3. Resolution 2017-26: Walnut Street Parking Garage Spaces for Monroe County Employees
4. Resolution 2017-27: Dispose of Surplus Personal Property Owned by the Information and Technology Services Department
5. Request from Indiana University to Temporarily Close North Woodlawn Avenue for Construction
6. Approve Change Orders #3 and #4 for Woodlawn Railroad Crossing
7. Approve Change Order #7 for Old State Road 37 and Dunn Correction Project

VI. STAFF REPORTS & OTHER BUSINESS

VII. APPROVAL OF CLAIMS

VIII. ADJOURNMENT

Auxiliary aids for people with disabilities are available upon request with adequate notice. Please call 812-349-3410 or email public.works@bloomington.in.gov.

The Board of Public Works meeting was held on Tuesday, March 21, 2017 at 5:30 pm in the McCloskey Conference Room of City Hall at Showers, 401 N. Morton Street, Bloomington, Indiana, with Kyla Cox Deckard presiding.

**REGULAR MEETING
OF THE BOARD OF
PUBLIC WORKS**

Present: Kyla Cox Deckard
Kelly Boatman
Dana Palazzo

ROLL CALL

City Staff: Norman Mosier – Housing and Neighborhood
Development
Virgil Sauder – Animal Care and Control
Neil Kopper – Planning and Transportation
Adam Wason – Public Works
Christina Smith – Public Works
Valerie Hosea – Public Works
Jackie Moore – City Legal

Cox Deckard noted that today is the severe weather safety day. She encouraged residents to practice contingency plans during the drills.

**MESSAGES FROM
BOARD MEMBERS**

None

**PETITIONS &
REMONSTRANCES**

OPEN SEALED BIDS

Cox Deckard opened the sealed quotes for City Hall Roof Replacement Project. Bids were received from the following companies:

**Open Sealed Bids for
City Hall Roof
Replacement Project**

- Nu-Tec Roofing Contractors, LLC: \$803,000
- Indianapolis Roofing & Sheet Metal Corp.: \$482,106
- B & L Sheet Metal and Roofing, Inc.: \$669,000
- Steve's Roofing and Sheet Metal: \$296,400
- Quality Roofing Services, Inc.: \$1,073,300

Staff will review the bids and bring a recommendation back to the Board at a subsequent meeting.

TITLE VI **VIOLATIONS**

Norman Mosier, with Housing and Neighborhood Development, presented the request for Permission to Abate the Property at 2305 South Rogers Street. See meeting packet for further details.

Permission to Abate the Property at 2305 South Rogers Street

Mosier explained he viewed the property earlier in the day, and they have not complied. He has attempted to work with the owners without issuing violations, with no success.

Boatman asked if the property is owner occupied.

Mosier confirmed.

Boatman asked if the items are trash or usable items.

Mosier explained some items are usable. The contractor will work with the property owner to decide which items to keep.

Cox Deckard asked if this property has been abated in the past.

Mosier confirmed.

Palazzo made a motion to approve the request for Permission to Abate the Property at 2305 South Rogers Street. Boatman seconded. The motion passed. Abatement approved.

1. Approval of Minutes-March 7, 2017
2. Resolution 2017-21: Declare 2014-2016 Recycling Magnets as Surplus and Authorize Staff to Donate Said Property
3. Resolution 2017-22: Allow Mobile Vendor to Renew License to Operate in Public Right of Way (Doner Kebab, Inc.)
4. Resolution 2017-23: Allow Mobile Vendor to Renew License to Operate in Public Right-of-Way (Urgent Foods, LLC)
5. Approval of Payroll Register for 3-17-17 in the amount of \$371,284.25

CONSENT AGENDA

Boatman made a motion to approve the items on the Consent Agenda. Palazzo seconded. The motion passed. Consent Agenda approved.

NEW BUSINESS

Virgil Sauder, with Animal Care and Control, presented the Contract for the Animal Care and Control Additions and Renovations Project. See meeting packet for further details.

Award Contract for Animal Care and Control Additions and Renovations Project

Palazzo asked why the bid was significantly lower than the others.

Sauder explained the contractor purposely bid lower, understanding they would accept a smaller profit margin.

Boatman asked when the work would begin.

Sauder said the groundbreaking would happen in the first few weeks of April.

Boatman asked for a description of renovations.

Sauder listed: LED lighting, increased ventilation, an energy recovering ventilator in the HVAC system, and increased insulation in the building.

Cox Deckard asked what the public can anticipate as far as any interactions with the shelter during the process.

Sauder explained this will be a difficult time, as the shelter will remain open during the construction. Scheduling for pet-surrenders will be adjusted to make up for the reduced amount of parking spaces. The shelter will also administer more community based adoption events in an attempt to take that away from the shelter during the construction. Sauder added that the Shelter's Facebook page will have the most up-to-date information regarding the adoption events.

Boatman asked where the renovation plans will be posted.

Sauder said they are not posted yet, but they will be available soon.

Palazzo made a motion to approve the Contract for the Animal Care and Control Additions and Renovations Project

to Neidigh Construction Corporation, in an amount not to exceed \$1,940,011. Boatman seconded. The motion passed. Contract approved.

Neil Kopper, with Planning and Transportation, presented the Contract for Preliminary Engineering Services with Eagle Ridge Civil Engineering Services, LLC for the East Rogers Road Multiuse Path Project. See meeting packet for further details.

Cox Deckard asked if this will improve an existing side path.

Kopper confirmed. The existing sidewalk is not accessible. It will be removed and a wider multiuse path will be installed. Crossing improvements will also be made at that location.

Boatman asked if Eagle Ridge has worked for the City before.

Kopper confirmed. They have worked with the City for a long time.

Brock Ridgway, with Eagle Ridge Civil Engineering Services, LLC, said they are located in Avon.

Boatman asked about the impacts of tree removal.

Kopper explained tree removal would be a part of the design, especially if tree mitigation is needed. Any time tree removal is expected in the public right-of-way, staff coordinates with the Tree Commission.

Boatman asked if there will be any right-of-way purchases.

Kopper stated it is not expected.

Boatman made a motion to approve the Contract for Preliminary Engineering Services with Eagle Ridge Civil Engineering Services, LLC for the East Rogers Road Multiuse Path Project. Palazzo seconded. The motion passed. Contract approved.

Kopper presented the Contract for Preliminary Engineering

Approve Contract for Preliminary Engineering Services with Eagle Ridge Civil Engineering Services, LLC for the East Rogers Road Multiuse Path Project

Approve Contract for

Services with Eagle Ridge Civil Engineering Services, LLC for the East Winslow Road Multiuse Path Project. See meeting packet for further details.

Kopper added that staff is anticipating some right-of-way acquisition with this project. It is hard to tell exactly which locations. The contracts with Eagle Ridge include the right-of-way engineering up to a certain point. Staff is expecting a future right-of-way engineering contract.

Cox Deckard asked if there is a continuous pre-existing walkway.

Kopper explained some portions are.

Palazzo made a motion to approve the Contract for Preliminary Engineering Services with Eagle Ridge Civil Engineering Services, LLC for the East Winslow Road Multiuse Path Project. Boatman seconded. The motion passed. Contract approved.

Kopper presented the Contract for Preliminary Engineering Services with Eagle Ridge Civil Engineering Services, LLC for the South Henderson Street Multiuse Path Project. See meeting packet for further details.

Kopper added that staff is anticipating some right-of-way acquisition with this project.

Boatman asked if the INDOT Request for Proposals included all three projects.

Kopper confirmed. However, the contracts will be kept separate.

Boatman asked if there is existing sidewalk on the eastside.

Kopper confirmed. However, it is not fully ADA compliant. The other project would continue into the path along Winslow.

Boatman made a motion to approve the Contract for Preliminary Engineering Services with Eagle Ridge Civil Engineering Services, LLC for the South Henderson Street Multiuse Path Project. Palazzo seconded. The motion

**Preliminary
Engineering Services
with Eagle Ridge Civil
Engineering Services,
LLC for the East
Winslow Road Multiuse
Path Project**

**Approve Contract for
Preliminary
Engineering Services
with Eagle Ridge Civil
Engineering Services,
LLC for the South
Henderson Street
Multiuse Path Project**

passed. Contract approved.

Kopper presented the Design Contract Supplement for Preliminary Engineering Services with Shrewsberry and Associates for the 10th Street Sidewalk Project. See meeting packet for further details.

Boatman asked if this is in the vicinity of the newly platted area discussed at the previous meeting.

Christina Smith, with Public Works, confirmed.

Cox Deckard commented that she is looking forward to seeing this project come to fruition.

Palazzo made a motion to approve the Design Contract Supplement for Preliminary Engineering Services with Shrewsberry and Associates for the 10th Street Sidewalk Project. Boatman seconded. The motion passed. Contract approved.

Smith presented the request to Extend Enhanced Road Salt Contract with Cargill. Inc. for 2017-2018. See meeting packet for further details.

Boatman noted that at the work session she asked, “How much salt was purchased and stored in this past year.” Staff provided a response of: 2,500 tons purchased; 5,500 tons in inventory; totaling \$200,000 of the 2016 budget and \$35,000 of 2017 budget.

Boatman moved to approve the Authorization to Extend Enhanced Road Salt Contract with Cargill. Inc. for 2017-2018. Palazzo seconded. The motion passed. Contract extension authorized.

**Approve Design
Contract Supplement
for Preliminary
Engineering Services
with Shrewsberry and
Associates for
the 10th Street
Sidewalk Project**

**Authorization to
Extend Enhanced Road
Salt Contract with
Cargill. Inc. for
2017-2018**

**STAFF REPORTS &
OTHER BUSINESS**

Wason provided the following announcements:

- Outdoor Seating and Merchandising Encroachment Permit for Bloomingfoods Market and Deli at 316 W. 6th St.

- Wason requested that the Board reject the quotes as received for the Bloomington Police Headquarters Storage Garage Addition Project because they are over the amount of funding allocated for the project.

Boatman made a motion to reject the quotes as received for the Bloomington Police Headquarters Storage Garage Addition Project. Palazzo seconded. The motion passed. Quotes rejected.

- Don Ross and Shane Barrett, with Kessler Consulting, gave a brief background about their company and their plans for transitioning the City of Bloomington to an automated sanitation pickup program.

Boatman asked about the scope of work.

Wason explained the scope includes components involved with the transition, including: coordination with cart and truck manufacturers, education outreach, customer service, and software programs associated with the change.

Cox Deckard asked if they will work on a plan for the future if the City decides to develop other pay-as-you-throw programs.

Wason explained staff would look for assistance with this component about 18-24 months into the automated pickup program, once there is enough data.

Ross agreed.

Boatman requested the contract be provided to the Board.

Smith addressed the following items: NyHart, Cigna, and Fleet purchases.

APPROVAL OF CLAIMS

Palazzo moved to approve the Claims Register for 3/24/2017 in the amount of \$267,618.01 Boatman seconded. The motion passed. Claims approved.

Cox Deckard called for adjournment. Meeting adjourned at 6:19 p.m.

Board of Public Works Staff Report

Project/Event: Dinner with the Dearly Departed

Petitioner/Representative: Monroe County History Center

Staff Representative: Christina Smith

Meeting Date: April 4, 2017

Event Date: October 7, 2017

The Monroe County History Center's Dinner with the Dearly Departed is set for Saturday, October 7, 2017 in the Rose Hill Cemetery from 5:00 p.m. to 8:00 p.m. This fund raiser event will consist of a sit-down meal and then guests will wander the cemetery visiting pre-selected graves where costumed actors will represent the deceased and discuss the person's significance to Monroe County.

The event coordinator has applied for and received a special use permit from Parks and Recreation to use Rose Hill Cemetery. A microphone and speaker will only be used during site set up which starts at 3:00 p.m.

Recommend ☒ **Approval** ☐ **Denial by Christina Smith**

NOISE PERMIT

City of Bloomington
401 N. Morton St., Suite 120
Bloomington, Indiana 47404
812-349-3410

Application and Permit Information

This is an application for a permit for relief from Chapter 14.09 (Noise Control) of the Bloomington Municipal Code. Any permit granted by the City of Bloomington must contain all conditions upon which said permit shall be effective. The City may prescribe any reasonable conditions or requirements it deems necessary to minimize adverse effects upon the community or the surrounding neighborhood.

Once a completed application is submitted to the City, it will be reviewed by the Board of Public Works. If the permit is approved, the holder must still abide all other city, state, and federal laws.

Contact Christina Smith with any questions: (812) 349-3410 or smithc@bloomington.in.gov

Event and Noise Information

Name of Event:	Dinner with the Dearly Departed (formerly Dining with the Deceased)

Board of Public Works Staff Report

Project/Event: Mobile Vendor in right of way

Petitioner/Representative: David Howard – La Poblana, LLC

Staff Representative: Jason Carnes

Meeting Date: April 4, 2017

David Howard, owner of La Poblana, LLC has applied to renew his Mobile Vendor License to operate a food trailer. It has been determined that when the applicant wants to operate in the right of way that before the permit is issued, permission must be obtained from the Board of Public Works. The Department of Economic & Sustainable Development has reviewed the application and the Board of Public Works' approval to operate in the public right of way is one of the items on the check list that is required before a permit can be issued. ESD will confirm that all rules and regulations have been met prior to a permit being issued.

The business will operate from a food trailer selling various Mexican food and beverages.

This application is for 1 Year.

Staff is supportive of the request.

Recommend ☒ **Approval** ☐ **Denial by** Jason Carnes

**CITY OF BLOOMINGTON
BOARD OF PUBLIC WORKS
RESOLUTION 2017-23**

**Mobile Vendor in Public Right of Way
La Poblana, LLC**

WHEREAS, the Board of Public Works is empowered by Indiana Code § 36-9-6-2 to supervise the streets, alleys, sewers, public grounds, and other property of the City of Bloomington (“City”); and

WHEREAS, La Poblana, LLC (“Vendor”) intends to seek a Mobile Vendor License under Bloomington Municipal Code 4.28; and

WHEREAS, the issuance of a Mobile Vendor License under Bloomington Municipal Code 4.28 requires Vendor to submit a variety of documentation to the City—set forth at Bloomington Municipal Code 4.28.050—including an independent safety inspection, and all applicable permits required by the Monroe County Health Department and the Bloomington Fire Department; and

WHEREAS, Vendor has submitted all necessary documentation to the City; and

WHEREAS, Vendor desires to be able to use “City property” as defined in Bloomington Municipal Code 4.28.010, which includes public on-street parking, on a temporary and transient basis for the purpose of selling food via a mobile kitchen and food truck; and

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF PUBLIC WORKS THAT:

1. Vendor has permission to use on-street public parking and sidewalks, on a temporary and transient basis, for the purposes of selling food via a mobile kitchen for 1 year, beginning on April 4, 2017, and ending on April 3, 2018.

2. For the avoidance of doubt, this Resolution is not the Business License referenced by Chapter 4.28 of the Bloomington Municipal Code. Thus, Vendor must ensure that all necessary documentation has been submitted to the City of Bloomington Controller and that the Business License has been issued by the City of Bloomington Controller before utilizing the permission to use on-street public parking and sidewalks granted in the paragraph above. Operating a mobile vendor without a business license is a violation of Bloomington Municipal Code 4.28.180(a)(1), and would subject Vendor to a fine of \$2,500 for the first offense.

3. For the avoidance of doubt, the following conditions—which in some instances may mirror those that exist under Title 4.28 of the Bloomington Municipal Code—attach to this approval:

- a. Vendor agrees to maintain a clear five-foot path for pedestrians on the sidewalk at all times.
- b. Vendor will have obtained a valid Mobile Vendor license issued by the City of Bloomington Controller prior to operation on City property, and will maintain a valid Mobile Vendor license throughout the term of Vendor’s operation on City property.
- c. Vendor may locate his business in a public parking space within a reasonable time, no more than one hour, before the vendor begins selling food to persons. Vendor must still comply with all other restrictions regarding its location in a public parking space.
- d. Vendor shall remove his business from a public parking space within a reasonable time, no more than one hour, following the time the vendor has stopped selling food to persons. Vendor must still comply with all other restrictions regarding its location in a public parking space.
- e. Vendor will comply with all other laws, ordinances, rules and regulations in effect at the time it conducts their business, including, but not limited to: (1) Bloomington Municipal Code 4.28 (Mobile Vendors), and (2) all City parking regulations, restrictions, and ordinances.

RESOLUTION 2017-23

- f. Vendor is prohibited from operating within a one block radius of a Special Event, unless prior approval has been granted by either the operator of the Special Event or the City's Board of Public Works. The Board of Public Works is not required to provide specific notice to Vendor when it recognizes a Special Event. The following are Special Events that have been recognized by the Board of Public Works:

- 1) City of Bloomington Farmers' Market;
- 2) City of Bloomington Holiday Market;
- 3) The Taste of Bloomington;
- 4) Lotus World Music and Arts Festival;
- 5) The Fourth Street Festival;
- 6) Arts Fair on the Square;
- 7) Strawberry Festival;
- 8) Canopy of Lights;
- 9) Fourth of July Parade; and
- 10) Any other special events approved by the City Controller.

ADOPTED THIS 4th, DAY OF April, 2017.

BOARD OF PUBLIC WORKS:

Kyla Cox Deckard, President

Kelly M. Boatman, Vice-President

Dana Palazzo, Secretary

ALL TERMS AND CONDITIONS CONTAINED IN THIS RESOLUTION **2017-23** ARE ACCEPTABLE AND AGREED TO BY VENDOR:

RELEASE, HOLD-HARMLESS AND INDEMNIFICATION AGREEMENT

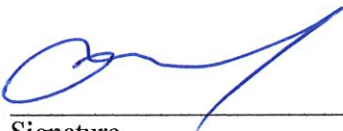

The undersigned, in consideration for the issuance of a license by the City of Bloomington Controller, agrees to the following:

1. The undersigned, in exchange for the issuance of a license by the City of Bloomington Controller, agrees to release, hold harmless, and forever indemnify the City of Bloomington and any and all City employees, officers, and agents from any claim or claims which may arise out of any incident connected with or in any way related to his/her issuance of a license by the City of Bloomington or his/her operation of a business which was licensed by the City of Bloomington. This includes claims for personal injury, death, property damage, and/or any other type of harm or injury.
2. The undersigned shall, and hereby does, indemnify, defend, and hold harmless the City of Bloomington and any and all City employees, officers, and agents from and against any and all actions, costs, claims, suits, losses, expenses or damages, including but not limited to attorneys' fees and court costs, arising out of the undersigned's operation of a business which has been licensed by the City of Bloomington.
3. The undersigned understands this release binds him/herself, his/her spouse, and all heirs, executors, partners, co-owners and administrators of those individuals.

The undersigned acknowledges that he/she has read this release and understands all of its terms. The undersigned signs this release voluntarily and with full knowledge of its significance.

Prohibited Location Agreement

Bloomington Municipal Code Section 4.28.140 prohibits Mobile Vendor Units from operating in certain locations. This Agreement provides for all of the prohibited locations. Two maps are also attached to this Agreement. All signatories to this Agreement are required to review not only this Agreement, but also the attached maps prior to signing this Agreement.

As a licensed Mobile Vendor Unit, I understand and agree that I cannot and will not operate my mobile vendor unit in a manner that would violate any of the below-listed location restrictions:

- € No mobile food vendor unit shall locate in any parking lot, parking space, or parking facility owned, leased or managed by the City of Bloomington unless approval has been given by the City's Board of Public Works.
- € No mobile food vendor unit shall operate within fifty feet of any facade of a ground level establishment that also sells food or beverages, or operate within fifty feet of the perimeter of such an establishment's outdoor seating area, regardless of whether or not the mobile food vendor unit is currently conducting business. The distance restriction only applies from one hour before the opening time to an hour after the closing time posted by a ground level establishment on the facade of its building.
- € No mobile food vendor unit shall locate in an alleyway.
- € Mobile food vendor units shall be located a reasonable distance from all posted bus stops, crosswalks, driveways, alleyways, right-of-way lines of two or more intersecting streets and building entrances or walk-up windows.
- € Mobile food vendor units shall only be located on private property if the private property owner has provided both the business operator and the City written permission for the mobile food vendor unit to locate on said property.
- € No mobile food vendor unit shall locate within a one block radius of a Special Event unless prior approval has been granted by either the operator of the Special Event or the City's Board of Public Works.
- € No mobile food vendor unit shall park on City property in violation of any City parking regulation, restriction, or ordinance. For example, if parking at one, or multiple, parking meters, the operator of the mobile food vendor unit shall feed all relevant parking meters with the required monetary amount.
- € No mobile food vendor unit shall be located in a manner which would significantly impede or prevent the use of any City of Bloomington property, or which would endanger the safety or property of the public.
- € No mobile food vendor unit shall be located within fifteen feet of any fire hydrant.

- € No mobile food vendor shall locate within any zoning district except the following:
Commercial General; Commercial Arterial; Commercial Downtown; Industrial General;
Business Park; and Institutional.
- € No mobile food vendor operating on private property shall displace required parking or
landscaping nor block any drives, parking access aisles, fire lanes, sidewalks, or accessible
routes required for the private parking by the City's zoning code.
- € No mobile food vendor unit shall be located more than one foot away from the curb of the
street on which it is parked.
- € No mobile food vendor unit shall park near an intersection and in a manner that blocks the
line-of-sight of drivers using adjacent roadways.

I, the undersigned, understand that if I locate my mobile vendor unit in any of the above-described prohibited locations or manner that I subject myself to fines and possible revocation of my Mobile Vendor Unit License, as so described in Chapter 4.28 of the Bloomington Municipal Code.

Standard of Conduct Agreement

Bloomington Municipal Code Section 4.28.160 provides Standards of Conduct for all Mobile Vendor Units. This Agreement provides a list of said Standards of Conduct. All signatories to this Agreement are required to review this Agreement prior to signing this Agreement.

As a licensed Mobile Vendor Unit, I understand and agree that I cannot and will not conduct business in a manner that would violate any of the Standards of Conduct noted below:

- € Mobile food vendor unit operators shall conduct themselves at all times in an orderly and lawful manner, and shall not make, or cause to be made, any unreasonable noise of such volume as to be in violation of the City of Bloomington Noise Ordinance as stated in Title 14 of the Bloomington Municipal Code
- € A device may not be used which would amplify sounds nor may attention be drawn to the mobile food vendor unit by an aural means or a light-producing device (examples of such devices may include, but are not meant to be limited to the following: bull horns and strobe lights
- € No mobile food vendor unit may be permanently or temporarily affixed to any object, including but not limited to buildings, trees, telephone poles, streetlight poles, traffic signal poles or fire hydrants
- € No mobile food vendor unit may be used to advertise any product which is not authorized to be sold from that unit
- € Each mobile food vendor unit shall be limited to one sandwich board sign that meets the provisions of Section 20.05.086 of the Bloomington Municipal Code regardless of the zoning district in which it locates, provided a sign permit is obtained from the City's Planning and Transportation Department
- € No mobile food vendor unit may make use of any public or private electrical outlet while in operation
- € Each mobile food vendor unit shall protect against littering and shall have both an adequate trash receptacle and a separate receptacle for recyclable materials:
 - o The trash and recyclable receptacles shall be emptied sufficiently often to allow disposal of litter and waste by the public at any time;
 - o The trash and recyclable receptacles on the mobile food vendor unit shall not be emptied into trash or recyclable receptacles owned by the City of Bloomington;
 - o Liquid from the mobile food vendor unit shall not be discharged on or in a City sewer or drain or elsewhere on City property, nor on private property without the express written consent of the owner thereof;

- Before leaving any location each mobile food vendor unit shall first pick up, remove and dispose of all trash, refuse and/or recyclable materials, including products spilled on the ground within twenty feet of the mobile food vendor unit.
- € No mobile food vendor unit shall expose any pedestrian to any undue safety or health hazards nor shall it be maintained so as to create a public nuisance
- € Each mobile food vendor unit shall be maintained free and clear of dirt, and finishes shall not be chipped, faded or unduly marred
- € Foods or beverages which present a substantial likelihood that liquid matter or particles will drop to the street or sidewalk during the process of carrying or consuming the food or beverage shall be sold in proper containers so as to avoid falling to the street or sidewalk
- € Mobile food vendor units which utilize a grill or device that may result in a spark, flame or fire shall adhere to the following additional standards:
 - Be placed approximately 20 feet from a building or structure;
 - Provide a barrier between the grill or device and the general public;
 - The spark, flame or fire shall not exceed 12 inches in height;
 - A fire extinguisher shall be within reaching distance of the mobile food vendor unit operator at all times;
- € Mobile food vendor unit operators shall be required to obey the commands of law enforcement officers or fire officials with respect to activity carried out inside of the City's jurisdictional limits, including, where possible, the removal of the mobile food vendor unit and cessation of such sales
- € No mobile food vendor unit shall ever be left unattended
- € Mobile food vendor units shall not be stored, parked or left overnight on any City property
- € All mobile food vendor units which are food service establishments as defined by Title 10.17 of the Bloomington Municipal Code shall install an approved grease interceptor or grease trap. Foods, oils and greases shall never be discharged into the City's sewer or storm drains
- € All mobile food vendor unit operators are required to collect and pay all applicable and appropriate sales taxes
- € No mobile food vendor shall provide customer seating unless approval has been provided by the City's Board of Public Works and the City's Planning and Transportation Department
- € All mobile food vendors shall comply with the lighting standards found in Chapter 20.05 of the Bloomington Municipal Code
- € All mobile food vendors shall comply with the vision clearance standards found in Chapter 20.05 of the Bloomington Municipal Code
- € No mobile food vendor shall have a drive-thru
- € The decibels of any generator(s) associated with a mobile food vendor unit shall not exceed "70dBA".
 - Such noise measurement shall be made at a height of at least four (4) feet above the ground and at a point approximately twenty-five (25) feet away from where the

noise is being emitted on a sound level meter operated on the "A" weighting network (scale).

- No person other than the operators shall be within twenty-five (25) feet of the sound level meter during the sample period.
- Sound measurements shall be conducted at that time of day or night when the relevant noise source is emitting sound.
- The sound level measurement shall be determined as follows:
 - Calibrate the sound level meter within one (1) hour before use.
 - Set the sound level meter on the "A" weighted network at slow response.
 - Set the omnidirectional microphone in an approximately seventy degree position in a location which complies with subsections (1) and (2) herein. The operator of the sound level meter shall face the noise source and record the meter's instantaneous response.
 - Recalibrate the sound level meter after use.
- It shall be unlawful for any person to interfere, through the use of sound or otherwise, with the taking of sound level measurement.

I, the undersigned, understand that if I conduct business in violation of any the above described standards of conduct that I subject myself to fines and possible revocation of my Mobile Vendor Unit License, as so described in Chapter 4.28 of the Bloomington Municipal Code.

(Detach Here)

Dear LA PABLANA LLC:

Attached is your new registered retail merchant certificate (RRMC). It shows your Taxpayer Identification Number (TID) and Location Number (LOC). Please make note of these important numbers. You will need to use them on exemption certificates and for phone or written communication with the Indiana Department of Revenue (the Department).

Based on your estimated monthly sales from your business tax application (BT-1), your filing frequency will be MONTHLY. Your business application indicated the start date of the business as 02/01/2015. Therefore, your first tax payment is due 03/30/2015.

Please note the expiration date on the certificate. Effective January 2007, all Indiana RRMCs must be renewed every two years with the Department. Merchants in good standing with the Department will automatically receive a renewed certificate. However, if a merchant has unpaid tax debts owed to the Department, they cannot renew their RRMC.

If your address changes, please use the change of address form and envelope provided in your coupon packet.

New Businesses Required to File Online

As a new business, you also are required to file your sales and/or withholding taxes electronically. A new law that went into effect Jan. 1, 2010, requires that all new businesses file these tax types via INtax, the state's free online filing program.

With INtax, you also can manage your obligations for Indiana prepaid sales, metered pump sales, tire fees and fuel taxes. It also gives you 24/7 access to business-tax records, lets you file and pay online right up to the last deadline minute, and saves you the cost and hassle of mailing in returns each month.

Many taxpayers currently using INtax are highly satisfied with it. In fact, 93 percent of INtax users recently surveyed said they would recommend INtax to others.

Please register for INtax today at www.INtax.in.gov When registering, use your preapproved INtax activation code, 22E6DE1D-CC0E-0110-E053-0A131840DE77.

If you have questions about your sales or withholding taxes, please call (317) 233-4015.

Sincerely,

Amanda Lively, Supervisor
Tax Administration

Board of Public Works Staff Report

Project/Event: Bloomingfoods Co Op Vendor Fair

Staff Representative: Sean Starowitz

Petitioner/Representative: James Steward, Brand Manager

Date: April 4, 2017

Report: Bloomingfoods Co Op will be hosting their 2nd Vendor Fair on Saturday, April 29, 2017. This is the first year they are requesting the use of City property. In the past the event has been held in the store. The use of Madison Street will allow for expansion of the event for members and the community.

They are requesting to close N. Madison Street between W. 6th Street and the east/west alley from 10 a.m. until 4 p.m. The Vendor Fair will include approximately 26 of their vendors (list included with application). Set up will begin at 10 a.m. and Bloomingfoods Co Op commits to having Madison Street opened by 4 p.m. after clean up. As part of these events, they have requested a Noise Permit.

This event has been approved by all the following: ESD, Planning & Transportation, Bloomington Transit, BPD, BFD, and Public Works.

Recommend ☒ **Approval** ☐ **Denial by** Sean Starowitz

**BOARD OF PUBLIC WORKS
RESOLUTION 2017-23**

BLOOMINGFOODS VENDOR FAIR 2017

WHEREAS, the Board of Public Works is empowered by I.C. 36-9-6-2 to supervise City streets and municipal parking lots; and

WHEREAS, the City has committed itself to promoting businesses; and

WHEREAS, the Bloomingfoods Co Op is desirous of using City property which includes Madison Street from W. 6th Street to the east/west alley to host a vendor fair, on Saturday, April 29, 2017, and

WHEREAS, Sponsor has agreed to provide all traffic control as deemed necessary and as instructed by Bloomington Planning and Transportation Department and/or Bloomington Police Department and to incur the complete cost; and

NOW, THEREFORE, BE IT RESOLVED THAT:

1. Madison Street, from W. 6th Street to the east/west alley, shall be temporarily closed to traffic and parking from 10 a.m. to 4:00 p.m. on Saturday, April 29, 2017 for Bloomingfoods Co Op Vendor Fair.
2. Vendors who have not received explicit authorization from Bloomingfoods Co Op, or their representatives or agents, to participate in the vendor fair shall not be permitted to utilize the closed off areas outlined above for the purposes of performing, displaying, producing or selling items or goods.
3. Bloomingfoods Co Op shall post "no parking" signs on parking meters, signs at least 24 hours in advance of the closing. Temporary "No Parking" signs may be obtained from the City of Bloomington Department of Public Works and shall be affixed as instructed by City Staff.
4. Bloomingfoods Co Op shall be responsible for placement and removal of barricades. Bloomingfoods Co Op is responsible for contacting the City of Bloomington Planning and Transportation Department for instructions on the type of and placement of said barricades. Bloomingfoods Co Op agrees to obtain at its own expense and place barricades to close Madison Street from W. 6th Street to the east/west alley not before 10 a.m. and to remove barricades by 4 p.m. on Saturday, April 29, 2017.
5. The sponsors will be responsible for removing all trash, picking up litter including cigarette butts from the street and sidewalks within these blocks, cleaning any grease or other food products from the pavement and sidewalks, and removing any "No Parking" signs posted as part of the event. Cleanup shall be completed by 4 p.m. on Saturday, April 29, 2017.

RESOLUTION 2017-23

6. By granting permission to utilize City property to facilitate this activity, the Board of Public Works also waives the City Noise Ordinance in accordance with Section 14.09.070 of the Bloomington Municipal Code, and therefore amplified sound and music may be played during the hours of the event.
7. Bloomingfoods Co Op shall be responsible for notifying the general public, public transit and public safety agencies of the street closing in advance by notice (at least 48 hours in advance).
8. By signing this agreement, _____, represents that he/she has been fully empowered by proper action of the entity to enter into the agreement and has authority to do so.
9. In consideration for the use of the City's property and to the fullest extent permitted by law, Bloomingfoods Co Op, for itself, its officers, directors, agents, employees, members, successors and assigns, does hereby indemnify and hold harmless the City of Bloomington, the Board, and the offices, agents and employees of the City and the Board from any and all claims, demands, damages, costs, expenses or other liability arising out of bodily injury or property damage (collectively "Claims") which may occur as a result of the use of said property, including, but not limited to, any claim or claims brought by third parties, whether or not sounding in tort or contract.

ADOPTED THIS 4th DAY OF April, 2017.

BOARD OF PUBLIC WORKS:

Kyla Cox Deckard, President

Kelly M. Boatman, Vice- President

Dana Palazzo, Secretary

AGREED TO THIS ___ DAY OF _____, 2017.

BLOOMINGFOODS CO OP

Signature

Printed Name and Title

RESOLUTION 2017-23

Waste and Recycling Management Plan Template

Event name: Local Vendor Fair
Number of expected attendees: 100
Number of food vendors: 18
Number of other vendors: 7

Designated waste and recycling manager: This may be a staff member or a volunteer. Events expecting over 100 attendees are required to designate a waste and recycling manager who will be in charge of overseeing the implementation of the waste and recycling management plan.

Event map: In the event map you submit with your event application, please clearly designate where waste and recycling bins will be placed. Each waste bin should be paired with one or more recycling bins. Also designate any larger collection areas (such as dumpsters) and the path for access by waste haulers.

TIP: Recycling bins should be visually distinct from waste bins, and all bins should be clearly labeled for easy use by attendees.
ClearStream recycling bins are available for use through Downtown Bloomington, Inc.

Targeted waste: Please enumerate the types of waste expected at the event and plans for collecting each type of item using the following table. Examples are listed, but feel free to modify as appropriate.

Type of waste	Collection plan
<Containers>*	<Recycling, composting, etc.>
<Mixed paper>	<Recycling in on-site, designated bins staffed by volunteers>
<Food waste>	<Composting bins, waste bins, etc.>

*Note that "compostable" plastics are only compostable in industrial composters, which are not available in the Bloomington area. If you opt for compostable items at your event, ensure that they are compostable paper rather than plastic.

Collection and hauling system: Describe where and how waste and recycling will be collected and separated. Include information on how attendees and vendors will be educated on where materials should be placed, including signage, pre-event training and publicity, volunteer-staffed waste management stations, etc.

Events with over 100 attendees must provide staffed (by paid staff or volunteers) waste management stations to ensure that materials are separated according to the waste and recycling management plan.

Vendor and volunteer education and training: Describe your plans for educating volunteers about waste and recycling management plans at the event, and vendors on what materials will be permitted in order to comply with the Plan and to minimize waste through both reduction and recycling.

Materials and supplies: List the materials you plan to have on hand to implement the waste and recycling management plan, including bins, labels, bags, signage, etc.

Designation of duties: Clearly designate the volunteers, staff, or other individuals who will be responsible for implementing each component of the waste and recycling management plan.

CHECKLIST

Event Description

Bloomingfoods is hosting its second Local Vendor Fair as we look to expand the event for our members and the local community. We would like to use half of N Madison St on April 29th from 11:00am – 3:00pm with 1 hour before and after for setup and breakdown times (Total vent times from 10:00am – 4:00pm). Bloomingfoods will invite our local vendors to table at the event and offer samples of their products to our guest. We will also invite local businesses to offer product/service demos for the attendees to participate in. The Local Vendor Fair will be open to all and kid friendly as we will have face painting, henna tattoos, magic show and balloon animals as well as a variety of arts and crafts. We will also invite a local DJ from Landlocked Music to provide music during the event. Products at the booth will not be for sale as we encourage our vendors to use the event as an opportunity to provide samples of their products.

Local Vendors are required to RSVP by March 31st 2017.

Local Vendor List

EXAMPLE: NOTICE OF PUBLIC MEETING LETTER

The Board of Public Works of Bloomington, Indiana, has been petitioned to hear a request for a Special Event in Public Right Way for N Madison St. between W 6th Street and W 7th Street.

The Board of Public Works meeting to hear this request will be April 4th, 2017. Board of Public Works meetings are held in the Council Chambers of the Showers Center City Hall at 401 N. Morton at 5:30 p.m.

The proposal for Bloomingsfoods Local Vendor Fair will be on file and may be examined in the Public Works office on the Friday (March 31st 2017) prior to the Tuesday (April 4th 2017) meeting.

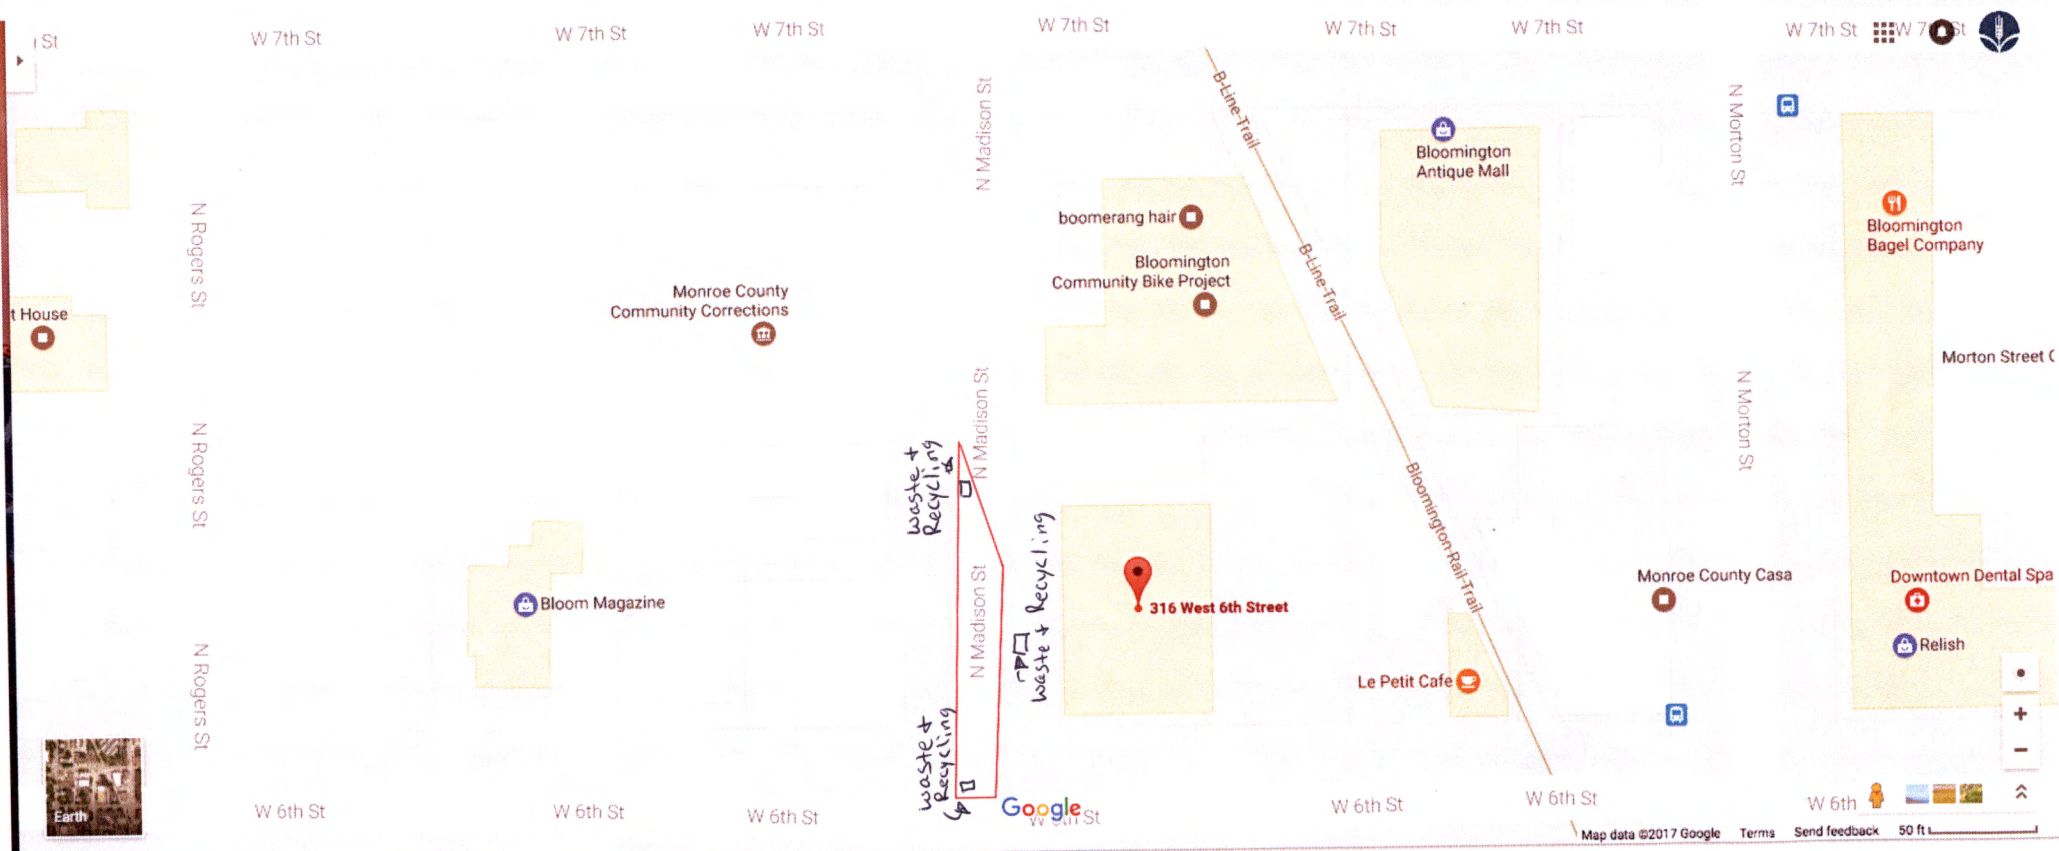

All persons interested in said proposal may be heard at the time and place as herein set out. If you would rather voice your opinion by phone you may call 812.349.3410 or email public.works@bloomington.in.gov. Written and verbal objections filed with the Board of Public Works prior to the hearing will be considered.

Board of Public Works Staff Report

Project/Event: City Hall Roof Replacement Project

Petitioner/Representative: Economic & Sustainable Development/Facilities

Staff Representative: Jacqui Bauer

Meeting Date: April 4, 2017

We are requesting the Board's approval for a contract to replace the roof at City Hall.

This roof replacement will take place in preparation for the proposed solar installation at this facility. This work was publicized as an Invitation to Bidders, issued on February 21. Five responses were received, from Steve's Roofing, Nu-Tec Roofing, Indianapolis Roofing, Quality Roofing, and B & L Sheet Metal.

Funding for the project will be approved through TIF by the Redevelopment Commission on April 3. We are requesting approval of Steve's Roofing, which provided the lowest quote.

Company	Amount
Steve's Roofing	\$296,400

Staff recommends signing a contract with Steve's Roofing because of their previous experience and because they will be able to perform the required work for the lowest price.

Recommend **X Approval** **Denial** **by: Jacqui Bauer**

AGREEMENT

BETWEEN

CITY OF BLOOMINGTON

AND

PROFESSIONAL CONTRACTING LLC DBA STEVE'S ROOFING AND SHEET METAL

FOR

CITY HALL ROOF REPLACEMENT

THIS AGREEMENT, executed by and between the City of Bloomington, Indiana through the Board of Public Works (hereinafter CITY), and Professional Contracting LLC dba Steve's Roofing and Sheet Metal, (hereinafter CONTRACTOR);

WITNESSETH THAT:

WHEREAS, CITY desires to retain CONTRACTOR'S services to install a light-colored reflective roof at City Hall (more particularly described in Attachment A, "Scope of Work"; and

WHEREAS, CONTRACTOR is capable of performing work as per his/her Bid on the Bid Summary sheet; and

WHEREAS, in accordance with Indiana Code 5-16-13 *et seq.*, incorporated herein by reference, Contractor is a Tier 1 or General Contractor for this project; and

WHEREAS, CONTRACTOR was determined to be the lowest responsible and responsive Bidder for said project.

NOW, THEREFORE, in consideration of the mutual promises hereinafter enumerated, the parties agree as follows:

ARTICLE 1. TERM

1.01 This Agreement shall be in effect upon execution of this Agreement by all parties. In accordance with Indiana Code 5-16-13 *et seq.*, incorporated herein by reference, Contractor is a Tier 1 contractor or general contractor for this project.

ARTICLE 2. SERVICES

2.01 CONTRACTOR shall complete all work required under this Agreement by August 1, 2017, unless the parties mutually agree to a later completion date. Substantial Completion shall mean completion of all work.

2.02 It is hereby understood by both parties that time is of the essence in this Agreement. Failure of CONTRACTOR to complete all work as herein provided will result in monetary damages to CITY. It is hereby agreed that CITY will be damaged for every day the work has not been performed in the manner herein provided and that the measure of those damages shall be \$100 per day. CONTRACTOR agrees to pay CITY said damages or, in the alternative, CITY, at its sole discretion, may withhold monies otherwise due CONTRACTOR. It is expressly understood by the parties hereto that these damages relate to the time of performance and do not limit CITY's other remedies under this Agreement, or as provided by applicable law, for other damages.

2.03 CONTRACTOR agrees that no charges or claims for damages shall be made by him for any delays or hindrances, from any cause whatsoever during the progress of any portion of the services specified in the Agreement. Such delays or hindrances, if any, may be compensated for by an extension of time for a reasonable period as may be mutually agreed upon between the parties, it being understood, however, that permitting CONTRACTOR to proceed to complete any service, or any part of the services / project, after the date to which the time of completion may have been extended, shall in no way operate as a waiver on the part of CITY of any of its rights herein.

ARTICLE 3. COMPENSATION

3.01 The CITY shall pay CONTRACTOR an amount not to exceed Two Hundred Ninety Six Thousand Four Hundred Dollars (\$296,400) for the completion of all services specified in this Agreement, including any and all fees and expenses (including costs of any authorized subcontractors). CONTRACTOR shall submit AIA Form G702 to the CITY's Design Consultant, STR-SEG ("CONSULTANT"). The CITY shall make payment within forty-five days of CONSULTANT's approval of the Application for Payment. In addition to the provisions in Article 4, the CITY may withhold payment, in whole or in part, to the extent necessary to protect itself from a loss of any of the following:

Defective work.

Evidence indicating the probable filing of claims by other parties against CONTRACTOR which may adversely affect CITY.

Failure of CONTRACTOR to make payments due to subcontractors, material suppliers or employees.

Damage to CITY or a third party.

3.02 The submission of any request for payment shall be deemed a waiver and release by CONTRACTOR of all liens and claims with respect to the work and period to which such payment request pertains except as specifically reserved and noted on such request.

3.03 CONTRACTOR shall maintain proper account records for the scope of all services of this Agreement and provide an accounting for all charges and expenditures as may be necessary for audit purposes. All such records shall be subject to inspection and examination by CITY's representatives at reasonable business hours.

3.04 For projects utilizing federal funding the CONTRACTOR shall submit time sheets (WH-347) for his own and all subcontracted employees, to City Engineer or his representative for approval and review, including review for compliance with Davis Bacon requirements, if federal funds are used.

3.05 **Project Manager** Jacqui Bauer shall act as the CITY's representative under this Agreement.

ARTICLE 4. RETAINAGE

For contracts in excess of \$100,000, the CITY requires that retainage be held set out below.

4.01 Escrow Agent The retainage amount withheld shall be placed in an escrow account. First Financial Bank, Bloomington, Indiana, shall serve as the escrow agent.

4.02 Retainage Amount The escrow agent, CITY, and CONTRACTOR shall enter into a written escrow agreement. Under that agreement, the CITY shall withhold five percent (5%) of the dollar value of all work satisfactorily completed until the Contract work is substantially complete. The escrow agent shall invest all escrowed principal in obligations selected by the escrow agent. The escrow agent shall be compensated for the agent's services by a reasonable fee, agreed upon by the parties, that is comparable with fees charged for the handling of escrow accounts of similar size and duration. The fee shall be paid from the escrow income. The escrow agent's fee may be determined by specifying an amount of interest the escrow agent will pay on the escrowed amount, with any additional earned interest serving as the escrow agent's fee. The escrow agreement may include other terms and conditions as deemed necessary by the parties.

4.03 Payment of Escrow Amount The escrow agent shall hold the escrowed principal and income until receipt of the notice from the CITY and CONTRACTOR that the Contract work has been substantially completed to the reasonable satisfaction of the CITY, at which time the CITY shall pay to the CONTRACTOR the balance to be paid under this Contract and execute such documents as are necessary to authorize the escrow agent to pay to the CONTRACTOR the funds in the escrow account, including both specifying the part of the escrowed principal to be released from the escrow and the person to whom that portion is to be released. After receipt of the notice, the escrow agent shall remit the designated part of the escrowed principal and the escrowed income, minus the escrow agent's fees, to the person specified in the notice. However, nothing in this section shall prohibit the CITY from requiring the escrow agent to withhold amounts necessary to complete minor items of the Contract, following substantial completion of the Contract in accordance with the provisions of paragraph 4.04.

4.04 Withholding Funds for Completion of Contract If, upon substantial completion of the Contract, there still remains minor Contract work that needs to be completed, or minor Contract work that needs to be performed to the satisfaction of the CITY, the CITY may direct the escrow agent to retain in the escrow account, and withhold from payment to the CONTRACTOR, an amount equal to two hundred percent (200%) of the value of said work. The value of said work shall be determined by the CONSULTANT. The escrow agent shall release the funds withheld under this section after receipt of notice from the City that all work on the Contract has been satisfactorily completed. In the event that said work is not completed by the CONTRACTOR, but by CITY or another party under contract with the CITY, said funds shall be released to the CITY.

ARTICLE 5. GENERAL PROVISIONS

5.01 CONTRACTOR agrees to indemnify and hold harmless CITY and its officers, agents, officials and employees for any and all claims, actions, causes of action, judgments and liens arising out of any negligent act or omission by CONTRACTOR or any of its officers, agents, officials, employees, or subcontractors or any defect in materials or workmanship of any supply, materials, mechanism or other product or service which it or any of its officers, agents, officials, employees, or subcontractors has supplied to CITY or has used in connection with this Agreement and regardless of whether or not it is caused in part by a party indemnified herein under. Such indemnity shall include attorney's fees and all costs and other expenses arising there from or incurred in connection therewith and shall not be limited by reason of the enumeration of any insurance coverage required herein.

CONTRACTOR shall indemnify and hold harmless CITY and its officers, agents, officials and employees for any and all damages, actions, costs, (including, but not limited to, attorney's fees, court costs and costs of investigation) judgments and claims by anyone for damage to property, injury or death to persons resulting from the collapse or failure of any trenches, ditches or other excavations constructed under or associated with this contract.

5.02 Abandonment, Default and Termination

5.02.01 CITY shall have the right to abandon the work contracted for in this Agreement without penalty. If CITY abandons the work described herein, CONTRACTOR shall deliver to CITY all surveys, notes, drawings, specifications and estimates completed or partially completed and these shall become the property of CITY. The earned value of the work performed shall be based upon an estimate of the proportion between the work performed by CONTRACTOR under this Agreement and the work which CONTRACTOR was obligated to perform under this Agreement. This proportion shall be mutually agreed upon by CITY and CONTRACTOR. The payment made to CONTRACTOR shall be paid as a final payment in full settlement of his services hereunder.

5.02.02 If CONTRACTOR defaults or fails to fulfill in a timely and proper manner the obligations pursuant to this Agreement, CITY may, after seven (7) days' written notice has been delivered to CONTRACTOR, and without prejudice to any other remedy it may have, make good such deficiencies and may deduct the cost thereof from the payment then or thereafter due to CONTRACTOR. In the alternative, CITY, at its option, may terminate this Agreement and take possession of the site and of all materials, equipment, tools and construction equipment and machinery thereon owned by CONTRACTOR, and may finish the project by whatever method it may deem expedient, and if the such action exceeds the unpaid balance of the sum amount, CONTRACTOR or his surety, shall pay the difference to CITY.

5.02.03 Default: If CONTRACTOR breaches this Agreement or fails to perform the work in an acceptable manner, he shall be considered in default. Any one or more of the following will be considered a default:

Failure to begin the work under this Agreement within the time specified.

Failure to perform the work with sufficient supervision, workmen, equipment and materials to insure prompt completion of said work within the time limits allowed.

Unsuitable performance of the work as determined by the PROJECT MANAGER or her representative.

Neglecting or refusing to remove defective materials or failure to perform anew such work as shall have been rejected.

Discontinuing the prosecution of the work or any part of it.

Inability to finance the work adequately.

If, for any other reason, CONTRACTOR breaches this Agreement or fails to carry on the work in an acceptable manner.

5.02.04 CITY shall send CONTRACTOR a written notice of default. If CONTRACTOR, or his Surety, within a period of ten (10) days after such notice, fails to remedy the default, then CITY shall have full power and authority, without violation of the Contract, to take the prosecution of the work out of the hands of said CONTRACTOR, to appropriate or use any or all materials and equipment on the ground as may be suitable and acceptable, and may, at its option, turn the work over to the Surety, or enter into an agreement with another Contractor for the completion of the Agreement according to the terms and provisions thereof, or CITY may use such other methods as, in its opinion, shall be required for the completion of said Contract in an acceptable manner.

5.02.05 All costs of completing the work under the Contract shall be deducted from the monies due or which may become due to said CONTRACTOR. In case the expenses so incurred by CITY shall be less than the sum which would have been payable under the Contract if it had been completed by said CONTRACTOR, CONTRACTOR shall be entitled to receive the difference. However, in case such expense shall exceed the sum which would have been payable under the Contract, CONTRACTOR and his Surety will be liable and shall pay to CITY the amount of said excess. By taking over the prosecution of the work, CITY does not forfeit the right to recover damages from CONTRACTOR or his Surety for his failure to complete the work in the time specified.

5.02.06 Notwithstanding any other provision of this Agreement, if funds for the continued fulfillment of the Agreement by CITY are at any time not forthcoming or are insufficient, through failure of any entity to appropriate the funds or otherwise, then CITY shall have the right to terminate this Agreement without penalty by giving prior written notice documenting the lack of funding in which instance, unless otherwise agreed to by the parties, this Agreement shall terminate and become null and void.

5.02.07 CITY agrees that it will make its best effort to obtain sufficient funds, including but not limited to, including in its budget for each fiscal period during the term hereof a request for sufficient funds to meet its obligations hereunder in full.

5.03 Successors and Assigns

5.03.01 Both parties agree that for the purpose of this Agreement, CONTRACTOR shall be an Independent Contractor and not an employee of CITY.

5.03.02 No portion of this Agreement shall be sublet, assigned, transferred or otherwise disposed of by CONTRACTOR except with the written consent of CITY being first obtained. Consent to sublet, assign, transfer, or otherwise dispose of any portion of this Agreement shall not be construed to relieve CONTRACTOR of any responsibility of the fulfillment of this Agreement.

5.04 Extent of Agreement: Integration

5.04.01 This Agreement consists of the following parts, each of which is as fully a part of this Agreement as if set out herein:

1. This Agreement and its Attachments.
2. All Written Amendments and other documents amending, modifying, or supplementing the Contract Documents which may be delivered or issued after the Effective Date of the Agreement and are not attached hereto.
3. All Addenda to the Bid Documents.
4. The Invitation to Bidders (including the Project Manual).
5. The Instructions to Bidders.
6. The Special Conditions.
7. All plans as provided for the work that is to be completed.
8. The Supplementary Conditions.
9. The General Conditions.

10. The Specifications.
11. CONTRACTOR'S submittals.
12. The Performance and Payment Bonds.
13. The Escrow Agreement.
14. Request for Taxpayer Identification number and certification: Substitute W-9.

5.04.02 In resolving conflicts, errors, discrepancies and disputes concerning the Scope of Work to be performed by CONTRACTOR, and other rights and obligations of CITY and CONTRACTOR, the document expressing the greater quantity, quality or other scope of work in question, or imposing the greater obligation upon CONTRACTOR and affording the greater right or remedy to CITY shall govern; otherwise the documents shall be given precedence in the order as enumerated above.

5.05 Insurance

5.05.01

CONTRACTOR shall, as a prerequisite to this Agreement, purchase and thereafter maintain such insurance as will protect him from the claims set forth below which may arise out of or result from CONTRACTOR'S operations under this Agreement, whether such operations be by CONTRACTOR or by any SUBCONTRACTORS or by anyone directly or indirectly employed by any of them, or by anyone for whose acts any of them may be liable:

<u>Coverage</u>	<u>Limits</u>
A. Worker's Compensation & Disability	Statutory Requirements
B. Commercial General Liability (Occurrence Basis) Bodily Injury, personal injury, property damage, contractual liability, products-completed operations, General Aggregate Limit (other than Products/Completed Operations)	\$1,000,000 per occurrence and \$2,000,000 in the aggregate
C. Comprehensive Auto Liability (single limit, owned, hired and non-owned)	\$1,000,000 combined
D. Professional Liability (Errors & Omissions)	\$1,000,000 aggregate
E. Umbrella Excess Liability (over auto and commercial general liability)	\$5,000,000 each occurrence and aggregate
The Deductible on the Umbrella Liability shall not be more than	\$10,000

5.05.02 CONTRACTOR'S comprehensive general liability insurance shall also provide coverage for the following:

Premises and operations;

Contractual liability insurance as applicable to any hold-harmless agreements;

Completed operations and products; which also must be maintained for a minimum period of two (2) years after final payment and CONTRACTOR shall continue to provide evidence of such coverage to CITY on an annual basis during the aforementioned period;

Broad form property damage - including completed operations;

Fellow employee claims under Personal Injury; and

Independent Contractors.

5.05.03 With the prior written approval of the CITY's Project Manager, CONTRACTOR may substitute different types or amounts of coverage for those specified as long as the total amount of required protection is not reduced.

5.05.04 Certificates of Insurance showing such coverage then in force (but not less than the amount shown above) shall be on file with CITY prior to commencement of work. These Certificates shall contain a provision that coverage afforded under the policies will not be canceled or non-renewed until at least sixty (60) days' prior written notice has been received by CITY. The CITY shall be named as an additional insured on the Commercial General Liability, Automobile Liability, and Umbrella Excess Liability policies. The CONTRACTOR shall agree to a waiver of subrogation on its Worker's Compensation policy.

5.06 Necessary Documentation CONTRACTOR certifies that it will furnish CITY any and all documentation, certification, authorization, license, permit or registration required by the laws or rules and regulations of the City of Bloomington, the State of Indiana and the United States. CONTRACTOR further certifies that it is now and will maintain in good standing with such governmental agencies and that it will keep its license, permit registration, authorization or certification in force during the term of this Agreement.

5.07 Applicable Laws CONTRACTOR agrees to comply with all federal, state, and local laws, rules and regulations applicable to CONTRACTOR in performing work pursuant to this Agreement, including, but not limited to, discrimination in employment, prevailing wage laws, conflicts of interest, public notice, accounting records and requirements. This Agreement shall be governed by the laws of the United States, and the State of Indiana, and by all Municipal Ordinances and Codes of the City of Bloomington. Venue of any disputes arising under this Agreement shall be in the Monroe Circuit Court, Monroe County, Indiana.

5.08 Non-Discrimination

5.08.01 CONTRACTOR and subcontractors shall not discriminate against any employee or applicant for employment, to be employed in the performance of this Agreement, with respect to hire, tenure, terms, training, conditions or privileges of employment, because of race, sex, color, religion, national origin, ancestry, disability, sexual orientation, gender identity, veteran status or housing status. Breach of this covenant may be regarded as a material breach of the Agreement.

5.08.02 CONTRACTOR certifies for itself and all its subcontractors compliance with existing laws of the State of Indiana and the United States regarding:

Prohibition of discrimination in employment practices on the basis of race, sex, color, religion, national origin, ancestry, disability, sexual orientation, gender identity, veteran status, housing status, or any other legally protected classification;

The utilization of Minority and Women Business Enterprises. CONTRACTOR further certifies that it:

- a. Has formulated its own Affirmation Action plan for the recruitment, training and employment of minorities and women, including goals and timetable; which has been approved by the City's Contract Compliance Officer.
- b. Encourages the use of small business, minority-owned business and women-owned business in its operations.

5.08.03 FURTHER, PURSUANT TO INDIANA CODE § 5-16-6-1, CONTRACTOR AGREES:

- A) That in the hiring of employees for the performance of work under this Agreement or any sub agreement hereunder, no contractor, or subcontractor, nor any person acting on behalf of such CONTRACTOR or subcontractor, shall by reason of race, sex, color, religion, national origin, ancestry, or any other legally protected classification, discriminate against any citizen of the State of Indiana who is qualified and available to perform the work to which the employment relates.
- B) That no contractor, subcontractor, or any person on their behalf, shall, in any manner, discriminate against or intimidate any employee hired for performance of work under this Agreement on account of race, religion, color, sex, national origin, ancestry, or any other legally protected classification.
- C) That there may be deducted from the amount payable to CONTRACTOR, by CITY, under this Agreement, penalty of Five Dollars (\$5.00) for each person for each calendar day during which such person was discriminated against or intimidated in violation of the provisions of this Agreement. Any such person discriminated against retains the right to file a discrimination complaint with the appropriate civil rights agency or court.
- D) That this Agreement may be canceled or terminated by CITY and all money due or to become hereunder may be forfeited, for a second or any subsequent violations of the terms or conditions under this section of the Agreement.

5.09 Workmanship and Quality of Materials

5.09.01 CONTRACTOR shall guarantee the Roof Installation as provided in the Project Manual. This includes a twenty year manufacturer's no dollar limit system warranty, a twenty year sheet metal manufacturer's finish warranty, a manufacturer's ten year sealant warranty, and a limited contractor's material and labor warranty.

5.09.02 OR EQUAL: Wherever in any of the Agreement Documents an article, material or equipment is defined by describing a proprietary product, or by using the name of a manufacturer or vender, the term "Or Equal" or the term "The Equivalent" if not inserted, shall be implied, and it is done for the express purpose of establishing a basis of durability and efficiency and not for the purpose of limiting completion. Whenever material or equipment is submitted for approval as being equal to that specified, the submittal shall include sufficient information and data

to demonstrate that the material or equipment conforms to the Contract requirements. The decision as to whether or not such material or equipment is equal to that specified shall be made by the PROJECT MANAGER. The approval by the PROJECT MANAGER of alternate material or equipment as being equivalent to that specified, shall not in any way relieve CONTRACTOR of responsibility for failure of the material or equipment due to faulty design, material, or workmanship, to perform the function required by the Contract Documents. Specifications as determined by other entities within the City of Bloomington such as City Utilities shall only be substituted or changed by their approval which shall be submitted in writing to the PROJECT MANAGER.

5.09.03 CITY shall be the sole judge of the sufficiency of workmanship and quality of materials. Disputes shall be resolved by the Director of Public Works and are not subject to arbitration.

5.10 Safety. CONTRACTOR shall be responsible for the safety of employees at all times and shall provide all equipment necessary to insure their safety. CONTRACTOR shall ensure the enforcement of all applicable safety rules, regulations, ordinances and laws, whether federal, state or local. Contractor's Superintendent of Safety shall make daily inspections upon the arrival and leaving of the site at the close of each workday.

5.11 Amendments/Changes

5.11.01 Except as provided in Paragraph 5.11.02, this Agreement may be amended only by written instrument signed by both CITY and CONTRACTOR.

5.11.02 Without invalidating the Agreement and without notice to any surety, CITY may, at any time or from time to time, order, in writing, additions, deletions, or revisions in the work. Upon receipt of any such document, CONTRACTOR shall promptly proceed with the work involved, which will be performed under the applicable conditions of the Agreement Documents.

5.11.03 If CONTRACTOR believes that any direction of CITY under paragraph 5.11.02, or any other event or condition, will result in an increase in the Contract time or price, he shall file written notice with CITY no later than twenty (20) calendar days after the occurrence of the event giving rise to the claim and stating the general nature of the claim with supporting data. No claim for any adjustment of the Contract time or price will be valid if not submitted in accordance with this Paragraph.

5.11.04 CONTRACTOR shall carry on the work and adhere to the progress schedule during all disputes or disagreements with CITY. No work shall be delayed or postponed pending resolution of any dispute or disagreement except as CONTRACTOR and CITY may otherwise agree in writing.

5.12 Performance Bond and Payment Bond

5.12.01 For contracts in excess of \$100,000, CONTRACTOR shall provide CITY with a Performance Bond and a Payment Bond in the amount of one hundred percent (100%) of the contract amount.

5.12.02 Failure by CONTRACTOR to perform the work in a timely or satisfactory fashion may result in forfeiture of CONTRACTOR'S Performance Bond.

5.12.03 If the surety on any bond furnished by CONTRACTOR becomes a party to supervision, liquidation, or rehabilitation action pursuant Indiana Code 27-9 et seq. or its right to do business in the State of Indiana is terminated, CONTRACTOR shall, within thirty (30) calendar days thereafter, substitute another bond and surety, both of which must be acceptable to CITY.

5.13 Payment of Subcontractors CONTRACTOR shall pay all subcontractors, laborers, material suppliers and those performing services to CONTRACTOR on the project under this Agreement. CITY may, as a condition precedent to any payment hereunder, require CONTRACTOR to submit satisfactory evidence of payments of any and all claims of subcontractors, laborers, material suppliers, and those furnishing services to CONTRACTOR. Upon receipt of a lawful claim, CITY shall withhold money due to CONTRACTOR in a sufficient amount to pay the subcontractors, laborers, material suppliers, and those furnishing services to CONTRACTOR.

5.14 Written Notice Written notice shall be considered as served when delivered in person or sent by mail to the individual, firm, or corporation, or to the last business address of such known to CONTRACTOR who serves the Notice. Notice shall be sent as follows:

TO CITY:

TO CONTRACTOR:

City of Bloomington
Attn: Jacqui Bauer
P.O. Box 100 Suite 150
Bloomington, Indiana 47402

5.15 Severability and Waiver In the event that any clause or provision of this Agreement is held to be invalid by any court of competent jurisdiction, the invalidity of such clause or provision shall not affect any other provision of this Agreement. Failure of either party to insist on strict compliance with any provision of this Agreement shall not constitute waiver of that party's right to demand later compliance with the same or other provisions of this Agreement.

5.16 Notice to Proceed CONTRACTOR shall not begin the work pursuant to the "Scope of Work" of this Agreement until it receives an official written Notice to Proceed from the City. Contractor shall start active and continuous work on the Agreement within fifteen (15) calendar days after the date of the Notice to Proceed. In no case shall work begin prior to the date of the Notice to Proceed. If a delayed starting date is indicated in the proposal, the fifteen (15) calendar day limitation will be waived. Work day charges will then begin on a date mutually agreed upon, but not later than the delayed starting date specified. In the event that any Agreement is canceled after an award has been made but prior to the issuing of the Notice to Proceed, no reimbursement will be made for any expenses accrued relative to this contract during that period.

5.17 Steel or Foundry Products

5.17.01 To comply with Indiana Code 5-16-8, affecting all contracts for the construction, reconstruction, alteration, repair, improvement or maintenance of public works, the following provision shall be added: If steel or foundry products are to be utilized or supplied in the performance of any contract or subcontract, only domestic steel or foundry products shall be used. Should CITY feel that the cost of domestic steel or foundry products is unreasonable; CITY will notify CONTRACTOR in writing of this fact.

5.17.02 Domestic Steel products are defined as follows:

“Products rolled, formed, shaped, drawn, extruded, forged, cast, fabricated or otherwise similarly processed, or processed by a combination of two (2) or more of such operations, from steel made in the United States by open hearth, basic oxygen, electric furnace, Bessemer or other steel making process.”

5.17.03 Domestic Foundry products are defined as follows:

“Products cast from ferrous and nonferrous metals by foundries in the United States.”

5.17.04 The United States is defined to include all territory subject to the jurisdiction of the United States.

5.17.05 CITY may not authorize or make any payment to CONTRACTOR unless CITY is satisfied that CONTRACTOR has fully complied with this provision.

5.18 Verification of Employees' Immigration Status

Contractor is required to enroll in and verify the work eligibility status of all newly-hired employees through the E-Verify program. (This is not required if the E-Verify program no longer exists). Contractor shall sign an affidavit, attached as Attachment B, affirming that Contractor does not knowingly employ an unauthorized alien. “Unauthorized alien” is defined at 8 U.S. Code 1324a(h)(3) as a person who is not a U.S. citizen or U.S. national and is not lawfully admitted for permanent residence or authorized to work in the U.S. under 8 U.S. Code Chapter 12 or by the U.S. Attorney General.

Contractor and any of its subcontractors may not knowingly employ or contract with an unauthorized alien, or retain an employee or contract with a person that the Contractor or any of its subcontractors learns is an unauthorized alien. If the City obtains information that the Contractor or any of its subcontractors employs or retains an employee who is an unauthorized alien, the City shall notify the Contractor or its subcontractors of the Agreement violation and require that the violation be remedied within thirty (30) calendar days of the date of notice. If the Contractor or any of its subcontractors verify the work eligibility status of the employee in question through the E-Verify program, there is a rebuttable presumption that the Contractor or its subcontractor did not knowingly employ an unauthorized alien. If the Contractor or its subcontractor fails to remedy the violation within the thirty (30) calendar day period, the City shall terminate the Agreement, unless the City determines that terminating the Agreement would be detrimental to the public interest or public property, in which case the City may allow the Agreement to remain in effect until the City procures a new contractor. If the City terminates the Agreement, the Contractor or its subcontractor is liable to the City for actual damages.

Contractor shall require any subcontractors performing work under this Agreement to certify to the Contractor that, at the time of certification, the subcontractor does not knowingly employ or contract with an unauthorized alien and the

subcontractor has enrolled in and is participating in the E-Verify program. Contractor shall maintain on file all subcontractors' certifications throughout the term of this Agreement with the City.

5.19 Drug Testing Plan

In accordance with Indiana Code 4-13-18 as amended, the CONTRACTOR was required to submit with his/her bid a written drug testing policy for a public works project that is estimated to cost \$150,000 or more. Among other things, the law sets forth specific requirements that must be in the plan for a program to test the employees of the CONTRACTOR and Subcontractors for drugs. The successful CONTRACTOR must comply with all provisions of the statute. This contract is subject to cancellation if CONTRACTOR fails to implement its testing program during the term of this contract, fails to provide information regarding this testing at the request of CITY; or provides false information to CITY regarding CONTRACTOR's employee drug testing program. CONTRACTOR shall sign an affidavit, attached as Attachment C, affirming that CONTRACTOR has and shall implement CONTRACTOR'S employee drug testing program throughout the term of this project.

IN WITNESS WHEREOF, the parties of this Agreement have hereunto set their hands.

“SCOPE OF WORK”

ROOF REPLACEMENT FOR CITY HALL

This project shall include, but is not limited to the SCOPE OF WORK:

Roof Installation

Pursuant to the specifications and instructions in the Project Manual (which is incorporated herein by reference), CONTRACTOR shall:

1. On Roof Areas 1 through 15 (as shown on Sheet RP-1 of the Project Manual):
 - a. Remove and dispose of existing fully-adhered EPDM single-ply membrane and related flashings.
 - b. Remove and dispose of existing mechanically-attached ½-inch wood fiber, down to the existing polyisocyanurate insulation, backing fasteners completely out for removal.
 - c. Remove and replace any deteriorated foam insulation and/or gypsum board.
 - d. Provide a roof divider across all areas, to distinguish Lot 1 from Lot 3.
 - e. Provide ¼-inch coverboard, mechanically attached through all layers down to roof deck.
 - f. Provide new single-ply roof membrane as follows:
 - i. On Roof Area 1, provide a fully adhered, reinforced EPDM (black) single-ply membrane
 - ii. On Roof Areas 2 through 15:
 1. In a 15-foot wide area, extending back from East perimeter edge of roof, provide a fully-adhered, reinforced EPDM (black) single-ply membrane
 2. Over remainder of each roof area, provide a 60-mil thermoplastic polyolefin (TPO) (white) single-ply roof membrane, mechanically attached (induction welded).
 - g. Provide sheet metal flashings at perimeters of roof areas, as shown in the Contract Documents.
2. Wet seal around all windows, window frames, etc.
3. On Roof Areas 1 through 15, in coordination with Solar Panel Contractor (Solar Energy Solutions):
 - a. Cut open holes in the installed roof membrane where required (approximately 1,004 holes) for solar panel supports, provide plywood and wood blocks, and install / fasten the solar panel support stands. (Solar Panel Contractor will identify locations of stands on each roof area and will provide fasteners to secure the solar panel stand supports to the roof deck.)
 - b. Provide flashings around support stands, as acceptable to the roof system manufacturer, for inclusion in the system warranty.
 - c. At the end of project, provide one additional walk-through, after the solar panel installation is completed, and complete any punch-list items identified.
4. On Roof Area 18:
 - a. Remove and dispose of existing fully-adhered EPDM single-ply membrane and related flashings.
 - b. Provide 1.5 inch polyisocyanurate insulation, mechanically attached through all layers down to roof deck.
 - c. Provide ¼ inch coverboard, adhered in adhesive.
 - d. Provide fully-adhered, reinforced EPDM single-ply roof system.
 - e. Provide sheet metal flashings at perimeters of roof areas, as shown in the Contract Documents.

ESCROW AGREEMENT

SOLAR PANEL AND ROOF REPLACEMENT PROJECT FOR CITY BUILDINGS AND "SOLARIZE BLOOMINGTON" INITIATIVE

THIS ESCROW AGREEMENT made and entered into this ____ day of _____, 2017, by and between the City of Bloomington Board of Public Works (the "Owner"), and Professional Contracting LLC dba Steve's Roofing and Sheet Metal, (the "Contractor"), and First Financial Bank (the "Escrow Agent").

WHEREAS, the Owner and Contractor have entered into a public construction contract in the amount of \$100,000 or more, dated the ____ day of _____, 2016, for a public works project; and,

WHEREAS, said construction contract provides that portions of payments by Owner to Contractor shall be retained by Owner (herein called retainage) and placed in an escrow account;

NOW, THEREFORE, IT IS AGREED AS FOLLOWS:

To the extent that the Owner retains funds out of payments applied for by the Contractor under the provisions of the Contract providing for payments based on the value of the work in place and the materials stored, the Owner shall place the funds so retained in an escrow account.

The Escrow Agent shall open a "Money Market" account and deposit said funds promptly into the account and invest the retainage in such obligations as selected by the Escrow Agent at its discretion.

The income from and earnings on and all gains derived from the investment and reinvestment of the funds (escrow income) shall be held in the escrow account. The Escrow Agent shall deposit all funds and hold all investments in a separate escrow fund so that a quarterly accounting can be made to the Contractor of all deposits and investments made in such funds.

The Escrow Agent may commingle the escrow funds with other escrow funds or invested construction funds held by it pursuant to other escrow agreements or trust instruments to which the Owner and the Contractor are parties. To expedite the handling of the investments and reinvestments of the escrow funds, the Escrow Agent may cause all savings accounts, securities, obligations and investments (other than bearer instruments) to be registered in its own name, or in the name of its nominee or nominees, or in such form that title may pass by delivery.

The Escrow Agent shall pay over the net sum held by it hereunder as follows:

The Escrow Agent shall hold all of the escrow funds and shall release the principal thereof only upon the execution and delivery to it of a notice executed by the Owner and by the Contractor specifying the portion or portions of the principal of the escrow funds to be released and the person or persons to whom such portions are to be released. After receipt of said notice the Escrow Agent shall remit the designated part of escrowed principal and the same proportion of then escrowed income to the person specified in the notice. Such release of escrow funds shall be no more than thirty (30) days from the date of receipt by the Escrow Agent of the release executed by the Owner and Contractor. All income earned on the escrowed principal shall be paid to the Contractor with the exception of that amount necessary to pay any fee for the Escrow Agent's services. No escrow income shall be paid to the Contractor until the Escrow Agent's fee, if any, has been paid in full.

In the absence of such a joint written authorization, upon receipt from the Owner of a copy of certification from Owner's Engineer, that Owner has exercised its right to terminate the services of the Contractor pursuant to Article 16.02 of the General Conditions, then the Escrow Agent shall pay over to the Owner the net sum held by it hereunder.

In the absence of such a joint written authorization and in the absence of the termination of the Contractor as provided in "B", above, in the manner directed by a certified copy of a judgment of a court of record establishing the rights of the parties to said funds.

The "Commercial Quick Draw" account set up by the Escrow Agent to hold the retainage shall be a no fee account with no minimum balance required. The account shall earn interest at a variable rate.

This Agreement and anything done or performed hereunder by either the Contractor or Owner shall not be construed to prejudice or limit the claims which either party may have against the other arising out of the aforementioned construction agreement.

This instrument constitutes the entire agreement between the parties regarding the duties of the Escrow Agent with respect to the investment and payment of escrow funds. The Escrow Agent is not liable to the Owner and Contractor for any loss or damages not caused by its own negligence or willful misconduct.

Board of Public Works Staff Report

Project: 7th and Walnut Street Parking Garage Spaces for Monroe County Employees

Staff Representative: Thomas Cameron, Legal

Meeting Date: April 4, 2017

Monroe County has a shortage of available parking spaces for its employees. The County has approached the City seeking assistance to address its parking needs. One aspect of that requested assistance is twenty "hunting permits" for the 7th and Walnut Street Parking Garage (meaning non-reserved spaces allowing the permit holder to "hunt" for a parking space) made available at a reduced cost.

Although the rates for parking permits are set in the Code, the Board of Public Works has the authority to alter or modify the rate. This Resolution would make twenty hunting permits for the 7th and Walnut Street Parking Garage available to the County until March 31, 2018 at a cost of \$1. All other rules and fees in Title 15 shall remain in effect.

Recommend ☒ **Approval** ☐ **Denial**

**CITY OF BLOOMINGTON
BOARD OF PUBLIC WORKS
RESOLUTION 2017-26**

7th and Walnut Street Parking Garage Spaces for Monroe County Employees

WHEREAS, Monroe County (the “County”) has a shortage of available parking for its employees; and

WHEREAS, the County has asked the City for assistance in addressing its parking needs by providing the County with twenty parking permits in the 7th and Walnut Street Parking Garage that permit admission Monday through Friday from 6:00am to 6:00pm and Saturday through Sunday from 6:00am to Noon (“Hunting Permits”); and

WHEREAS, the Board of Public Works is empowered by Bloomington Municipal Code 15.40.020 to alter or modify the charge for parking from the rates set forth in Title 15, including the rate for the 7th and Walnut Street Parking Garage; and

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF PUBLIC WORKS THAT:

1. The Board of Public Works exercises its power as set forth in Bloomington Municipal Code 15.40.020 to alter the rate for twenty (20) Hunting Permits that are issued to the County for the benefit of its employees. These twenty Hunting Permits shall expire March 31, 2018 and shall cost One Dollar (\$1.00). The Board of Public Works may terminate these twenty Hunting Permits with thirty (30) days advance notice. All other rules and fees set forth in the Bloomington Municipal Code regarding the parking permits, including the replacement cost for a lost access card, remain applicable.

ADOPTED THIS 4TH DAY OF APRIL, 2017

Board of Public Works Staff Report

Project/Event: ITS Surplus Equipment
Petitioner/Representative: Rick Dietz, Director, Information & Technology Services
Staff Representative: Rick Dietz
Date: 03/30/17

Report:

The City of Bloomington Information & Technology Services ("ITS") Department purchases and provides information and communications technology tools for City ITS operations and for a significant portion of City employees in order to support their work on behalf of the City. These devices (computers and related equipment) have limited life cycles. As these devices become inoperable and/or outdated, they are reclaimed by ITS and replaced. ITS has accumulated a number of devices which ITS wishes to dispose of as surplus personal property.

We are requesting the Board of Public Works to declare the equipment in Attachment A be surplus and for the equipment to be authorized to be provided to the Serve IT Nonprofit Clinic, a community information technology clinic housed in the Indiana University School of Informatics and Computer, a nonprofit organization pursuant to federal law, or to other nonprofit organizations.

Recommendation and Supporting Justification:

Recommend ☒ **Approval** ☐ **Denial by:** *Rick Dietz*

Board of Public Works
Staff Report

**BOARD OF PUBLIC WORKS
RESOLUTION 2017-27**

**TO DISPOSE OF SURPLUS PERSONAL PROPERTY
OWNED BY THE CITY OF BLOOMINGTON**

WHEREAS, the City of Bloomington Information and Technology Services Department ("ITS") regularly has computers and related equipment that are outdated and/or no longer functioning;

WHEREAS, ITS has a large stock of computers and related equipment that it wishes to dispose of as surplus personal property; and

WHEREAS, this equipment is identified in Attachment A, which is attached hereto and incorporated herein by reference; and

WHEREAS, ITS has assessed the value of this equipment to be less than five thousand dollars (\$5,000); and

WHEREAS, pursuant to Indiana Code § 5-22-22-6, the City of Bloomington Board of Public Works (hereinafter "Board of Public Works") may determine this equipment to be surplus property and authorize the transfer of the property without advertising, as there is more than one (1) item, and the value of this inoperable and/or outdated computer equipment is less than five thousand dollars (\$5,000); and

WHEREAS, ITS desires to transfer this equipment to the Serve IT Nonprofit Clinic, a community information technology clinic housed in the Indiana University School of Informatics and Computing, a nonprofit organization pursuant to federal law, which refurbishes computers and related equipment and provides them without cost to nonprofit organizations in the community;

NOW, THEREFORE, be it hereby resolved by the Board of Public Works that:

1. The equipment contained in Attachment A is hereby declared to be surplus personal property.
2. The value of this equipment is assessed to be less than five thousand dollars (\$5,000).
3. Pursuant to Indiana Code § 5-22-22-6, the equipment contained in Attachment A may be transferred without advertising.

4. This equipment may be transferred to the nonprofit organization Serve IT Nonprofit Clinic, which is willing to accept and refurbish the equipment and provide it for donation to nonprofit organizations in the community.

PASSED AND ADOPTED by the City of Bloomington Board of Public Works
this 4th day of April, 2017.

Board of Public Works Staff Report

Project/Event: Request from Indiana University to Temporarily Close North Woodlawn Avenue for Construction

Petitioner/Representative: Planning and Transportation Department

Staff Representative: Roy Aten

Date: 04/04/2017

Report: Indiana University is requesting permission to temporarily close North Woodlawn Avenue from East 10th Street to East 12th Street. The closure will begin on or after May 8th, 2017 and continue through July 31st, 2017. The closure is being requested so that the University may reconstruct the roadway, along with other infrastructure and utility improvements.

A detour route has been planned that will utilize North Fee Lane, East 17th Street and East 10th Street. Pedestrian traffic will be safely maintained through the work zone during the project.

Recommendation and Supporting Justification: Staff has reviewed the request and recommends granting permission to Indiana University for the temporary closure of North Woodlawn Avenue from East 10th Street to East 12th Street.

Re: Indiana University – Temporary closure of Woodlawn Avenue from 10th to 12th Streets

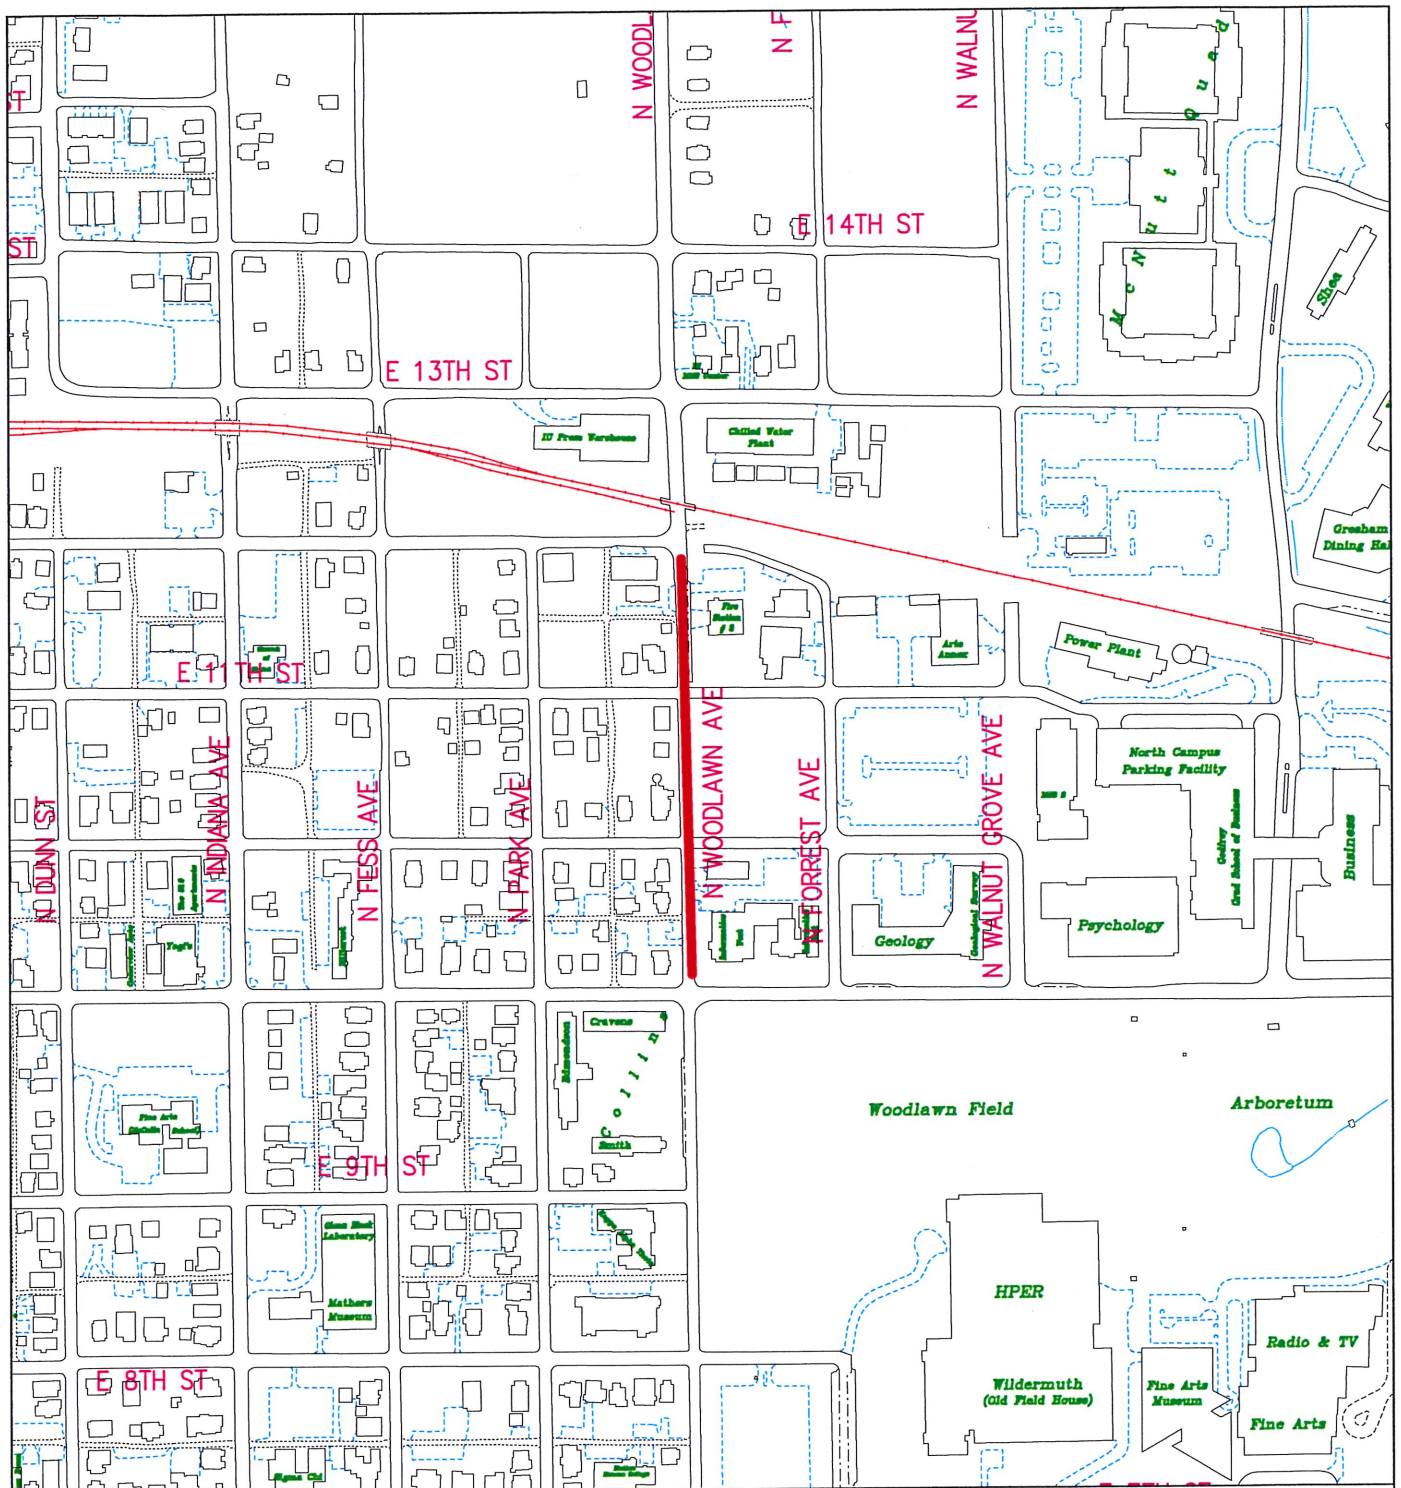

Dear Board Members:

Indiana University wishes to make improvements to Woodlawn Avenue from 10th to 12th Streets, which will require below ground utility and roadway infrastructure improvements. This work will necessitate the temporary closure of Woodlawn Avenue from 10th to 12th Streets from May 8, 2017 until July 31, 2017. This work has been planned during the Indiana University summer session so that it will have as minimal impact on traffic flow as possible. Indiana University will coordinate with City of Bloomington Utilities, law enforcement and transit providers to assure that this closure information is well communicated. Therefore, Indiana University respectfully requests that the Board of Public Works approve this closure Woodlawn Avenue from 10th to 12th Streets for the aforementioned time period.

Kind regards,

Jason R. Banach
University Director of Real Estate

Board of Public Works Staff Report

Project/Event: Approve Change Orders #3 and #4 for Woodlawn Railroad Crossing
Petitioner/Representative: Planning and Transportation Department
Staff Representative: Roy Aten
Date: 04/04/2017

Report:

- Change order #3 is an additional charge of \$16,674.39 for the installation of a concrete drainage ditch adjacent to the railroad tracks. The extra drainage ditch was a demand of the railroad to mitigate excessive drainage caused by the excavation of the embankment.
- Change Order #4 is an additional charge of \$17,577.22 for the reconstruction of the Pavedrain storm drainage structures. Due to an incomplete detail provided on the plans the original installation of the Pavedrain system failed.

The cost for both change orders are being paid for by Indiana University through the established project escrow account.

Recommendation and Supporting Justification: City, Indiana University and INDOT staff have reviewed the two change orders and are recommending approval.

Recommend ☒ **Approval** ☐ **Denial by:** *Roy Aten*

Item Description: FORCE ACCOUNT WORK

Supplemental Description1: Paved Side Ditch Work for INRD approval to open RR Crossing

Supplemental Description2: Force Account

Total Value for Change Order 003 = \$ 16,674.39

Whereas, the Standard Specifications for this contract provides for such work to be performed, the following change is recommended.
General or Standard Change Order Explanation

Because the extent of work could not be determined to establish a unit price, it shall be performed via FORCE ACCOUNT in accordance with 109. 05(b).

General or Standard Change Order Explanation

As part of the remediation of the railroad tracks that was happening concurrently with this project, INRD determined that in order to open the crossing, water coming from an open seam in the adjacent limestone bedrock needed to be collected and transported into the new storm sewer. This seam did not exist before this project began however it appeared to only start leaking water after rock excavation for sight line construction was done. This water was tested and found not to be chlorinated and assumed to be ground water. A paved side ditch was designed by the project engineer and submitted to and approved by INRD. Because of the irregular area, difficult terrain, and proximity to the railroad tracks, unit prices could not be determined before work was to begin. It was agreed that the work would be done through a force account. The ditch runs from 2919+31 to 2917+56. The water comes in at 2917+69. The paved ditch runs 13 feet east of where the water is coming in at. The cost of all labor, equipment and materials equaled \$16,674.39. These costs are non-participating from INDOT due to being for a preferential item. The personnel, equipment, and materials were reviewed by the PES and the documents provided by the contractor are accurate and representative.

General or Standard Change Order Explanation

A contract time adjustment is not required for this change.

Change Order Explanation for Specific Line Item

It is the intent of the parties that this change order is full and complete compensation for the work describe above.
Notification and consent to this change order is hereby acknowledged.

Item Description: FORCE ACCOUNT WORK

Supplemental Description1: Pave-Drain Reinstallation after settling.

Supplemental Description2:

Total Value for Change Order 004 = \$ 17,577.22

Whereas, the Standard Specifications for this contract provides for such work to be performed, the following change is recommended.

General or Standard Change Order Explanation

Because the extent of work could not be determined to establish a unit price, it shall be performed via FORCE ACCOUNT in accordance with 109. 05(b).

General or Standard Change Order Explanation

After completing the initial installation of the pave-drain permeable pavers in Woodlawn Avenue, it was determined by the City of Bloomington, Indiana University, the project engineer, and INDOT that the pavers had settled to an unacceptable level. In all of the pave-drain systems (5 total within the jobsite) the blocks had settled between a half an inch and an inch and a half. A meeting was held onsite between the City of Bloomington, Indiana University, the project engineer, design engineers, Pave-Drain suppliers and INDOT. It was determined that the best course of action would be to add two layers of geogrid within the stone of the pave-drain system and recompact the stone throughout the systems. The previously installed stone and blocks had to be removed to correct for migration of the No. 8 stone into the No. 2 stone. Geogrid was placed over the recompact layer of No. 2 stone, then No. 8 stone was placed and compacted, followed by the second layer of geogrid with the blocks on top. The work was finished on 9/23/16 and it was determined by 1/30/17 that the work was acceptable to INDOT, IU and the City of Bloomington. Since Milestone built the Pave-Drain system to the approved shop drawing during the original work, it has been determined that the design was insufficient for the application. This change order has been marked as recoverable. \$17,577.22 is the total amount billed by the Contractor and includes all labor, equipment, and materials. These costs are non-participating from INDOT due to being for a preferential item. The personnel, equipment, and materials were reviewed by the PES and the documents provided by the contractor are accurate and representative.

General or Standard Change Order Explanation

A contract time adjustment is not required for this change.

Change Order Explanation for Specific Line Item

It is the intent of the parties that this change order is full and complete compensation for the work describe above.
Notification and consent to this change order is hereby acknowledged.

Eric,

Attached is the revised price on the paved drain repairs from our discussion Friday. We cut the decorative paving price in half. Let me know if you need anything else from me.

Thank you,
Justin Patterson

All,

Per conversations with IU, the City of Bloomington, INDOT, PaveDrain, and Schneider the remediation plan for the paver areas is as follow;

1. Remove the PaveDrain pavers. Cut and remove the existing geotextile overlaying the #8 stone. Remove the #8 stone down to the top of the #2 stone.
2. Compact the existing #2 stone and cover with geogrid (SB-11).
3. Replace the removed #8 stone and bring the stone to grade. Compact.
4. Install expansion joint around the pavers per shop drawings.
5. Add the second layer of geogrid (SB-11) to the top surface of aggregate and then walk a plate compactor across the geogrid covered stone to get compaction.
6. Leave the stone ¼" higher within the areas of coverage so that the top of the PaveDrain surface is ¼" higher than the curbs.
7. Once 1-6 are complete and all of the PaveDrain block are re-installed and all of the expansion joint or rock is placed around the block roll a small double-drum roller (no vibration) over the top of the block.

The geogrid called out by PaveDrain was BX1100. Since BX1100 is not an approved geogrid for INDOT, Milestone has found Stratagrid SB-11. Both spec sheets are attached. The tensile strengths are the same and dimensions are nearly identical.

Milestone is planning on beginning the remediation work tomorrow morning 9/21/16. If anyone has any issue with the proposed plan or materials please reply as soon as possible. If there are any other questions or concerns please do not hesitate to contact me.

Thanks,

Eric Everett, PE
Project Engineer, Inspection Group

Subject: RE: R-38344-A Pave Drain Repair - FORCE ACCOUNT Documents - REV. 1.30.17.pdf

Eric,

In speaking with Gary Kreutzjans, it should be marked in Site Manager as recoverable and non-participating.

Let me know if you need anything else.

Thanks,

Brandi M. Fischvogt

Brandi,

Hope you're doing well. I just got an updated request for some T&M work (attached) that was done and included in an errors and omissions change order. I was just wondering if it should be marked as recoverable or not. If you need any other information please let me know.

I appreciate the help.

Thank you,

Eric Everett, PE

Eric,

Attached is the revised price on the paved drain repairs from our discussion Friday. We cut the decorative paving price in half. Let me know if you need anything else from me.

Thank you,
Justin Patterson

WARNING: Avoid Prolonged Breathing of Dust from Crushed Stone.

Exposure to dust may affect respiratory systems, eyes and/or skin. Crushed stone may contain crystalline silica. Prolonged and repeated breathing of crystalline silica may cause a progressive lung disease called silicosis. Some researchers have reported that there is evidence that prolonged and repeated breathing of high levels of crystalline silica dust may cause lung cancer.

Handling: Avoid prolonged inhalation of crushed stone dust. Minimize exposure through wetting or general ventilation. Appropriate protective equipment should be worn when high levels of dust are present.

First Aid: For inhalation, remove to fresh air and seek medical attention if irritation persists. For eye and skin contact, flush eyes with water, wash skin with soap and water and seek medical attention if irritation persists. For detailed information, see the Material Safety Data Sheet before using or handling this product.

Hot Asphalt and its vapors may be harmful to the skin, eyes and lungs.

Handling: Avoid breathing vapors and limit direct skin contact by using appropriate protective equipment.

First Aid: For inhalation, remove to fresh air and seek medical attention. For eye and skin contact, flush with cold water and seek medical attention. For detailed information, see the Material Safety Data Sheet before using or handling this product.

Suggested Delivery Route: RGI has attempted to locate the most efficient route for delivery as an aid to the Hauler. RGI makes no representation regarding the compatibility of the suggested route with and applicable compliance with and applicable state, federal and/or local maximum vehicle weight restrictions. As evidenced by signature, or departure from seller's facility, carrier acknowledges that carrier is solely responsible for the accuracy of this vehicle's tare weight, axle weights and gross weight. Carrier shall be responsible for notifying seller when any truck or trailer has been overloaded so as to render it out of compliance with any applicable weight limits. To the maximum extent allowed by law, carrier shall indemnify seller for any loss caused by overloading.

WARNING: Avoid Prolonged Breathing of Dust from Crushed Stone.

Exposure to dust may affect respiratory systems, eyes and/or skin. Crushed stone may contain crystalline silica. Prolonged and repeated breathing of crystalline silica may cause a progressive lung disease called silicosis. Some researchers have reported that there is evidence that prolonged and repeated breathing of high levels of crystalline silica dust may cause lung cancer.

Handling: Avoid prolonged inhalation of crushed stone dust. Minimize exposure through wetting or general ventilation. Appropriate protective equipment should be worn when high levels of dust are present.

First Aid: For inhalation, remove to fresh air and seek medical attention if irritation persists. For eye and skin contact, flush eyes with water, wash skin with soap and water and seek medical attention if irritation persists. For detailed information, see the Material Safety Data Sheet before using or handling this product.

Hot Asphalt and its vapors may be harmful to the skin, eyes and lungs.

Handling: Avoid breathing vapors and limit direct skin contact by using appropriate protective equipment.

First Aid: For inhalation, remove to fresh air and seek medical attention. For eye and skin contact, flush with cold water and seek medical attention. For detailed information, see the Material Safety Data Sheet before using or handling this product.

Suggested Delivery Route: RGI has attempted to locate the most efficient route for delivery as an aid to the Hauler. RGI makes no representation regarding the compatibility of the suggested route with and applicable compliance with and applicable state, federal and/or local maximum vehicle weight restrictions. As evidenced by signature, or departure from seller's facility, carrier acknowledges that carrier is solely responsible for the accuracy of this vehicle's tare weight, axle weights and gross weight. Board of Public Works Staff Report

Project/Event: Approve Change Order #7 for Old State Road 37 and Dunn correction Project

Petitioner/Representative: Planning and Transportation Department

Staff Representative: Roy Aten

Date: 04/04/2017

Report: During the September 13th, 2016 progress meeting for the Dunn and 37 project, there were concerns regarding the bridge elevation from both the Contractor E&B Paving and the City that resulted from a large storm event which occurred on September 8th, 2016. It was recommended by the Design Engineer that the bridge elevation be raised.

Change Order #7 is in the amount of \$15,847.20 and is the results of the extra materials and design cost that were required to change the bridge to a safer elevation.

Recommendation and Supporting Justification: City and INDOT staff have reviewed the change order and recommend approval.

Recommend ☒ Approval ☐ Denial by: *Roy Aten*

Whereas, the Standard Specifications for this contract provides for such work to be performed, the following change is recommended.

General or Standard Change Order Explanation

During the Issues/Discussion portion of Progress Meeting 5 on September 13, 2016 (see attached) there were concerns regarding the bridge elevation from both E&B and the City of Bloomington that resulted from a large storm event which occurred on September 8, 2016. It was recommended by the Design engineer that the bridge elevation be raised (see attached emails) and the City of Bloomington agreed on that decision. Roy Aten during the progress meeting on October 11, 2016 (see attached) decided that Bloomington would move forward with the new bridge elevation. The hours quoted to complete the additional work were the actual hours it required to complete the work in this change order. The following pay items will have a supplemental bridge raising; mobilization and construction engineering. The pedestrian bridge pay item will have a supplemental abutment modification price. The items in this change order will be non-participating items.

General or Standard Change Order Explanation

Per review of the original bid items, this work was not originally required on the contract and therefore by specification 104.03 this work is to be paid for by change order.

General or Standard Change Order Explanation

The pricing submitted has been reviewed. See pricing review attached in Site Manager. A contract time adjustment is not required for this change.

Change Order Explanation for Specific Line Item

It is the intent of the parties that this change order is full and complete compensation for the work describe above.

All,

I hope to get you a price tomorrow to have CBC redesign the foundations for this change. If you approve that cost I will have them redesign the foundations based upon the higher elevation and once they supply us with drawings and Brock supplies drawings for the redesigned trail section with quantities.

That being said, we are currently being delayed on the bridge due to this possible change in elevation.

On Mon, Sep 12, 2016 at 10:01 PM, Brock Ridgway <bridgway@eagleridgecivil.com> wrote:

Thanks to Chris, Roy, Charles and the others who made themselves available today to gather the needed elevation data to review this issue.

We found the current bridge abutment to be built essentially per plans.

The existing bridge on Dunn Street was found to vary from the IDNR's model previous calculations and previous approval of that structure by about 0.6'. Not enough to account for the current concern, but we have updated the computations and modeling to account for this.

The current design for the truss complies with IDNR's requirements to ensure that the new bridge and trail does not increase the obstruction to flow already presented by the Dunn Street bridge and roadway, which currently only has a capacity for about a 4yr storm before roadway overtopping south of that bridge begins.

But upon review of the field conditions, there is the opportunity to still comply with the IDNR requirements to not increase the obstruction to the floodway already presented by the Dunn Street bridge and roadway, and at the same time better protect this new bridge from catching debris which might manage to get through the Dunn Street Bridge.

Please raise the proposed bridge seats to 598.6 (up by 2.6').

This will position the new bridge to be behind the Dunn Street Bridge (from the water's perspective) but also with a slightly higher low chord elevation than the Dunn Street bridge which will provide ample protection for this bridge from large debris that might clear the Dunn Street bridge. It will also keep the highest bridge deck and trail elevations below the Dunn Street profile.

In conjunction with this, we are drawing a new profile for the trail south of the bridge to allow more trail overtopping at that location and further protect the new truss. The trail will begin overtopping at approximately a 7 yr storm, so not until after Dunn Street is already overtopping. This adjustment will also help to better balance the increase in fill needed near the bridge with a decrease in fill further away from the bridge.

Revised plan sheet to follow with a revised trail profile connecting to the bridge.

Thanks for bringing the concern to our attention after viewing it during a rain event.

This site is fairly tightly controlled by the flow conditions created by the Dunn Street Bridge, but this solution will be an improvement on the plans and still comply with IDNR. In the long term, the bridge will catch less debris and be better protected when overtopping events occur.

Subject: Pedestrian Bridge Elevation

Charles,

We are writing to express the importance of a timely decision concerning the possible raising of the bridge seat elevations that is being investigated because of the large rain event that occurred last Thursday night.

Please be aware that we are the process of reforming and pouring the foundation on the north side of the bridge and will be ready to pour it either late tomorrow or early Wednesday and will be working to schedule to set the bridge either late this week or early next week.

With all of these items considered, we need a determination on how to proceed with this matter by end of progress meeting tomorrow to keep of delaying the project and causing additional costs due to an inability to proceed due to lack of direction.

Thanks,

Garrett Gough

Roy Aten <atenro@bloomington.in.gov>

Proposed Modification to trail profile associated with raising bridge

Brock Ridgway <bridgway@eagleridgecivil.com>

Wed, Sep 14, 2016 at 4:20 PM

To: "Wren, Rachel" <RWREN@indot.in.gov>, Roy Aten <atenro@bloomington.in.gov>

Rachel/Roy -

Attached are the current concept plans for this design modification.

I ran the earthwork for the trail and found there to be a net increase of Borrow of 22 CYD. It's minimal, but results from building the approaches to the bridge at a higher elevation but lowering the trail to the south. It's about as close a balance as we can get to in terms of total volume of material.

From a practical standpoint, since the actual work to modify the trail will require redistribution of the Compacted aggregate that is in place, it may make more sense to pay for Common Excavation to move material around, and then pay for the aggregate layer for about 303' of trail (approximately 100 CYD). If they deliver that much to the site, it will more than account for the needed volume with the knowledge that some of the previous aggregate made good fill and shoulders and that's where it ended up. Just my thought on keeping this simple where possible. Dirt needs to be moved and the trail prepared for asphalt in this modified section.

I have spoken to the Hydraulics section to enlist their assistance in a quick review, probably in a sit down meeting, and we are updating and completing the HECRAS model for the bridge site so that we can present a side by side comparison of the current versus proposed design. Our results are showing no adverse effect to the water surface elevations for the change (approx. 0.1' plus or minus depending on the level of storm). Essentially negligible. The goal is to raise the bridge structure. The trail will overtop water in a fashion similar to Dunn Street.

The advantage is in getting the pedestrian bridge up above frequent storms.

I wanted to offer the following to explain why we are recommending this improvement upon the design:

Dunn Street offers substandard flow characteristics, with roadway overtopping at approximately a 4-year storm.

While the current version of the design did obtain quick approval from IDNR and meets their primary requirement to keep the new trail and bridge below the elevations of Dunn Street, the layout does not meet INDOT's standard of passing the 10 yr storm with zero freeboard (water just touching). Full compliance with the INDOT standard is not compatible with the IDNR requirement, but it can be built closer to that standard and still comply with IDNR. IDNR's guidance was oriented around not making a substandard situation worse for the overall floodway.

I am not satisfied that the current design, approved as it may be, is the best that can be done here, nor that it is what should be done here. It is the first time I will have questioned an approved design, but I believe that IDNR, INDOT and our design process did not include a thorough enough consideration of all the issues, and while the current design is functional, a much better option exists.

I believe the raising of the bridge is desirable to reduce the frequency at which the bridge is inundated. Even though there is no significant concern about the water's direct impact on the bridge (it is designed for significant lateral loading), the City will be faced with an ongoing maintenance issue of cleaning debris off this bridge, a condition I know the Parks Department battles at other locations. Raising the bridge will not completely eliminate that, but we can get it high enough to get it clear of floating debris that does manage to get under Dunn Street.

Per Contech, their trusses are built to withstand lateral forces and those assumptions are very conservative, well beyond the conditions that can be expected here. It might still be possible for a large object to cause relatively minor damage the bridge railings, deck or a member of the bridge if it were struck. Raising the bridge won't make that concern go away for a particularly large event, but it can certainly nearly remove that concern for higher frequency storms.

And while this is a more over-dramatized concern, I am sensitive to the fact that we are introducing a pedestrian facility into an area that frequently floods, that people like to pause and observe flood conditions, and there is a presumption of safety on the bridge. In this case the bridge location is the low point and the deck will be getting wet before Dunn Street begins to overflow. I would prefer to see this bridge still dry when Dunn Street is starting to overflow, then the pedestrians have plenty of visual evidence that the waters are rising in the area and they need to move on. Perhaps overprotective but it's just human nature.

Essentially, I recommend this modification to the project to provide the City with a better final product, regardless of the previous approvals. This suggestion still meets IDNR's

requirements, is closer to meeting the INDOT standard, and will perform better in the long run for the City.

Certainly there is an associated cost for the modification, some of which is building the bridge better, leaving the City with a better final product, and the other part being the cost to rework some items already completed.

Per Rachel's request, our next action will be to get in front of the Hydraulics Section for a review of the change.

Once completed, we would proceed with drawing revisions, though you can use these sketches as the preliminary version of what we believe these will look like.

Let me know what else you need to know. We will move as fast as we are able.

SUBJECT: Hydraulic Review
Des. #: 1297060
Project: LPA, Multi-use path bridge, new alignment
County: Monroe
Consultant: Eagle Ridge Civil Engineering Services

The proposed single-span spill-through bridge is approved.

After review of the above noted project, the following hydraulic sizing parameters are recommended:

Legal Drain	= No	
CIF Permit Needed	= Yes	
Drainage Area (not provided)	= ?	sq. mi.
Q100	= 5500	cfs
Elevation @ Q100	= 598.00	ft.
Backwater	= 1.00	ft.
Velocity @ Q100	= 4.12	ft./sec.
Gross Waterway Opening Req'd Below		
Q100 Elevation (Str.)	= 260	sq. ft.
Road Overflow Waterway Area	= 1091	sq. ft.
Minimum Low Structure Elevation	= 598.60	ft.

The scour analysis for the proposed bridge is approved. The application of Class 1 riprap on the spill slopes should be used.

Q100	= 5500	cfs.	Q500	= 7700	cfs.
Q100 Elevation	= 598.00	ft.	Q500 Elevation	= 598.50	ft.
Q100 Contraction Scour	= 23.52	ft.	Q500 Contraction Scour	= 74.06	ft.
Q100 Total Scour	= 23.52	ft.	Q500 Total Scour	= 74.06	ft.
Q100 Low Scour Elevation	= 568.33	ft.	Q500 Low Scour Elevation	= 517.79	ft.
Q100 Max Velocity	= 10.06	ft/s.	Q500 Max Velocity	= 11.47	ft/s.

Scour data is based on a flowline of 591.85 ft. and erodible material. Even though the proposed option has a backwater greater than 0.14 ft, the water should stay contained on the property of the City of Bloomington who has requested this pathway and approved the design.

If you have any questions or comments, please contact me at (317) 233-2273.

Hi Rachel,

I apologize for not sending an e-mail. My response has not changed since our phone call. We will participate with the understanding that any costs coming back from the consultant be deducted from the change order. This is if INDOT believes going after the consultant is a valid option. Please let me know if you need anything else and have a great day.

Best,

Mr. Charles Stewart
Crossroads Engineers

Re: R-36164 Bridge Foundation Redesign

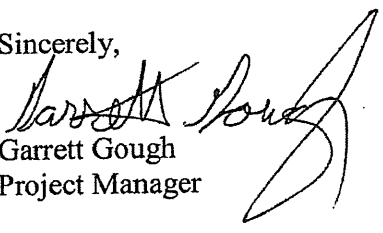

Mr. Stewart,

As requested, we are supplying you with pricing to perform the foundation redesign for the raising the bridge seat elevation approximately 2.6'.

Our price to perform this redesign is \$2,200.00

Please contact me with any questions and to let us know how to proceed on this matter ASAP.

Sincerely,

Garrett Gough
Project Manager

City of Bloomington
Old SR 37 at Dunn St
Progress Meeting #5 Minutes

Date: September 13, 2016
Location: Field Office located at 2801 N. Walnut St, Unit 8
Time: 9:00 AM

City of Bloomington:	Roy Aten, Sr. Project Mgr.
INDOT:	Rachel Wren, Area Engineer
Project Engineer/Supervisor:	Bob Bleich, CrossRoad Engineers, P.C.
Prime Contractor:	Garrett Gough, E&B Paving

Letting Date:	April 6, 2016
Notice to Proceed Date:	May 10, 2016
Road Closure Date:	June 27, 2016
Contract Road Open Date (120 days):	October 24, 2016
Intermediate Completion Date (rev):	November 19, 2016
Contract Completion Date (rev):	June 5, 2017

The following individuals were in attendance:

<u>Name</u>	<u>Company</u>	<u>Email</u>
Rachel Wren	INDOT	rwren@indot.in.gov
Roy Aten	City of Bloomington	atenro@bloomington.in.gov
Troy Powell	City of Bloomington	powellt@bloomington.in.gov
Paul Satterly	Monroe County	psatterly@co.monroe.in.us
Garrett Gough	E&B Paving	garrett.gough@ebpaving.com
Chris Williams	E&B Paving	chris.williams@ebpaving.com
Trent Newport	CrossRoad Engineers	tnewport@crossroadengineers.com
Charles Stewart	CrossRoad Engineers	cstewart@crossroadengineers.com

Safety:

- Daily safety meetings to continue to be conducted.
- Be mindful of traffic, POV's, construction, even though the road id closed.
- Proper PPG's to be worn by all persons while on site. (vest, safety glasses, hard hats, etc.)

Utilities:

- AT&T – Tree felled to set the anchor pole was removed but debris still remains and needs to be removed as well (correspondence to Brent McCabe)
- Zayo/Smithville – Coordination with Dan Jones continues, is aware of project schedule.

Controlling Operation:

- Pavement Subgrade on Old 37
- Estimated number of normal inclement weather days per Section 101.02 of the S.S.
 - for the period from 6/27/16-10/24/16 (120-day closure period) is 20 days.
 - for the period from 6/27/16-11/19/16 (intermediate completion date) is 28 days.
- Through September 10, 2016 (last weekly report submitted), there have been 9 inclement weather days.

R-36164-A: Old SR 37 at Dunn St Progress Agenda #5
September 13, 2016

Work Performed (last 2 weeks):

E&B/Subcontractors:

- **E&B**
 1. Storm Structures
 2. Excavation on Old State Road 37
 3. Path subgrade
 4. Remaining piles driven, south side bent formed and poured

Proposed Work (next 2 weeks): E&B/Subcontractors:

- **E&B**
 1. Subgrade work on Old 37
 2. Underdrain
 3. Curb and gutter
 4. Bridge foundation/deck

Issues/Discussion topics:

- Schedule (ahead/behind/on time) – general progress discussion.
 - *Behind schedule both Garrett and Chris believe they will still make October 24th road open date.*
- Status/discussion regarding plan quantity acceptance for excavation and borrow quantities (Per Bob and Garrett)
- Bridge elevation concerns, after witnessing the height of Griffey Creek after large storm event on September 8.
 - *Rachel to read over Brock's email regarding raising the seat of the bridge, stated that if remodeled it needs to go through INDOT hydraulics for review.*
- Dressing the slope on north side of Old 37 from structure #22 onward, restoring slope and vegetation at 4180 Old Sr 37.
- 36" pipe capacity concerns at Hillview drive
 - *From Brock being on site Monday, two possible improvements could be made. 1) Removing cross bars across the safety metal end section, which Brock is checking on. 2) Grade ditch west of day lighted 36" pipe.*

Open Discussion

- Inside Curve on Old 37
 - *The hillside will be left as exposed rock with loose debris cleared off per Roy.*
- Switching seed to R-mix
 - *INDOT has forwarded the request to the land architect for review per Rachel.*
- Complaint Regarding Blasting
 - *Roy received a complaint from a resident in Marlin Hills claiming damage was done due to blasting. Roy to forward Garrett the information in order for Mr. Gibson to submit his claim.*

R-36164-A: Old SR 37 at Dunn St Progress Agenda #5
September 13, 2016

The next regularly scheduled bi-weekly progress meeting will be held on **Tuesday, September 27th at 9:00 am** in the field office located at 2801 N. Walnut St, Unit 8.

R-36164-A: Old SR 37 at Dunn St Progress Meeting #7
October 11, 2016

Progress Meeting Minutes
#7

Date: October 11, 2016
Location: Field Office located at 2801 N. Walnut St, Unit 8
Time: 9:00 AM

City of Bloomington:	Roy Aten, Sr. Project Mgr.
INDOT:	Rachel Wren, Area Engineer
Project Engineer/Supervisor:	Bob Bleich, CrossRoad Engineers, P.C.
Prime Contractor:	Garrett Gough, E&B Paving

Letting Date:	April 6, 2016
Notice to Proceed Date:	May 10, 2016
Road Closure Date:	June 27, 2016
Contract Road Open Date:	October 24, 2016
Intermediate Completion Date (rev):	November 19, 2016
Contract Completion Date (rev):	June 5, 2017

The following people attended:

<u>Name</u>	<u>Company</u>	<u>Email</u>
Rachel Wren	INDOT	rwren@indot.in.gov
Roy Aten	City of Bloomington	atenro@bloomington.in.gov
Paul Satterly	Monroe County	psatterly@co.monroe.in.us
Garrett Gough	E&B Paving	garrett.gough@ebpaving.com
Chris Williams	E&B Paving	chris.williams@ebpaving.com
Bob Bleich	Crossroad Engineers	bbleich@crossroadengineers.com
Charles Stewart	Crossroad Engineers	cstewart@crossroadengineers.com

Safety:

- Daily safety meetings to continue to be conducted.
- Be mindful of traffic, POV's, construction, even though the road id closed.
- Proper PPG's to be worn by all persons while on site. (vest, safety glasses, hard hats, etc.)

Utilities:

- Zayo/Smithville – Line over Dunn Street was raised on September 28th.
- Vectren – Onsite on October 4th to verify the line called out as abandoned on plans on south side of 37 at east limits is actually abandoned. Determined the line is 10" steel main in way of guardrail.

As discussed the length of the guardrail was adjusted and the end treatment/end of guardrail system is at station 28+55.4 Rt. "A".

Controlling Operation:

- Seeding Old State Road 37
- Estimated number of normal inclement weather days per Section 101.02 of the S.S.
 - for the period from 6/27/16-10/24/16 (120-day closure period) is 20 days.
 - for the period from 6/27/16-11/19/16 (intermediate completion date) is 28 days.
- Through October 1, 2016 (last weekly report submitted), there have been 11 inclement weather

R-36164-A: Old SR 37 at Dunn St Progress Meeting #7
October 11, 2016
days.

Work Performed (last 2 weeks):

E&B/Subcontractors:

- **E&B**
 1. HMA Base on Old SR 37
 2. HMA Wedge/Level Old SR 37 and Dunn Street
 3. HMA Intermediate on Old SR 37, path and Dunn Street
 4. HMA approach on Dunn
 5. Grading slopes on Old 37/Dunn/path for seeding
- **C-tech**
 1. Guardrail installation

Proposed Work (next 2 weeks): E&B/Subcontractors:

- **Fulkerson**
 1. Seeding
Will have to come back to finish seeding around the bridge and path when work is finished.
- **E&B**
 2. Surface Old SR 37 and Dunn
Surfacing for Old Sr 37 and Dunn and approach will be done on Thursday October 13th.
- **Indiana Traffic Services**
 3. Striping
- **C-Tech**
 4. Monuments
Signs and monuments will be started on Monday October 17th.

Issues/Discussion topics:

- Schedule (ahead/behind/on time) – general progress discussion.
E&B believe they are on schedule and could possible open October 20th.
- Status of raising bridge elevation
Bloomington is going to go ahead with the bridge elevation changes that were proposed per Roy.
- Status of additional paving at Hillview Drive and Dunn Street
 1. *Resurface at Hillview drive approach and Old Sr 37 at width of Hillview approach will be 100% LPA per Roy*
 2. *Mill and Overlay at Dunn Street will be 100% LPA per Roy*
- Status of ditch grading west of structure #11
Will not pursue this on the contract per Roy

R-36164-A: Old SR 37 at Dunn St Progress Meeting #7
October 11, 2016

Open Discussion

1. *The sidewalk across from Hillview Drive which was placed per plan needs to be ADA compliant with detectable warning systems at the direction of Roy. A unit price on a curb ramp will be supplied by E&B.*
2. *There will be no additional signage on the contract per Roy.*
3. *Per Garrett, tree planting planned for late November.*

The next regularly scheduled bi-weekly progress meeting will be held on **Tuesday, October 25th at 9:00 am** in the field office located at 2801 N. Walnut St, Unit 8.
