lane and Indiana Ave. will be maintained.

- There are two retirements coming up: Barry Collins, the Facilities Maintenance Director; and Mike Young, the Fleet Maintenance Manager. The two retirements mean the positions will be open. For more information or an application, please visit bloomington.in.gov/jobs.

Palazzo moved to approve the Claims Register for 3/28/17-4/7/17 in the amount of \$528,966.31. Boatman seconded the motion. The motion passed. Claims approved.

APPROVAL OF CLAIMS

Board of Public Works Staff Report

Project/Event: Dedication of right of way at Park South at Henderson and Hillside

Staff Representative: Rick Alexander

Petitioner/Representative: Park South LLC, Jeff Fanyo of Bynum, Fanyo and Assoc.

Date: April 10, 2017

Report: There is a new development at the southeast corner of Hillside and Henderson called Park South. This is directly south of Templeton School. The two westernmost corners have been developed in recent years.

The owners are dedicating property on both the north and west sides of the development. By accepting these parcels of land, it will place the proposed sidewalk, the angled parking and other amenities in the public right of way rather than on private property.

Recommendation and Supporting Justification: The development overlays four individual lots. Two of the lots (1 and 2) had been joined into one parcel previously and one lot (3) had been divided previously. The petitioners have provided a legal description and survey of each dedication. The existing right of way is greater near the intersection due to the turn lanes and the dedications vary based on their location.

Board of Public Works Staff Report

Project/Event: Mobile Vendor in right of way
Petitioner/Representative: Jarrod Terrell – 812 BBQ, LLC
Staff Representative: Jason Carnes
Meeting Date: April 18, 2017

Jarrod Terrell, owner of 812 BBQ, LLC has applied to renew his Mobile Vendor License to operate a food trailer. It has been determined that when the applicant wants to operate in the right of way that before the permit is issued, permission must be obtained from the Board of Public Works. The Department of Economic & Sustainable Development has reviewed the application and the Board of Public Works' approval to operate in the public right of way is one of the items on the check list that is required before a permit can be issued. ESD will confirm that all rules and regulations have been met prior to a permit being issued.

The business will operate from a food trailer selling various BBQ and beverages.

This application is for 1 year.

Staff is supportive of the request.

**CITY OF BLOOMINGTON
BOARD OF PUBLIC WORKS
RESOLUTION 2017-28**

**Mobile Vendor in Public Right of Way
812 BBQ, LLC**

WHEREAS, the Board of Public Works is empowered by Indiana Code § 36-9-6-2 to supervise the streets, alleys, sewers, public grounds, and other property of the City of Bloomington (“City”); and

WHEREAS, 812 BBQ, LLC (“Vendor”) intends to seek a Mobile Vendor License under Bloomington Municipal Code 4.28; and

WHEREAS, the issuance of a Mobile Vendor License under Bloomington Municipal Code 4.28 requires Vendor to submit a variety of documentation to the City—set forth at Bloomington Municipal Code 4.28.050—including an independent safety inspection, and all applicable permits required by the Monroe County Health Department and the Bloomington Fire Department; and

WHEREAS, Vendor has submitted all necessary documentation to the City; and

WHEREAS, Vendor desires to be able to use “City property” as defined in Bloomington Municipal Code 4.28.010, which includes public on-street parking, on a temporary and transient basis for the purpose of selling food via a mobile kitchen and food truck; and

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF PUBLIC WORKS THAT:

1. Vendor has permission to use on-street public parking and sidewalks, on a temporary and transient basis, for the purposes of selling food via a mobile kitchen, beginning on April 18, 2017, and ending on April 17, 2018.

2. For the avoidance of doubt, this Resolution is not the Business License referenced by Chapter 4.28 of the Bloomington Municipal Code. Thus, Vendor must ensure that all necessary documentation has been submitted to the City of Bloomington Controller and that the Business License has been issued by the City of Bloomington Controller before utilizing the permission to use on-street public parking and sidewalks granted in the paragraph above. Operating a mobile vendor without a business license is a violation of Bloomington Municipal Code 4.28.180(a)(1), and would subject Vendor to a fine of \$2,500 for the first offense.

3. For the avoidance of doubt, the following conditions—which in some instances may mirror those that exist under Title 4.28 of the Bloomington Municipal Code—attach to this approval:

- a. Vendor agrees to maintain a clear five-foot path for pedestrians on the sidewalk at all times.
- b. Vendor will have obtained a valid Mobile Vendor license issued by the City of Bloomington Controller prior to operation on City property, and will maintain a valid Mobile Vendor license throughout the term of Vendor’s operation on City property.
- c. Vendor may locate his business in a public parking space within a reasonable time, no more than one hour, before the vendor begins selling food to persons. Vendor must still comply with all other restrictions regarding its location in a public parking space.
- d. Vendor shall remove his business from a public parking space within a reasonable time, no more than one hour, following the time the vendor has stopped selling food to persons. Vendor must still comply with all other restrictions regarding its location in a public parking space.
- e. Vendor will comply with all other laws, ordinances, rules and regulations in effect at the time it conducts their business, including, but not limited to: (1) Bloomington Municipal Code 4.28 (Mobile Vendors), and (2) all City parking regulations, restrictions, and ordinances.

RESOLUTION 2017-28

f. Vendor is prohibited from operating within a one block radius of a Special Event, unless prior approval has been granted by either the operator of the Special Event or the City's Board of Public Works. The Board of Public Works is not required to provide specific notice to Vendor when it recognizes a Special Event. The following are Special Events that have been recognized by the Board of Public Works:

- 1) City of Bloomington Farmers' Market;
- 2) City of Bloomington Holiday Market;
- 3) The Taste of Bloomington;
- 4) Lotus World Music and Arts Festival;
- 5) The Fourth Street Festival;
- 6) Arts Fair on the Square;
- 7) Strawberry Festival;
- 8) Canopy of Lights;
- 9) Fourth of July Parade; and
- 10) Any other special events approved by the City Controller.

ADOPTED THIS 18th, DAY OF April, 2017.

BOARD OF PUBLIC WORKS:

Kyla Cox Deckard, President

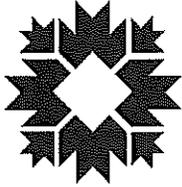

Kelly M. Boatman, Vice-President

Dana Palazzo, Secretary

ALL TERMS AND CONDITIONS CONTAINED IN THIS RESOLUTION **2017-28** ARE ACCEPTABLE AND AGREED TO BY VENDOR:

Prohibited Location Agreement

Bloomington Municipal Code Section 4.28.140 prohibits Mobile Vendor Units from operating in certain locations. This Agreement provides for all of the prohibited locations. Two maps are also attached to this Agreement. All signatories to this Agreement are required to review not only this Agreement, but also the attached maps prior to signing this Agreement.

As a licensed Mobile Vendor Unit, I understand and agree that I cannot and will not operate my mobile vendor unit in a manner that would violate any of the below-listed location restrictions:

- € No mobile food vendor unit shall locate in any parking lot, parking space, or parking facility owned, leased or managed by the City of Bloomington unless approval has been given by the City's Board of Public Works.
- € No mobile food vendor unit shall operate within fifty feet of any facade of a ground level establishment that also sells food or beverages, or operate within fifty feet of the perimeter of such an establishment's outdoor seating area, regardless of whether or not the mobile food vendor unit is currently conducting business. The distance restriction only applies from one hour before the opening time to an hour after the closing time posted by a ground level establishment on the facade of its building.
- € No mobile food vendor unit shall locate in an alleyway.
- € Mobile food vendor units shall be located a reasonable distance from all posted bus stops, crosswalks, driveways, alleyways, right-of-way lines of two or more intersecting streets and building entrances or walk-up windows.
- € Mobile food vendor units shall only be located on private property if the private property owner has provided both the business operator and the City written permission for the mobile food vendor unit to locate on said property.
- € No mobile food vendor unit shall locate within a one block radius of a Special Event unless prior approval has been granted by either the operator of the Special Event or the City's Board of Public Works.
- € No mobile food vendor unit shall park on City property in violation of any City parking regulation, restriction, or ordinance. For example, if parking at one, or multiple, parking meters, the operator of the mobile food vendor unit shall feed all relevant parking meters with the required monetary amount.
- € No mobile food vendor unit shall be located in a manner which would significantly impede or prevent the use of any City of Bloomington property, or which would endanger the safety or property of the public.
- € No mobile food vendor unit shall be located within fifteen feet of any fire hydrant.

- € No mobile food vendor shall locate within any zoning district except the following: Commercial General; Commercial Arterial; Commercial Downtown; Industrial General; Business Park; and Institutional.
- € No mobile food vendor operating on private property shall displace required parking or landscaping nor block any drives, parking access aisles, fire lanes, sidewalks, or accessible routes required for the private parking by the City's zoning code.
- € No mobile food vendor unit shall be located more than one foot away from the curb of the street on which it is parked.
- € No mobile food vendor unit shall park near an intersection and in a manner that blocks the line-of-sight of drivers using adjacent roadways.

I, the undersigned, understand that if I locate my mobile vendor unit in any of the above-described prohibited locations or manner that I subject myself to fines and possible revocation of my Mobile Vendor Unit License, as so described in Chapter 4.28 of the Bloomington Municipal Code.

Standard of Conduct Agreement

Bloomington Municipal Code Section 4.28.160 provides Standards of Conduct for all Mobile Vendor Units. This Agreement provides a list of said Standards of Conduct. All signatories to this Agreement are required to review this Agreement prior to signing this Agreement.

As a licensed Mobile Vendor Unit, I understand and agree that I cannot and will not conduct business in a manner that would violate any of the Standards of Conduct noted below:

- € Mobile food vendor unit operators shall conduct themselves at all times in an orderly and lawful manner, and shall not make, or cause to be made, any unreasonable noise of such volume as to be in violation of the City of Bloomington Noise Ordinance as stated in Title 14 of the Bloomington Municipal Code
- € A device may not be used which would amplify sounds nor may attention be drawn to the mobile food vendor unit by an aural means or a light-producing device (examples of such devices may include, but are not meant to be limited to the following: bull horns and strobe lights
- € No mobile food vendor unit may be permanently or temporarily affixed to any object, including but not limited to buildings, trees, telephone poles, streetlight poles, traffic signal poles or fire hydrants
- € No mobile food vendor unit may be used to advertise any product which is not authorized to be sold from that unit
- € Each mobile food vendor unit shall be limited to one sandwich board sign that meets the provisions of Section 20.05.086 of the Bloomington Municipal Code regardless of the zoning district in which it locates, provided a sign permit is obtained from the City's Planning and Transportation Department
- € No mobile food vendor unit may make use of any public or private electrical outlet while in operation
- € Each mobile food vendor unit shall protect against littering and shall have both an adequate trash receptacle and a separate receptacle for recyclable materials:
 - o The trash and recyclable receptacles shall be emptied sufficiently often to allow disposal of litter and waste by the public at any time;
 - o The trash and recyclable receptacles on the mobile food vendor unit shall not be emptied into trash or recyclable receptacles owned by the City of Bloomington;
 - o Liquid from the mobile food vendor unit shall not be discharged on or in a City sewer or drain or elsewhere on City property, nor on private property without the express written consent of the owner thereof;

- Before leaving any location each mobile food vendor unit shall first pick up, remove and dispose of all trash, refuse and/or recyclable materials, including products spilled on the ground within twenty feet of the mobile food vendor unit.
- € No mobile food vendor unit shall expose any pedestrian to any undue safety or health hazards nor shall it be maintained so as to create a public nuisance
- € Each mobile food vendor unit shall be maintained free and clear of dirt, and finishes shall not be chipped, faded or unduly marred
- € Foods or beverages which present a substantial likelihood that liquid matter or particles will drop to the street or sidewalk during the process of carrying or consuming the food or beverage shall be sold in proper containers so as to avoid falling to the street or sidewalk
- € Mobile food vendor units which utilize a grill or device that may result in a spark, flame or fire shall adhere to the following additional standards:
 - Be placed approximately 20 feet from a building or structure;
 - Provide a barrier between the grill or device and the general public;
 - The spark, flame or fire shall not exceed 12 inches in height;
 - A fire extinguisher shall be within reaching distance of the mobile food vendor unit operator at all times;
- € Mobile food vendor unit operators shall be required to obey the commands of law enforcement officers or fire officials with respect to activity carried out inside of the City's jurisdictional limits, including, where possible, the removal of the mobile food vendor unit and cessation of such sales
- € No mobile food vendor unit shall ever be left unattended
- € Mobile food vendor units shall not be stored, parked or left overnight on any City property
- € All mobile food vendor units which are food service establishments as defined by Title 10.17 of the Bloomington Municipal Code shall install an approved grease interceptor or grease trap. Foods, oils and greases shall never be discharged into the City's sewer or storm drains
- € All mobile food vendor unit operators are required to collect and pay all applicable and appropriate sales taxes
- € No mobile food vendor shall provide customer seating unless approval has been provided by the City's Board of Public Works and the City's Planning and Transportation Department
- € All mobile food vendors shall comply with the lighting standards found in Chapter 20.05 of the Bloomington Municipal Code
- € All mobile food vendors shall comply with the vision clearance standards found in Chapter 20.05 of the Bloomington Municipal Code
- € No mobile food vendor shall have a drive-thru
- € The decibels of any generator(s) associated with a mobile food vendor unit shall not exceed "70dBA".
 - Such noise measurement shall be made at a height of at least four (4) feet above the ground and at a point approximately twenty-five (25) feet away from where the

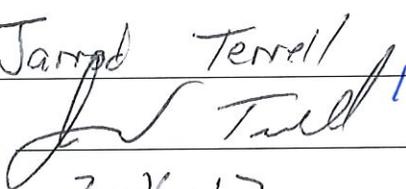

noise is being emitted on a sound level meter operated on the "A" weighting network (scale).

- No person other than the operators shall be within twenty-five (25) feet of the sound level meter during the sample period.
- Sound measurements shall be conducted at that time of day or night when the relevant noise source is emitting sound.
- The sound level measurement shall be determined as follows:
 - Calibrate the sound level meter within one (1) hour before use.
 - Set the sound level meter on the "A" weighted network at slow response.
 - Set the omnidirectional microphone in an approximately seventy degree position in a location which complies with subsections (1) and (2) herein. The operator of the sound level meter shall face the noise source and record the meter's instantaneous response.
 - Recalibrate the sound level meter after use.
- It shall be unlawful for any person to interfere, through the use of sound or otherwise, with the taking of sound level measurement.

I, the undersigned, understand that if I conduct business in violation of any the above described standards of conduct that I subject myself to fines and possible revocation of my Mobile Vendor Unit License, as so described in Chapter 4.28 of the Bloomington Municipal Code.

Board of Public Works Staff Report

Project/Event: Mobile Vendor in right of way

Petitioner/Representative: Joshua Hauk-Domino's

Staff Representative: Jason Carnes

Meeting Date: April 18, 2017

Joshua Hauk, Manager of Domino's has applied for a Mobile Vendor License to operate a food trailer. It has been determined that when the applicant wants to operate in the right of way that before the permit is issued, permission must be obtained from the Board of Public Works. The Department of Economic & Sustainable Development has reviewed the application and the Board of Public Works' approval to operate in the public right of way is one of the items on the check list that is required before a permit can be issued. ESD will confirm that all rules and regulations have been met prior to a permit being issued.

The business will operate from a food trailer selling pizza and beverages.

This application is for 3 day license running from April 20, 2017 through April 22, 2017.

Staff is supportive of the request.

Recommend **Approval** **Denial** by Jason Carnes

**CITY OF BLOOMINGTON
BOARD OF PUBLIC WORKS
RESOLUTION 2017-29**

**Mobile Vendor in Public Right of Way
DTID Pizza, Inc. (Domino's)**

WHEREAS, the Board of Public Works is empowered by Indiana Code § 36-9-6-2 to supervise the streets, alleys, sewers, public grounds, and other property of the City of Bloomington (“City”); and

WHEREAS, DTID Pizza, Inc. dba Domino’s (“Vendor”) intends to seek a Mobile Vendor License under Bloomington Municipal Code 4.28; and

WHEREAS, the issuance of a Mobile Vendor License under Bloomington Municipal Code 4.28 requires Vendor to submit a variety of documentation to the City—set forth at Bloomington Municipal Code 4.28.050—including an independent safety inspection, and all applicable permits required by the Monroe County Health Department; and

WHEREAS, Vendor has submitted all necessary documentation to the City; and

WHEREAS, Vendor desires to be able to use “City property” as defined in Bloomington Municipal Code 4.28.010, which includes public on-street parking, on a temporary and transient basis for the purpose of selling food via a mobile kitchen and food truck; and

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF PUBLIC WORKS THAT:

1. Vendor has permission to use on-street public parking and sidewalks, on a temporary and transient basis, for the purposes of selling food via a mobile kitchen, beginning on April 20, 2017, and ending on April 23, 2017.

2. For the avoidance of doubt, this Resolution is not the Business License referenced by Chapter 4.28 of the Bloomington Municipal Code. Thus, Vendor must ensure that all necessary documentation has been submitted to the City of Bloomington Controller and that the Business License has been issued by the City of Bloomington Controller before utilizing the permission to use on-street public parking and sidewalks granted in the paragraph above. Operating a mobile vendor without a business license is a violation of Bloomington Municipal Code 4.28.180(a)(1), and would subject Vendor to a fine of \$2,500 for the first offense.

3. For the avoidance of doubt, the following conditions—which in some instances may mirror those that exist under Title 4.28 of the Bloomington Municipal Code—attach to this approval:

- a. Vendor agrees to maintain a clear five-foot path for pedestrians on the sidewalk at all times.
- b. Vendor will have obtained a valid Mobile Vendor license issued by the City of Bloomington Controller prior to operation on City property, and will maintain a valid Mobile Vendor license throughout the term of Vendor’s operation on City property.
- c. Vendor may locate his business in a public parking space within a reasonable time, no more than one hour, before the vendor begins selling food to persons. Vendor must still comply with all other restrictions regarding its location in a public parking space.
- d. Vendor shall remove his business from a public parking space within a reasonable time, no more than one hour, following the time the vendor has stopped selling food to persons. Vendor must still comply with all other restrictions regarding its location in a public parking space.
- e. Vendor will comply with all other laws, ordinances, rules and regulations in effect at the time it conducts their business, including, but not limited to: (1) Bloomington Municipal Code 4.28 (Mobile Vendors), and (2) all City parking regulations, restrictions, and ordinances.
- f. Vendor is prohibited from operating within a one block radius of a Special Event, unless prior

RESOLUTION 2017-29

approval has been granted by either the operator of the Special Event or the City's Board of Public Works. The Board of Public Works is not required to provide specific notice to Vendor when it recognizes a Special Event. The following are Special Events that have been recognized by the Board of Public Works:

- 1) City of Bloomington Farmers' Market;
- 2) City of Bloomington Holiday Market;
- 3) The Taste of Bloomington;
- 4) Lotus World Music and Arts Festival;
- 5) The Fourth Street Festival;
- 6) Arts Fair on the Square;
- 7) Strawberry Festival;
- 8) Canopy of Lights;
- 9) Fourth of July Parade; and
- 10) Any other special events approved by the City Controller.

ADOPTED THIS 18th, DAY OF April, 2017.

BOARD OF PUBLIC WORKS:

Kyla Cox Deckard, President

Kelly M. Boatman, Vice-President

Dana Palazzo, Secretary

ALL TERMS AND CONDITIONS CONTAINED IN THIS RESOLUTION **2017-29** ARE ACCEPTABLE AND AGREED TO BY VENDOR:

Prohibited Location Agreement

Bloomington Municipal Code Section 4.28.140 prohibits Mobile Vendor Units from operating in certain locations. This Agreement provides for all of the prohibited locations. Two maps are also attached to this Agreement. All signatories to this Agreement are required to review not only this Agreement, but also the attached maps prior to signing this Agreement.

As a licensed Mobile Vendor Unit, I understand and agree that I cannot and will not operate my mobile vendor unit in a manner that would violate any of the below-listed location restrictions:

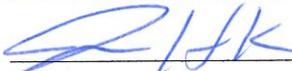

- € No mobile food vendor unit shall locate in any parking lot, parking space, or parking facility owned, leased or managed by the City of Bloomington unless approval has been given by the City's Board of Public Works.
- € No mobile food vendor unit shall operate within fifty feet of any facade of a ground level establishment that also sells food or beverages, or operate within fifty feet of the perimeter of such an establishment's outdoor seating area, regardless of whether or not the mobile food vendor unit is currently conducting business. The distance restriction only applies from one hour before the opening time to an hour after the closing time posted by a ground level establishment on the facade of its building.
- € No mobile food vendor unit shall locate in an alleyway.
- € Mobile food vendor units shall be located a reasonable distance from all posted bus stops, crosswalks, driveways, alleyways, right-of-way lines of two or more intersecting streets and building entrances or walk-up windows.
- € Mobile food vendor units shall only be located on private property if the private property owner has provided both the business operator and the City written permission for the mobile food vendor unit to locate on said property.
- € No mobile food vendor unit shall locate within a one block radius of a Special Event unless prior approval has been granted by either the operator of the Special Event or the City's Board of Public Works.
- € No mobile food vendor unit shall park on City property in violation of any City parking regulation, restriction, or ordinance. For example, if parking at one, or multiple, parking meters, the operator of the mobile food vendor unit shall feed all relevant parking meters with the required monetary amount.
- € No mobile food vendor unit shall be located in a manner which would significantly impede or prevent the use of any City of Bloomington property, or which would endanger the safety or property of the public.
- € No mobile food vendor unit shall be located within fifteen feet of any fire hydrant.

- € No mobile food vendor shall locate within any zoning district except the following: Commercial General; Commercial Arterial; Commercial Downtown; Industrial General; Business Park; and Institutional.
- € No mobile food vendor operating on private property shall displace required parking or landscaping nor block any drives, parking access aisles, fire lanes, sidewalks, or accessible routes required for the private parking by the City's zoning code.
- € No mobile food vendor unit shall be located more than one foot away from the curb of the street on which it is parked.
- € No mobile food vendor unit shall park near an intersection and in a manner that blocks the line-of-sight of drivers using adjacent roadways.

I, the undersigned, understand that if I locate my mobile vendor unit in any of the above-described prohibited locations or manner that I subject myself to fines and possible revocation of my Mobile Vendor Unit License, as so described in Chapter 4.28 of the Bloomington Municipal Code.

Standard of Conduct Agreement

Bloomington Municipal Code Section 4.28.160 provides Standards of Conduct for all Mobile Vendor Units. This Agreement provides a list of said Standards of Conduct. All signatories to this Agreement are required to review this Agreement prior to signing this Agreement.

As a licensed Mobile Vendor Unit, I understand and agree that I cannot and will not conduct business in a manner that would violate any of the Standards of Conduct noted below:

- € Mobile food vendor unit operators shall conduct themselves at all times in an orderly and lawful manner, and shall not make, or cause to be made, any unreasonable noise of such volume as to be in violation of the City of Bloomington Noise Ordinance as stated in Title 14 of the Bloomington Municipal Code
- € A device may not be used which would amplify sounds nor may attention be drawn to the mobile food vendor unit by an aural means or a light-producing device (examples of such devices may include, but are not meant to be limited to the following: bull horns and strobe lights
- € No mobile food vendor unit may be permanently or temporarily affixed to any object, including but not limited to buildings, trees, telephone poles, streetlight poles, traffic signal poles or fire hydrants
- € No mobile food vendor unit may be used to advertise any product which is not authorized to be sold from that unit
- € Each mobile food vendor unit shall be limited to one sandwich board sign that meets the provisions of Section 20.05.086 of the Bloomington Municipal Code regardless of the zoning district in which it locates, provided a sign permit is obtained from the City's Planning and Transportation Department
- € No mobile food vendor unit may make use of any public or private electrical outlet while in operation
- € Each mobile food vendor unit shall protect against littering and shall have both an adequate trash receptacle and a separate receptacle for recyclable materials:
 - o The trash and recyclable receptacles shall be emptied sufficiently often to allow disposal of litter and waste by the public at any time;
 - o The trash and recyclable receptacles on the mobile food vendor unit shall not be emptied into trash or recyclable receptacles owned by the City of Bloomington;
 - o Liquid from the mobile food vendor unit shall not be discharged on or in a City sewer or drain or elsewhere on City property, nor on private property without the express written consent of the owner thereof;

- Before leaving any location each mobile food vendor unit shall first pick up, remove and dispose of all trash, refuse and/or recyclable materials, including products spilled on the ground within twenty feet of the mobile food vendor unit.
- € No mobile food vendor unit shall expose any pedestrian to any undue safety or health hazards nor shall it be maintained so as to create a public nuisance
- € Each mobile food vendor unit shall be maintained free and clear of dirt, and finishes shall not be chipped, faded or unduly marred
- € Foods or beverages which present a substantial likelihood that liquid matter or particles will drop to the street or sidewalk during the process of carrying or consuming the food or beverage shall be sold in proper containers so as to avoid falling to the street or sidewalk
- € Mobile food vendor units which utilize a grill or device that may result in a spark, flame or fire shall adhere to the following additional standards:
 - Be placed approximately 20 feet from a building or structure;
 - Provide a barrier between the grill or device and the general public;
 - The spark, flame or fire shall not exceed 12 inches in height;
 - A fire extinguisher shall be within reaching distance of the mobile food vendor unit operator at all times;
- € Mobile food vendor unit operators shall be required to obey the commands of law enforcement officers or fire officials with respect to activity carried out inside of the City's jurisdictional limits, including, where possible, the removal of the mobile food vendor unit and cessation of such sales
- € No mobile food vendor unit shall ever be left unattended
- € Mobile food vendor units shall not be stored, parked or left overnight on any City property
- € All mobile food vendor units which are food service establishments as defined by Title 10.17 of the Bloomington Municipal Code shall install an approved grease interceptor or grease trap. Foods, oils and greases shall never be discharged into the City's sewer or storm drains
- € All mobile food vendor unit operators are required to collect and pay all applicable and appropriate sales taxes
- € No mobile food vendor shall provide customer seating unless approval has been provided by the City's Board of Public Works and the City's Planning and Transportation Department
- € All mobile food vendors shall comply with the lighting standards found in Chapter 20.05 of the Bloomington Municipal Code
- € All mobile food vendors shall comply with the vision clearance standards found in Chapter 20.05 of the Bloomington Municipal Code
- € No mobile food vendor shall have a drive-thru
- € The decibels of any generator(s) associated with a mobile food vendor unit shall not exceed "70dBA".
 - Such noise measurement shall be made at a height of at least four (4) feet above the ground and at a point approximately twenty-five (25) feet away from where the

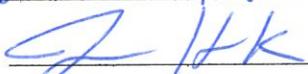

noise is being emitted on a sound level meter operated on the "A" weighting network (scale).

- No person other than the operators shall be within twenty-five (25) feet of the sound level meter during the sample period.
- Sound measurements shall be conducted at that time of day or night when the relevant noise source is emitting sound.
- The sound level measurement shall be determined as follows:
 - Calibrate the sound level meter within one (1) hour before use.
 - Set the sound level meter on the "A" weighted network at slow response.
 - Set the omnidirectional microphone in an approximately seventy degree position in a location which complies with subsections (1) and (2) herein. The operator of the sound level meter shall face the noise source and record the meter's instantaneous response.
 - Recalibrate the sound level meter after use.
- It shall be unlawful for any person to interfere, through the use of sound or otherwise, with the taking of sound level measurement.

I, the undersigned, understand that if I conduct business in violation of any the above described standards of conduct that I subject myself to fines and possible revocation of my Mobile Vendor Unit License, as so described in Chapter 4.28 of the Bloomington Municipal Code.

Strategy

Our Vision

Cosecha is a nonviolent movement activating the migrant community and the public at large to fight for permanent protection, dignity, and respect for all immigrants in the United States. Developed by organizers who watched immigration reform stall in Congress for over a decade, Cosecha is taking a new approach. **We believe that in order to win real protection for our communities, we need to mobilize millions of active supporters—by polarizing the American people to take an active stance on immigration issues.**

Our work honors and draws from the legacy of other social movements in this country. We are students of the thousands of farmworkers who, under the leadership of Dolores Huerta, Larry Itliong and Cesar Chavez, fought back against labor exploitation. We have learned from the millions of African Americans who challenged the racism of Jim Crow and fueled the Civil Rights Movement. Building on this tradition, Cosecha views non-cooperation as our best tactic for building popular support and securing real victories for the 11 million undocumented immigrants in the U.S.

Why We're Striking

Time and time again our community is called upon to vote for the next Deporter-in-Chief, whether Obama or Trump, who will shape immigration policy for the next four to eight years. Each election, we're promised that if we vote for the Democrats, they will give us immigration reform. When their promises go unfulfilled--when Obama deports 3 million immigrants or when Trump expands his power to deport and terrorize our communities--what do we do? **We strike.**

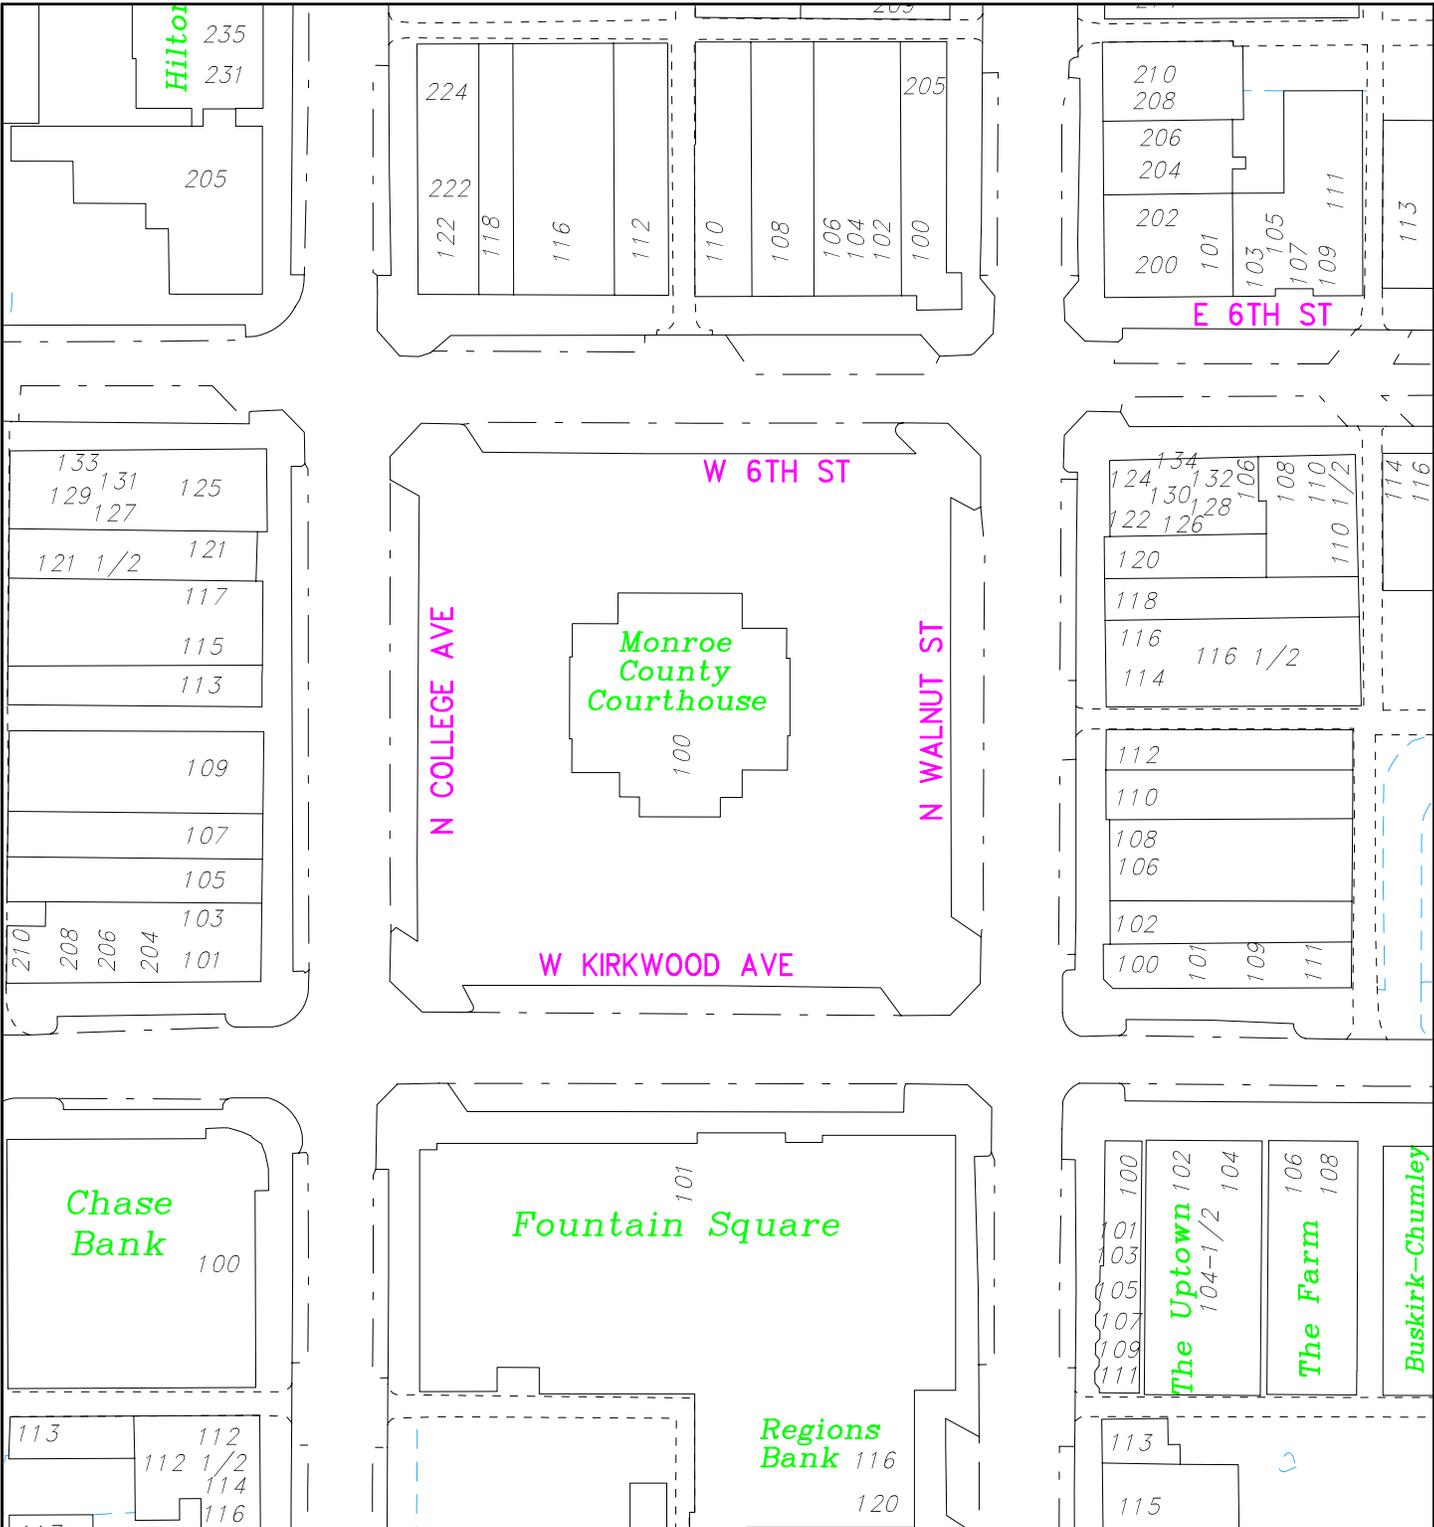

Long enough have we voted, marched in DC, and gone to court to protect the morsels of protection that we have; longer still have we endured pain as our communities are exploited, unrecognized, shamed, and torn apart.

Let's be clear. We are not striking to make the Republicans like us or to pass legislation that is in our favor. We are not striking because we want to remove Trump's oppressive executive orders. We are striking because our fight is not in DC--it's in every home, business, and industry that takes advantage of our labor and consumption. By striking, we

make it clear that this country cannot function without immigrants. We build confidence that through non-cooperation, we can force this country to recognize us and realize that it depends on us. It is not until the United States accepts that it cannot sustain itself without immigrant labor that we will be able to win permanent protection, dignity, and respect.

On February 16th, the immigrant community demonstrated their readiness and willingness to self-organize. The first Day Without Immigrants made waves all over the media. **Now, Cosecha is pushing to organize a series of intensifying strikes.**

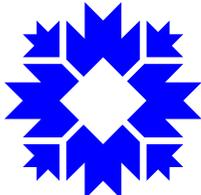

We will start with one day, but we are going for seven--a week without immigrants. We will end with dignity, respect, and permanent protection.

Board of Public Works Staff Report

Project/Event: Request from Indiana University for a Right of Entry at 810 N. Woodlawn Avenue (Fire Station #3) for Woodlawn Reconstruction Project

Petitioner/Representative: Planning and Transportation Department

Staff Representative: Roy Aten

Date: 04/18/2017

Report: Indiana University will be beginning the Woodlawn Reconstruction Project this May. A portion of that work will be improvements to the sidewalks, driveways and landscaping at the City's Woodlawn Avenue Fire Station. This agreement for a right-of-entry for the Trustees of Indiana University and their contractors will allow for this reconstruction to take place.

The University, through their design consultant, has worked with the Fire Station Staff to coordinate this work so that the Fire Station remains fully operational during the project. This right-of-entry will commence after approval and is set to expire on June 30th, 2017.

Recommendation and Supporting Justification: Staff recommends that the Board approve this agreement for a right-of-entry at 810 North Woodlawn Avenue.

Board of Public Works Staff Report

Project/Event: Approve Change Order #14 for Rogers Street Project

Petitioner/Representative: Planning and Transportation Department

Staff Representative: Roy Aten

Date: 04/18/2017

Report: In 2012 the City began design of the South Rogers Street Project. This road improvement project reconstructed the roadway, updated utilities, and installed new sidewalks, curbs and a multi-use path that connected the Broadview Neighborhood to the B-line trail. The project was bid and awarded in January of 2013 and construction was completed in November of 2014.

In June of 2014 the Board of Public Works approved change order #11 in the amount of \$97,090.67 for various items that ran over and under the original quantities. Due to a delay imposed by INDOT, that change order was never fully executed. INDOT has cancelled that change order and has reissued the same items as change order #14.

Recommendation and Supporting Justification: Staff recommends that the Board approve change order #14 for the Rogers Street Project.

Board of Public Works Staff Report

Project/Event: Change Order #11 South Rogers Streetscape

Staff Representative: Rick Alexander

Petitioner/Representative: INDOT

Date: June 17, 2014

Report: There are seven items on the change order as reported by the project manager Chuck Wildt. These include additional rock excavation at several locations around storm, sanitary and water installations to meet CBU standards as well as additional street cuts for water and sewer installations. Also, curb ramps were modified at several intersections for better alignment and cleaner looking intersections at Ralston, Graham, Coolidge and Jed Streets thereby also reducing potential trip hazards. Curb and gutter work at the driveway approaches were not included in the plans but were added to the quantity.

Recommendation and Supporting Justification: A detailed explanation of each specific item was prepared by Mr. Wildt and is attached. The total expenditure for change order #11 is \$97,090.67 bringing the total changes to date to \$133,410.04. It is an 80/20 match with federal funds so the city's portion of this change order is \$19,418.13. Staff recommends approval of the changes.

Change Order No.11 Explanations for Overrun and Underrun

Item #13 – Excavation, Rock: Rock was discovered during excavation for the mainline storm system along Line B at various locations. Plans showed the existing rock to be approximately 2 to 3 feet below the storm sewer elevation. Additional rock was removed at Str.#101 to obtain the required two foot clearance around structure, per CBU specification. Additional rock was removed at various locations during sanitary and water installation. Quantities recorded represent field measurements taken by the onsite inspectors.

Item #20 – Subgrade Treatment, Type 1C: Overrun due to quantity error on the item pay list. Quantities recorded represent field measurements taken by the onsite inspector.

Item #24 – Compacted Aggregate, No. 53, Base: Quantity represents tons placed for curb and gutter, curb ramps, concrete sidewalk, asphalt path and asphalt drive approaches. Curb and gutter was slipped through drive approaches and was paid as curb and gutter, not drive approaches. Aggregate was not paid as subgrade treatment, but, compacted aggregate.

Item #27 – PCC Base Patching, 8 in.: Overrun in quantity due to additional street cuts for water main and storm sewer installation. Quantities recorded represent field measurements taken by the onsite inspector.

Item #34 – HMA Wedge and Level, Type B: Underrun represents tonnage placed and recorded.

Item #42 – Curb Ramp, Concrete, G: Changes were made to the curb ramps left and right of Line A. Curb ramps at Ralston Drive, SW radii, east side across from Ralston Drive, Graham Drive, SW & SE ramps, Coolidge Drive, SW, SE, NW and NE ramps, Jed Street NE ramp and Sta.32+60 NW ramp. All of these locations the Type G and Type C curb ramps were combined and paid as Type G. By moving the Type C ramps closer to the intersections made for a better alignment for pedestrians to cross and prevented having small pieces of curb between the ramps which could be a trip hazard and curb damage during snow removal.

Item #47 – Curb and Gutter, Concrete: Overrun due to curb and gutter being paid through the drive approaches. Plan quantity did not include paying through drive approaches but was to be included in the cost for concrete approaches. By slipping through the approaches allowed the home owners quicker access to their property and helped assure required drainage along the concrete gutter line. Quantity recorded represents field measurements taken by the onsite inspector.

Re: Contract R-30972
Project: 0600496
South Rogers Street Reconstruction
Change Order No.11/14

Dear Mr. Aten:

On June 11, 2014, I submitted C.O. #11, to you, for the Board's approval and signatures. The change order was strictly for overruns and underruns on existing items and represents the last change order for the project. The change order was approved and signed on June 11, 2014. Unfortunately INDOT instructed me not to process it due to the potential of a penalty for the asphalt placed, which could have resulted in generating an additional change order.

INDOT has resolved the asphalt issue and I have been instructed to process and approve C.O. #11. Unfortunately INDOT has changed Area Engineers and the current change order does not include their name, for approval. This resulted in deleting C.O. #11 and regenerating it again, but, the INDOT Site Manger program does not allow for a change order to be deleted and regenerated with the same change order number. By changing change order numbers, C.O. #11 signatures are void.

I apologize for the inconvenience, but, by signing C.O. #14, this should bring closure to the project.

Sincerely,

Chuck Wildt

Board of Public Works Staff Report

Project/Event: Approve Change Order #1 for East 7th Street Path Connection Project

Petitioner/Representative: Planning and Transportation Department

Staff Representative: Roy Aten

Date: 04/18/2017

Report: On December 16th, 2014, the Board approved the design of a multi-use path connection from East 7th Street to the pedestrian underpass under the 45/46 Bypass. Quotes were received towards the end of 2016 and on December 13th, 2016 the Board approved a contract with E & B Paving for construction. A notice to proceed was issued on February 16th, 2017 and construction began in March of this year.

On March 30th, 2017, the Planning and Transportation Department issued Field Order #1 to E&B Paving in order to have the grade of the path altered so that it would better align with the existing 7th Street pavement. Change Order #1 is for an additional charge of \$970.00 for the extra compacted stone required to bring the path up to grade.

Recommendation and Supporting Justification: Staff has reviewed the change order and recommends that the Board approve change order #1 for the 7th Street Path Connection Project.

PROJECT NAME: Grass Cutting and Lawn Maintenance Services for 2017

AGREEMENT FOR SERVICES

This Agreement, entered into on this _____ day of _____, 2017, by and between the City of Bloomington Department of Public Works through its Board of Public Works (hereinafter referred to as "Board"), and City Lawn (hereinafter referred to as "Contractor"),

WITNESSETH:

WHEREAS, the Board wishes to enhance the services it provides by engaging in efforts to **maintain the lawn area at numerous locations within the City;**

WHEREAS, it is in the public interest that such Services be undertaken and performed; and

WHEREAS, Contractor is willing and able to provide such Services to the Board;

NOW, THEREFORE, in consideration of the mutual covenants herein contained, the parties hereto agree as follows:

Article 1. Scope of Services: Contractor shall provide required Services for the Board as set forth in Exhibit A, Scope of Services. Exhibit A is attached hereto and incorporated herein by reference as though fully set forth.

Contractor shall diligently pursue its work under this Agreement and shall complete the Services as described in Exhibit A in a timely manner. Contractor shall perform all Services as expeditiously as is consistent with professional skill and care and the orderly progress of the work.

In the performance of Contractor's work, Contractor agrees to maintain such coordination with the Board as may be requested and desirable, including primary coordination with the Public Works Department officials designated by the Board as project coordinator(s).

Contractor agrees that any information or documents, including digital GIS information, supplied by the Board pursuant to Article 3, below, shall be used by Contractor for this project only, and shall not be reused or reassigned for any purpose.

Article 2. Standard of Care: Contractor shall be responsible for completion of the Services in a manner to meet high professional standards consistent with the Contractor's profession in the location and at the time of the rendering of the services. The City's Operations and Facility Director shall be the sole judge of the adequacy of Contractor's work in meeting such standards. However, the Operations and Facility Director shall not unreasonably withhold his approval as to the adequacy of such performance.

Article 3. Responsibilities of the Board: The Board shall have the following responsibilities under this Agreement and shall meet these responsibilities in a timely manner so as not to delay

the orderly progress of the Services, and Contractor shall be entitled to rely upon the accuracy and completeness of information supplied by the Board:

A. Information/Reports

Provide Contractor with reports and any information relating to the Services that Contractor may rely upon without independent verification unless specifically identified as requiring such verification.

B. Representative

The Board hereby designates the City's Operations and Facility Director, Department of Public Works to serve as the Board's representative for the project. The Director shall have the authority to transmit instructions, receive information, interpret and define the Board's requirements and make decisions with respect to the Services.

C. Decisions

Provide all criteria and full information as to Board's requirements for the Services and make timely decisions on matters relating to the Services.

Article 4. Compensation: The Board shall pay Contractor a fee based on the payment schedule set forth in Exhibit B, Schedule of Compensation. Exhibit B is attached hereto and incorporated herein by reference as though fully set forth. The total compensation paid including fees and expenses shall not exceed the amount of: **Four Hundred Thirty Dollars and Zero Cents (\$430.00) per mowing cycle in 2017. This Agreement allows for a total of fifteen (15) mowing cycles to take place. The Not to Exceed Cost of this Agreement shall be Six Thousand Four Hundred Fifty Dollars and Zero Cents (\$6,450.00).**

These amounts include salaries, payroll taxes and insurance, employee fringe benefits, general overhead costs, profit, and project related expenses. Payments will be made according to Contractor's monthly progress statements for each phase and shall be invoiced for the work completed only.

Additional assignments or additional services not set forth in Exhibit A, changes in work, or incurred expenses in excess of the rates set forth in Exhibit B must be authorized in writing by the Board or the Board's designated representative prior to such work being performed, or expenses incurred. The Board shall not make payment for any unauthorized work or expenses. Claims for additional work or expenses must be submitted within thirty (30) days of the completion of the work or expenditure, and must be accompanied by a statement of itemized costs.

1. Timing and Format for Billing:

Invoices shall be submitted monthly for Services completed at the time of billing and are due upon receipt. Invoices shall be considered past due if not paid within

forth-five (45) calendar days of the due date. Such invoices shall be prepared in a form supported by documentation as the Board may reasonably require.

Tasks shall be invoiced separately, either as separate lines on a single invoice, or on separate invoices at the Board's direction.

2. Billing Records:

Contractor shall maintain accounting records of its costs in accordance with generally accepted accounting practices. Access to such records will be provided during normal business hours with reasonable notice during the term of this Agreement and for 3 years after completion.

Article 5. Appropriation of Funds: Notwithstanding any other provision of this Agreement, if funds for the continued fulfillment of this Agreement by the Board are at any time not forthcoming or are insufficient, through failure of any entity, including the Board itself, to appropriate funds or otherwise, then the Board shall have the right to terminate this Agreement without penalty as set forth in Article 7 herein.

Article 6. Schedule: Contractor shall perform the Services according to the schedule set forth in Exhibit C, Schedule. Exhibit C is attached hereto and incorporated herein by reference as though fully set forth. The time limits established by this schedule shall not be exceeded, except for reasonable cause as mutually agreed by the parties.

Article 7. Termination: In the event of a party's substantial failure to perform in accordance with the terms of this Agreement, the other party shall have the right to terminate the Agreement upon written notice. The nonperforming party shall have fourteen (14) calendar days from the receipt of the termination notice to cure or to submit a plan for cure acceptable to the other party.

The Board may terminate or suspend performance of this Agreement at the Board's prerogative at any time upon written notice to the Contractor. The Contractor shall terminate or suspend performance of the Services on a schedule acceptable to the Board, and the Board shall pay the Contractor for all the Services performed up to the date that written notice is received, plus reasonable termination or suspension expenses. Upon restart, an equitable adjustment shall be made to the Contractor's compensation and the schedule of services.

Upon termination or suspension of this Agreement, all finished or unfinished reports, drawings, collections of data and other documents generated by Contractor in connection with this Agreement shall become the property of the Board, as set forth in Article 9 herein.

Article 8. Identity of Contractor: Contractor acknowledges that one of the primary reasons for its selection by the Board to perform the duties described in this Agreement is the qualification and experience of the principal personnel whom Contractor has represented will be responsible there for. Contractor thus agrees that the work to be done pursuant to this Agreement shall be performed by the principal personnel described in Exhibit D, Principal Personnel, and such other personnel in the employ under contract or under the supervision of Contractor. Exhibit D is

attached hereto and incorporated herein by reference as though fully set forth. The Board reserves the right to reject any of the Contractor's personnel or proposed outside professional subcontractors, and the Board reserves the right to request that acceptable replacement personnel be assigned to the project.

Article 9. Ownership of Documents: All documents, drawings and specifications, including digital format files, prepared by Contractor and furnished to the Board as part of the Services shall become the property of the Board.

Article 10. Independent Contractor Status: During the entire term of this Agreement, Contractor shall be an independent contractor, and in no event shall any of its personnel, agents or sub-contractors be construed to be, or represent themselves to be, employees of the Board.

Article 11. Indemnification: To the fullest extent permitted by law, Contractor shall indemnify and hold harmless the City of Bloomington, the Board, and the officers, agents and employees of the City and the Board from any and all claims, demands, damages, costs, expenses or other liability arising out of bodily injury or property damage (collectively "Claims") but only to the extent that such Claims are found on a comparative basis of fault to be caused by any negligent act or omission of Contractor or Contractor's officers, directors, partners, employees, or subcontractors in the performance of services under this Agreement.

Article 12. Insurance: During the performance of any and all Services under this Agreement, Contractor shall maintain the following insurance in full force and effect:

- a. General Liability Insurance, with a minimum combined single limit of \$1,000,000 for each occurrence and \$2,000,000 in the aggregate.
- b. Automobile Liability Insurance, with a minimum combined single limit of \$1,000,000 for each person and \$1,000,000 for each accident.
- c. Professional Liability Insurance ("Errors and Omissions Insurance") with a minimum combined single limit of \$1,000,000 for each occurrence, and \$2,000,000 in the aggregate.
- d. Workers' Compensation Insurance in accordance with the statutory requirements of Title 22 of the Indiana Code.

All insurance policies shall be issued by an insurance company authorized to issue such insurance in the State of Indiana. The City of Bloomington, the Board, and the officers, employees and agents of each shall be named as additional insured under both the General Liability Insurance and Automobile Liability Insurance policies, and the policies shall stipulate that the insurance will operate as primary insurance and that no other insurance effected by the City will be called upon to contribute to a loss hereunder.

Contractor shall provide evidence of each insurance policy to the Board prior to the commencement of work under the Agreement. Approval of the insurance by the Board shall not relieve or decrease the extent to which Contractor may be held responsible for payment of damages resulting from service or operations performed pursuant to this Agreement. If

Contractor fails or refuses to procure or maintain the insurance required by these provisions, or fails or refuses to furnish the Board required proof that the insurance has been procured and is in force and paid for, Board shall have the right at Board's election to forthwith terminate the Agreement.

Article 13. Conflict of Interest: Contractor declares that it has no present interest, nor shall it acquire any interest, direct or indirect, which would conflict with the performance of Services required under this Agreement. The Contractor agrees that no person having any such interest shall be employed in the performance of this Agreement.

Article 14. Waiver: No failure of either party to enforce a term of this Agreement against the other shall be construed as a waiver of that term, nor shall it in any way affect the party's right to enforce that term. No waiver by any party of any term of this Agreement shall be considered to be a waiver of any other term or breach thereof.

Article 15. Severability: The invalidity, illegality or unenforceability of any provision of this Agreement or the occurrence of any event rendering any portion or provision of this Agreement void shall in no way affect the validity or enforceability of any other portion or provision of this Agreement. Any void provision shall be deemed severed from this Agreement, and the balance of the Agreement shall be construed and enforced as if it did not contain the particular provision to be held void. The parties further agree to amend this Agreement to replace any stricken provision with a valid provision that comes as close as possible to the intent of the stricken provision. The provisions of this Article shall not prevent this entire Agreement from being void should a provision which is of the essence of this Agreement be determined void.

Article 16. Assignment: Neither the Board nor the Contractor shall assign any rights or duties under this Agreement without the prior written consent of the other party; provided, however, Contractor may assign its rights to payment without the Board's consent. Unless otherwise stated in the written consent to an assignment, no assignment will release or discharge the assignor from any obligation under this Agreement.

Article 17. Third Party Rights: Nothing in this Agreement shall be construed to give any rights or benefits to anyone other than the Board and the Contractor.

Article 18. Governing Law and Venue: This Agreement shall be governed by the laws of the State of Indiana. Venue of any disputes arising under this Agreement shall be in the Monroe County Circuit Court, Monroe County, Indiana.

Article 19. Non-Discrimination: Contractor shall comply with City of Bloomington Ordinance 2.21.020 and all other federal, state and local laws and regulations governing non-discrimination in employment.

Article 20. Compliance with Laws: In performing the Services under this Agreement, Contractor shall comply with any and all applicable federal, state and local statutes, ordinances, plans, and regulations, including any and all regulations for protection of the environment. When appropriate, Contractor shall advise Board of any and all applicable regulations and approvals required by the Federal Environmental Management Agency (FEMA). Where such statutes, ordinances, plans or regulations of any public authority having any jurisdiction on the project are

in conflict, Contractor shall proceed using its best judgment only after attempting to resolve any such conflict between such governmental agencies, and shall notify the Board in a timely manner of the conflict, attempts of resolution, and planned course of action.

Article 21. Notices: Any notice required by this Agreement shall be made in writing to the addresses specified below:

Board:

Department of Public Works
Attn: Adam Wason
City Hall at Showers
401 N. Morton Street
Bloomington, IN 47401

Contractor:

City Lawn
Attn: Randy Younger
P. O. Box 5561
Bloomington, IN 47407

Nothing contained in this Article shall be construed to restrict the transmission of routine communications between representatives of the Board and the Contractor.

Article 22. Intent to be Bound: The Board and the Contractor each bind itself and its successors, executors, administrators, permitted assigns, legal representatives and, in the case of a partnership, its partners to the other party to this Agreement, and to the successors, executors, administrators, permitted assigns, legal representatives and partners of such other party in respect to all provisions of this Agreement.

Article 23. Integration and Modification: This Agreement, including all Exhibits incorporated by reference, represents the entire and integrated agreement between the Board and the Contractor. It supersedes all prior and contemporaneous communications, representations and agreements, whether oral or written, relating to the subject matter of this Agreement.

Article 24. Verification of New Employee' Employment Status: Contractor is required to enroll in and verify the work eligibility status of all newly-hired employees through the E-Verify program. (This is not required if the E-Verify program no longer exists.) Contractor shall sign an affidavit, attached as Exhibit E, affirming that Contractor does not knowingly employ an unauthorized alien. "Unauthorized alien" is defined at 8 U.S. Code 1324a(h)(3) as a person who is not a U.S. citizen or U.S. national and is not lawfully admitted for permanent residence or authorized to work in the U.S. under 8 U.S. Code Chapter 12 or by the U.S. Attorney General.

Contractor and any of its subcontractors may not knowingly employ or contract with an unauthorized alien, or retain an employee or contract with a person that the Contractor or any of its subcontractors learns is an unauthorized alien. If the Board obtains information that the Contractor or any of its subcontractors employs or retains an employee who is an unauthorized alien, the Board shall notify the Contractor or its subcontractors of the Agreement violation and require that the violation be remedied within thirty (30) days of the date of notice. If the Contractor or any of its subcontractors verify the work eligibility status of the employee in question through the E-Verify program, there is a rebuttable presumption that the Contractor or its subcontractor did not knowingly employ an unauthorized alien. If the Contractor or its

subcontractor fails to remedy the violation within the thirty (30) day period, the Board shall terminate the Agreement, unless the Board determines that terminating the Agreement would be detrimental to the public interest or public property, in which case the Board may allow the Agreement to remain in effect until the Board procures a new Contractor. If the Board terminates the Agreement, the Contractor or its subcontractor is liable to the Board for the actual damages.

Contractor shall require any subcontractors performing work under this Agreement to verify to the Contractor that, at the time of certification, the subcontractor does not knowingly employ or contract with an unauthorized alien and the subcontractor has enrolled in and is participating in the E-Verify program. Contractor shall maintain on file all subcontractors' certifications throughout the term of this Agreement with the Board.

Exhibit E is attached hereto and incorporated herein by reference as though fully set forth.

Article 25. No Collusion: Contractor is required to certify that it has not, nor has any other member, representative, or agent of Contractor, entered into any combination, collusion or agreement with any person relative to the price to be offered by any person nor prevent any person from making an offer nor induced anyone to refrain from making an offer and that this offer is made without reference to any other offer. Contractor shall sign an affidavit affirming that Contractor has not engaged in any collusive conduct.

Exhibit F is attached hereto and incorporated herein by reference as though fully set forth.

This Agreement may be modified only by a written amendment signed by both parties hereto.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed the day and year first written above.

Board of Public Works Staff Report

Project/Event: Agreement for the Installation of Bulk Oil Tank /
Hoosier Penn Oil

Petitioner/Representative: Fleet Maintenance

Staff Representative: Mike Young

Date: April 18, 2017

Report: Our newer light duty vehicles require 5W20 synthetic oil. Currently we purchase this oil by the quart. The installation of this tank will allow for us to buy in bulk, therefore reducing the cost of the oil and a reduction in the disposal of the quart bottles.

Recommend **Approval** **Denial by:** *Mike Young*

PROJECT NAME: Purchase and Installation of Bulk Oil Tank

AGREEMENT FOR SERVICES

This Agreement, entered into on this _____ day of _____, 2017, by and between the City of Bloomington Department of Public Works through its Board of Public Works (hereinafter referred to as "Board"), and Hoosier Penn Oil Company (hereinafter referred to as "Consultant"),

WITNESSETH:

WHEREAS, the Board wishes to retain Consultant's services **for installation of a bulk oil tank, purchased from Consultant, at the Fleet Maintenance Facility; and,**

WHEREAS, the Board requires the services of a professional consultant in order to provide such services; and

WHEREAS, Consultant is willing and able to provide such services to the Board;

NOW, THEREFORE, in consideration of the mutual covenants herein contained, the parties hereto agree as follows:

Article 1. Scope of Services: Consultant shall provide required Services for the Board as set forth in Exhibit A, Scope of Services. Exhibit A is attached hereto and incorporated herein by reference as though fully set forth.

Task: Installation of Bulk Oil Tank

Consultant shall diligently pursue its work under this Agreement and shall complete the Services as described in Exhibit A in a timely manner. Consultant shall perform all Services as expeditiously as is consistent with professional skill and care and the orderly progress of the work.

In the performance of Consultant's work, Consultant agrees to maintain such coordination with the Board as may be requested and desirable, including primary coordination with the Public Works Department officials designated by the Board as project coordinator(s).

Consultant agrees that any information or documents, including digital GIS information, supplied by the Board pursuant to Article 3, below, shall be used by Consultant for this project only, and shall not be reused or reassigned for any purpose.

Article 2. Standard of Care: Consultant shall be responsible for completion of the Services in a manner to meet commercially reasonable standards consistent with the Contractor's profession in the location and at the time of the rendering of the services.

Article 3. Responsibilities of the Board: The Board shall have the following responsibilities under this Agreement and shall meet these responsibilities in a timely manner so as not to delay the orderly progress of the Services, and Consultant shall be entitled to rely upon the accuracy and completeness of information supplied by the Board:

A. Information/Reports

Provide Consultant with reports, studies, site characterizations, regulatory decisions and similar information relating to the Services that Consultant may rely upon without independent verification unless specifically identified as requiring such verification.

B. Representative

The Board hereby designates Mike Young, Manager of the Fleet Services Division of the Department of Public Works, ("Young") to serve as the Board's representative for the project. Young shall have the authority to transmit instructions, receive information, interpret and define the Board's requirements and make decisions with respect to the Services.

C. Decisions

Provide all criteria and full information as to Board's requirements for the Services and make timely decisions on matters relating to the Services.

Article 4. Compensation: The Board shall pay Consultant a fee based on the payment schedule set forth in Exhibit B, Schedule of Compensation. Exhibit B is attached hereto and incorporated herein by reference as though fully set forth. The total compensation paid including fees and expenses under this Agreement shall not exceed the amount of **Eight Thousand Six Hundred Forty-One Dollars and Fifty-Seven Cents (\$8,641.57).**

These amounts include salaries, payroll taxes and insurance, employee fringe benefits, general overhead costs, profit, and project related expenses. Payments will be made according to Consultant's monthly progress statements for each phase and shall be invoiced for the work completed only.

Additional assignments or additional services not set forth in Exhibit A, changes in work, or incurred expenses in excess of the rates set forth in Exhibit B must be authorized in writing by the Board or the Board's designated representative prior to such work being performed, or expenses incurred. The Board shall not make payment for any

unauthorized work or expenses. Claims for additional work or expenses must be submitted within thirty (30) days of the completion of the work or expenditure, and must be accompanied by a statement of itemized costs.

1. Timing and Format for Billing:

Invoices shall be submitted monthly for Services completed at the time of billing and are due upon receipt. Invoices shall be considered past due if not paid within forty-five (45) calendar days of the due date. Such invoices shall be prepared in a form supported by documentation as the Board may reasonably require.

Tasks shall be invoiced separately, either as separate lines on a single invoice, or on separate invoices at the Board's direction.

2. Billing Records:

Consultant shall maintain accounting records of its costs in accordance with generally accepted accounting practices. Access to such records will be provided during normal business hours with reasonable notice during the term of this Agreement and for 3 years after completion.

Article 5. Appropriation of Funds: Notwithstanding any other provision of this Agreement, if funds for the continued fulfillment of this Agreement by the Board are at any time not forthcoming or are insufficient, through failure of any entity, including the Board itself, to appropriate funds or otherwise, then the Board shall have the right to terminate this Agreement without penalty as set forth in Article 7 herein.

Article 6. Schedule: Consultant shall perform the Services according to the schedule set forth in Exhibit C, Schedule. Exhibit C is attached hereto and incorporated herein by reference as though fully set forth. The time limits established by this schedule shall not be exceeded, except for reasonable cause as mutually agreed by the parties.

Article 7. Termination: In the event of a party's substantial failure to perform in accordance with the terms of this Agreement, the other party shall have the right to terminate the Agreement upon written notice. The nonperforming party shall have fourteen (14) calendar days from the receipt of the termination notice to cure or to submit a plan for cure acceptable to the other party.

The Board may terminate or suspend performance of this Agreement at the Board's prerogative at any time upon written notice to the Consultant. The Consultant shall terminate or suspend performance of the Services on a schedule acceptable to the Board, and the Board shall pay the Consultant for all the Services performed up to the date that written notice is received, plus reasonable termination or suspension expenses. Upon

restart, an equitable adjustment shall be made to the Consultant's compensation and the schedule of services.

Upon termination or suspension of this Agreement, all finished or unfinished reports, drawings, collections of data and other documents generated by Consultant in connection with this Agreement shall become the property of the Board, as set forth in Article 11 herein.

Article 8. Identity of Consultant: Consultant acknowledges that one of the primary reasons for its selection by the Board to perform the duties described in this Agreement is the qualification and experience of the principal personnel whom Consultant has represented will be responsible there for. Consultant thus agrees that the work to be done pursuant to this Agreement shall be performed by the principal personnel described in Exhibit D, Principal Personnel, and such other personnel in the employ under contract or under the supervision of Consultant. Exhibit D is attached hereto and incorporated herein by reference as though fully set forth. The Board reserves the right to reject any of the Consultant's personnel or proposed outside professional subconsultants, and the Board reserves the right to request that acceptable replacement personnel be assigned to the project.

Article 9. Reuse of Documents: All documents, including but not limited to, drawings, specifications and computer software prepared by Consultant pursuant to this Agreement are instruments of service in respect to this project. They are not intended or represented to be suitable for reuse by the Board or others on modifications or extensions of this project or on any other project. The Board may elect to reuse such documents; however any reuse without prior written verification or adaptation by Consultant for the specific purpose intended will be at the Board's sole risk and without liability or legal exposure to the Consultant. The Board shall indemnify and hold harmless the Consultant against all Judgments, losses, damages, injuries and expenses arising out of or resulting from such reuse. Any verification or adaptation of documents by the Consultant will entitle the Consultant to additional compensation at rates to be agreed upon by the Board and the Consultant.

Article 10. Ownership of Documents and Intellectual Property: All documents, drawings and specifications, including digital format files, prepared by Consultant and furnished to the Board as part of the Services shall become the property of the Board. Consultant shall retain its ownership rights in its design, drawing details, specifications, data bases, computer software and other proprietary property. Intellectual property developed, utilized or modified in the performance of the Services shall remain the property of the Consultant.

Article 11. Independent Contractor Status: During the entire term of this Agreement, Consultant shall be an independent contractor, and in no event shall any of its personnel, agents or sub-contractors be construed to be, or represent themselves to be, employees of the Board.

Article 12. Indemnification: To the fullest extent permitted by law, Consultant shall indemnify and hold harmless the City of Bloomington, the Board, and the officers, agents and employees of the City and the Board from any and all claims, demands, damages, costs, expenses or other liability arising out of bodily injury or property damage (collectively "Claims") but only to the extent that such Claims are found on a comparative basis of fault to be caused by any negligent act or omission of Consultant or Consultant's officers, directors, partners, employees, or subconsultants in the performance of services under this Agreement.

Article 13. Insurance: During the performance of any and all Services under this Agreement, Consultant shall maintain the following insurance in full force and effect:

- a. Automobile Liability Insurance, with a minimum combined single limit of \$250,000 for each person and \$500,000 for each accident.
- b. Professional Liability Insurance ("Errors and Omissions Insurance") with a minimum combined single limit of \$500,000 for each occurrence, and \$500,000 in the aggregate.
- c. Workers' Compensation Insurance in accordance with the statutory requirements of Title 22 of the Indiana Code.

All insurance policies shall be issued by an insurance company authorized to issue such insurance in the State of Indiana. The City of Bloomington, the Board, and the officers, employees and agents of each shall be named as additional insured under both the General Liability Insurance and Automobile Liability Insurance policies, and the policies shall stipulate that the insurance will operate as primary insurance and that no other insurance effected by the City will be called upon to contribute to a loss hereunder.

Consultant shall provide evidence of each insurance policy to the Board prior to the commencement of work under the Agreement. Approval of the insurance by the Board shall not relieve or decrease the extent to which Consultant may be held responsible for payment of damages resulting from service or operations performed pursuant to this Agreement. If Consultant fails or refuses to procure or maintain the insurance required by these provisions, or fails or refuses to furnish the Board required proof that the insurance has been procured and is in force and paid for, Board shall have the right at Board's election to forthwith terminate the Agreement.

Article 14. Conflict of Interest: Consultant declares that it has no present interest, nor shall it acquire any interest, direct or indirect, which would conflict with the performance of Services required under this Agreement. The Consultant agrees that no person having any such interest shall be employed in the performance of this Agreement.

Article 15. Waiver: No failure of either party to enforce a term of this Agreement against the other shall be construed as a waiver of that term, nor shall it in any way affect the party's right to enforce that term. No waiver by any party of any term of this Agreement shall be considered to be a waiver of any other term or breach thereof.

Article 16. Severability: The invalidity, illegality or unenforceability of any provision of this Agreement or the occurrence of any event rendering any portion or provision of this Agreement void shall in no way affect the validity or enforceability of any other portion or provision of this Agreement. Any void provision shall be deemed severed from this Agreement, and the balance of the Agreement shall be construed and enforced as if it did not contain the particular provision to be held void. The parties further agree to amend this Agreement to replace any stricken provision with a valid provision that comes as close as possible to the intent of the stricken provision. The provisions of this Article shall not prevent this entire Agreement from being void should a provision which is of the essence of this Agreement be determined void.

Article 17. Assignment: Neither the Board nor the Consultant shall assign any rights or duties under this Agreement without the prior written consent of the other party; provided, however, Consultant may assign its rights to payment without the Board's consent. Unless otherwise stated in the written consent to an assignment, no assignment will release or discharge the assignor from any obligation under this Agreement.

Article 18. Third Party Rights: Nothing in this Agreement shall be construed to give any rights or benefits to anyone other than the Board and the Consultant.

Article 19. Governing Law and Venue: This Agreement shall be governed by the laws of the State of Indiana. Venue of any disputes arising under this Agreement shall be in the Monroe County Circuit Court, Monroe County, Indiana.

Article 20. Non-Discrimination: Consultant shall comply with City of Bloomington Ordinance 2.21.020 and all other federal, state and local laws and regulations governing non- discrimination in employment.

Article 21. Compliance with Laws: In performing the Services under this Agreement, Consultant shall comply with any and all applicable federal, state and local statutes, ordinances, plans, and regulations, including any and all regulations for protection of the environment. When appropriate, Consultant shall advise Board of any and all applicable regulations and approvals required by the Federal Environmental Management Agency (FEMA). Where such statutes, ordinances, plans or regulations of any public authority having any jurisdiction on the project are in conflict, Consultant shall proceed using its best judgment only after attempting to resolve any such conflict between such governmental agencies, and shall notify the Board in a timely manner of the conflict, attempts of resolution, and planned course of action.

Article 22. Notices: Any notice required by this Agreement shall be made in writing to the addresses specified below:

Board:

City of Bloomington
Department of Public Works
Attn: Mike Young
City Hall at Showers
401 N. Morton Street
Bloomington, IN 47404

Consultant:

Brian Johnson
Hoosier Penn Oil Company
1501 Polco Street
Indianapolis, IN 46222

Nothing contained in this Article shall be construed to restrict the transmission of routine communications between representatives of the Board and the Consultant.

Article 23. Intent to be Bound: The Board and the Consultant each bind itself and its successors, executors, administrators, permitted assigns, legal representatives and, in the case of a partnership, its partners to the other party to this Agreement, and to the successors, executors, administrators, permitted assigns, legal representatives and partners of such other party in respect to all provisions of this Agreement.

Article 24. Integration and Modification: This Agreement, including all Exhibits incorporated by reference, represents the entire and integrated agreement between the Board and the Consultant. It supersedes all prior and contemporaneous communications, representations and agreements, whether oral or written, relating to the subject matter of this Agreement.

Article 25. Verification of New Employee' Employment Status: Consultant is required to enroll in and verify the work eligibility status of all newly-hired employees through the E-Verify program. (This is not required if the E-Verify program no longer exists.) Consultant shall sign an affidavit, attached as Exhibit E, affirming that Consultant does not knowingly employ an unauthorized alien. "Unauthorized alien" is defined at 8 U.S. Code 1324a(h)(3) as a person who is not a U.S. citizen or U.S. national and is not lawfully admitted for permanent residence or authorized to work in the U.S. under 8 U.S. Code Chapter 12 or by the U.S. Attorney General.

Consultant and any of its subcontractors may not knowingly employ or contract with an unauthorized alien, or retain an employee or contract with a person that the Consultant or any of its subcontractors learns is an unauthorized alien. If the Commission obtains information that the Consultant or any of its subcontractors employs or retains an employee who is an unauthorized alien, the Commission shall notify the Consultant or its subcontractors of the Agreement violation and require that the violation be remedied within thirty (30) days of the date of notice. If the Consultant or any of its subcontractors verify the work eligibility status of the employee in question through the E-Verify program, there is a rebuttable presumption that the Consultant or its subcontractor did not knowingly employ an unauthorized alien. If the Consultant or its subcontractor fails to remedy the violation within the thirty (30) day period, the Commission shall terminate the Agreement, unless the Commission determines that terminating the Agreement would be detrimental to the public interest or public property,

in which case the Commission may allow the Agreement to remain in effect until the Commission procures a new Consultant. If the Commission terminated the Agreement, the Consultant or its subcontractor is liable to the Commission for the actual damages.

Consultant shall require any subcontractors performing work under this Agreement to verify to the Consultant that, at the time of certification, the subcontractor does not knowingly employ or contract with an unauthorized alien and the subcontractor has enrolled in and is participating in the E-Verify program. Consultant shall maintain on file all subcontractors' certifications throughout the term of this Agreement with the Commission.

Exhibit E is attached hereto and incorporated herein by reference as though fully set forth.

Article 26. No Collusion: Consultant is required to certify that it has not, nor has any other member, representative, or agent of Consultant, entered into any combination, collusion or agreement with any person relative to the price to be offered by any person nor prevented any person from making an offer nor induced anyone to refrain from making an offer and that this offer is made without reference to any other offer. Consultant shall sign an affidavit, attached hereto as Exhibit F, affirming that Consultant has not engaged in any collusive conduct.

Exhibit F is attached hereto and incorporated herein by reference as though fully set forth.

Article 27. Warranty: All components shown in Consultant's quote shall be covered by their manufacturer's warranty. Consultant's workmanship shall be warrantied for one (1) year.

This Agreement may be modified only by a written amendment signed by both parties hereto.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed the day and year first written above.
